Open-Meteo open-meteo/open-meteo ★ 6.6k · AGPL AGPL-3.0 · Platform · Fit 4/5	Open weather forecast API using public weather model data *Replaces:* OpenWeatherMap, Tomorrow.io, Weather API	App developers	API/usage-based Managed hosting Consulting/implementation	• Commercial weather API for agtech apps • Hosted weather feed for event planners • Solar forecast API for installers *Angle:* Weather API reseller for apps	$29-299/mo *Effort:* Medium (Self-host needs large data) ⚠ AGPL-3.0; API free for non-commercial use only
WeeWX weewx/weewx ★ 1.2k · GPL GPL-3.0 · Tool · Fit 4/5	Weather station data logger and report generator with web pages *Replaces:* Weather Underground station tools, Davis WeatherLink	Weather station owners	Hardware kits/assembly Setup + support retainer Managed hosting	• Weather station installs for farms • School weather station kit • Marina wind station dashboards *Angle:* Weather station dashboards for farms	$300-900 per station *Effort:* Medium (Python app, extensive drivers) ⚠ GPL-3.0; sensor hardware calibration
Pirate Weather Pirate-Weather/pirateweather ★ 912 · Permissive Apache-2.0 · Platform · Fit 4/5	Weather API compatible with the Dark Sky format built on public data *Replaces:* Dark Sky, OpenWeatherMap, Tomorrow.io	App developers	API/usage-based Managed hosting Consulting/implementation	• Dark Sky replacement for legacy apps • Hosted weather API for outdoor brands • Historical weather for insurers *Angle:* Hosted weather API subscriptions	$2-20/mo plus usage *Effort:* Medium (AWS-based, self-host heavy) ⚠ Apache-2.0; data source terms apply
MagicMirror MagicMirrorOrg/MagicMirror ★ 24.2k · Permissive MIT · Platform · Fit 3/5	Modular smart mirror platform with weather, calendar and news modules *Replaces:* Smart displays like Google Nest Hub	Makers, hospitality venues	Hardware kits/assembly Setup + support retainer Premium plugins/add-ons	• Smart mirror kits for hotels • Salon mirrors with appointments • Gym schedule mirrors *Angle:* Smart mirror weather displays for hotels	$399 per mirror kit *Effort:* Medium (Node/Electron, hardware assembly) ⚠ MIT; module licences vary
Breezy Weather breezy-weather/breezy-weather ★ 11.9k · Weak copyleft LGPL-3.0 · App · Fit 3/5	Android weather app with many sources and visualizations *Replaces:* AccuWeather, Weather Underground, Dark Sky	Android users	Mobile app on top White-label reseller Premium plugins/add-ons	• Branded weather app for local TV • Farm weather app • Marina forecast app *Angle:* Branded weather app for media outlets	$2 pro *Effort:* Medium (Android app, API keys needed) ⚠ LGPL-3.0; weather source API terms
Geometric Weather WangDaYeeeeee/GeometricWeather ★ 2.5k · Weak copyleft LGPL-3.0 · App · Fit 3/5	Material Design Android weather application *Replaces:* AccuWeather, Weather Channel	Android users	Mobile app on top White-label reseller Premium plugins/add-ons	• Regional weather app for radio stations • Outdoor sports forecast app • School weather alerts *Angle:* Customizable weather app white-label	$2 pro *Effort:* Medium (Android app, mature) ⚠ LGPL-3.0; data source terms
WeatherMaster PranshulGG/WeatherMaster ★ 3.2k · GPL GPL-3.0 · App · Fit 2/5	Android weather app using multiple sources *Replaces:* AccuWeather, Weather Channel	Android users	Mobile app on top White-label reseller Premium plugins/add-ons	• Boating forecast app • Skiing weather app • Gardening weather alerts app *Angle:* Premium weather app reskin	$2 pro *Effort:* Low (Flutter app, small) ⚠ GPL-3.0; API key rules
Rain darkmoonight/Rain ★ 1.1k · Permissive MIT · App · Fit 2/5	Flutter weather application *Replaces:* AccuWeather, Weather Channel	Casual phone users	Mobile app on top White-label reseller Premium plugins/add-ons	• Rain alert app for cyclists • Beach weather app • Allotment gardener weather app *Angle:* Material weather app with premium	$2 pro *Effort:* Low (Small Flutter app) ⚠ MIT; small project

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
OpenSCAD openscad/openscad ★ 10.6k · Check NOASSERTION · Tool · Fit 3/5	Script-based programmer's solid 3D CAD modeller *Replaces:* Fusion 360, SolidWorks, Tinkercad	Makers, 3D-printing designers	Content/membership Agency service Training/courses	• Parametric box generator for packaging shops • Custom bracket designer for repair cafes • Personalized sign shop for Etsy sellers *Angle:* Sell personalized printed products via online customizer storefront	$5-20 per custom print *Effort:* Low (Desktop tool, scripts are the product) ⚠ GPL-2.0 for tool; your models stay yours
CadQuery CadQuery/cadquery ★ 6.1k · Check NOASSERTION · Library · Fit 3/5	Python parametric CAD scripting framework on OpenCascade *Replaces:* Fusion 360, SolidWorks	Engineers, product designers	Consulting/implementation Agency service API/usage-based	• Parametric part API for custom machine builders • Online configurator for fixture makers • Cable bracket generator for integrators *Angle:* Sell parametric configurable products made to customer dimensions	$50-200 per custom part *Effort:* Medium (Python library, scripted parts) ⚠ License NOASSERTION (Apache upstream); OCCT LGPL
BOSL2 BelfrySCAD/BOSL2 ★ 2.5k · Permissive BSD-2-Clause · Library · Fit 3/5	OpenSCAD library of shapes, masks and helpers for parametric design *Replaces:* Fusion 360 add-ins	OpenSCAD designers	Premium plugins/add-ons Agency service Content/membership	• Print-ready pipe fitting designs • Custom jewelry-box designs • Parametric hinge kit *Angle:* Offer parametric replacement-part printing service	$8 per design *Effort:* Low (OpenSCAD library, drop-in) ⚠ BSD-2-Clause; models need own IP care
Gridfinity Rebuilt kennetek/gridfinity-rebuilt-openscad ★ 2.3k · Check NOASSERTION · Content · Fit 3/5	OpenSCAD rebuild of Gridfinity storage bins and baseplates *Replaces:* Systainer inserts, Kaizen foam	Workshop owners, makers	Agency service Local service business Content/membership	• Custom Gridfinity toolbox inserts for mechanics • Printed bins for electronics labs • Craft supply organizer kits *Angle:* Sell printed custom Gridfinity storage bins and drawer inserts	$3-8 per printed bin *Effort:* Low (Parametric designs, print-ready) ⚠ License flagged NOASSERTION (MIT-like); Gridfinity is Zack Freedman design
Gridfinity Extended ostat/gridfinity_extended_openscad ★ 939 · GPL GPL-3.0 · Content · Fit 3/5	Extended Gridfinity OpenSCAD models with more bin options *Replaces:* Systainer inserts	Makers, tradespeople	Local service business Content/membership Agency service	• Tradesperson bit-holder inserts • Camera gear bins for photographers • Tackle box organizers for anglers *Angle:* Print-on-demand workshop organizer sets for tradespeople	$4-10 per printed bin *Effort:* Low (Parametric design, print-ready) ⚠ GPL-3.0; Gridfinity design credit
build123d gumyr/build123d ★ 3.6k · Permissive Apache-2.0 · Library · Fit 2/5	Python CAD programming library for parametric 3D models *Replaces:* Fusion 360, CadQuery	Engineers, makers	Consulting/implementation Training/courses Agency service	• Parametric enclosure designer for electronics firms • Custom jig service for machine shops • CAD scripting course *Angle:* Run a custom part design-and-print bureau	$100/hr *Effort:* Medium (Library, designs are separate) ⚠ Apache-2.0; OCCT dependency
NopSCADlib nophead/NopSCADlib ★ 1.7k · GPL GPL-3.0 · Library · Fit 2/5	OpenSCAD library of parts for building 3D-printed projects *Replaces:* Fusion 360 libraries	3D-printer designers	Content/membership Agency service Training/courses	• Small-firm electronics enclosures • Custom 3D-printer frame design • Documented BOM generator for kits *Angle:* Design and print custom electronics enclosures for small firms	$150 per enclosure *Effort:* Medium (Library, needs designs) ⚠ GPL-3.0; derived designs must stay open

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
threads-scad rcolyer/threads-scad ★ 305 · Permissive CC0-1.0 · Library · Fit 2/5	OpenSCAD library for generating threads and screw features *Replaces:* Fusion 360 thread tools	3D-print designers	Agency service Local service business Content/membership	• Custom bottle thread adapters • Replacement hose fittings • Threaded storage jars for cosmetics makers *Angle:* Print custom threaded caps and fittings on demand	$5-15 per printed part *Effort:* Low (Small library, simple) ⚠ CC0-1.0; no restrictions
cq-gridfinity michaelgale/cq-gridfinity ★ 205 · Permissive MIT · Library · Fit 2/5	Python library to build parametric Gridfinity baseplates and boxes *Replaces:* Systainer inserts	Makers	Agency service API/usage-based Local service business	• Online Gridfinity bin generator for shops • Custom tool drawer layouts for garages • Bulk bin printing for hardware stores *Angle:* Generate custom-fit toolbox inserts as a paid service	$5-12 per bin *Effort:* Medium (Python script, needs web UI) ⚠ MIT; Gridfinity design credit

3D Printers · 16

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
Mainsail mainsail-crew/mainsail ★ 2.2k · GPL GPL-3.0 · App · Fit 4/5	Web interface for Klipper 3D printers *Replaces:* Bambu Handy, OctoPrint, Prusa Connect	Klipper users	Hardware kits/assembly Managed hosting Setup + support retainer	• Touchscreen printer controller bundles • Remote monitoring subscriptions for print shops • Print farm dashboards *Angle:* Bundle touchscreen control units with Mainsail for printer retrofits	$15/mo hosted farm view *Effort:* Low (Web UI theming simple) ⚠ GPL-3.0; needs Klipper stack
Marlin MarlinFirmware/Marlin ★ 17.7k · GPL GPL-3.0 · Hardware · Fit 3/5	Firmware for RepRap 3D printers on 8-bit and 32-bit boards *Replaces:* Proprietary printer firmware	Printer makers, repair shops	Local service business Hardware kits/assembly Consulting/implementation	• Flash and tune service for printer owners • Custom firmware for small printer makers • Printer upgrade kits for schools *Angle:* Local printer repair shop flashing and upgrading Marlin machines	$50-150 per service *Effort:* Medium (Firmware, hardware customisation) ⚠ GPL-3.0; Marlin name; printer safety
Klipper Klipper3d/klipper ★ 12.0k · GPL GPL-3.0 · Hardware · Fit 3/5	3D printer firmware using a host computer for fast motion control *Replaces:* Marlin, proprietary firmware	Printer enthusiasts, print farms	Hardware kits/assembly Setup + support retainer Consulting/implementation	• Klipper retrofit for Ender owners • Print farm setup for small shops • Preconfigured Klipper boards *Angle:* Retrofit customer printers with Klipper boards for speed upgrades	$99-250 per retrofit *Effort:* Medium (Config-driven, hardware dependent) ⚠ GPL-3.0; Klipper name
OctoPrint OctoPrint/OctoPrint ★ 9.2k · AGPL AGPL-3.0 · App · Fit 3/5	Web interface for monitoring and controlling 3D printers *Replaces:* Bambu Handy, Prusa Connect, AstroPrint	3D printer owners	Hardware kits/assembly Managed hosting Setup + support retainer	• Plug-and-play Pi print servers with cameras • Remote print management for print farms • Classroom printer queue *Angle:* Sell plug-and-play Pi print servers with cameras preinstalled	$129 kit, $10/mo hosted *Effort:* Medium (Python app, plugin ecosystem) ⚠ AGPL-3.0; OctoPrint name and logo trademarked
Voron 2.4 VoronDesign/Voron-2 ★ 4.6k · GPL GPL-3.0 · Hardware · Fit 3/5	Open CoreXY 3D printer design Voron 2.4 with CAD and BOM *Replaces:* Prusa Core One, Bambu X1	Advanced printer builders	Hardware kits/assembly Setup + support retainer Training/courses	• Sourced Voron 2.4 kit with build help • Printed-parts packs for builders • Print farm turnkey builds *Angle:* Sell sourced Voron 2.4 kits plus paid build-and-tune service	$1,200-1,800 per kit *Effort:* Medium (Complex sourcing and tuning) ⚠ GPL-3.0 design; Voron name trademark; printed parts policy

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
Enraged Rabbit Carrot Feeder EtteGit/EnragedRabbitProject ★ 2.6k · GPL GPL-3.0 · Hardware · Fit 3/5	Multi-material filament changer ERCF for Voron-style printers *Replaces:* Bambu AMS, Prusa MMU	Multi-color printer builders	Hardware kits/assembly Setup + support retainer Local service business	• ERCF kits for Voron owners • ERCF install service • Preassembled ERCF units for print farms *Angle:* Sell multi-material ERCF kits and install them on Vorons	$150-250 per kit *Effort:* Medium (Mechanical build, many parts) ⚠ GPL-3.0; project superseded by newer MMU designs
Voron 0 VoronDesign/Voron-0 ★ 1.7k · GPL GPL-3.0 · Hardware · Fit 3/5	Compact CoreXY 3D printer design Voron 0 with CAD and BOM *Replaces:* Bambu A1 mini, Creality	Small printer builders	Hardware kits/assembly Setup + support retainer Training/courses	• Compact V0 kits for hobbyists • Printed-parts packs for students • V0 build course *Angle:* Sell compact V0 kits and printed-parts packs to hobbyists	$450-700 per kit *Effort:* Medium (Sourcing and tuning heavy) ⚠ GPL-3.0; Voron trademark; commercial use limits on printed parts
Voron Stealthburner VoronDesign/Voron-Stealthburner ★ 1.3k · GPL GPL-3.0 · Hardware · Fit 3/5	Voron Stealthburner toolhead design files *Replaces:* Bambu toolheads	Voron builders	Hardware kits/assembly Local service business Content/membership	• Printed Stealthburner kits with LEDs • Toolhead wiring harnesses • Build service for Voron owners *Angle:* Sell printed toolhead kits with LEDs and wiring harnesses	$60-100 per kit *Effort:* Medium (Mechanical, many parts) ⚠ GPL-3.0; Voron trademark; printed-parts rules
Box Turtle ArmoredTurtle/BoxTurtle ★ 1.2k · GPL GPL-3.0 · Hardware · Fit 3/5	Modular multi-filament changer for Klipper 3D printers *Replaces:* Bambu AMS, Prusa MMU	Klipper printer owners	Hardware kits/assembly Setup + support retainer Local service business	• Assembled BoxTurtle units • Turtle install and tuning service • Multi-material upgrade for print farms *Angle:* Sell assembled multi-filament changers for Klipper printers	$250-450 per unit *Effort:* Medium (Mechanical, needs Klipper config) ⚠ GPL-3.0; derivative sale rules
Voron Trident VoronDesign/Voron-Trident ★ 1.1k · Check NONE · Hardware · Fit 3/5	Voron Trident CoreXY printer design files *Replaces:* Bambu X1, Prusa XL	Print farm builders	Hardware kits/assembly Setup + support retainer Local service business	• Turnkey Trident for print farms • Printed parts and sourcing packs • Build and tune service *Angle:* Build turnkey Trident printers for small print farms with warranty	$1,500-2,500 per printer *Effort:* Medium (Complex build, sourcing) ⚠ License NONE here, GPL upstream; Voron trademark
Happy Hare moggieuk/Happy-Hare ★ 1.1k · GPL GPL-3.0 · Tool · Fit 3/5	Klipper driver software for multi-material units like ERCF and BoxTurtle *Replaces:* Bambu AMS software	Multi-filament printer owners	Setup + support retainer Consulting/implementation Hardware kits/assembly	• MMU setup and calibration service • Print farm multi-filament installs • Preflashed MMU boards *Angle:* Offer MMU setup and calibration service for print farms	$80-180 per install *Effort:* Medium (Klipper plugin, config-heavy) ⚠ GPL-3.0; hardware-dependent support burden
RatOS Rat-OS/RatOS ★ 235 · GPL GPL-3.0 · Tool · Fit 3/5	Preconfigured Raspberry Pi image running Klipper, Moonraker and Mainsail *Replaces:* Prusa Connect, OctoPrint	Rat Rig printer owners	Hardware kits/assembly Setup + support retainer Managed hosting	• Preflashed Pi cards with RatOS • Print farm controller boxes • Remote support subscription for printer shops *Angle:* Sell preconfigured control boards for Rat Rig style printers	$49 per card, $20/mo support *Effort:* Low (Prebuilt image, minimal brand) ⚠ GPL-3.0; Rat Rig trademark
Original Prusa i3 prusa3d/Original-Prusa-i3 ★ 1.7k · GPL GPL-2.0 · Hardware · Fit 2/5	Printed parts and design files for the Original Prusa i3 MK2 *Replaces:* Bambu A1, Creality	Hobbyists	Hardware kits/assembly Local service business Setup + support retainer	• Assembled i3-style printers for schools • Spare printed parts kits • MK2 refurbishment for hobbyists *Angle:* Sell assembled i3-style printers and spare parts kits to schools and makers	$300-600 assembled *Effort:* Medium (Obsolete design, mechanical build) ⚠ GPL-2.0 design; Prusa trademark
Prusa Firmware Buddy prusa3d/Prusa-Firmware-Buddy ★ 1.6k · Check NOASSERTION · Hardware · Fit 2/5	Firmware for Original Prusa MINI, MK4, XL and CORE One printers *Replaces:* Bambu firmware	Prusa printer owners	Local service business Setup + support retainer Consulting/implementation	• Prusa refurbishment and upgrade service • Firmware tuning for print farms • Prusa repair shop *Angle:* Offer printer refurbishment and firmware upgrade service for MK4/XL fleets; NC terms in repo, license before selling	$75-200 per service *Effort:* High (Tied to Prusa hardware) ⚠ NOASSERTION licence; Prusa trademark and hardware rules

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
Bear Upgrade gregsaun/prusa_i3_bear_upgrade ★ 1.0k · GPL GPL-3.0 · Hardware · Fit 2/5	Stronger aluminum frame upgrade design for Prusa i3 MK2/MK3 *Replaces:* Prusa original frame	Prusa MK3 owners	Hardware kits/assembly Local service business Content/membership	• Aluminum Bear frame kits for MK3 • Install service for print shops • Upgrade parts bundle *Angle:* Sell aluminum Bear frame kits for Prusa MK3 owners	$120-220 per kit *Effort:* Medium (Mechanical kit, sourcing) ⚠ GPL-3.0; Prusa trademark; aging printer base
Voron Switchwire VoronDesign/Voron-Switchwire ★ 572 · GPL GPL-3.0 · Hardware · Fit 2/5	Voron Switchwire CoreXY conversion for Ender-style printers *Replaces:* Creality upgrades	Ender owners	Hardware kits/assembly Local service business Setup + support retainer	• Ender to Switchwire kits • Install service for school labs • Printed parts packs *Angle:* Offer Ender-to-Switchwire conversion kits and installation	$250-500 per kit *Effort:* Medium (Mechanical conversion) ⚠ GPL-3.0; Voron trademark

Agriculture Machinery · 6

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
AgOpenGPS AgOpenGPS-Official/AgOpenGPS ★ 980 · Permissive Apache-2.0 · App · Fit 4/5	Precision agriculture mapping, section control and autosteer guidance software *Replaces:* John Deere AutoTrac, Trimble Ag, Raven	Farmers, ag retrofitters	Hardware kits/assembly Setup + support retainer Local service business	• Low-cost tractor autosteer kits • Seeder section control retrofits • Vineyard row guidance installs *Angle:* Install low-cost tractor autosteer kits for farmers	$1,500-3,500 per kit *Effort:* High (Windows app, hardware integration) ⚠ Apache-2.0; machine safety liability
SIP Irrigation Dan-in-CA/SIP ★ 421 · Check NONE · Tool · Fit 3/5	Raspberry Pi sprinkler irrigation controller with web UI *Replaces:* Rachio, Hunter Hydrawise, Orbit B-hyve	Homeowners, small growers	Hardware kits/assembly Local service business Setup + support retainer	• Smart sprinkler controller for orchards • Greenhouse irrigation boxes • Lawn care route controller *Angle:* Install smart irrigation controllers for orchards	$149-299 per controller *Effort:* Medium (Python on Pi, relay hardware) ⚠ License NONE listed; get permission; electrical work safety
AgOpenGPS Hardware GormR/HW_for_AgOpenGPS ★ 74 · Check NOASSERTION · Hardware · Fit 3/5	Hardware designs for autosteer and RTK-GNSS units for AgOpenGPS *Replaces:* Trimble, John Deere AutoTrac	Farm tech tinkerers	Hardware kits/assembly Local service business Setup + support retainer	• Assembled RTK autosteer boxes • Tractor guidance install • GNSS base station kits *Angle:* Assemble and sell RTK autosteer boxes to farms; NC terms in repo, license before selling	$600-1,200 per box *Effort:* High (PCB assembly, calibration) ⚠ NOASSERTION; likely non-commercial terms, read before selling
AOG GPS ESP32 mtz8302/AOG_GPS_ESP32 ★ 47 · GPL GPL-3.0 · Hardware · Fit 3/5	ESP32 dual GPS bridge that calculates heading for AgOpenGPS *Replaces:* Trimble dual antenna	Tractor guidance builders	Hardware kits/assembly Local service business Setup + support retainer	• Dual-GNSS heading boards for tractors • Install service for retrofit kits • Preassembled ESP32 GPS modules *Angle:* Sell dual-GNSS heading receivers for tractors	$120-220 per board *Effort:* Medium (Firmware plus PCB) ⚠ GPL-3.0; ublox hardware dependency
AOG Rate Control SK21/AOG_RC ★ 45 · GPL GPL-3.0 · Hardware · Fit 2/5	Rate control hardware and firmware for AgOpenGPS sprayers *Replaces:* Raven Viper, Trimble Field-IQ	Farmers, retrofitters	Hardware kits/assembly Local service business Setup + support retainer	• Variable-rate sprayer retrofit kits • Fertilizer spreader controller installs • Calibration service for contractors *Angle:* Install variable-rate fertilizer control on sprayers	$400-900 per kit *Effort:* High (Electronics and flow calibration) ⚠ GPL-3.0; chemical application liability
Automated Garden calvinmclean/automated-garden ★ 35 · Permissive Apache-2.0 · Tool · Fit 2/5	Weather-based smart irrigation controller and backend *Replaces:* Rachio, Rain Bird	DIY gardeners	Hardware kits/assembly Local service business Setup + support retainer	• Smart irrigation for landscapers • Greenhouse watering controllers • Rooftop garden irrigation kits *Angle:* Install weather-based irrigation for landscapers	$150-350 per install *Effort:* Medium (Go backend plus microcontroller) ⚠ Apache-2.0; small project

Air Quality Sensors · 9

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
Vindriktning Hack Hypfer/esp8266-vindriktning-particle-sensor ★ 1.2k · Permissive Apache-2.0 · Hardware · Fit 3/5	ESP8266 mod that adds WiFi MQTT logging to IKEA VINDRIKTNING PM2.5 sensor *Replaces:* IKEA Starkvind app, Airthings	Smart home hobbyists	Hardware kits/assembly Local service business Setup + support retainer	• Pre-modified IKEA sensors for HA users • Classroom air quality mod kits • Office air logging installs *Angle:* Sell WiFi-upgraded IKEA air sensors	$35 per modded sensor *Effort:* Low (Simple mod, widely documented) ⚠ Apache-2.0; IKEA product warranty void
Halo yashmulgaonkar/halo ★ 958 · Check NOASSERTION · Hardware · Fit 3/5	ESP32 air quality monitor with RGB ring and touchscreen *Replaces:* Awair, Airthings, Netatmo	Smart home owners, office managers	Hardware kits/assembly Content/membership Local service business	• Designer air quality lamps for offices • Classroom CO2 monitors for schools • Cafe air quality displays *Angle:* Sell designer air quality lamps; NC terms in repo, license before selling	$99-179 per unit *Effort:* Medium (PCB and enclosure assembly) ⚠ NOASSERTION, likely non-commercial terms, read license first
Sensor.Community opendata-stuttgart/sensors-software ★ 612 · Check NONE · Hardware · Fit 3/5	Firmware for the Luftdaten particulate matter sensor network *Replaces:* PurpleAir, Airly	Citizens, city agencies	Hardware kits/assembly Setup + support retainer Local service business	• Preassembled particulate sensors for citizens • Neighborhood air network kits • School air quality packages *Angle:* Sell preassembled particulate sensors to citizens and councils	$45-80 per sensor *Effort:* Low (Simple firmware, kit-friendly) ⚠ License NONE here, GPL upstream; check
OpenAir Firmware Open-Air-Foundation/firmware-one-openair ★ 389 · Weak copyleft CC-BY-SA-4.0 · Hardware · Fit 3/5	Firmware for AirGradient ONE indoor and Open Air outdoor air quality monitors *Replaces:* Awair, Airthings, PurpleAir, Kaiterra	Schools and offices tracking CO2 and PM2.5	Hardware kits/assembly Setup + support retainer Managed hosting	• Classroom CO2 monitors for schools • Outdoor PM2.5 networks for municipalities • Indoor air dashboards for coworking spaces *Angle:* Install outdoor AQ monitors for municipalities	$99-199 per unit, $5/mo dashboard *Effort:* Medium (Needs hardware sourcing and certification) ⚠ CC-BY-SA share-alike; AirGradient trademark and hardware branding
CO2 Gadget melkati/CO2-Gadget ★ 106 · GPL GPL-3.0 · Hardware · Fit 3/5	ESP32 CO2 monitor firmware with Android and iOS app, data logging and many connectivity options *Replaces:* Aranet4, Awair, Netatmo, Airthings	Schools and offices wanting cheap CO2 displays	Hardware kits/assembly White-label reseller Mobile app on top	• CO2 meters for school ventilation programs • Restaurant ventilation compliance monitors • CO2 loggers for church halls *Angle:* Sell CO2 meters to classrooms and offices	$45-90 per device *Effort:* Medium (Firmware and app exist, needs enclosure and QA) ⚠ GPL-3.0; app store apps must ship source
Smart Citizen Kit fablabbcn/smartcitizen-kit-2x ★ 62 · GPL GPL-3.0 · Hardware · Fit 3/5	Smart Citizen Kit 2.x environmental sensing board hardware and firmware for citizen science *Replaces:* PurpleAir, Airly, Kaiterra	Cities, universities and citizen science projects	Hardware kits/assembly Setup + support retainer Consulting/implementation	• Urban noise and air kits for municipalities • University research sensor deployments • Community monitoring projects for neighborhoods *Angle:* Deploy environmental sensor networks for cities	$150-300 per kit *Effort:* Medium (Hardware design and platform tied to Smart Citizen) ⚠ GPL-3.0; Smart Citizen branding
AirGradient MallocArray/airgradient_esphome ★ 337 · GPL GPL-3.0 · Hardware · Fit 2/5	ESPHome config for DIY AirGradient monitor feeding Home Assistant and AirGradient servers *Replaces:* Awair, Airthings, Netatmo	Home Assistant hobbyists	Hardware kits/assembly Setup + support retainer Content/membership	• Preflashed monitors for Home Assistant users • Air quality kits for homeschoolers • Pre-configured sensors for smart home installers *Angle:* Sell indoor air monitors to schools; CC-BY-SA hardware allows sale	$80-150 per assembled kit *Effort:* Low (Config file only, hardware by AirGradient) ⚠ GPL-3.0; AirGradient name and server dependency
Klimerko DesconBelgrade/Klimerko ★ 140 · GPL GPL-3.0 · Hardware · Fit 2/5	DIY air quality monitoring device with particulate sensing and cloud reporting *Replaces:* PurpleAir, Airthings, Kaiterra	Citizen science groups and local environmental NGOs	Hardware kits/assembly Training/courses Setup + support retainer	• Neighborhood air monitors for Balkan cities • Workshop kits for science classrooms • Citizen sensor networks for NGOs *Angle:* Sell DIY air quality kits to community groups	$60-120 per kit *Effort:* Medium (Hobby-grade design, needs productizing) ⚠ GPL-3.0; sensor calibration claims are risky

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
ESPHome Air Quality Monitor koenvervloesem/ESPHome-Air-Quality-Monitor ★ 122 · **Permissive** MIT · Hardware · Fit 2/5	ESPHome configuration for DIY indoor monitor measuring CO2, PM2.5, PM10, temperature, humidity, pressure *Replaces:* Awair, Netatmo, Airthings	Home Assistant hobbyists and makers	Hardware kits/assembly Content/membership Training/courses	• Build-your-own air monitor workshop kits • Air monitors for allergy-sensitive households • Pre-built monitors for mold-prone rentals *Angle:* Sell smart-home-ready air monitors	$70-130 per kit *Effort:* Low (YAML config, parts from third parties) ⚠ MIT; sensor accuracy limits

Arcade & Pinball · 6

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
RetroPie RetroPie/RetroPie-Setup ★ 10.5k · **Check** NOASSERTION · Tool · Fit 3/5	Shell script installing RetroArch emulators and cores on Raspberry Pi and PCs *Replaces:* Analogue consoles, Evercade, Nintendo Classic Mini	Retro gaming hobbyists and arcade builders	Hardware kits/assembly Setup + support retainer Content/membership	• Preloaded retro consoles for gift buyers • Arcade cabinet builds for bars • Retro gaming kits for nursing homes *Angle:* Sell plug-and-play retro consoles	$100-250 per built console *Effort:* Low (Install script, easy to bundle) ⚠ Non-commercial license for some emulators; ROM copyright risk; RetroPie trademark
Visual Pinball vpinball/vpinball ★ 1.1k · **Check** NOASSERTION · Tool · Fit 3/5	Visual Pinball table editor and simulator for virtual pinball cabinets *Replaces:* Zen Studios Pinball FX, Stern Pinball Arcade	Virtual pinball cabinet builders and arcades	Hardware kits/assembly Content/membership Consulting/implementation	• Virtual pinball cabinets for bars • Custom table design for brands • Pinball cabinet kits for collectors *Angle:* Build and sell virtual pinball cabinets	$2k-6k per cabinet *Effort:* Medium (Needs cabinet hardware and table content) ⚠ License is not standard; table and ROM copyrights
Mission Pinball Framework missionpinball/mpf ★ 261 · **Permissive** MIT · Framework · Fit 3/5	Python framework for controlling real pinball machines and designing new ones *Replaces:* Stern Spike, Multimorphic P3 software, Williams WPC boards	Custom pinball builders and pinball museums	Consulting/implementation Hardware kits/assembly Training/courses	• Custom pinball machines for brands • Pinball retrofits for operators • Pinball programming courses for makers *Angle:* Build custom pinball machines for bars	$5k-20k per custom machine *Effort:* High (Framework needs hardware, art and game rules) ⚠ MIT; hardware drivers vary by vendor
PinMAME vpinball/pinmame ★ 320 · **Check** NOASSERTION · Tool · Fit 2/5	Emulator for pinball machine ROMs, enabling classic tables to run on PCs *Replaces:* Zen Studios Pinball FX, Pinball Arcade	Virtual pinball cabinet builders	Hardware kits/assembly Consulting/implementation Content/membership	• Pinball restoration shops adding emulation • Virtual cabinets for game rooms • Emulation setup for pinball collectors *Angle:* Restore pinball machines with emulation boards	Service fees $200-500 per setup *Effort:* High (Emulator component, ROMs not included) ⚠ Custom license; ROM copyright issues
Bartop Arcade SnaKKo/Bartop-2-Players-with-Raspberry-Pi ★ 58 · **Permissive** MIT · Hardware · Fit 2/5	Build plans for a two-player wooden bartop arcade with Raspberry Pi, 17 inch LCD and marquee *Replaces:* Arcade1Up, Evercade	Arcade hobbyists and game room owners	Hardware kits/assembly Content/membership Local service business	• Bartop arcades for cafes • Flat-pack arcade kits for gift shoppers • Arcade builds for youth centers *Angle:* Sell bartop arcade cabinets	$400-900 per cabinet *Effort:* Low (Plans simple, assembly work is labor) ⚠ MIT; bundled game ROM copyright
TinyCade retrobuiltRyan/TinyCade_13in ★ 47 · **Check** NOASSERTION · Hardware · Fit 2/5	Two-thirds scale arcade cabinet plans for retro consoles fitting 13in CRTs or 17in LCDs *Replaces:* Arcade1Up, Tiny Arcade, Evercade	Retro console collectors	Hardware kits/assembly Content/membership Local service business	• CNC-cut cabinet kits for retro console fans • Mini arcades for dorm rooms • Cabinets for CRT gaming collectors *Angle:* Sell mini arcade cabinets	$250-500 per kit *Effort:* Low (Plans-based, cut by CNC shop) ⚠ Unclear license, read before selling

Batteries & Storage · 6

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
Battery Emulator dalathegreat/Battery-Emulator ★ 3.0k · GPL GPL-3.0 · Hardware · Fit 4/5	Firmware letting reused EV battery packs talk to solar inverters for stationary storage *Replaces:* Tesla Powerwall, Sonnen, BYD Battery-Box, Victron ESS	Solar installers and DIY energy storage builders	Hardware kits/assembly Setup + support retainer Consulting/implementation	• Second-life EV battery storage for solar installers • Preconfigured emulator boards for DIY storage • Off-grid cabin battery packs *Angle:* Repurpose used EV batteries into home storage with installation	$150-300 per board, $100/hr install *Effort:* Medium (Needs per-battery and per-inverter support) ⚠ GPL-3.0; safety and electrical code liability
dbus-serialbattery Louisvdw/dbus-serialbattery ★ 591 · Permissive MIT · Tool · Fit 3/5	Driver connecting serial BMS batteries to Victron VenusOS GX systems *Replaces:* Victron lithium batteries, Pylontech, Tesla Powerwall	Off-grid solar and RV installers	Setup + support retainer Consulting/implementation Content/membership	• LiFePO4 integration for RV conversions • Off-grid system tuning for boat owners • Victron GX battery integration service *Angle:* Integrate cheap BMS packs into Victron systems as a service	$100-300 per install setup *Effort:* Low (Driver script, installs onto Victron GX) ⚠ MIT; Victron trademark; battery safety risk
foxBMS 2 foxBMS/foxbms-2 ★ 502 · Check NOASSERTION · Platform · Fit 3/5	Open-source automotive-grade battery management system software and hardware, with documentation *Replaces:* Orion BMS, Elithion BMS, Bosch BMS	EV makers and battery pack engineers	Consulting/implementation Setup + support retainer Hardware kits/assembly	• BMS customization for e-bike makers • BMS prototyping for pack builders • BMS evaluation kits for universities *Angle:* Develop custom BMS for small EV and storage OEMs	$5k-30k per integration project *Effort:* High (Safety-critical, needs certification work) ⚠ Custom BSD-style license; functional safety liability
diyBMS v4 stuartpittaway/diyBMSv4ESP32 ★ 237 · Check NOASSERTION · Hardware · Fit 3/5	ESP32 battery management system with cell monitors for DIY lithium battery banks *Replaces:* Batrium, Victron BMS, Orion BMS	DIY solar and off-grid battery builders	Hardware kits/assembly Setup + support retainer Content/membership	• BMS kits for DIY powerwalls • Cell monitor modules for van conversions • Battery bank monitoring for off-grid homes *Angle:* Build second-life battery packs with diyBMS for home storage; CC-BY-NC: get permission for commercial sale	$200-500 per bank kit *Effort:* Medium (Needs board assembly and safety testing) ⚠ Unclear license; battery fire risk
Arduino Spot Welder V3 KaeptnBalu/Arduino_Spot_Welder_V3 ★ 207 · GPL GPL-3.0 · Hardware · Fit 2/5	Arduino-based spot welder controller for battery tab welding *Replaces:* Malectrics spot welders, Sunkko welders	Battery pack hobbyists	Hardware kits/assembly Content/membership Local service business	• Spot welder kits for e-bike builders • Welding controllers for battery repair shops • Pack building kits for makers *Angle:* Sell battery spot welder kits to pack builders	$60-150 per kit *Effort:* Low (Simple controller, needs enclosure and testing) ⚠ GPL-3.0; high-current electrical safety
Battery Pack Architect LMF5000/battery-pack-architect ★ 28 · GPL GPL-3.0 · Tool · Fit 2/5	Desktop software for simulating arrangements of cylindrical cells in battery packs *Replaces:* Batemo, Altair Battery Designer	E-bike and powerwall pack builders	Premium plugins/add-ons Training/courses Vertical SaaS	• Pack layout design for e-bike builders • Cell sorting calculators for powerwall DIYers • Pack design tool for electric skateboard makers *Angle:* Offer custom 18650 pack building service	$10-20/mo, free basic *Effort:* Medium (Desktop app, would need web rewrite) ⚠ GPL-3.0; safety disclaimers needed

Beekeeping & Livestock · 8

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
BEEP beepnl/BEEP ★ 130 · AGPL AGPL-3.0 · Platform · Fit 4/5	Bee monitoring app, API and measurement system for hive weight and sensor data *Replaces:* Arnia, Hive-Tech, BroodMinder, Apis Protect	Beekeepers and beekeeping associations	Managed hosting Hardware kits/assembly Vertical SaaS	• Hive monitoring for hobby beekeeper clubs • Apiary dashboards for honey producers • Pollination tracking for orchard growers *Angle:* Sell hive monitoring systems to commercial beekeepers	$5-15/mo per hive, $120 scale *Effort:* Medium (Full stack, needs hosting and hardware supply) ⚠ AGPL-3.0 server changes must be published; BEEP name

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
Tanen LoRaWAN Hive hmd83/tanen ★ 17 · **Permissive** Apache-2.0 · Hardware · Fit 3/5	LoRaWAN beehive monitor for weight, temperature and battery on nRF54 with 10 year battery life *Replaces:* Arnia, BroodMinder, Hive-Tech	Commercial beekeepers with remote apiaries	Hardware kits/assembly Managed hosting Setup + support retainer	• Remote apiary monitoring via LoRaWAN • Hive weight loggers for honey producers • Long-life hive sensors for rural beekeepers *Angle:* Sell LoRaWAN hive scales to remote apiaries	$90-160 per unit, $2/mo data *Effort:* Medium (Needs LoRaWAN gateway coverage and hardware QA) ⚠ Apache-2.0; LoRa regional regulations
ESP32 Coop ESP32-COOP/ESP32-COOP-DOC ★ 168 · **Check** NONE · Hardware · Fit 2/5	ESP32 automatic chicken coop door with time and light schedules and app control *Replaces:* Omlet Autodoor, ChickenGuard, Pophole	Backyard chicken keepers	Hardware kits/assembly Mobile app on top Local service business	• Coop door kits for backyard keepers • Smart coops for urban homesteaders • Predator-proof doors for small farms *Angle:* Sell automatic chicken coop doors to homesteaders	$60-120 per door kit *Effort:* Low (Documented DIY kit, add enclosure) ⚠ No license, request permission first
Hiveeyes Terkin hiveeyes/terkin-datalogger ★ 64 · **AGPL** AGPL-3.0 · Library · Fit 2/5	Datalogger software for MicroPython and CPython, used for beehive sensor monitoring *Replaces:* Arnia, BroodMinder, HiveMind	Beekeeping hobbyists and researchers	Consulting/implementation Hardware kits/assembly Setup + support retainer	• Data loggers for apiary researchers • Custom hive sensors for honey cooperatives • Remote scale loggers for queen breeders *Angle:* Sell hive weight dataloggers to beekeeping clubs	$100-250 per logger *Effort:* Medium (Datalogger library only, needs device packaging) ⚠ AGPL-3.0; publish modifications
BeeMoS Hackuarium/beemos ★ 24 · **Check** NONE · Hardware · Fit 2/5	Beehive monitoring system infrastructure plans for tracking colony data *Replaces:* Arnia, BroodMinder, Hive-Tech	Beekeeping groups and research labs	Hardware kits/assembly Consulting/implementation Training/courses	• Hive monitors for school apiaries • Colony tracking for urban beekeeping groups • Research-grade hive data for universities *Angle:* Offer hive health monitoring service for pollination contracts	$80-200 per hive unit *Effort:* Medium (Research prototype, limited docs) ⚠ No license; get author permission
BEEP Measurement System beepnl/measurement-system-v3 ★ 22 · **Check** NONE · Hardware · Fit 2/5	BEEP base v3 steel-design hive measurement system hardware *Replaces:* Arnia, BroodMinder, Hive-Tech	Beekeepers using BEEP platform	Hardware kits/assembly White-label reseller Setup + support retainer	• Hive scales for BEEP users • Steel scale bases for commercial apiaries • Weighing platforms for migratory beekeepers *Angle:* Manufacture hive scales and rent them per season	$150-300 per base *Effort:* Medium (Hardware only, depends on BEEP backend) ⚠ No license stated; BEEP trademark
Hornet3000 **ARCHIVED** vespCV/hornet3000 ★ 16 · **GPL** GPL-3.0 · Tool · Fit 2/5	Guide to build a Raspberry Pi detector for Asian hornets using YOLOv10n *Replaces:* Hive-Tech, Apis Protect	Beekeepers in hornet-affected regions	Hardware kits/assembly Setup + support retainer Content/membership	• Hornet detection stations for French beekeepers • Apiary camera traps for beekeeping associations • Pest monitors for pollinator conservation groups *Angle:* Sell Asian hornet detection cameras to beekeepers	$200-400 per station *Effort:* Medium (Model and guide, needs ruggedized enclosure) ⚠ GPL-3.0; detection accuracy claims
OpenCoopControl OpenCoopControl/coop-controller ★ 15 · **Check** NONE · Hardware · Fit 2/5	ESP32 controller for chicken coop doors, feeding schedules and environmental monitoring *Replaces:* Omlet Autodoor, ChickenGuard, Coop Smart	Backyard poultry keepers	Hardware kits/assembly Mobile app on top Setup + support retainer	• Coop controllers for small egg farms • Feeder scheduling for hobby farms • Climate monitors for chick brooders *Angle:* Sell coop controllers with lights and feeder automation	$80-150 per controller *Effort:* Low (Simple ESP32 board, add enclosure and app) ⚠ No license, ask owner first

Bicycles & Cargo Bikes · 7

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
Pi Zero Bike Computer hishizuka/pizero_bikecomputer ★ 1.3k · GPL GPL-3.0 · Hardware · Fit 4/5	Raspberry Pi Zero bike computer with GPS, ANT+ sensors and live data display *Replaces:* Garmin Edge, Wahoo ELEMNT, Hammerhead Karoo	Cyclists wanting open, hackable bike computers	Hardware kits/assembly Content/membership Setup + support retainer	• Open bike computers for privacy-minded cyclists • Bikepacking navigation kits • Cyclist training head units for clubs *Angle:* Sell open GPS bike computers	$120-220 per assembled unit *Effort:* Medium (Software complete, needs case and assembly) ⚠ GPL-3.0; Garmin ANT+ module licensing
OpenTrailPaper RaemondBW/OpenTrailPaper ★ 282 · Permissive Apache-2.0 · Hardware · Fit 3/5	Open source e-ink bike computer for trail riding *Replaces:* Garmin Edge, Wahoo ELEMNT, Hammerhead Karoo	Mountain bikers and bikepackers	Hardware kits/assembly Content/membership Setup + support retainer	• E-ink trail navigators for mountain bikers • Long-battery bikepacking computers • Race navigation units for gravel events *Angle:* Sell e-ink bike computers	$100-180 per unit *Effort:* Medium (Early hardware, needs enclosure and testing) ⚠ Apache-2.0; mapping data licensing
Bike Computer 32 lspr98/bike-computer-32 ★ 88 · Check NONE · Hardware · Fit 2/5	ESP32-C3 bike computer with offline OSM maps, GPX rendering and multi-constellation GNSS *Replaces:* Garmin Edge, Wahoo ELEMNT, Bryton	DIY cyclists wanting offline navigation	Hardware kits/assembly Content/membership Setup + support retainer	• Offline map bike computers for touring cyclists • GPX route displays for cycling clubs • Budget bike computers for hobbyists *Angle:* Sell ESP32 cycling computers	$60-110 per unit *Effort:* Medium (Hobby project, needs UI polish and case) ⚠ No license stated; OSM attribution needed
Radforschung Lock radforschung/lock ★ 18 · Permissive Apache-2.0 · Hardware · Fit 2/5	ESP32 smart lock for bicycles and shared mobility devices *Replaces:* Noke, Linka, Bluetrain locks	Bike sharing startups and cargo bike libraries	Hardware kits/assembly Vertical SaaS Setup + support retainer	• Smart locks for cargo bike sharing • Lock hardware for community bike libraries • Tool-sharing locks for neighborhoods *Angle:* Sell smart locks for bike-sharing fleets	$40-90 per lock, $3/mo backend *Effort:* High (Prototype, needs security hardening and backend) ⚠ Apache-2.0; security and theft liability
Framebuild guy153/framebuild ★ 6 · Check NONE · Tool · Fit 2/5	2D bicycle framebuilding CAD software for designing frame geometry *Replaces:* BikeCAD, Solidworks, Rattlecad	Custom bicycle frame builders	Premium plugins/add-ons Training/courses Vertical SaaS	• Frame geometry tool for steel builders • Tube mitre templates for hobby framebuilders • Bike fit to frame design for custom shops *Angle:* Offer custom bicycle frame building	$8-15/mo per builder *Effort:* Medium (Small tool, needs UI polish) ⚠ No license, read before use
Cargo Bike Parametric pwnage101/cargo_bike ★ 4 · Check NOASSERTION · Hardware · Fit 2/5	Parametric upcycled long-john cargo bike design *Replaces:* Urban Arrow, Bakfiets.nl, Riese & Muller Load	Cargo bike builders and DIY makers	Hardware kits/assembly Training/courses Local service business	• Upcycled cargo bike conversions for families • Build workshops for community bike shops • Cargo bikes for local delivery *Angle:* Weld upcycled long-john cargo bikes to order	$800-2000 per built bike *Effort:* Medium (Parametric design needs welding skills) ⚠ Unclear license; structural safety liability
Tricycle Cargo Bike boucettaabdelkhalek2/Tricycle_Cargo_Bike_Original-1 ★ 2 · Check NOASSERTION · Hardware · Fit 2/5	Open cargo tricycle with CAD files, assembly instructions, bill of materials *Replaces:* Urban Arrow, Butchers & Bicycles, Babboe	Local delivery operators and bike shops	Hardware kits/assembly Local service business Training/courses	• Cargo trikes for market vendors • Last-mile delivery trikes for restaurants • Trike kits for African workshops *Angle:* Fabricate cargo trikes for delivery businesses	$600-1500 per trike *Effort:* Medium (Full docs, needs welding and safety testing) ⚠ Unclear license; vehicle safety regulation

Boats & Marine Electronics · 9

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
OpenCPN OpenCPN/OpenCPN ★ 1.5k · GPL GPL-2.0 · App · Fit 4/5	Cross-platform chartplotter and navigation software with raster and vector charts, GPS input *Replaces:* Garmin Chartplotter, Navionics, Raymarine, Furuno TimeZero	Sailors and small boat owners	Setup + support retainer Hardware kits/assembly Training/courses	• Plug-and-play chartplotters for sailboats • Navigation computers for small fishing boats • Offshore navigation training for cruisers *Angle:* Sell marine navigation PCs for sailors	$600-1500 per preconfigured unit *Effort:* Medium (Mature desktop app, chart licensing and hardware needed) ⚠ GPL-2.0; chart data licensing; not for official navigation
BlueOS bluerobotics/BlueOS ★ 473 · Check NOASSERTION · Platform · Fit 4/5	Open platform for operating ROVs, USVs and other marine robots *Replaces:* Teledyne ROV software, QYSEA, Deep Trekker	ROV builders and underwater inspection firms	Consulting/implementation Hardware kits/assembly Setup + support retainer	• Inspection ROVs for dive shops • Custom USV systems for survey firms • Aquaculture net-inspection ROVs *Angle:* Offer underwater ROV inspection services	$5k-20k per vehicle *Effort:* Medium (Needs vehicle hardware, runs on companion computer) ⚠ Custom license read first; Blue Robotics branding
Signal K Server SignalK/signalk-server ★ 448 · Permissive Apache-2.0 · Platform · Fit 4/5	Signal K server collecting boat data from NMEA instruments and sensors *Replaces:* Garmin Marine network, Raymarine, B&G, Victron VRM	Boat owners and marine electronics installers	Setup + support retainer Hardware kits/assembly Managed hosting	• Boat data hubs for sailboat owners • Marine electronics integration for yacht yards • Fleet dashboards for charter companies *Angle:* Install boat data servers with dashboards for yachts	$300-800 per install, $10/mo cloud *Effort:* Low (Node server, plugin ecosystem, easy to bundle) ⚠ Apache-2.0; marine safety disclaimers
pypilot pypilot/pypilot ★ 280 · Check NONE · Hardware · Fit 3/5	Open autopilot software for sailboats with Signal K support *Replaces:* Raymarine Evolution, Garmin Reactor, Simrad autopilots	Cruising sailors on small yachts	Hardware kits/assembly Setup + support retainer Consulting/implementation	• DIY autopilot kits for cruising sailors • Autopilot installs for small yacht owners • Tiller pilots for dinghy sailors *Angle:* Sell and install sailboat autopilots	$300-700 per kit *Effort:* Medium (Needs actuator, sensors and sea trials) ⚠ No license stated; safety liability at sea
OpenROV OpenROV/openrov-software ★ 432 · Check NOASSERTION · Platform · Fit 2/5	Meta project for the OpenROV underwater robot software stack *Replaces:* Deep Trekker, BlueROV2, Videoray	Hobbyist ROV builders and schools	Hardware kits/assembly Training/courses Consulting/implementation	• Student ROV kits for schools • Underwater inspection ROVs for marinas • Hull cleaning ROVs for boat owners *Angle:* Offer hull and dock inspection with ROVs	$600-1500 per kit *Effort:* High (Dated project, hardware and software need refresh) ⚠ License unclear; OpenROV brand now defunct
FinsROV IWIN-FINS/FinsROV-An-Underwater-Camera-Based-Multi-Robot-Platform ★ 326 · Permissive MIT · Hardware · Fit 2/5	Low-cost underwater robot platform with camera for robotics and AI research *Replaces:* BlueROV2, Deep Trekker, Videoray	University labs and robotics clubs	Hardware kits/assembly Training/courses Consulting/implementation	• Low-cost ROV kits for universities • Underwater AI research platform for labs • STEM robotics for marine science classes *Angle:* Sell low-cost underwater ROVs for aquaculture	$800-2500 per kit *Effort:* High (Research platform, needs productization and support) ⚠ MIT; waterproofing reliability risk
SensESP SignalK/SensESP ★ 211 · Permissive Apache-2.0 · Framework · Fit 2/5	ESP32 framework for building Signal K marine sensors *Replaces:* Victron sensors, Maretron sensors, Airmar sensors	Boat DIYers and marine integrators	Hardware kits/assembly Consulting/implementation Setup + support retainer	• Tank level sensors for sailboats • Engine temperature monitors for trawlers • Bilge alarms for marina owners *Angle:* Sell marine sensors for bilge and tank monitoring	$40-100 per sensor *Effort:* Low (Library for ESP32 sensors, easy to adapt) ⚠ Apache-2.0; marine electrical safety
ESP32 Sailboat Autopilot jeff-burright/Autopilot_ESP32_wifi ★ 22 · Check NONE · Hardware · Fit 2/5	Sailboat compass autopilot on ESP32 with WiFi, smartwatch and IR remote control *Replaces:* Raymarine tiller pilot, Garmin autopilots, Simrad	Small sailboat owners	Hardware kits/assembly Setup + support retainer Content/membership	• Tiller autopilots for small sailboats • Dinghy autopilot kits for racers • Autopilot retrofits for old wooden boats *Angle:* Sell tiller autopilot kits	$150-300 per kit *Effort:* Medium (Hobby code, needs motor drive and testing) ⚠ No license; safety liability at sea

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
boatCalc McNeight/boatCalc ★ 5 · GPL GPL-2.0 · Tool · Fit 2/5	Boat design calculations from the lines plan of a hull *Replaces:* Maxsurf, Rhinoceros Orca3D, Freeship	Small boat designers and builders	Premium plugins/add-ons Vertical SaaS Training/courses	• Hull calculators for canoe builders • Displacement tools for plywood boat designers • Stability checks for boat kit makers *Angle:* Offer small boat design and build service	$10-20/mo or $60 license *Effort:* Medium (Small calculator, needs UI and validation) ⚠ GPL-2.0; calculations need verification

Brewing & Distilling · 8

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
iSpindel universam1/iSpindel ★ 885 · Check NOASSERTION · Hardware · Fit 4/5	Floating electronic hydrometer for fermentation gravity and temperature over WiFi *Replaces:* Tilt Hydrometer, Plaato Airlock, RAPT Pill, BrewSensor	Homebrewers and craft breweries	Hardware kits/assembly Content/membership Setup + support retainer	• Preassembled iSpindel for homebrewers • Fermentation tracking for small cideries • Gravity loggers for kombucha brewers *Angle:* Sell wireless hydrometers to homebrewers	$40-80 per unit *Effort:* Low (Proven design, simple assembly kit) ⚠ Custom license read first; iSpindel name
CraftBeerPi 4 craftbeerpi/craftbeerpi4 ★ 150 · GPL GPL-3.0 · Platform · Fit 4/5	Brewery automation software controlling heaters, pumps and fermentation via plugin system *Replaces:* BrewFather, Brewie, Ss Brewtech Mobile, Grainfather	Homebrewers and microbreweries	Hardware kits/assembly Premium plugins/add-ons Setup + support retainer	• Brewing controllers for nano breweries • Premium recipe plugins for homebrewers • Control panels for brew-on-premise shops *Angle:* Build automated brewing systems for brewpubs	$150-400 per controller kit *Effort:* Medium (Plugin architecture, needs hardware packaging) ⚠ GPL-3.0; mains wiring safety
BrewPiLess vitotai/BrewPiLess ★ 393 · Check NONE · Hardware · Fit 3/5	ESP8266 fermentation temperature controller running BrewPi without Raspberry Pi *Replaces:* Inkbird controllers, Tilt controllers, Fermentrack	Homebrewers and small breweries	Hardware kits/assembly Setup + support retainer Content/membership	• Fermentation chamber controllers for homebrewers • Temperature controllers for cheesemakers • Brew fridge kits for homebrew clubs *Angle:* Sell ESP fermentation fridge controllers	$50-100 per controller *Effort:* Low (Complete firmware, add relay box) ⚠ No license stated; mains wiring safety
Fermentrack thorrak/fermentrack ★ 148 · Permissive MIT · App · Fit 3/5	Web interface replacement for BrewPi to manage fermentation controllers *Replaces:* BrewFather, Plaato, Inkbird apps	Homebrewers and cider makers	Managed hosting Setup + support retainer Premium plugins/add-ons	• Hosted fermentation dashboards for homebrewers • Fermentation logs for cideries • Brewing club shared monitoring *Angle:* Install fermentation monitoring for craft breweries	$5-10/mo per user *Effort:* Low (Django web app, self-hostable) ⚠ MIT; BrewPi trademark
BrewPi Firmware BrewPi/firmware ★ 99 · AGPL AGPL-3.0 · Hardware · Fit 3/5	Brewing temperature control firmware for BrewPi Spark on Particle Photon *Replaces:* Inkbird, Fermentation controllers, Tilt	Homebrewers and craft brewers	Hardware kits/assembly Setup + support retainer Content/membership	• Fermentation controller boxes for homebrewers • Temperature control for mead makers • Lagering chamber controllers for brewpubs *Angle:* Sell fermentation controllers to homebrewers	$100-200 per unit *Effort:* Medium (Dated hardware platform, Particle dependency) ⚠ AGPL-3.0; publish changes; BrewPi trademark
RPi Smart Still larry-athey/rpi-smart-still ★ 26 · Weak copyleft LGPL-2.1 · Hardware · Fit 3/5	Raspberry Pi and ESP32 smart still controller originally built for Still Spirits T500 *Replaces:* Still Spirits Gen controllers, Digiterm, Brewhaus controllers	Home and craft distillers	Hardware kits/assembly Setup + support retainer Content/membership	• Still automation kits for hobby distillers • Controllers for craft whiskey startups • Retrofit for Still Spirits T500 owners *Angle:* Sell still controllers to licensed craft distillers	$200-450 per controller kit *Effort:* Medium (Needs still-specific tuning and safety review) ⚠ LGPL-2.1; distilling laws and fire safety

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
RasPiBrew steve71/RasPiBrew ★ 192 · **Permissive** MIT · Tool · Fit 2/5	Raspberry Pi temperature controller for homebrewing and sous vide *Replaces:* Inkbird, Anova, Auber Instruments PID	Homebrewers and sous vide cooks	Hardware kits/assembly Content/membership Training/courses	• PID controller kits for homebrew rigs • Sous vide controllers for hobby chefs • Brew kettle controllers for nano breweries *Angle:* Sell mash temperature controllers	$60-120 per kit *Effort:* Medium (Older Python code, needs updating) ⚠ MIT; mains wiring safety
Boilermaker larry-athey/boilermaker ★ 5 · **Weak copyleft** LGPL-2.1 · Hardware · Fit 2/5	WiFi ESP32 power controller and temperature regulator for brewing and distillation boilers *Replaces:* Auber Instruments, Digiterm, Brewhaus	Home brewers and distillers	Hardware kits/assembly Setup + support retainer Content/membership	• Boiler power controllers for brewers • Multi-boiler setups for craft distilleries • Electric kettle controllers for nano breweries *Angle:* Sell boiler power controllers for stills	$80-150 per unit *Effort:* Medium (High-power electronics, needs certification) ⚠ LGPL-2.1; mains electrical safety and distilling laws

CNC & Laser Cutters · 13

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
GRBL gnea/grbl ★ 4.6k · **Check** NOASSERTION · Tool · Fit 4/5	Embedded G-code parser and CNC motion controller firmware for Arduino *Replaces:* Mach3, Masso controllers, Carbide Motion	CNC hobbyists and small machine builders	Hardware kits/assembly Setup + support retainer Content/membership	• Preflashed CNC controller boards • Desktop CNC kits for makerspaces • Controller upgrades for old routers *Angle:* Sell small desktop CNC routers with GRBL controllers for sign shops	$40-120 per board *Effort:* Low (Widely used firmware, easy to bundle) ⚠ GPL-3.0 per repo license metadata; grbl name common
FluidNC bdring/FluidNC ★ 2.6k · **Check** NOASSERTION · Tool · Fit 4/5	Next-generation CNC motion control firmware for ESP32 with WiFi and config files *Replaces:* Mach3, Masso, Carbide Motion	CNC and laser machine builders	Hardware kits/assembly Setup + support retainer Premium plugins/add-ons	• ESP32 CNC controllers for laser makers • Retrofit boards for aging routers • Pen plotter controllers for educators *Angle:* Sell WiFi CNC controller boards with config support	$60-150 per board *Effort:* Low (Firmware configurable by file, no code needed) ⚠ Check license; Grbl-derived GPL code
LinuxCNC LinuxCNC/linuxcnc ★ 2.5k · **GPL** GPL-2.0 · Platform · Fit 4/5	Machine control software for milling machines, lathes, plasma cutters and robots *Replaces:* Mach3, Masso, Centroid Acorn, Fanuc controllers	Machine shops retrofitting old CNC machines	Consulting/implementation Hardware kits/assembly Training/courses	• Retrofit old Bridgeport mills for shops • LinuxCNC training for apprentices • Plasma table controllers for fab shops *Angle:* Retrofit legacy lathes and mills with LinuxCNC control cabinets	$3k-10k per retrofit *Effort:* High (Needs real-time kernel and machine integration) ⚠ GPL-2.0; machine safety liability; LinuxCNC name
PrintNC **ARCHIVED** threedesigns/printNC ★ 278 · **Permissive** CC-BY-4.0 · Hardware · Fit 4/5	Open-source high-performance affordable CNC machine, with plans and BOM *Replaces:* Shapeoko, Onefinity, Carbide 3D Nomad, Axiom Precision	Small fabricators and woodworking shops	Hardware kits/assembly Training/courses Local service business	• PrintNC kits for makerspaces • Steel-table CNCs for sign shops • Build workshops for woodworking clubs *Angle:* Fabricate steel PrintNC frames to order for small machine shops	$2.5k-5k per kit *Effort:* Medium (Well documented build, needs parts sourcing) ⚠ CC-BY; PrintNC branding is community-held
Universal G-code Sender winder/Universal-G-Code-Sender ★ 2.3k · **GPL** GPL-3.0 · App · Fit 3/5	Cross-platform G-code sender for GRBL, Smoothieware, TinyG and G2core controllers *Replaces:* Carbide Motion, Candle, Mach3	CNC hobbyists and small shops	Premium plugins/add-ons Training/courses Setup + support retainer	• CNC sender bundled with hobby machine kits • Remote CNC monitoring add-on for makerspaces • Training for new CNC owners *Angle:* Bundle CNC machines with preconfigured control laptops and training	$10-30 one-time, pro add-ons *Effort:* Low (Java desktop app, easy to rebrand) ⚠ GPL-3.0; distributed apps must ship source
LaserGRBL arkypita/LaserGRBL ★ 1.7k · **Check** NOASSERTION · App · Fit 3/5	Windows GUI for GRBL laser engravers with image-to-G-code tools *Replaces:* LightBurn, LaserWeb, Lightburn Bridge	Hobbyist laser engraver owners	Premium plugins/add-ons Training/courses Content/membership	• Engraving templates for etsy sellers • Laser software for school makerspaces • Image prep tools for engraving shops *Angle:* Run a custom laser engraving shop for gifts and signage	$20-60 one-time license *Effort:* Medium (Windows-only C# app, custom license) ⚠ Custom license may restrict commercial use; read it

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
Deepnest Jack000/Deepnest ★ 1.2k · Check NONE · Tool · Fit 3/5	Desktop nesting app that packs shapes efficiently for laser and plasma cutting *Replaces:* SigmaNEST, Lantek, Lightburn nesting, Fastcam	Small fab and laser cutting shops	Vertical SaaS Premium plugins/add-ons Local service business	• Cloud nesting service for sheet metal shops • Nesting for acrylic sign makers • Material-saving tool for wood CNC shops *Angle:* Offer nesting-optimized laser/plasma cutting job service	$15-50/mo per shop *Effort:* Medium (Electron desktop app, would need web service) ⚠ No license stated; get permission
grblHAL grblHAL/core ★ 523 · Check NOASSERTION · Tool · Fit 3/5	High-performance GRBL-compatible core firmware for many 32-bit microcontrollers *Replaces:* Mach3, Masso, Centroid, Carbide Motion	CNC machine builders needing faster controllers	Hardware kits/assembly Consulting/implementation Setup + support retainer	• Controller boards for CNC router makers • Custom firmware for machine OEMs • Retrofit boards for mills *Angle:* Retrofit old industrial mills with grblHAL controller boards	$80-200 per board *Effort:* Medium (Needs board design and per-driver support) ⚠ Check license per driver; GPL-derived parts
MeerK40t meerk40t/meerk40t ★ 445 · Permissive MIT · App · Fit 3/5	Hackable laser software for K40, GRBL and fiber lasers *Replaces:* LightBurn, K40 Whisperer, EZCAD	K40 and fiber laser owners	Training/courses Premium plugins/add-ons Setup + support retainer	• K40 laser upgrade kits • Engraving jobs for fiber marking shops • Training for laser hobbyists *Angle:* Upgrade and service cheap K40 lasers for small engraving businesses	$100-200 per upgrade kit *Effort:* Low (Python app, plugin-friendly) ⚠ MIT; laser safety requirements
Maslow CNC MaslowCNC/Firmware ★ 277 · GPL GPL-3.0 · Hardware · Fit 3/5	Firmware for the Maslow wall-mounted router-based CNC *Replaces:* Shapeoko, Onefinity, X-Carve	Hobby woodworkers with plywood sheets	Hardware kits/assembly Content/membership Setup + support retainer	• Maslow kits for van and RV builders • Cabinet panel cutting for DIY remodelers • Sign cutting for craft fairs *Angle:* Sell vertical sheet-goods CNC kits to woodworkers	$500-900 per kit *Effort:* Medium (Firmware only, kit is commercial by Maslow) ⚠ GPL-3.0; Maslow name and hardware are trademarks
MPCNC Primo V1EngineeringInc/MPCNC_Primo ★ 185 · Check NONE · Hardware · Fit 3/5	Mostly Printed CNC Primo design files for a 3D printed CNC router *Replaces:* Shapeoko, X-Carve, Genmitsu	Makers building low-cost CNC routers	Hardware kits/assembly Training/courses Content/membership	• MPCNC hardware kits for makerspaces • Printed CNC parts for schools • Plasma cutter conversions for hobbyists *Angle:* Sell MPCNC hardware kits and run local CNC build workshops; NC terms in repo, license before selling	$250-600 per hardware kit *Effort:* Low (Printable parts, simple kit packaging) ⚠ Non-commercial hardware license likely; check V1 Engineering terms
Lasersaur nortd/lasersaur ★ 398 · Check NONE · Hardware · Fit 2/5	Open source laser cutter design *Replaces:* Glowforge, Epilog, Trotec	Makerspaces and small fab labs	Hardware kits/assembly Training/courses Consulting/implementation	• Laser cutter kits for makerspaces • Education lab laser builds • Custom laser cutters for small shops *Angle:* Build large-format laser cutters for makerspaces and schools	$3k-6k per kit *Effort:* High (Large machine, laser safety and certification) ⚠ No license stated; laser product regulation
LaserDuo fab-machines/LaserDuo ★ 105 · Check NOASSERTION · Hardware · Fit 2/5	Open source dual-laser cutter design *Replaces:* Glowforge, Epilog, Trotec	Makerspaces and small fab labs	Hardware kits/assembly Training/courses Consulting/implementation	• Dual laser kits for FabLabs • Education laser machines • Custom laser cutters for craft studios *Angle:* Manufacture dual laser cutters for fab labs	$2k-5k per kit *Effort:* High (Large machine, laser safety needs certification) ⚠ Custom license; laser product regulation

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
OpenMV openmv/openmv ★ 2.9k · Check NONE · Hardware · Fit 4/5	Small MicroPython machine vision camera module and firmware for embedded vision *Replaces:* Cognex In-Sight, Pixy2, Jevois, Keyence vision sensors	Robotics teams and small factories needing vision	Hardware kits/assembly Consulting/implementation Training/courses	• Vision sensors for small factory QC • Line-following kits for robotics clubs • Package counting cameras for warehouses *Angle:* Sell machine-vision camera modules for factories; NC terms in repo, license before selling	$80-300 per camera *Effort:* Medium (Hardware plus MicroPython firmware, needs QA) ⚠ MIT per OpenMV, hardware commercial; OpenMV trademark

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
OnStep hjd1964/OnStep ★ 622 · GPL GPL-3.0 · Hardware · Fit 4/5	Arduino telescope GoTo controller for equatorial and alt/az mounts *Replaces:* Celestron SkyAlign, Sky-Watcher SynScan, iOptron GoTo	Amateur astronomers building or upgrading mounts	Hardware kits/assembly Setup + support retainer Content/membership	• GoTo upgrade kits for Dobsonian owners • Controller boards for DIY mounts • Retrofits for old telescope mounts *Angle:* Sell GoTo telescope mount conversion kits	$120-250 per controller board *Effort:* Medium (Mature firmware, needs board assembly and support) ⚠ GPL-3.0; OnStep name by maintainer
OpenAstroTracker OpenAstroTech/OpenAstroTracker-Firmware ★ 120 · Permissive MIT · Hardware · Fit 4/5	Official firmware for the OpenAstroTracker 3D printed star tracking mount *Replaces:* Sky-Watcher Star Adventurer, iOptron SkyGuider, Vixen Polarie	Beginner astrophotographers	Hardware kits/assembly Content/membership Setup + support retainer	• Preassembled star trackers for beginners • Travel tracker kits for landscape photographers • Astrophotography classes with kits *Angle:* Sell printed star tracker mounts for astrophotographers	$150-350 per kit *Effort:* Low (Popular community project, kit-friendly) ⚠ MIT firmware; OpenAstroTracker name
INDI indilib/indi ★ 458 · Weak copyleft LGPL-2.1 · Platform · Fit 3/5	Cross-platform astronomy instrument control library and server with many drivers *Replaces:* ASCOM, MaxIm DL, Sequence Generator Pro, NINA	Observatory builders and astrophotographers	Consulting/implementation Setup + support retainer Managed hosting	• Remote observatory control for hobby astronomers • Pre-built astro mini PCs • Hosted astrophotography observatories *Angle:* Sell preconfigured astronomy control boxes	$300-700 per astro computer *Effort:* Medium (Driver breadth helps, needs UI packaging) ⚠ LGPL-2.1; INDI name
Skyward150 TenTelescopes/Skyward150 ★ 42 · Check NOASSERTION · Hardware · Fit 3/5	3D printed 6 inch Newtonian telescope with free STL and CAD, BOM and build manual *Replaces:* Celestron Astromaster, Sky-Watcher Heritage, Orion StarBlast	Schools and amateur astronomy clubs	Hardware kits/assembly Training/courses Local service business	• Telescope building workshops for schools • Printed telescope kits for astronomy clubs • Eyepiece and tripod bundles for gift buyers *Angle:* Sell printed Newtonian telescope kits; NC terms in repo, license before selling	$150-300 per kit *Effort:* Low (Complete plans, optics sourced separately) ⚠ Check license; optics sold separately
ESP32 Camera espressif/esp32-camera ★ 2.8k · Permissive Apache-2.0 · Library · Fit 2/5	ESP32 camera driver supporting OV2640 and other image sensors *Replaces:* Wyze Cam, Arlo, Blink cameras	Embedded developers building ESP32 cameras	Consulting/implementation Hardware kits/assembly Setup + support retainer	• Custom ESP32 camera modules for OEMs • Wildlife trail cams for hunters • Door cameras for small landlords *Angle:* Sell cheap wildlife/trail cameras	$15-40 per module *Effort:* Low (Driver library, builds into any firmware) ⚠ Apache-2.0; Espressif trademark
OpenSlider Adamslab/OpenSlider ★ 220 · GPL GPL-3.0 · Hardware · Fit 2/5	3-axis 3D printed camera slider using Marlin firmware and common components *Replaces:* Rhino slider, Edelkrone, Syrp Genie	Photographers and filmmakers	Hardware kits/assembly Content/membership Training/courses	• Timelapse sliders for photographers • Motion control kits for YouTubers • Macro photography sliders for product shooters *Angle:* Sell motorized camera sliders to videographers	$150-350 per kit *Effort:* Low (Printable design, Marlin firmware reused) ⚠ GPL-3.0; mixed component licenses
ASCOM Telescope Cover ARCHIVED jlecomte/ascom-telescope-cover ★ 46 · Permissive MIT · Hardware · Fit 2/5	Open source ASCOM-compatible motorized telescope cover for astrophotography *Replaces:* Flip-Flat, Alnitak Flat-Man, Pegasus Astro covers	Remote observatory astrophotographers	Hardware kits/assembly Setup + support retainer Content/membership	• Motorized dust covers for remote observatories • Flat panel combos for astrophotographers • Cover kits for common telescope sizes *Angle:* Sell motorized telescope covers for remote observatories	$90-180 per cover *Effort:* Low (Small accessory, needs sizing per telescope) ⚠ MIT; ASCOM is trademarked standard
ArcBlue HMT Lite guansk/ArcBlue-HMT-Lite ★ 28 · Check NOASSERTION · Hardware · Fit 2/5	Open 18 inch telescope structure with drawings, BOM, welding references and assembly files *Replaces:* Obsession Telescopes, Explore Scientific Dobsonians, Orion Dobsonians	Observatory builders and advanced amateurs	Hardware kits/assembly Consulting/implementation Local service business	• Large Dobsonian builds for astronomy clubs • Welded telescope frames for observatories • Mount fabrication for public outreach *Angle:* Fabricate large truss Dobsonian telescopes to order	$2k-5k per build *Effort:* High (Heavy fabrication, mirror sourcing) ⚠ Unclear license; heavy structure safety

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
Tarina rbckman/tarina ★ 18 · Permissive Apache-2.0 · Hardware · Fit 2/5	3D printed Raspberry Pi gonzo camera with essential filmmaking tools *Replaces:* Blackmagic Pocket Cinema, Sony Handycams, GoPro	Indie filmmakers and film students	Hardware kits/assembly Content/membership Training/courses	• Pocket cameras for film school students • Zine-style diary film cameras • Lo-fi camera kits for filmmaking workshops *Angle:* Sell Raspberry Pi indie film cameras	$200-400 per kit *Effort:* Medium (Pi-based, enclosure and tuning needed) ⚠ Apache-2.0; camera sensor sourcing

Coffee & Espresso · 9

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
Gaggiuino Zer0-bit/gaggiuino ★ 2.7k · Check NOASSERTION · Hardware · Fit 4/5	Microcontroller mod for Gaggia Classic adding pressure and flow profiling and shot control *Replaces:* Decent Espresso, La Marzocco Linea Micra, Profitec Pro	Home espresso enthusiasts	Hardware kits/assembly Setup + support retainer Local service business	• Gaggia upgrade kits for espresso hobbyists • Installation service for cafe owners • Pre-modded Gaggia machines for resale *Angle:* Offer Gaggia Classic mod installs; CC-BY-NC: get permission for commercial sale	$150-300 per kit, $200 install *Effort:* Medium (Hardware kit plus installation support) ⚠ Custom license read first; Gaggia trademark; mains wiring safety
Artisan artisan-roaster-scope/artisan ★ 1.2k · AGPL AGPL-3.0 · App · Fit 4/5	Coffee roasting data logger and profile software supporting many roasters and sensors *Replaces:* Cropster, Roest Cloud, Bellwether software, RoastPath	Small coffee roasters and cafes	Managed hosting Setup + support retainer Training/courses	• Roast profile cloud for micro-roasters • Artisan setup for home roasters • Roasting courses with software bundle *Angle:* Run a small-batch coffee roastery with logged profiles	$10-30/mo per roaster *Effort:* Medium (Mature desktop app, cloud sync would be added) ⚠ AGPL-3.0; publish modifications; Artisan name
CleverCoffee rancilio-pid/clevercoffee ★ 418 · GPL GPL-2.0 · Hardware · Fit 4/5	Modular controller platform for portafilter espresso machines with PID temperature control *Replaces:* Decent Espresso, La Marzocco, Quick Mill PID kits	Home espresso hobbyists	Hardware kits/assembly Setup + support retainer Content/membership	• PID kits for Rancilio Silvia owners • Retrofit for cafe lever machines • Preflashed controllers for Gaggia machines *Angle:* Sell PID upgrade kits for home espresso machines	$90-180 per kit *Effort:* Medium (Supports many machines, needs per-model wiring guide) ⚠ GPL-2.0; mains wiring safety
GaggiMate jniebuhr/gaggimate ★ 995 · Check NONE · Hardware · Fit 3/5	Smart controls and display upgrade for Gaggia espresso machines *Replaces:* Decent Espresso, Gaggia Classic Pro mods, Profitec	Home espresso hobbyists	Hardware kits/assembly Setup + support retainer Local service business	• Gaggia touchscreen upgrade kits • Installation for coffee shops • Shot profiling kits for hobbyists *Angle:* Sell espresso machine smart-control install service; CC-BY-NC: get permission for commercial sale	$120-250 per kit *Effort:* Medium (Needs electronics assembly and install support) ⚠ No license stated; mains wiring safety
Decent DE1 App decentespresso/de1app ★ 226 · Check NOASSERTION · App · Fit 3/5	Tablet app controlling Decent DE1 espresso machine with profiles and shot graphs *Replaces:* Decent Espresso, La Marzocco Linea Micra, Acaia apps	Owners of Decent espresso machines	Premium plugins/add-ons Content/membership Setup + support retainer	• Espresso profile packs for Decent owners • Shot analytics add-on for cafes • Training on profile tuning *Angle:* Offer espresso profiling service for cafes	$5-15 per profile pack *Effort:* High (Tied to proprietary Decent machine) ⚠ Custom license read first; Decent trademark
Silvia-Pi brycesub/silvia-pi ★ 144 · Permissive MIT · Hardware · Fit 2/5	Raspberry Pi PID temperature control mod for Rancilio Silvia espresso machine *Replaces:* Auber Instruments PID, Decent Espresso	Rancilio Silvia owners	Hardware kits/assembly Setup + support retainer Content/membership	• Silvia PID retrofit kits • Install service for home baristas • Web-controlled Silvia upgrade bundles *Angle:* Sell Rancilio Silvia PID retrofit kits	$100-180 per kit *Effort:* Low (Single machine mod, simple Python) ⚠ MIT; Rancilio trademark; mains wiring safety
Skywalker Roaster jmoore52/SkywalkerRoaster ★ 107 · GPL GPL-3.0 · Hardware · Fit 2/5	Arduino control of Skywalker electric coffee roaster via Artisan *Replaces:* Cropster, Bullet R1 controllers	Home coffee roasters	Hardware kits/assembly Setup + support retainer Content/membership	• Roaster control kits for Skywalker owners • Roast logging for home roasters • Setup service for hobby micro-roasters *Angle:* Sell roaster control mods for home roasters	$60-120 per kit *Effort:* Low (Small Arduino sketch, single roaster model) ⚠ GPL-3.0; Skywalker trademark; hot-air roaster safety

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
Koffie mwood77/koffie ★ 46 · GPL GPL-3.0 · Hardware · Fit 2/5	Open source PID temperature controller for espresso machines *Replaces:* Auber Instruments PID, Gaggia mods, Rancilio PID kits	Home espresso modders	Hardware kits/assembly Setup + support retainer Content/membership	• PID kits for Gaggia Classic owners • Retrofit controllers for office espresso machines • DIY espresso mod courses *Angle:* Sell plug-in espresso PID kits	$50-100 per kit *Effort:* Low (Small controller, thin docs) ⚠ GPL-3.0; mains wiring safety
TC4+ Roaster Shield mgerstgrasser/tc4plus-coffee-roaster-shield ★ 24 · Check NONE · Hardware · Fit 2/5	Improved TC4 Arduino shield for temperature control in DIY and commercial coffee roasters *Replaces:* Cropster, Phidgets controllers, Probat controls	DIY and small commercial roasters	Hardware kits/assembly Setup + support retainer Content/membership	• Roaster retrofit boards for small roasteries • TC4 boards for home roaster builders • Artisan integration kits *Angle:* Sell roaster thermocouple shields; NC terms in repo, license before selling	$70-140 per board *Effort:* Low (Open PCB, simple kit) ⚠ No license stated; contact author

Cooking & Sous-Vide · 7

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
HeaterMeter CapnBry/HeaterMeter ★ 557 · Permissive MIT · Hardware · Fit 4/5	Arduino BBQ controller with web interface and probes, fan control and logging *Replaces:* Flame Boss, BBQ Guru DigiQ, Billows controllers	BBQ and smoker hobbyists	Hardware kits/assembly Setup + support retainer Content/membership	• BBQ controller kits for smoker owners • Retrofit for pellet and kamado grills • Competition BBQ controllers for pitmasters *Angle:* Sell BBQ pit controllers to competition teams	$120-220 per kit *Effort:* Medium (Mature design, needs assembly and support) ⚠ MIT; HeaterMeter name
WLANThermo ESP32 WLANThermo-nano/WLANThermo_ESP32_Software ★ 41 · GPL GPL-3.0 · Hardware · Fit 3/5	ESP32 firmware for WLANThermo grill thermometer and BBQ fan controller *Replaces:* Meater, Flame Boss, Weber iGrill, Inkbird grill thermometers	BBQ enthusiasts and pitmasters	Hardware kits/assembly Mobile app on top Setup + support retainer	• Wireless BBQ thermometers for competition cooks • Smoker controller kits for pitmasters • Grill monitoring for butcher shops *Angle:* Sell wireless BBQ thermometers	$80-180 per unit *Effort:* Medium (Firmware only, hardware from WLANThermo project) ⚠ GPL-3.0; WLANThermo trademark
Pitclaw MrMatt57/pitclaw ★ 8 · Check NONE · Hardware · Fit 3/5	ESP32-S3 BBQ controller with touchscreen, PID fan and damper, and up to 3 probes *Replaces:* Flame Boss, BBQ Guru DigiQ, FireBoard	Smoker and BBQ hobbyists	Hardware kits/assembly Setup + support retainer Mobile app on top	• Touchscreen smoker controllers for pitmasters • Kamado grill controller kits • Competition BBQ monitors *Angle:* Sell touchscreen BBQ controllers	$120-200 per unit *Effort:* Medium (New project, needs enclosure and testing) ⚠ No license stated; fire safety
Sous Viduino adafruit/Sous_Viduino ★ 71 · Check NONE · Hardware · Fit 2/5	Arduino sous-vide controller with PID *Replaces:* Anova, Joule, Inkbird Sous Vide	Sous vide hobbyists	Hardware kits/assembly Content/membership Training/courses	• Sous vide controller kits for cooks • Slow cooker retrofit kits • Cooking classes with DIY controller *Angle:* Sell sous-vide controller kits	$40-80 per kit *Effort:* Low (Old Arduino tutorial code) ⚠ No license listed; mains wiring safety
Sous Vide Adaptive egiust/SousVideAdaptativeArduino ★ 36 · AGPL AGPL-3.0 · Library · Fit 2/5	Adaptive regulation algorithm for sous-vide cookers on Arduino *Replaces:* Anova, Inkbird, Joule	Sous vide DIY makers	Hardware kits/assembly Consulting/implementation Content/membership	• Sous vide controller kits for hobbyists • Adaptive cooker controllers for chefs • Teaching kits for food science classes *Angle:* Build sous-vide baths for restaurants	$40-90 per kit *Effort:* Low (Algorithm only, hardware by integrator) ⚠ AGPL-3.0; publish modifications
BBQer abuharsky/BBQer ★ 30 · Permissive MIT · Hardware · Fit 2/5	Arduino BBQ smoker controller with cloud analytics and notifications *Replaces:* Flame Boss, BBQ Guru, Weber Connect	BBQ hobbyists	Hardware kits/assembly Mobile app on top Setup + support retainer	• Smoker alerts for backyard pitmasters • Cloud grill monitoring for competition teams • Smoker retrofit for offset smokers *Angle:* Sell smart smoker retrofit kits	$80-150 per kit *Effort:* Medium (Hobby code, cloud piece needs rebuilding) ⚠ MIT; hobby grade support
Smokey the Barrel willblev/SmokeyTheBarrel ★ 23 · Check NONE · Hardware · Fit 2/5	Automatic temperature controller for ugly drum smokers *Replaces:* Flame Boss, BBQ Guru, Billows	Drum smoker owners	Hardware kits/assembly Content/membership Setup + support retainer	• UDS blower kits for drum smoker builders • Smoker kits for backyard cooks • Fan controller upgrades for kamado owners *Angle:* Sell drum smoker temperature controllers	$70-130 per kit *Effort:* Low (Small hobby project, no license) ⚠ No license stated; fire safety

Cosmetics & Soap · 2

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
SoapOpera okhin/SoapOpera ★ 2 · Check NONE · Tool · Fit 2/5	Python project to manage stock and recipes for soap making *Replaces:* Soapmaking Friend, Brambleberry tools, SoapCalc	Small soap makers	Vertical SaaS Setup + support retainer Content/membership	• Batch tracker for small soap studios • Inventory app for soap Etsy shops • Recipe logs for soap classes *Angle:* Small-batch soap maker inventory and recipe production	$8-15/mo per shop *Effort:* Medium (Small script, needs web UI) ⚠ No license stated
Formularium lampros-polyzos/formularium ★ 0 · Permissive MIT · Tool · Fit 2/5	Tool helping home cosmetics makers formulate recipes *Replaces:* Brambleberry formulators, Skin Deep Cosmetics tools, Formulator Sample Shop	Home cosmetics makers	Vertical SaaS Content/membership Training/courses	• Formula calculators for DIY skincare sellers • Recipe tool for natural cosmetics classes • Batch scaling for indie beauty makers *Angle:* Sell home cosmetics formulation kits	$6-12/mo per user *Effort:* Medium (Early project, needs content and validation) ⚠ MIT; cosmetic safety regulation

Drones · 10

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
ArduPilot ArduPilot/ardupilot ★ 16.3k · GPL GPL-3.0 · Platform · Fit 3/5	Open autopilot software for planes, copters, rovers and submarines *Replaces:* DJI flight controllers, Skydio autonomy, Pixhawk-based PX4 vendors, Auterion	Drone makers and commercial drone service firms	Consulting/implementation Hardware kits/assembly Training/courses	• Custom mapping drones for surveyors • Agricultural spraying drone integration • Autopilot training for drone pilots *Angle:* Sell crop-spraying drones with setup and pilot training	$5k-30k per custom build *Effort:* High (Huge code base and certification burden) ⚠ GPL-3.0; drone aviation regulation; ArduPilot trademark
PX4 Autopilot PX4/PX4-Autopilot ★ 13.0k · Permissive BSD-3-Clause · Platform · Fit 3/5	Open autopilot software for drones with permissive license *Replaces:* DJI flight controllers, Skydio, Auterion, Freefly	Drone OEMs and enterprise UAV startups	Consulting/implementation Hardware kits/assembly Setup + support retainer	• Custom inspection drones for utilities • Delivery drone prototypes for logistics startups • PX4 integration for university labs *Angle:* Build survey drones for agriculture mapping services	$10k-50k per integration *Effort:* High (Complex system, aviation regulatory work) ⚠ BSD-3-Clause allows closed use; aviation regulation
ExpressLRS ExpressLRS/ExpressLRS ★ 5.5k · GPL GPL-3.0 · Hardware · Fit 3/5	Open radio control link firmware for long range and low latency *Replaces:* FrSky ACCST, TBS Crossfire, Futaba, Spektrum	FPV pilots and RC hobbyists	Hardware kits/assembly Setup + support retainer Training/courses	• ExpressLRS receivers for FPV shops • Long-range kits for fixed wing pilots • Preflashed modules for hobby stores *Angle:* Manufacture long-range radio receivers and modules	$15-60 per receiver *Effort:* Medium (Needs RF hardware and radio regulation) ⚠ GPL-3.0; radio regulation per region
QGroundControl mavlink/qgroundcontrol ★ 5.1k · Permissive Apache-2.0 · App · Fit 3/5	Cross-platform ground control station for configuring and flying MAVLink drones *Replaces:* DJI Pilot, Auterion Suite, UgCS, Litchi	Drone operators and UAV developers	Consulting/implementation Premium plugins/add-ons Setup + support retainer	• Branded GCS for drone service companies • Mission planning for agricultural drones • Inspection workflows for utility drones *Angle:* Offer drone inspection services with rugged ground stations	$2k-10k per custom GCS *Effort:* Medium (Qt app, rebrandable, license permits) ⚠ Apache-2.0 and GPL dual licensing; QGroundControl name
INAV iNavFlight/inav ★ 4.3k · GPL GPL-3.0 · Tool · Fit 3/5	Navigation-enabled flight control software for GPS drones and fixed wing *Replaces:* DJI FPV flight controllers, Pixhawk setups	Long-range FPV pilots and RC plane owners	Hardware kits/assembly Training/courses Setup + support retainer	• Long-range FPV wing kits • Return-to-home drone builds • Fixed wing mapping setups for farmers *Angle:* Build long-range fixed-wing inspection drones	$300-900 per built drone *Effort:* Low (Firmware easy to bundle with hardware) ⚠ GPL-3.0; INAV name; aviation regulation
OpenHD OpenHD/OpenHD ★ 2.7k · GPL GPL-3.0 · Platform · Fit 3/5	Open digital HD video link system for FPV drones *Replaces:* DJI O3, Walksnail, HDZero	Long-range FPV pilots	Hardware kits/assembly Setup + support retainer Training/courses	• Long-range HD video kits • Preflashed OpenHD air units • Setup service for fixed wing FPV *Angle:* Sell long-range HD video links for drones	$300-600 per kit *Effort:* Medium (Needs board hardware and radio compliance) ⚠ GPL-3.0; radio emission regulation

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
EdgeTX EdgeTX/edgetx ★ 2.5k · GPL GPL-2.0 · Tool · Fit 3/5	Firmware for R/C radio transmitters with color screens and model setups *Replaces:* FrSky OpenTX, Futaba, Spektrum, Jumper radios	RC and FPV pilots	Training/courses Setup + support retainer Hardware kits/assembly	• Radio setup service for FPV pilots • Pre-programmed models for beginners • Transmitter bundles for flying clubs *Angle:* Sell preconfigured RC transmitters for drone beginners	$20-60 per setup *Effort:* Low (Firmware, easy to bundle on radios) ⚠ GPL-2.0; EdgeTX trademark
Crazyflie bitcraze/crazyflie-firmware ★ 1.6k · GPL GPL-3.0 · Hardware · Fit 3/5	Firmware for Crazyflie nano quadcopter, Bolt and Roadrunner positioning tag *Replaces:* Parrot Mambo, DJI Tello, Skydio	Robotics researchers and drone swarm developers	Hardware kits/assembly Consulting/implementation Training/courses	• Swarm drones for universities • Indoor positioning demo kits • Drone classes for robotics students *Angle:* Sell micro-drone swarm kits to universities	$250-600 per drone kit *Effort:* Medium (Hardware by Bitcraze, firmware add-on work) ⚠ GPL-3.0; Crazyflie trademark
Betaflight betaflight/betaflight ★ 11.8k · GPL GPL-3.0 · Tool · Fit 2/5	Flight controller firmware for FPV racing and freestyle quadcopters *Replaces:* DJI FPV flight controllers, Skydio	FPV pilots and drone shops	Hardware kits/assembly Training/courses Local service business	• FPV drone builds for racers • Tuning service for freestyle pilots • Betaflight flight controller boards *Angle:* Sell custom FPV racing quads and repair service	$250-600 per built drone *Effort:* Low (Firmware, easy to bundle with hardware) ⚠ GPL-3.0; Betaflight trademark; aviation rules
Bluejay ESC bird-sanctuary/bluejay ★ 540 · GPL GPL-3.0 · Tool · Fit 2/5	Digital ESC firmware for brushless motors in multirotors *Replaces:* T-Motor ESCs, Holybro ESCs, DJI ESCs	FPV drone builders	Hardware kits/assembly Setup + support retainer Content/membership	• Preflashed ESCs for FPV shops • ESC tuning service for racers • Bluejay-ready ESC stacks *Angle:* Sell preflashed ESCs for FPV builders	$30-80 per ESC *Effort:* Low (Firmware, easy to flash and bundle) ⚠ GPL-3.0; Bluejay name

E-Bikes & EV Conversion · 9

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
VESC Firmware vedderb/bldc ★ 3.6k · Check NONE · Hardware · Fit 4/5	VESC firmware for brushless motor controllers used in e-bikes, skates and robots *Replaces:* Bosch eBike controllers, Kelly controllers, Sabvoton, Alltrax	Electric vehicle builders and ebike makers	Hardware kits/assembly White-label reseller Setup + support retainer	• VESC controllers for electric skateboards • Controller kits for DIY ebikes • Motor controllers for robotics teams *Angle:* Build electric skateboards and scooters with VESC controllers	$150-450 per controller *Effort:* Medium (Needs hardware design, license is restrictive) ⚠ GPL-3.0 per upstream, repo metadata says NONE; VESC trademark
SavvyCAN collin80/SavvyCAN ★ 1.9k · Permissive MIT · App · Fit 3/5	Qt cross-platform CAN bus analysis and reverse engineering tool *Replaces:* Vector CANalyzer, PCAN-View, Kvaser tools	EV converters and automotive hackers	Training/courses Setup + support retainer Consulting/implementation	• CAN reverse engineering for EV converters • Bus analysis for motorcycle shops • Training for automotive security students *Angle:* Offer CAN-bus diagnostics for EV conversion builders	$200-1000 per analysis job *Effort:* Low (Desktop app, easy to rebrand) ⚠ MIT; vehicle safety and warranty
VESC Hardware vedderb/bldc-hardware ★ 1.4k · Check NONE · Hardware · Fit 3/5	Brushless DC motor controller hardware designs from VESC project *Replaces:* Kelly controllers, Sabvoton, Bosch controllers	Electric vehicle builders and hobby EV makers	Hardware kits/assembly White-label reseller Consulting/implementation	• VESC boards for electric skateboard makers • High-power controllers for ebike conversions • Motor controllers for robot makers *Angle:* Manufacture motor controllers for light EVs	$120-400 per board *Effort:* Medium (Hardware manufacturing and QA needed) ⚠ Check license; VESC trademark
TSDZ2 Smart EBike OpenSourceEBike/TSDZ2-Smart-EBike ★ 279 · GPL GPL-3.0 · Tool · Fit 3/5	Open firmware for TongSheng TSDZ2 mid-drive e-bike motor *Replaces:* Bosch Performance Line, Shimano STEPS, Bafang mid drives	E-bike conversion shops and DIY builders	Hardware kits/assembly Setup + support retainer Local service business	• TSDZ2 upgrade kits for e-bike conversions • Flashing service for cargo bike builders • Torque sensor tune for touring cyclists *Angle:* Sell e-bike conversion kits with tuned open firmware installed	$80-200 per kit or flash *Effort:* Low (Firmware for one motor, simple service) ⚠ GPL-3.0; e-bike speed regulations

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
OpenInverter jsphuebner/stm32-sine ★ 209 · GPL GPL-3.0 · Hardware · Fit 3/5	Firmware of the Huebner inverter project for EV motor control *Replaces:* Curtis controllers, Sevcon, Tesla drive units, Zero controllers	EV conversion shops	Hardware kits/assembly Consulting/implementation Setup + support retainer	• Inverters for EV conversion shops • Motor controllers for electric boats • Drive systems for kit cars *Angle:* Convert classic cars to electric with salvaged Tesla drive units	$800-2000 per inverter *Effort:* High (Power electronics, hardware and safety work) ⚠ GPL-3.0; high voltage safety
Hoverboard FOC EFeru/hoverboard-firmware-hack-FOC ★ 1.8k · GPL GPL-3.0 · Tool · Fit 2/5	Firmware hack giving hoverboard motors field oriented control for custom vehicles *Replaces:* Segway controllers, Kelly controllers, ODrive	Hobby vehicle builders	Hardware kits/assembly Content/membership Setup + support retainer	• Hoverboard motor kits for robot builders • Custom go-karts for hobbyists • Cheap AGV drive kits for makers *Angle:* Turn salvaged hoverboards into carts and mobility kits	$50-120 per kit *Effort:* Low (Firmware for reused boards) ⚠ GPL-3.0; vehicle safety liability
EBiCS EBiCS/EBiCS_Firmware ★ 226 · Check NONE · Tool · Fit 2/5	Free FOC firmware for Lishui e-bike controllers *Replaces:* Bosch eBike controllers, Kelly controllers	E-bike DIY converters	Hardware kits/assembly Setup + support retainer Content/membership	• Lishui controller reflashing for ebike makers • Custom ebike controllers for cargo trikes • Controller upgrade kits for rental ebikes *Angle:* Sell quiet FOC e-bike controllers for hub motors	$40-90 per controller *Effort:* Low (Firmware for one controller line) ⚠ No license stated; e-bike speed regulations
TSDZ2 860C emmebrusa/TSDZ2-Smart-EBike-860C ★ 67 · GPL GPL-3.0 · Tool · Fit 2/5	TSDZ2 open firmware adapted to the 860C display *Replaces:* Bosch Performance Line, Shimano STEPS, Bafang	E-bike DIY converters	Hardware kits/assembly Setup + support retainer Local service business	• 860C display kits for TSDZ2 riders • Flashing service for e-bike repair shops • Mid-drive upgrades for commuters *Angle:* Offer TSDZ2 display flashing and tuning at a bike shop	$60-150 per display and flash *Effort:* Low (Fork for one display, narrow demand) ⚠ GPL-3.0; e-bike speed regulations
Bafang BBS02 Firmware OpenSourceEBike/Bafang_BBS02_BBSHB ★ 27 · Check NONE · Tool · Fit 2/5	Open firmware for Bafang BBS02 and BBSHB mid-drive e-bike motors *Replaces:* Bosch Performance Line, Shimano STEPS, Bafang stock	E-bike DIY converters	Hardware kits/assembly Local service business Setup + support retainer	• BBS02 tuning for e-bike conversion shops • Torque sensing upgrades for commuters • Flashing service for cargo bike builders *Angle:* Convert customer bikes to Bafang mid-drives with custom tuning	$80-150 per motor flash *Effort:* Low (Firmware for one motor family) ⚠ No license stated; e-bike speed regulations

EV Charging · 4

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
evcc evcc-io/evcc ★ 7.5k · Permissive MIT · App · Fit 5/5	Smart EV charging controller using solar surplus, dynamic tariffs and many wallboxes and meters *Replaces:* Tesla app, Zaptec Charge, SolarEdge EV Charger, Easee	Homeowners with solar and EVs	Setup + support retainer Managed hosting Hardware kits/assembly	• Pre-installed evcc boxes for solar installers • Hosted evcc dashboard for homeowners • Charging optimization for small fleets *Angle:* Install solar-surplus EV charging systems for homeowners	$10-20/mo hosted, $300 box *Effort:* Low (Single Go binary, easy to bundle) ⚠ MIT; check sponsor token terms for some features
SmartEVSE 3 SmartEVSE/SmartEVSE-3 ★ 238 · Permissive MIT · Hardware · Fit 4/5	Smart EVSE controller with load balancing and solar charging *Replaces:* Wallbox Pulsar, Zappi, Easee Home, go-eCharger	EV owners and workplace chargers	Hardware kits/assembly White-label reseller Setup + support retainer	• Load-balanced chargers for apartment buildings • Solar charging for farms • Workplace charge stations *Angle:* Install load-balanced chargers for apartment buildings	$350-700 per charger *Effort:* Medium (Needs certification, CE and electrical approvals) ⚠ MIT; EV charger certification required

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
OpenEVSE WiFi OpenEVSE/openevse_esp32_firmware ★ 283 · Check NONE · Hardware · Fit 3/5	OpenEVSE v6 WiFi gateway firmware on ESP32 for EV charger control *Replaces:* ChargePoint Home, Wallbox Pulsar, Juicebox	EV owners and charging installers	Hardware kits/assembly Setup + support retainer White-label reseller	• Branded EV chargers for installers • Fleet charger gateways for small depots • Solar-aware home chargers *Angle:* Sell smart charging upgrades for existing EVSEs	$300-600 per charger *Effort:* Medium (Hardware certification and electrical safety) ⚠ No license shown; OpenEVSE trademark; electrical certification
OpenEVSE OpenEVSE/open_evse ★ 201 · GPL GPL-3.0 · Hardware · Fit 3/5	Firmware for Open EVSE electric vehicle charging station *Replaces:* ChargePoint Home, Wallbox, Juicebox	EV owners and charger installers	Hardware kits/assembly White-label reseller Setup + support retainer	• Branded home chargers for solar installers • Chargers for small hotels • DIY EVSE kits for makers *Angle:* Assemble and install EV chargers with local electrician partnership	$250-500 per charger *Effort:* Medium (Needs electrical certification and QA) ⚠ GPL-3.0; OpenEVSE trademark; electrical certification

Electronics Manufacturing · 6

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
LumenPnP opulo-inc/lumenpnp ★ 3.7k · Check NOASSERTION · Hardware · Fit 4/5	Open source pick and place machine for placing SMT parts on circuit boards *Replaces:* Neoden 4, Juki, Essemtec, Manncorp	Small electronics manufacturers and makers	Hardware kits/assembly Training/courses Setup + support retainer	• PnP machines for prototyping shops • Small-run SMT assembly service • Machine training for electronics startups *Angle:* Sell desktop pick-and-place machines to hardware startups	$2k-4k per machine *Effort:* Medium (Hardware assembly, Opulo sells official kits) ⚠ Custom license; Opulo and LumenPnP trademarks
OpenPnP openpnp/openpnp ★ 2.3k · GPL GPL-3.0 · Platform · Fit 3/5	Open source SMT pick and place hardware and software *Replaces:* Neoden 4, Juki, Essemtec, Manncorp	Small electronics manufacturers	Consulting/implementation Setup + support retainer Training/courses	• PnP machine retrofits for assembly shops • OpenPnP setup for hardware startups • Machine vision tuning for SMT shops *Angle:* Run small-batch PCB assembly service with open pick-and-place	$1k-4k per retrofit *Effort:* High (Needs machine hardware and vision tuning) ⚠ GPL-3.0; OpenPnP name
T-962 Improvements UnifiedEngineering/T-962-improvements ★ 871 · GPL GPL-3.0 · Hardware · Fit 3/5	Firmware upgrade for cheap T-962 reflow ovens using existing controller *Replaces:* LPKF reflow ovens, Controleo reflow ovens	Electronics hobbyists and prototyping labs	Setup + support retainer Hardware kits/assembly Local service business	• Upgraded T-962 ovens for makers • Reflow service for prototype shops • Reflow profiles for lead-free electronics *Angle:* Upgrade and resell reflow ovens to makers	$250-450 per modded oven *Effort:* Low (Firmware for known hardware) ⚠ GPL-3.0; oven hardware is third party
Reflow Master UnexpectedMaker/ReflowMaster ★ 346 · Check NOASSERTION · Hardware · Fit 3/5	Toaster oven reflow controller with open hardware and software *Replaces:* Controleo, LPKF ProtoFlow, T-962	Electronics hobbyists and startups	Hardware kits/assembly Setup + support retainer Content/membership	• Reflow controllers for toaster ovens • Prototype lab reflow kits • SMD soldering workshop kits *Angle:* Sell toaster-oven reflow controller kits	$100-180 per controller *Effort:* Low (Complete design, add enclosure) ⚠ Check license; Unexpected Maker branding
Controleo3 engineertype/Controleo3 ★ 142 · Permissive MIT · Hardware · Fit 3/5	Software for Controleo3 reflow oven controller *Replaces:* LPKF ProtoFlow, T-962 controllers	Electronics hobbyists and small labs	Hardware kits/assembly Setup + support retainer Content/membership	• Reflow oven retrofit kits for makers • Prototype lab ovens for startups • Training for SMT soldering *Angle:* Sell reflow oven conversion kits	$150-250 per controller *Effort:* Medium (Software for one board, hardware tied) ⚠ MIT; Controleo3 name; mains wiring safety
picoReflow apollo-ng/picoReflow ★ 222 · Check NONE · Tool · Fit 2/5	Turns a Raspberry Pi into a web-enabled reflow oven controller *Replaces:* Controleo, LPKF ProtoFlow	Electronics hobbyists	Hardware kits/assembly Setup + support retainer Content/membership	• Reflow controller kits for hackerspaces • Web reflow dashboards for small labs • Pi reflow upgrade for T-962 ovens *Angle:* Retrofit kilns and ovens with web controllers	$60-120 per kit *Effort:* Low (Simple Python app, no license) ⚠ No license stated; mains wiring safety

Farm Robots · 4

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
FarmBot OS FarmBot/farmbot_os ★ 1.2k · **Permissive** MIT · Platform · Fit 4/5	Operating system and software for FarmBot Raspberry Pi garden robot *Replaces:* FarmBot Genesis, Tertill, Burpee smart gardens	Home gardeners and small farms	Hardware kits/assembly Managed hosting Setup + support retainer	• Raised bed robot kits for gardeners • Hosted FarmBot-style app for schools • Garden robots for community farms *Angle:* Install FarmBot gardens at schools with maintenance contracts	$1.5k-3k per robot, $10/mo *Effort:* High (Needs mechanical kit and web app stack) ⚠ MIT; FarmBot trademark and hardware sold by FarmBot
FarmBot Web App FarmBot/Farmbot-Web-App ★ 977 · **Permissive** MIT · Platform · Fit 3/5	Web app and API for controlling FarmBot robotic garden machines *Replaces:* FarmBot Cloud, Farmbot Genesis	Home growers, edu labs	Hardware kits/assembly Managed hosting Setup + support retainer	• Robot garden installs for restaurants • School STEM farm lab packages • Managed FarmBot cloud for makerspaces *Angle:* Offer managed FarmBot gardens for restaurants	$20/mo hosted, kit extra *Effort:* High (Needs hardware, complex backend) ⚠ FarmBot name trademark; hardware licensed separately
Acorn Robot Twisted-Fields/acorn-robot-electronics ★ 81 · **Check** NONE · Hardware · Fit 3/5	KiCad PCB designs for Acorn precision farming rover from Twisted Fields *Replaces:* Naio Oz, FarmWise, Burro, Small Robot Company	Agri robotics developers and research farms	Consulting/implementation Hardware kits/assembly Setup + support retainer	• Rover electronics for vegetable farm research • Robot controller boards for agtech startups • Precision weeding prototypes for universities *Angle:* Build solar farm rovers for small vegetable farms	$1k-3k per electronics set *Effort:* High (Electronics only, full robot needed) ⚠ No license stated; ask Twisted Fields
FarmBot Arduino Firmware FarmBot/farmbot-arduino-firmware ★ 450 · **Permissive** MIT · Hardware · Fit 2/5	Arduino firmware executing g-code-like commands to move FarmBot and operate tools *Replaces:* FarmBot Genesis, Tertill	Garden robot builders	Hardware kits/assembly Consulting/implementation Training/courses	• Gantry garden robots for schools • Automated seeding rigs for nurseries • Microgreens robot arms for hobby farms *Angle:* Sell replacement FarmBot electronics and parts	$1k-2.5k per robot *Effort:* High (Firmware only, needs full mechanical system) ⚠ MIT; FarmBot trademark

Falcon Player FalconChristmas/fpp ★ 745 · Check NOASSERTION · Platform · Fit 4/5	Falcon Player runs light show sequences on Raspberry Pi or BeagleBone *Replaces:* Light-O-Rama controllers, Falcon controllers, Madrix	Holiday light show builders	Hardware kits/assembly Setup + support retainer Local service business	• FPP controller kits for light show hobbyists • Holiday display installs for homeowners • Sequence programming for neighborhoods *Angle:* Sell holiday light show controllers	$100-250 per controller kit *Effort:* Low (Preinstalled image, easy to bundle) ⚠ Check license; Falcon trademark; music licensing
RPi RGB LED Matrix hzeller/rpi-rgb-led-matrix ★ 4.4k · GPL GPL-2.0 · Library · Fit 3/5	Raspberry Pi library to drive chains of RGB LED matrix panels *Replaces:* Daktronics, LED sign vendors, Pixelblaze	Sign makers and maker artists	Hardware kits/assembly Consulting/implementation Managed hosting	• Scrolling LED signs for small shops • Menu boards for cafes • Event schedule displays for churches *Angle:* Build LED scoreboards and storefront signs	$150-500 per sign *Effort:* Medium (Library plus signage CMS to build) ⚠ GPL-2.0; distributed devices must ship source
LedFx LedFx/LedFx ★ 2.1k · GPL GPL-3.0 · App · Fit 3/5	Network LED effect engine delivering real-time audio-reactive effects to LED devices *Replaces:* Philips Hue Sync Box, Govee Music Sync, Resolume	DJs, gamers and venues	Setup + support retainer Hardware kits/assembly Managed hosting	• Audio-reactive lighting for small venues • DJ booth LED kits • Gaming room music lighting *Angle:* Rent sound-reactive LED setups for parties	$30-150 per installation *Effort:* Low (Python server, many device types supported) ⚠ GPL-3.0; LedFx name
FastLED FastLED/FastLED ★ 7.5k · Permissive MIT · Library · Fit 2/5	Arduino library for colored LED animation on many LED chips *Replaces:* Adafruit NeoPixel library, Philips Hue SDK	Embedded developers and makers	Consulting/implementation Training/courses Hardware kits/assembly	• LED costume kits for cosplayers • LED art installations for events • LED lighting for retail displays *Angle:* Sell custom LED art pieces	$20-60 per kit, project fees *Effort:* Low (Library, embedded in your firmware) ⚠ MIT; FastLED name
AWTRIX 3 Blueforcer/awtrix3 ★ 2.3k · Check NOASSERTION · Hardware · Fit 2/5	Archived firmware for Ulanzi Smart Pixel Clock, discontinued in favour of AWTRIX NG *Replaces:* Divoom Pixoo, Ulanzi stock firmware, Govee displays	Smart home hobbyists	Setup + support retainer Hardware kits/assembly Content/membership	• Preflashed pixel clocks for Home Assistant users • Notification displays for offices • Desk clock for streamers *Angle:* Sell pixel clocks for smart homes; NC terms in repo, license before selling	$50-90 per clock *Effort:* Low (Archived, successor project exists) ⚠ Custom license read first; discontinued
ESP32 HUB75 DMA mrcodetastic/ESP32-HUB75-MatrixPanel-DMA ★ 1.6k · Permissive MIT · Library · Fit 2/5	ESP32 library driving HUB75 LED matrix panels with DMA and Adafruit GFX *Replaces:* Daktronics, Pixelblaze, LED sign vendors	Makers building LED signs	Hardware kits/assembly Consulting/implementation Setup + support retainer	• WiFi LED sign kits for shops • Retro pixel displays for gamers • Departure boards for small stations *Angle:* Sell LED matrix signs for cafes	$50-150 per display kit *Effort:* Low (Library, needs enclosure and UI) ⚠ MIT; library only
Clockwise jnthas/clockwise ★ 702 · Permissive MIT · Hardware · Fit 2/5	DIY full-featured smart wall clock on LED matrix with ESP32 *Replaces:* Ulanzi clock, Divoom Pixoo, Awtrix displays	Home hobbyists and gift buyers	Hardware kits/assembly Content/membership Local service business	• Preflashed LED clocks for gift buyers • Retro clock faces for Etsy • Workshop clock kits for makers *Angle:* Sell LED matrix wall clocks	$40-80 per clock *Effort:* Low (Simple ESP32 build) ⚠ MIT; hobby grade

Lab Equipment · 12

UC2 Microscopy openUC2/UC2-GIT ★ 542 · Check NOASSERTION · Hardware · Fit 4/5	Open science modular microscope system with cube-based optics *Replaces:* Zeiss educational microscopes, Olympus, Thorlabs kits	Teaching labs and researchers	Hardware kits/assembly Training/courses Consulting/implementation	• Modular microscope kits for schools • Citizen science microscopes for universities • Fluorescence add-on kits *Angle:* Sell modular microscope kits to universities	$300-2000 per kit *Effort:* Medium (Well documented, optics sourcing needed) ⚠ Check license; openUC2 trademark

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
PlanktoScope fairscope/PlanktoScope ★ 93 · **Weak copyleft** CC-BY-SA-4.0 · Hardware · Fit 4/5	Open affordable quantitative imaging platform for plankton and microscopy *Replaces:* Sea-Bird FlowCam, Zeiss microscopes, Imaging FlowCytobot	Marine labs and citizen science groups	Hardware kits/assembly Training/courses Consulting/implementation	• Plankton imaging kits for ocean research • Water quality microscopes for schools • Aquaculture monitoring for fish farms *Angle:* Sell plankton imagers to marine researchers	$1k-3k per kit *Effort:* Medium (Well documented, needs optics and QA) ⚠ CC-BY-SA share-alike; PlanktoScope name
Opentrons Opentrons/opentrons ★ 532 · **Permissive** Apache-2.0 · Platform · Fit 3/5	Software for writing protocols and running them on Opentrons Flex and OT-2 robots *Replaces:* Hamilton, Tecan, Beckman Biomek	Biotech labs automating pipetting	Consulting/implementation Setup + support retainer Training/courses	• Protocol automation for small biotech labs • Pipetting workflow design for university labs • Assay automation for diagnostic startups *Angle:* Resell and service liquid-handling robots to small labs	$3k-15k per workflow project *Effort:* High (Tied to Opentrons hardware, lab validation) ⚠ Apache-2.0; Opentrons trademark; lab validation
Poseidon Syringe Pumps pachterlab/poseidon ★ 256 · **Permissive** BSD-2-Clause · Hardware · Fit 3/5	Open source syringe pump and microscope system for laboratories *Replaces:* Harvard Apparatus pumps, New Era pumps, Cole-Parmer pumps	Research labs on tight budgets	Hardware kits/assembly Consulting/implementation Training/courses	• Low-cost syringe pumps for teaching labs • Microfluidics setups for university labs • Pump kits for bioreactor builders *Angle:* Sell syringe pump systems for microfluidics labs	$150-500 per pump *Effort:* Medium (Needs lab hardware and calibration) ⚠ BSD-2-Clause; lab accuracy claims
Multi-channel Pipette Its-Triggy/multi-channel-pipette ★ 192 · **Check** CERN-OHL-P-2.0 · Hardware · Fit 3/5	Open source 8-channel pipette system for 96-well plates with CAD, electronics, firmware *Replaces:* Integra Viaflo, Gilson, Eppendorf Xplorer	Small labs and teaching labs	Hardware kits/assembly Consulting/implementation Training/courses	• Low-cost electronic pipettes for teaching labs • 96-well pipetting for startup labs • Pipette kits for biohackspaces *Angle:* Sell 96-well pipetting devices to biotech startups	$400-1200 per unit *Effort:* High (Precision calibration and lab use QA) ⚠ CERN-OHL-P permits commercial use; calibration liability
Chai Open qPCR chaibio/chaipcr ★ 97 · **Check** NONE · Hardware · Fit 3/5	Software for Chai's open source real-time PCR instrument *Replaces:* Bio-Rad CFX, Thermo Fisher QuantStudio, Roche LightCycler	Small labs and field testing groups	Hardware kits/assembly Consulting/implementation Setup + support retainer	• Field qPCR for agricultural labs • Teaching thermocyclers for universities • Water testing lab kits *Angle:* Refurbish and support open qPCR instruments	$2k-5k per instrument *Effort:* High (Instrument software, needs hardware and validation) ⚠ No license stated; diagnostic regulation
Ardufocus jbrazio/ardufocus ★ 58 · **GPL** GPL-3.0 · Hardware · Fit 3/5	Open source telescope focus controller based on Arduino *Replaces:* Pegasus Astro FocusCube, Moonlite focusers, ZWO EAF	Amateur astrophotographers	Hardware kits/assembly Setup + support retainer Content/membership	• Focus motor kits for Newtonian telescopes • Observatory automation bundles • Focuser upgrades for old refractors *Angle:* Sell motorized focusers for microscopes and telescopes; NC terms in repo, license before selling	$90-180 per kit *Effort:* Low (Mature firmware, simple hardware kit) ⚠ GPL-3.0; ASCOM/INDI driver terms
Rodeostat iorodeo/potentiostat ★ 57 · **Permissive** CC-BY-4.0 · Hardware · Fit 3/5	Rodeostat open potentiostat design files, software and firmware for electrochemistry *Replaces:* Gamry, PalmSens, Metrohm Autolab, Admiral Instruments	Teaching labs and electrochemistry researchers	Hardware kits/assembly Training/courses Consulting/implementation	• Potentiostat kits for chemistry classrooms • Sensor development rigs for startups • Electrochemistry lab modules for universities *Angle:* Sell potentiostats to electrochemistry courses	$250-700 per unit *Effort:* Medium (Documented design, needs calibration and QA) ⚠ CC-BY-4.0 needs attribution; Rodeostat name
qPocketPCR GaudiLabs/qPocketPCR ★ 22 · **GPL** GPL-3.0 · Hardware · Fit 3/5	Pocket-size quantitative PCR machine detecting fluorescence using a camera *Replaces:* Bio-Rad CFX, Thermo QuantStudio, Bio-Molecular Systems Mic	Teaching labs and field testers	Hardware kits/assembly Training/courses Consulting/implementation	• qPCR kits for biohackspaces • Teaching PCR for high schools • Field DNA testing for farms *Angle:* Sell portable qPCR machines to schools and field labs	$300-800 per unit *Effort:* Medium (Small instrument, validation and calibration needed) ⚠ GPL-3.0; diagnostic use regulated

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
Nanostat PeterJBurke/Nanostat ★ 96 · Permissive MIT · Hardware · Fit 2/5	ESP32 potentiostat firmware for electrochemistry experiments *Replaces:* Gamry potentiostats, PalmSens, Metrohm Autolab	Electrochemistry students and labs	Hardware kits/assembly Training/courses Consulting/implementation	• Low-cost potentiostat kits for teaching • Sensor testing for water monitoring startups • Electrochemistry workshops *Angle:* Sell WiFi potentiostats for sensor startups	$150-400 per kit *Effort:* Medium (Research prototype, needs calibration) ⚠ MIT; measurement accuracy claims
Open Syringe Pump manimino/OpenSyringePump ★ 90 · Check NONE · Hardware · Fit 2/5	Open syringe pump instructions, code and 3D files *Replaces:* Harvard Apparatus pumps, New Era pumps	Teaching labs and hobby researchers	Hardware kits/assembly Training/courses Content/membership	• Syringe pump kits for classrooms • Pump kits for 3D bioprinting • Dosing pumps for hobby chemists *Angle:* Sell low-cost syringe pumps to teaching labs	$80-200 per kit *Effort:* Low (Simple design, calibration needed) ⚠ No license stated; dosing accuracy claims
OpenStage raacampbell/openstage ★ 46 · Weak copyleft LGPL-3.0 · Hardware · Fit 2/5	Arduino-based microscope stage controller *Replaces:* Prior Scientific stages, Marzhauser, Applied Scientific Instrumentation	Microscopy labs	Hardware kits/assembly Consulting/implementation Setup + support retainer	• Motorized stage upgrades for teaching microscopes • Stage control for DIY light sheet rigs • Scanning stages for pathology labs *Angle:* Sell motorized microscope stage upgrades	$200-500 per kit *Effort:* Medium (Single-purpose, needs mechanical integration) ⚠ LGPL-3.0; precision claims

Laptops & Single-Board Computers · 6

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
PiKVM pikvm/pikvm ★ 10.4k · GPL GPL-3.0 · Hardware · Fit 5/5	DIY IP-KVM on Raspberry Pi for remote server console and BIOS access *Replaces:* TinyPilot, Lantronix Spider, Raritan KVM, ATEN KVM-over-IP	Sysadmins and homelab users	Hardware kits/assembly White-label reseller Setup + support retainer	• Preassembled KVM for small hosting firms • KVMs for colocation providers • Remote access boxes for MSPs *Angle:* Sell IP-KVM appliances to IT departments	$200-400 per KVM unit *Effort:* Low (Proven OS image, Pi hardware kit) ⚠ GPL-3.0; PiKVM trademark; commercial offering exists
Framework Laptop 13 FrameworkComputer/Framework-Laptop-13 ★ 2.0k · Permissive CC-BY-4.0 · Hardware · Fit 3/5	Documentation for Framework Laptop 13 mainboard and modules with open specs *Replaces:* Dell XPS, MacBook Air, Lenovo ThinkPad	Repair shops and module makers	Hardware kits/assembly Consulting/implementation Marketplace	• Custom expansion cards for Framework owners • Repair service for Framework laptops • Mainboard cases for homelab *Angle:* Sell custom expansion cards and repurposed mainboard cases	$15-60 per module *Effort:* Medium (Docs for modules, not the laptop itself) ⚠ CC-BY-4.0 attribution; Framework trademark
Olimex OLinuXino OLIMEX/OLINUXINO ★ 1.5k · Check NONE · Hardware · Fit 3/5	Open hardware low-cost industrial Linux single board computers from Olimex *Replaces:* Raspberry Pi, BeagleBone, Advantech SBCs	Industrial embedded integrators	Hardware kits/assembly White-label reseller Consulting/implementation	• Industrial Linux boards for control cabinets • Custom SBC carrier for OEMs • Kiosk controllers for retail *Angle:* Manufacture industrial Linux SBCs	$50-150 per board *Effort:* High (Board manufacturing and certification required) ⚠ No license stated; Olimex trademark
BeagleBone Black beagleboard/beaglebone-black ★ 466 · Check NONE · Hardware · Fit 3/5	Design and document files for BeagleBone Black single board computer *Replaces:* Raspberry Pi, Texas Instruments EVMs, Advantech boards	Embedded and industrial developers	Hardware kits/assembly Consulting/implementation White-label reseller	• Industrial controllers for lab automation • Custom BeagleBone capes for OEMs • Embedded Linux for robotics teams *Angle:* Build industrial controllers on BeagleBone designs	$40-120 per board *Effort:* High (Board manufacturing and BOM sourcing) ⚠ Check license; BeagleBone trademark
Raspberry Pi Pico SDK raspberrypi/pico-sdk ★ 5.0k · Permissive BSD-3-Clause · Library · Fit 2/5	C and C++ SDK for Raspberry Pi Pico microcontrollers *Replaces:* Arduino Pro, STM32Cube, ESP-IDF	Embedded firmware developers	Consulting/implementation Training/courses Hardware kits/assembly	• Pico firmware development service • Pico training for engineering students • Custom Pico boards for OEMs *Angle:* Design custom RP2040 boards for clients	$80-150/hr consulting *Effort:* Low (SDK, not a product) ⚠ BSD-3-Clause; Raspberry Pi trademark

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
Framework EC FrameworkComputer/EmbeddedController ★ 1.2k · Check NONE · Library · Fit 2/5	Embedded controller firmware for the Framework laptop *Replaces:* Dell XPS, ThinkPad EC firmware	Laptop repair and firmware developers	Consulting/implementation Training/courses	• EC firmware tuning for repair shops • Custom battery controls for Framework laptops • Hardware hacking classes *Angle:* Offer laptop repair and upgrade services	$100/hr consulting *Effort:* High (Laptop-specific firmware, narrow market) ⚠ Check license; Framework trademark

LoRa & Mesh Networks · 7

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
Meshtastic Firmware meshtastic/firmware ★ 8.5k · GPL GPL-3.0 · Hardware · Fit 5/5	Firmware for Meshtastic off-grid LoRa mesh communication devices *Replaces:* Garmin inReach, Motorola two-way radios, Zoleo	Hikers, events and emergency groups	Hardware kits/assembly White-label reseller Setup + support retainer	• Preflashed mesh radios for hikers • Event comms for festivals • Off-grid communication for farms *Angle:* Sell preflashed Meshtastic radios for hikers and events	$40-120 per node *Effort:* Low (Complete firmware, kit packaging simple) ⚠ GPL-3.0; Meshtastic trademark; radio regulation
ChirpStack chirpstack/chirpstack ★ 1.1k · Permissive MIT · Platform · Fit 5/5	Open source LoRaWAN network server for private sensor networks *Replaces:* Actility ThingPark, The Things Industries, Senet	IoT integrators and smart city teams	Managed hosting Setup + support retainer White-label reseller	• Hosted LoRaWAN for small utilities • Private networks for ski resorts • Sensor backend for grain silos *Angle:* Install private LoRaWAN networks for farms	$49-399/mo per tenant *Effort:* Low (Multi-tenant ready, MIT, Rust and Postgres) ⚠ MIT; ChirpStack name; LoRa regional rules
MeshCore meshcore-dev/MeshCore ★ 4.0k · Permissive MIT · Platform · Fit 4/5	Lightweight hybrid routing mesh protocol for packet radios with companion apps *Replaces:* Garmin inReach, Meshtastic, Zoleo	Community mesh groups and hikers	Hardware kits/assembly Setup + support retainer Consulting/implementation	• Preflashed MeshCore repeaters for towns • Backcountry text radios for hunters • Event comms for volunteer groups *Angle:* Deploy community repeater networks with solar nodes	$40-130 per radio *Effort:* Low (Firmware and apps ready, easy to preflash) ⚠ MIT; radio regulation; MeshCore name
The Things Stack TheThingsNetwork/lorawan-stack ★ 1.2k · Permissive Apache-2.0 · Platform · Fit 4/5	The Things Stack open source LoRaWAN network server *Replaces:* Actility ThingPark, Senet, Helium, Kerlink Wanesy	IoT integrators and utilities	Managed hosting Consulting/implementation Setup + support retainer	• Private LoRaWAN servers for farms • Smart building IoT backends • Campus sensor networks *Angle:* Sell LoRaWAN gateways with managed service	$99-499/mo per network *Effort:* Medium (Complex Go stack, hosted version competes) ⚠ Apache-2.0; The Things trademark
Reticulum markqvist/Reticulum ★ 7.7k · Check NOASSERTION · Platform · Fit 3/5	Cryptographic networking stack for resilient networks over LoRa, packet radio, WiFi *Replaces:* Signal, Briar, Garmin inReach, Starlink messaging	Resilient network builders and activists	Consulting/implementation Setup + support retainer Hardware kits/assembly	• Off-grid messaging for community groups • Resilient comms for disaster teams • Private campus mesh for remote sites *Angle:* Install resilient off-grid networks for NGOs	$2k-10k per network deployment *Effort:* High (Needs apps and hardware on top) ⚠ Custom license with restrictions; read it
RNode Firmware markqvist/RNode_Firmware ★ 735 · GPL GPL-3.0 · Hardware · Fit 3/5	Firmware for RNode open LoRa radio interface used with Reticulum *Replaces:* Meshtastic nodes, Heltec LoRa modems	Reticulum and amateur radio users	Hardware kits/assembly Setup + support retainer Content/membership	• Preflashed RNode radios for mesh builders • LoRa modems for ham radio clubs • Reticulum starter kits *Angle:* Sell RNode radios for off-grid comms	$40-100 per radio *Effort:* Low (Firmware for common LoRa boards) ⚠ GPL-3.0; radio regulation
Makerfabs LoRa Soil Sensor Makerfabs/Lora-Soil-Moisture-Sensor ★ 63 · Check NONE · Hardware · Fit 2/5	LoRa soil moisture sensor board from Makerfabs *Replaces:* Dragino LSE01, Sensoterra, Teros soil sensors	Small farms and gardeners	Hardware kits/assembly Setup + support retainer Managed hosting	• Soil sensors for vineyards • Greenhouse moisture monitors • Garden irrigation alerts for nurseries *Angle:* Sell soil moisture sensor networks to orchards	$35-70 per sensor *Effort:* Low (Simple sensor board, needs gateway) ⚠ No license stated; Makerfabs sells the hardware

Medical Devices · 8

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
OpenBCI GUI OpenBCI/OpenBCI_GUI ★ 981 · Permissive MIT · App · Fit 4/5	Cross-platform GUI for OpenBCI Cyton and Ganglion brain-computer interface boards *Replaces:* Emotiv, Muse, NeuroSky, g.tec	Neuroscience students and researchers	Training/courses Hardware kits/assembly Consulting/implementation	• EEG teaching kits for universities • Neurofeedback experiments for clinics • Brain-computer interface workshops for makers *Angle:* Sell EEG headset kits to researchers	$500-1500 per EEG kit *Effort:* Medium (Desktop GUI needs OpenBCI hardware) ⚠ MIT; OpenBCI trademark; not a medical device
Nightscout nightscout/cgm-remote-monitor ★ 2.9k · AGPL AGPL-3.0 · App · Fit 3/5	Web monitor for continuous glucose monitor data with sharing and alarms *Replaces:* Dexcom Follow, Glooko	Diabetics, parents	Managed hosting Setup + support retainer Hardware kits/assembly	• Managed Nightscout for T1D families • Wearable CGM display kits • School nurse monitoring setup *Angle:* Sell CGM display devices for caregivers	$7/mo hosted *Effort:* Medium (Node app, single user) ⚠ AGPL-3.0; not a medical device, liability and regulation
xDrip+ NightscoutFoundation/xDrip ★ 1.8k · GPL GPL-3.0 · App · Fit 3/5	Android app reading CGM data and sharing it to Nightscout *Replaces:* Dexcom Clarity, FreeStyle LibreLink	Diabetics	Mobile app on top Setup + support retainer Hardware kits/assembly	• Setup service for CGM data sharing • Watch face kit for diabetic kids • Education for DIY diabetes care *Angle:* Sell CGM watch faces and bridge hardware	$80 setup session *Effort:* High (Large Android app, medical sensitivities) ⚠ GPL-3.0; not approved as medical device
Loop LoopKit/Loop ★ 1.8k · Check NOASSERTION · App · Fit 2/5	iOS automated insulin delivery app built on LoopKit *Replaces:* Medtronic 780G, Tandem Control-IQ, Omnipod 5	People with type 1 diabetes	Training/courses Consulting/implementation Content/membership	• Loop onboarding for diabetes families • Build-your-own-app coaching for T1D adults • Diabetes tech workshops for clinics *Angle:* Provide RileyLink accessories and setup help to loop community	$50-150 per coaching session *Effort:* High (Medical software, personal build model only) ⚠ Custom license; regulated medical device; no sale of builds
AndroidAPS nightscout/AndroidAPS ★ 1.2k · AGPL AGPL-3.0 · App · Fit 2/5	Android closed-loop automated insulin delivery app *Replaces:* Tandem Control-IQ, Omnipod 5	DIY diabetes community	Training/courses Setup + support retainer Consulting/implementation	• AAPS training for caregivers • Diabetic camps support • Clinical onboarding guide *Angle:* Sell compatible phone and accessory bundles for DIY loopers	$100 course *Effort:* High (Medical-grade risk, regulation) ⚠ AGPL-3.0; unapproved medical software, high liability
MakAir Ventilator ARCHIVED makers-for-life/makair ★ 846 · Check NOASSERTION · Hardware · Fit 2/5	Open source ventilator tested on human patients, mass-producible at about 2000 euros *Replaces:* Hamilton Medical, Philips Respironics, Medtronic ventilators	Hospitals in low-resource regions	Consulting/implementation Hardware kits/assembly	• Ventilator manufacturing for humanitarian groups • Teaching ventilators for medical schools • Low-cost units for field hospitals *Angle:* Manufacture emergency ventilators for humanitarian NGOs (needs certification)	Not for sale without certification *Effort:* High (Needs medical certification and manufacturing) ⚠ Custom license; medical device regulation
OpenAPS oref0 openaps/oref0 ★ 484 · Permissive MIT · Library · Fit 2/5	Open reference implementation of the OpenAPS artificial pancreas design *Replaces:* Medtronic 780G, Tandem Control-IQ	People with type 1 diabetes	Training/courses Consulting/implementation Content/membership	• OpenAPS onboarding for adult T1D families • Developer training for diabetes tech startups • Diabetes data workshops *Angle:* Offer DIY loop setup support and hardware rigs (not regulated device)	$50-150 per coaching session *Effort:* High (Medical algorithm, personal use model) ⚠ MIT; unregulated medical device use
HeartyPatch patchinc/heartypatch ★ 150 · Check NOASSERTION · Hardware · Fit 2/5	Single lead ECG heart rate variability monitoring patch with ESP32 *Replaces:* AliveCor KardiaMobile, Apple Watch ECG, Zio patch	Researchers and fitness hobbyists	Hardware kits/assembly Training/courses Consulting/implementation	• ECG patch kits for sports science labs • HRV tracking for athletes • Biomedical teaching kits *Angle:* Sell ECG patch dev kits to health startups	$80-200 per patch *Effort:* Medium (Hardware project, medical claims restricted) ⚠ Custom license read first; ECG is regulated if medical

Motor Control · 3

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
ODrive odriverobotics/ODrive ★ 3.8k · Permissive MIT · Hardware · Fit 4/5	High performance brushless motor controller firmware and hardware for robotics *Replaces:* Kelly controllers, Elmo drives, Maxon controllers	Robotics builders and automation startups	Hardware kits/assembly Consulting/implementation Setup + support retainer	• Motor controllers for robot arms • CNC spindle drive kits • Servo drives for camera rigs *Angle:* Sell servo motor driver boards to robotics builders	$100-250 per controller *Effort:* Medium (Hardware manufacturing and tuning support) ⚠ MIT; ODrive trademark
moteus mjbots/moteus ★ 1.4k · Permissive Apache-2.0 · Hardware · Fit 4/5	Brushless DC motor controller with CAN-FD for robotics and actuators *Replaces:* Maxon EPOS, Elmo drives, ODrive	Robotics developers	Hardware kits/assembly Consulting/implementation Setup + support retainer	• Controllers for legged robot teams • Actuator kits for exoskeleton labs • Servo drives for research robots *Angle:* Sell high-torque actuators for legged robots	$100-200 per controller *Effort:* Medium (Hardware design and firmware, needs production) ⚠ Apache-2.0; mjbots trademark
SimpleFOC simplefoc/Arduino-FOC ★ 3.1k · Permissive MIT · Library · Fit 3/5	Arduino library for field oriented control of BLDC and stepper motors *Replaces:* Maxon controllers, ODrive, Elmo drives	Robotics hobbyists and educators	Hardware kits/assembly Training/courses Consulting/implementation	• FOC driver boards for robotics clubs • Gimbal motor kits for camera makers • Smart knob kits for makers *Angle:* Sell gimbal-motor FOC driver boards and kits	$25-80 per driver board *Effort:* Low (Library, simple board packaging) ⚠ MIT; SimpleFOC name

Musical Instruments · 7

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
LMN-3 FundamentalFrequency/LMN-3-Build-Guide ★ 1.1k · GPL GPL-3.0 · Hardware · Fit 3/5	Build guide for LMN-3 portable Linux music workstation *Replaces:* Teenage Engineering OP-1, Akai MPC, Elektron boxes	Music makers and hardware tinkerers	Hardware kits/assembly Content/membership Training/courses	• LMN-3 kits for music hackers • Pocket music workstation for touring DJs • Build workshops for makerspaces *Angle:* Sell portable DAW groovebox kits	$300-700 per kit *Effort:* Medium (Complex build with custom Linux, parts sourcing) ⚠ GPL-3.0; LMN-3 name
OpenDeck shanteacontrols/OpenDeck ★ 960 · Permissive Apache-2.0 · Platform · Fit 3/5	MIDI and OSC controller platform on Zephyr RTOS with config tool *Replaces:* Behringer controllers, Akai APC, Novation Launchpad	Controller builders and live musicians	Hardware kits/assembly Consulting/implementation Setup + support retainer	• Custom MIDI controllers for DJs • Button boxes for sim racers • Stage controllers for theater productions *Angle:* Build custom MIDI controllers for DJs	$80-300 per controller *Effort:* Medium (Firmware platform with boards, needs enclosures) ⚠ Apache-2.0; OpenDeck name
Bela BelaPlatform/Bela ★ 540 · Check NOASSERTION · Platform · Fit 3/5	Ultra low latency audio and sensor processing platform with browser IDE *Replaces:* Teensy audio shield, Raspberry Pi audio boards, Kyma systems	Digital musical instrument builders	Hardware kits/assembly Training/courses Consulting/implementation	• Interactive instruments for museum installations • Audio embedded prototyping for universities • Custom synth modules for boutique makers *Angle:* Build interactive sound installations for museums	$150-300 per board, $600 workshops *Effort:* Medium (Needs BeagleBone hardware and Bela board) ⚠ Check license; Bela trademark
16n Faderbank 16n-faderbank/16n ★ 383 · Check NOASSERTION · Hardware · Fit 3/5	Sixteen-fader MIDI USB controller with CV and I2C outputs *Replaces:* Behringer BCF2000, Korg nanoKONTROL, Faderfox	Synth and electronic musicians	Hardware kits/assembly Content/membership Marketplace	• Fader controllers for modular synth players • Mixing surfaces for podcasters • Lighting fader panels for DJs *Angle:* Sell MIDI fader controllers	$120-250 per kit *Effort:* Low (Complete design, kit-friendly) ⚠ Check license; 16n name
OpenTheremin V4 GaudiLabs/OpenThereminV4 ★ 249 · GPL GPL-3.0 · Hardware · Fit 3/5	Open source theremin instrument with firmware and hardware *Replaces:* Moog Theremini, Moog Etherwave, Roland instruments	Electronic musicians and educators	Hardware kits/assembly Training/courses Content/membership	• Theremin kits for music classes • Assembled theremins for synth fans • Music tech workshops for makerspaces *Angle:* Sell theremin kits and workshops	$200-400 per kit *Effort:* Low (Complete design, kits simple) ⚠ GPL-3.0; OpenTheremin name

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
HelloDrum RyoKosaka/HelloDrum-arduino-Library ★ 312 · **Permissive** MIT · Library · Fit 2/5	Arduino library for building electronic drums with piezo sensors *Replaces:* Roland V-Drums, Alesis drum kits, Yamaha DTX	DIY drummers and drum builders	Hardware kits/assembly Content/membership Training/courses	• E-drum pad kits for DIY drummers • Practice drum pads for students • Custom drum triggers for churches *Angle:* Build and sell electronic drum kits from mesh pads	$80-250 per drum kit *Effort:* Low (Library plus parts, kit-friendly) ⚠ MIT; HelloDrum name
LOOM-8 charlesvestal/fm1-loom ★ 67 · **Weak copyleft** MPL-2.0 · Hardware · Fit 2/5	Groovebox with eight tracks on nine engines, step tricks, locks and weave *Replaces:* Teenage Engineering OP-XY, Elektron Digitakt, Akai Force	Electronic music producers	Hardware kits/assembly Premium plugins/add-ons Content/membership	• Preset packs for LOOM-8 owners • Groovebox kits for synth fans • Sound design courses *Angle:* Sell groovebox builds to electronic musicians	$5-15 per sound pack *Effort:* High (New project on specific hardware) ⚠ MPL-2.0 file-level copyleft; OP-XY is a trademark

Pet Devices · 6

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
Robokitty rachelnicole/robokitty ★ 771 · **GPL** GPL-2.0 · Hardware · Fit 2/5	Node-powered DIY cat feeder that also works for dogs *Replaces:* Petnet feeder, Sure Petcare Feeder Connect, Cat Mate	Pet owners and makers	Hardware kits/assembly Content/membership Local service business	• Cat feeder kits for pet sitters • Teaching kits for kids robotics • Rescue shelter feeders *Angle:* Sell DIY pet feeder kits	$50-100 per kit *Effort:* Low (Simple build, little ongoing maintenance) ⚠ GPL-2.0; food safety for pets
Surepy benleb/surepy ★ 92 · **Permissive** MIT · Library · Fit 2/5	Python library and CLI to monitor Sure Petcare pet doors, cat flap and feeder *Replaces:* Sure Petcare app, Petnet app	Smart home hobbyists	Setup + support retainer Premium plugins/add-ons Consulting/implementation	• Pet door monitoring for Home Assistant • Dashboards for multi-cat homes • Pet visit alerts for sitters *Angle:* Install smart pet door integrations	$3-8/mo hosted alerts *Effort:* Low (Depends on unofficial Sure Petcare API) ⚠ MIT; Sure Petcare trademark; API may change
Petnet Feeder Service feedernet/petnet-feeder-service ★ 84 · **Permissive** MIT · Platform · Fit 2/5	Replacement service for the discontinued Petnet v2 smart feeder *Replaces:* Petnet SmartFeeder, Sure Petcare Feeder, Petlibro	Owners of orphaned Petnet feeders	Managed hosting Setup + support retainer Hardware kits/assembly	• Hosted service for stranded Petnet feeders • Retrofit boards for dead feeders • Shelter feeders with schedule dashboards *Angle:* Revive bricked Petnet feeders as a service	$3-6/mo per feeder *Effort:* Medium (Tied to one discontinued product) ⚠ MIT; Petnet trademark
CatGenius CatGenius/catgenius ★ 64 · **Check** NONE · Hardware · Fit 2/5	Alternative firmware for CatGenie 120 self-washing litter box *Replaces:* CatGenie, Litter-Robot, PetSafe ScoopFree	CatGenie owners	Hardware kits/assembly Setup + support retainer Local service business	• Firmware swap service for CatGenie owners • Replacement controllers for discontinued units • Refurbished CatGenie machines *Angle:* Repair and upgrade CatGenie litter boxes	$60-150 per upgrade *Effort:* Low (Single product firmware, niche) ⚠ No license stated; CatGenie trademark
Multisensor Cat Feeder Molecule5537/diy-multisensor-cat-feeder ★ 60 · **Check** NONE · Hardware · Fit 2/5	DIY cat feeder with multiple sensors using ESPHome, Home Assistant and Node-RED *Replaces:* Petlibro, Sure Petcare Feeder Connect, Wopet	Home Assistant pet owners	Hardware kits/assembly Setup + support retainer Content/membership	• Home Assistant feeder kits • Multi-cat feeder automation • Pet weight tracking for aging cats *Angle:* Sell smart cat feeders with weight sensing	$70-140 per kit *Effort:* Low (Hobby build using common parts) ⚠ No license stated
Cloud Cat Feeder 3D Models piotrwest/TheUltimateCloudCatFeeder-3DModels ★ 31 · **Permissive** Apache-2.0 · Hardware · Fit 2/5	3D printed cat feeder with cloud dashboard that weighs the cat and food *Replaces:* Petlibro, Sure Petcare Feeder, Whisker Feeder-Robot	Pet owners and makers	Hardware kits/assembly Content/membership Mobile app on top	• Cat diet feeders for overweight cats • Multi-pet feeders for shelters • Cat weight logs for vet clinics *Angle:* Print and sell automated cat feeders	$80-160 per kit *Effort:* Medium (3D models only, software elsewhere) ⚠ Apache-2.0; pet food safety

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
LeRobot huggingface/lerobot ★ 28.7k · Permissive Apache-2.0 · Framework · Fit 4/5	Hugging Face robotics library with models, datasets and tools for real-world robot learning *Replaces:* Boston Dynamics software, Nvidia Isaac, Intrinsic Flowstate	Robotics labs and startups	Consulting/implementation Training/courses Hardware kits/assembly	• Robot learning labs for universities • Kitted SO-101 arms with LeRobot setup • Data collection service for robot startups *Angle:* Sell teleoperation arm kits with training data collection service	$2k-10k per lab project *Effort:* Medium (Python library, active, hardware required) ⚠ Apache-2.0; Hugging Face trademark

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
SO-ARM100 TheRobotStudio/SO-ARM100 ★ 8.0k · **Permissive** Apache-2.0 · Hardware · Fit 4/5	Standard Open Arm 100 low-cost 3D printable robot arm for learning robotics *Replaces:* UFactory xArm, Universal Robots UR3, Niryo Ned	Robotics students and AI labs	Hardware kits/assembly Training/courses Consulting/implementation	• SO-101 arm kits for schools • Teleoperation data collection arms • Assembly service for AI labs *Angle:* Sell assembled low-cost robot arms for AI research labs	$200-500 per arm kit *Effort:* Low (Design and BOM open, kit packaging easy) ⚠ Apache-2.0; SO-ARM name
Petoi OpenCat PetoiCamp/OpenCat-Quadruped-Robot ★ 5.5k · **Permissive** MIT · Hardware · Fit 4/5	Open source quadruped robot pet framework for building Boston Dynamics-style four-legged robots *Replaces:* Boston Dynamics Spot, Unitree Go2, Sony Aibo	Educators, hobbyists and STEM schools	Hardware kits/assembly Training/courses White-label reseller	• Robot dog kits for schools • Coding robot classes for kids • Robotics club kits for libraries *Angle:* Sell robot pet kits and coding workshops	$200-400 per robot *Effort:* Medium (Petoi sells kits already, market exists) ⚠ MIT; Petoi and OpenCat names
PAROL6 Source-Robotics/PAROL6-Desktop-robot-arm ★ 3.4k · **Check** CERN-OHL-S-2.0 · Hardware · Fit 4/5	Open source 3D printed 6-axis desktop robot arm with BOM, STL, firmware and guide *Replaces:* UFactory uArm, Dobot Magician, Niryo Ned	Makers, schools and small automation shops	Hardware kits/assembly Training/courses Consulting/implementation	• Desktop arm kits for engineering classrooms • Pick-and-place for small workshops • Assembly service for makers *Angle:* Sell desktop 6-axis arms for light automation	$600-1500 per kit *Effort:* Medium (Well documented, share-alike hardware) ⚠ CERN-OHL-S share-alike; PAROL6 name
TurtleBot3 ROBOTIS-GIT/turtlebot3 ★ 2.1k · **Permissive** Apache-2.0 · Hardware · Fit 4/5	ROS packages for TurtleBot3 small educational mobile robot *Replaces:* iRobot Create 3, Clearpath Jackal, Husarion ROSbot	Universities and robotics courses	Hardware kits/assembly Training/courses Consulting/implementation	• ROS course kits for universities • Warehouse robot demos for logistics firms • Robotics lab setups for colleges *Angle:* Sell mobile robot platforms to universities	$1k-2k per robot *Effort:* Medium (Software for ROBOTIS robot, kits sold by ROBOTIS) ⚠ Apache-2.0; TurtleBot trademark
XLeRobot Vector-Wangel/XLeRobot ★ 5.7k · **Permissive** Apache-2.0 · Hardware · Fit 3/5	Practical dual-arm mobile home robot built for about 660 dollars *Replaces:* Hello Robot Stretch, Unitree G1, Aloha mobile	Robotics hobbyists and researchers	Hardware kits/assembly Training/courses Consulting/implementation	• Home robot kits for AI hobbyists • Teaching mobile manipulators for universities • Assembly service for labs *Angle:* Sell low-cost home mobile manipulator kits	$700-1500 per kit *Effort:* Medium (Needs parts sourcing and calibration) ⚠ Apache-2.0; XLeRobot name
OpenArm enactic/openarm ★ 3.7k · **Permissive** Apache-2.0 · Hardware · Fit 3/5	Open source humanoid arm for physical AI research and contact-rich tasks *Replaces:* Franka Emika, Kinova Gen3, Universal Robots	Robotics labs	Hardware kits/assembly Consulting/implementation Training/courses	• Research arms for university labs • Teleoperated arms for data collection • Humanoid arm training kits *Angle:* Build humanoid-arm platforms for robotics startups	$5k-15k per arm *Effort:* High (Expensive precision hardware and tuning) ⚠ Apache-2.0; OpenArm name
ALOHA tonyzhaozh/aloha ★ 2.4k · **Permissive** MIT · Hardware · Fit 3/5	Low-cost bimanual teleoperation robot system for imitation learning *Replaces:* Franka Emika, Universal Robots, Kinova	Robotics research labs	Hardware kits/assembly Consulting/implementation Training/courses	• Bimanual research rigs for universities • Teleoperation data kits for AI startups • Imitation learning workshops *Angle:* Build bimanual teleoperation rigs for labs	$8k-25k per setup *Effort:* High (Complex hardware, needs parts sourcing) ⚠ MIT; ALOHA name; hardware safety
BCN3D Moveo BCN3D/BCN3D-Moveo ★ 2.0k · **Permissive** MIT · Hardware · Fit 3/5	3D printed robotic arm for educational purposes *Replaces:* Dobot Magician, UFactory uArm, Niryo One	Schools and makers	Hardware kits/assembly Training/courses Local service business	• Robot arm kits for secondary schools • Maker arm builds for fab labs • Pick and place demo arms *Angle:* Sell educational robot arm kits to vocational schools	$500-1200 per kit *Effort:* Medium (Older design, needs printing and tuning) ⚠ MIT; BCN3D trademark
Thor AngelLM/Thor ★ 1.6k · **Weak copyleft** CC-BY-SA-4.0 · Hardware · Fit 3/5	DIY 3D printable robotic arm with plans and BOM *Replaces:* Dobot, uArm, Niryo One	Makers and robotics hobbyists	Hardware kits/assembly Training/courses Content/membership	• Thor arm kits for makers • Robot arm classes for hobbyists • Pick-and-place demos for small shops *Angle:* Sell printed robot arm kits for STEM programs	$400-900 per kit *Effort:* Medium (Share-alike hardware, assembly effort) ⚠ CC-BY-SA share-alike; Thor name

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
Open Robot Actuator open-dynamic-robot-initiative/open_robot_actuator_hardware ★ 1.5k · Permissive BSD-3-Clause · Hardware · Fit 3/5	Open hardware for robot actuators from the Open Dynamic Robot Initiative *Replaces:* Unitree actuators, ANYbotics, T-Motor actuators	Legged robot researchers	Hardware kits/assembly Consulting/implementation Training/courses	• Actuators for legged robot research • Robot leg kits for universities • Quadruped lab modules *Angle:* Manufacture brushless actuator modules for legged robots	$300-800 per actuator *Effort:* High (Precision hardware, needs manufacturing partner) ⚠ BSD-3-Clause; research-grade
ToddlerBot hshi74/toddlerbot ★ 802 · Permissive MIT · Hardware · Fit 3/5	Open source humanoid robot platform from Stanford research *Replaces:* Unitree G1, Booster T1, Pollen Robotics Reachy	Humanoid research labs	Hardware kits/assembly Consulting/implementation Training/courses	• Small humanoid kits for universities • Locomotion research platforms • Humanoid education kits *Angle:* Sell small humanoid research robots; NC terms in repo, license before selling	$3k-8k per robot *Effort:* High (Research robot, needs assembly and tuning) ⚠ MIT; ToddlerBot name
Koch v1.1 jess-moss/koch-v1-1 ★ 736 · Permissive Apache-2.0 · Hardware · Fit 3/5	Version 1.1 of Alexander Koch's low cost robot arm used with LeRobot *Replaces:* UFactory xArm, Dobot Magician, Niryo Ned	LeRobot builders and AI hobbyists	Hardware kits/assembly Training/courses Consulting/implementation	• Koch arm kits for LeRobot users • Teleoperation arm builds for AI labs • Robot education kits *Angle:* Sell leader-follower arm kits to schools	$250-500 per kit *Effort:* Low (Documented build, servo and print parts) ⚠ Apache-2.0; Koch arm name
Stanford Pupper stanfordroboticsclub/StanfordQuadruped ★ 1.8k · Permissive MIT · Hardware · Fit 2/5	Stanford Pupper quadruped robot code and design *Replaces:* Petoi Bittle, Unitree Go1, Sony Aibo	Robotics classes and hobbyists	Hardware kits/assembly Training/courses Consulting/implementation	• Pupper kits for robotics classes • Teaching quadrupeds for high schools • Legged robot workshops *Angle:* Sell quadruped robot kits to classrooms	$500-900 per kit *Effort:* Medium (Student project, partly dated) ⚠ MIT; Stanford Pupper name
Poppy Humanoid poppy-project/poppy-humanoid ★ 1.1k · Check NONE · Hardware · Fit 2/5	3D printed humanoid robot for research and education *Replaces:* Nao, Pepper, Darwin OP, Robotis OP3	Universities and STEM schools	Hardware kits/assembly Training/courses Consulting/implementation	• Humanoid robot labs for schools • Robot teaching kits for universities • Humanoid demos for science museums *Angle:* Rent humanoid robots for exhibitions and education	$5k-12k per robot *Effort:* High (Older design, many servos to maintain) ⚠ No license stated; check Poppy terms

Satellites & Ham Radio · 8

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
OpenWebRX jketterl/openwebrx ★ 1.3k · AGPL AGPL-3.0 · App · Fit 4/5	Multi-user SDR receiver software with web interface *Replaces:* WebSDR, KiwiSDR, SDRplay web servers	Ham radio clubs and SDR hobbyists	Managed hosting Hardware kits/assembly Setup + support retainer	• Hosted SDR receivers for ham clubs • Shortwave listening stations for radio fans • Public SDR servers for hackerspaces *Angle:* Sell web SDR receiver kits for clubs	$5-20/mo hosting, $300 kits *Effort:* Low (Self-contained server, easy to host) ⚠ AGPL-3.0; publish modifications; OpenWebRX name
Direwolf wb2osz/direwolf ★ 2.1k · GPL GPL-2.0 · Tool · Fit 3/5	Software soundcard AX.25 packet modem, TNC and APRS encoder and decoder *Replaces:* Kantronics TNC, Byonics TinyTrak, Mobilinkd TNC	Ham radio operators and APRS users	Hardware kits/assembly Setup + support retainer Content/membership	• APRS iGate kits for ham clubs • Packet radio TNC bundles • Emergency comms kits for volunteer groups *Angle:* Sell APRS iGate boxes	$80-200 per kit *Effort:* Low (Software TNC, easy to bundle on Pi) ⚠ GPL-2.0; amateur radio regulation
TinyGS tinygs/tinyGS ★ 1.5k · GPL GPL-3.0 · Platform · Fit 3/5	Open ground station network for receiving LoRa satellites with ESP32 *Replaces:* Commercial satellite ground station services, AWS Ground Station	Satellite hobbyists and CubeSat teams	Hardware kits/assembly Setup + support retainer Managed hosting	• Ground station kits for universities • LoRa satellite receivers for ham clubs • Remote station hosting for CubeSat teams *Angle:* Sell satellite ground station kits	$60-150 per station *Effort:* Low (Complete firmware, kit simple) ⚠ GPL-3.0; TinyGS name; radio regulation

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
Hermes-Lite 2 softerhardware/Hermes-Lite2 ★ 384 · Check NONE · Hardware · Fit 3/5	Second generation low-cost amateur HF software defined radio transceiver *Replaces:* Flex Radio, Icom IC-7300, Apache Labs ANAN, Yaesu	Amateur radio operators	Hardware kits/assembly Setup + support retainer Training/courses	• HF SDR kits for ham radio clubs • Assembled transceivers for amateurs • SDR teaching rigs for engineering students *Angle:* Sell assembled SDR transceivers to hams	$300-700 per transceiver *Effort:* High (RF hardware production and tuning) ⚠ Check license; radio regulation; amateur use only
libcsp libcsp/libcsp ★ 696 · Permissive MIT · Library · Fit 2/5	Cubesat Space Protocol network-layer delivery protocol for CubeSats *Replaces:* Spacecraft flight software suites, GomSpace NanoCom software	CubeSat developers	Consulting/implementation Training/courses Setup + support retainer	• CubeSat communications consulting for universities • Satellite software workshops • Flight software integration for startups *Angle:* Build CubeSat subsystems for university missions	$150-250/hr consulting *Effort:* High (Library only, spaceflight domain knowledge) ⚠ MIT; aerospace export rules
OpenSatKit OpenSatKit/OpenSatKit ★ 305 · Check NONE · Platform · Fit 2/5	Core Flight System application developer kit for satellite software *Replaces:* NASA cFS commercial tools, F Prime tools, Wind River VxWorks	Spacecraft software developers	Training/courses Consulting/implementation	• cFS training for aerospace teams • CubeSat flight software support • University satellite software kits *Angle:* Offer CubeSat flight software integration	$500-2000 per course seat *Effort:* High (Specialist space software, narrow market) ⚠ Check license; aerospace export rules
CygnusRFI 0xCoto/CygnusRFI ★ 72 · GPL GPL-3.0 · Tool · Fit 2/5	RFI analysis tool for ground stations and radio telescopes *Replaces:* Radio telescope tools, Spectrum analyzers software	Amateur radio astronomers	Consulting/implementation Training/courses Setup + support retainer	• RFI surveys for amateur radio astronomers • Ground station site checks for ham clubs • Radio telescope testing for schools *Angle:* Offer RFI surveys for ground station sites	$300-1000 per survey *Effort:* Medium (Niche tool, small audience) ⚠ GPL-3.0; narrow audience
Mercury GS Open-Source-Satellite/Mercury-GS ★ 58 · Check NOASSERTION · Tool · Fit 2/5	Program for interacting with a spacecraft in a lab environment before launch *Replaces:* Satellite ground software, COSMOS	CubeSat teams and universities	Consulting/implementation Training/courses	• Ground software setup for CubeSat teams • Pre-launch test benches for universities • Satellite lab training *Angle:* Operate ground station as a service	$150-250/hr consulting *Effort:* High (Niche spacecraft test software) ⚠ Check license; aerospace export rules

Security & Access Control · 3

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
Frigate blakeblackshear/frigate ★ 37.3k · Permissive MIT · App · Fit 4/5	Local NVR with real-time AI object detection for IP cameras, integrates with Home Assistant *Replaces:* Ring, Arlo, Verkada, Eagle Eye Networks, Nest Cam	Small businesses, installers, home-security resellers	Setup + support retainer Managed hosting Hardware kits/assembly	• Camera systems for retail shops • Local AI NVR for farms • Monitoring for short-term rental hosts *Angle:* Install local AI NVR systems for small businesses	$15-50/mo per site, install fee *Effort:* Medium (single-tenant, needs hardware integration)
ZoneMinder ZoneMinder/zoneminder ★ 6.0k · GPL GPL-2.0 · App · Fit 4/5	Long-running CCTV recording and monitoring system for IP, USB and analog cameras *Replaces:* Milestone XProtect, Genetec, Verkada	Small businesses, installers, home-security resellers	Setup + support retainer Managed hosting Hardware kits/assembly	• Camera systems for retail shops • Local AI NVR for farms • Monitoring for short-term rental hosts *Angle:* Install CCTV systems for shops	$15-50/mo per site, install fee *Effort:* High (older PHP and C++ stack) ⚠ GPL: fine for hosting; distributed builds must ship source
Thingino themactep/thingino-firmware ★ 2.3k · Permissive MIT · Platform · Fit 4/5	Open firmware for Ingenic SoC IP cameras with local streaming *Replaces:* Wyze Cam, Ring, Arlo, Reolink	Privacy-minded home users and installers	Hardware kits/assembly Setup + support retainer White-label reseller	• Cloud-free flashed cameras for smart homes • Camera firmware service for small installers • Private camera kits for clinics *Angle:* Sell open-firmware Wyze-style cameras	$40-100 per camera *Effort:* Medium (Per-camera support burden, many board variants) ⚠ MIT; camera hardware vendors vary; privacy laws
OpenIPC OpenIPC/firmware ★ 2.3k · Permissive MIT · Platform · Fit 4/5	Alternative IP camera firmware from an open community *Replaces:* Hikvision firmware, Dahua firmware, Wyze Cam	Camera installers and privacy-minded users	Hardware kits/assembly Setup + support retainer White-label reseller	• Reflashed IP cameras for installers • OpenIPC board kits for makers • Drone video modules for FPV *Angle:* Reflash and resell cloud-free IP cameras	$30-90 per camera *Effort:* Medium (Many SoC variants, needs per-model testing) ⚠ MIT; vendor hardware warranty; privacy laws
motionEyeOS motioneye-project/motioneyeos ★ 8.2k · Check NOASSERTION · Platform · Fit 3/5	Video surveillance operating system for single-board computers with web UI *Replaces:* Arlo, Ring, Wyze, Blink	Home users and small shops	Setup + support retainer Hardware kits/assembly Managed hosting	• Preloaded camera boxes for small shops • Remote monitoring for holiday homes • Pet and nursery cameras *Angle:* Sell Pi security camera kits	$100-200 per camera kit *Effort:* Low (Project is no longer maintained, image ready) ⚠ Custom license; unmaintained; surveillance privacy law
Dafang Hacks EliasKotlyar/Xiaomi-Dafang-Hacks ★ 4.3k · Check NONE · Tool · Fit 2/5	Custom firmware for Xiaomi Dafang IP cameras with RTSP and local control *Replaces:* Wyze Cam, Ring, Arlo, Nest Cam	Privacy-minded home users	Local service business Setup + support retainer Hardware kits/assembly	• Flashed local-only cameras for privacy fans • Camera retrofits for Home Assistant users • Cloud-free baby monitors *Angle:* Offer camera de-clouding service	$40-80 per flashed camera *Effort:* Low (Hack for one discontinued camera model) ⚠ No license stated; device warranty and privacy laws
FingerprintDoorbell frickelzeugs/FingerprintDoorbell ★ 383 · Check NONE · Hardware · Fit 2/5	MQTT-enabled fingerprint reader and doorbell on ESP32 with R503 sensor *Replaces:* Ring Doorbell, August Smart Lock, Eufy Video Doorbell	Home Assistant users	Hardware kits/assembly Setup + support retainer Content/membership	• Fingerprint doorbell for Home Assistant homes • Fingerprint entry for sheds and studios • Access doorbells for small offices *Angle:* Sell fingerprint doorbells with door opener install	$50-100 per unit *Effort:* Low (Simple board and firmware) ⚠ No license stated; biometric privacy laws
ESP32 SIP Call chrta/sip_call ★ 312 · AGPL AGPL-3.0 · Library · Fit 2/5	SIP client for ESP32 to initiate phone calls from a doorbell *Replaces:* Doorbird, Ring, 2N intercoms, Fanvil	Small buildings with SIP phone systems	Hardware kits/assembly Setup + support retainer Consulting/implementation	• SIP doorbells for small offices • Intercom retrofit for apartment buildings • Doorbell calls to VoIP phones *Angle:* Retrofit doorbells to ring phones	$60-150 per unit *Effort:* Medium (Library for ESP32, needs hardware and SIP setup) ⚠ AGPL-3.0; publish modifications
Video Doorbell Voice Response ronschaeffer/video_doorbell_voice_response ★ 205 · Check NONE · Hardware · Fit 2/5	Video and audio doorbell for Home Assistant on ESP32-CAM with ESPHome *Replaces:* Ring Doorbell, Eufy Doorbell, Doorbird	Home Assistant users	Hardware kits/assembly Setup + support retainer Content/membership	• ESPHome video doorbell kits • Voice response doorbell for homes • Doorbell cams for rental units *Angle:* Sell ESP32 video doorbells	$40-90 per kit *Effort:* Low (Config on ESP32-CAM, hobby build) ⚠ No license stated

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
ESP32 Doorbell Bus Interface Mat931/esp32-doorbell-bus-interface ★ 76 · Check NOASSERTION · Hardware · Fit 2/5	ESP32 bus interface for ABB-Welcome and Busch-Welcome door intercom systems *Replaces:* ABB Welcome app, Busch-Welcome IP gateway, Doorbird	Owners of ABB or Busch intercoms	Hardware kits/assembly Setup + support retainer Local service business	• Smart home bridge for ABB intercom owners • Gateway retrofit for German apartment buildings • Intercom integrations for electricians *Angle:* Sell smart intercom adapters for apartments	$50-100 per interface *Effort:* Low (Small board for specific bus, niche) ⚠ Custom license read first; ABB and Busch trademarks

Sewing & Fashion Patterns · 5

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
Ink/Stitch inkstitch/inkstitch ★ 1.4k · GPL GPL-3.0 · Tool · Fit 4/5	Inkscape extension for machine embroidery design *Replaces:* Wilcom, Hatch Embroidery, Embrilliance, Pulse	Embroidery hobbyists and small embroidery shops	Training/courses Premium plugins/add-ons Local service business	• Embroidery digitizing for small shops • Design packs for patch makers • Ink/Stitch courses for crafters *Angle:* Run custom embroidery shop for merch and uniforms	$15-50 per digitized design *Effort:* Low (Desktop extension, easy to bundle in training) ⚠ GPL-3.0; Ink/Stitch name; Inkscape dependency
Seamly2D FashionFreedom/Seamly2D ★ 1.0k · GPL GPL-3.0 · App · Fit 4/5	Open source patternmaking software to democratize fashion *Replaces:* Optitex, Clo3D, Valentina, Gerber AccuMark	Independent fashion designers and tailors	Training/courses Setup + support retainer Premium plugins/add-ons	• Pattern drafting for indie designers • Made-to-measure tool for tailors • Fashion school course packages *Angle:* Offer custom pattern drafting service for indie designers	$10-25/mo per studio *Effort:* Low (Desktop app, rebrandable within GPL) ⚠ GPL-3.0; Seamly name
FreeSewing ARCHIVED freesewing/freesewing ★ 489 · Permissive MIT · Platform · Fit 4/5	Open source sewing pattern platform with parametric, made-to-measure designs *Replaces:* Seamly, Optitex, Burda patterns, Simplicity patterns	Sewists and indie pattern businesses	Managed hosting Premium plugins/add-ons Content/membership	• Custom-fit pattern shop for sewists • Pattern drafting for cosplay makers • Made-to-measure patterns for plus-size sewists *Angle:* Sell made-to-measure garments from parametric patterns	$5-15 per pattern, $8/mo club *Effort:* Medium (Monorepo, JS stack, strong brand to avoid) ⚠ MIT; FreeSewing name and brand
pyembroidery EmbroidePy/pyembroidery ★ 320 · Permissive MIT · Library · Fit 3/5	Python library for reading and writing embroidery file formats *Replaces:* Wilcom, Hatch, Embrilliant converters	Embroidery software developers	API/usage-based Consulting/implementation Setup + support retainer	• Embroidery format conversion API • Batch converter for embroidery shops • File prep for print-on-demand embroidery *Angle:* Sell personalized embroidered goods via online configurator	Free tier, $20/mo API plan *Effort:* Low (Library, easy to wrap in service) ⚠ MIT; embroidery machine formats proprietary
Embroidermodder Embroidermodder/Embroidermodder ★ 640 · Permissive Zlib · App · Fit 2/5	Machine embroidery software supporting a variety of file formats *Replaces:* Wilcom, Hatch, Embrilliant, Pulse	Hobby embroiderers	Training/courses Premium plugins/add-ons Local service business	• Embroidery format conversion for hobbyists • Design editing for hobby shops • Format conversion service for craft sellers *Angle:* Offer embroidery digitizing service	$5-15 per conversion *Effort:* Medium (Dated app, formats well covered) ⚠ Zlib permissive; project slowed

Smart Home Devices · 12

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
Home Assistant home-assistant/core ★ 92.0k · Permissive Apache-2.0 · Platform · Fit 4/5	Open-source home automation hub with local control and thousands of integrations *Replaces:* SmartThings, Google Home, Apple Home, Crestron, Control4	Smart-home owners and installers	Setup + support retainer Hardware kits/assembly Local service business	• Smart-home installs for retirees • Energy monitoring for solar homeowners • Rental-property automation for Airbnb hosts *Angle:* Sell installed Home Assistant hubs with support plans	$500-3k per home install *Effort:* Medium (Mature product, rebranding needs hardware images) ⚠ Apache-2.0; Home Assistant name is trademarked, no passing off

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
OpenMQTTGateway 1technophile/OpenMQTTGateway ★ 4.1k · GPL GPL-3.0 · Platform · Fit 4/5	ESP32 MQTT gateway bridging 433 MHz, infrared, BLE and other radio protocols *Replaces:* SmartThings hub, Broadlink RM, Philips Hue bridge	Smart home installers	Hardware kits/assembly Setup + support retainer Consulting/implementation	• Preflashed MQTT gateways for Home Assistant installers • Infrared control for hotel rooms • BLE tracking for small offices *Angle:* Sell RF/BLE gateways for smart homes	$40-100 per gateway *Effort:* Low (Mature firmware, easy to preflash) ⚠ GPL-3.0; OpenMQTTGateway name
OpenBeken openshwprojects/OpenBK7231T_App ★ 2.3k · Check NONE · Platform · Fit 4/5	Open firmware replacing Tasmota and ESPHome on BK7231 and other Tuya chips *Replaces:* Tuya Smart Life, Tasmota devices, Shelly	Smart home hobbyists	Hardware kits/assembly Setup + support retainer Content/membership	• Flashed Tuya plugs for local control • Bulb conversion for privacy fans • Bulk reflashing for smart home installers *Angle:* Reflash and resell cheap smart devices cloud-free	$5-20 per device flashed *Effort:* Low (Easy flashing, many chip variants) ⚠ License not stated, read it; device warranty
ratgdo ratgdo/esphome-ratgdo ★ 557 · GPL GPL-2.0 · Hardware · Fit 4/5	ESPHome firmware for the ratgdo garage door opener controller board *Replaces:* MyQ, Tailwind iQ3, Chamberlain smart garage	Garage door owners with Home Assistant	Hardware kits/assembly Setup + support retainer White-label reseller	• Local-control garage openers for Home Assistant • MyQ replacement kits • Garage monitoring for property managers *Angle:* Install local garage door controllers	$35-70 per board *Effort:* Low (Firmware for known board, active demand) ⚠ GPL-2.0; ratgdo trademark; garage safety standards
Tasmota arendst/Tasmota ★ 25.0k · GPL GPL-3.0 · Tool · Fit 3/5	Alternative firmware for ESP8266 and ESP32 smart devices with web UI *Replaces:* Tuya cloud, Shelly cloud, SmartThings	Smart home makers, installers	Hardware kits/assembly Setup + support retainer Local service business	• Preflashed smart plugs for privacy shoppers • Energy monitoring retrofit for landlords • Smart sauna controller kits *Angle:* Sell preflashed cloud-free smart plugs and switches	$15-40 per flashed device *Effort:* Medium (Firmware flashing, hardware sourcing) ⚠ GPL-3.0; flashing devices voids warranties
Zigbee2MQTT Koenkk/zigbee2mqtt ★ 15.8k · GPL GPL-3.0 · Tool · Fit 3/5	Bridge letting Zigbee devices talk MQTT without vendor hubs *Replaces:* Philips Hue Bridge, SmartThings, Aqara hub	Smart home enthusiasts	Hardware kits/assembly Setup + support retainer Local service business	• Preconfigured Zigbee hub appliance • Smart home installation for builders • Zigbee retrofit for rental apartments *Angle:* Sell Zigbee coordinator sticks and setup service	$149 hub, $200 setup *Effort:* Medium (Node service, hardware dongles) ⚠ GPL-3.0; device compatibility testing
ESPHome esphome/esphome ★ 12.1k · Check NOASSERTION · Tool · Fit 3/5	Config-based firmware system for ESP32 and ESP8266 smart devices *Replaces:* Tuya, Shelly, Sonoff	Makers, smart home installers	Hardware kits/assembly Setup + support retainer Consulting/implementation	• Custom sensor devices for greenhouses • Preflashed air quality nodes • Smart blinds retrofit kits *Angle:* Install local smart home sensors for homeowners	$25-80 per device *Effort:* Medium (Python toolchain, hardware design) ⚠ License flagged NOASSERTION (GPL/MIT split); read first
InkyPi fatihak/InkyPi ★ 4.3k · GPL GPL-3.0 · Hardware · Fit 3/5	E-ink display on Raspberry Pi with web interface and plugin system *Replaces:* TRMNL, Kindle displays, Pimoroni Inky frames	Home users and office managers	Hardware kits/assembly Setup + support retainer Premium plugins/add-ons	• E-ink dashboards for family kitchens • Meeting room signs for small offices • Digital art frames for galleries *Angle:* Sell e-ink smart home dashboards	$90-180 per display kit *Effort:* Low (Python app, simple plugin system) ⚠ GPL-3.0; InkyPi name
ESPurna xoseperez/espurna ★ 3.1k · GPL GPL-3.0 · Hardware · Fit 3/5	Home automation firmware for ESP8266-based smart devices *Replaces:* Tasmota, Shelly firmware, Sonoff eWeLink	Smart home hobbyists	Hardware kits/assembly Setup + support retainer Content/membership	• Flashed smart plugs for privacy fans • Relay modules for installers • Custom smart switches for tiny homes *Angle:* Sell custom firmware smart relays to electricians	$10-30 per flashed device *Effort:* Low (Mature but slowed development) ⚠ GPL-3.0; ESPurna name
Everything Presence One EverythingSmartHome/everything-presence-one ★ 535 · Check NONE · Hardware · Fit 3/5	Official repo for Everything Presence One mmWave presence sensor with ESPHome *Replaces:* Aqara FP2, Philips Hue motion sensor, Ecobee sensors	Home Assistant users	Hardware kits/assembly Setup + support retainer White-label reseller	• Presence sensors for smart home installers • Occupancy sensing for small offices • Bathroom occupancy detection for care homes *Angle:* Sell mmWave presence sensors	$40-80 per sensor *Effort:* Medium (Hardware by the project, brand tied) ⚠ No license stated; Everything Smart Home trademark

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
OpenTherm Library ihormelnyk/opentherm_library ★ 292 · **Permissive** MIT · Library · Fit 3/5	Arduino and ESP library for OpenTherm communication with boilers and HVAC *Replaces:* Nest, Honeywell Evohome, Tado, Netatmo thermostats	Boiler owners and HVAC installers	Hardware kits/assembly Consulting/implementation Setup + support retainer	• OpenTherm thermostat gateways for boilers • Smart heating controllers for landlords • Retrofit modulating thermostats for older boilers *Angle:* Sell smart boiler thermostats	$40-100 per gateway *Effort:* Low (Library, simple board needed) ⚠ MIT; heating safety and boiler warranty
HomePlate lanrat/homeplate ★ 316 · **Permissive** Apache-2.0 · Hardware · Fit 2/5	Trmnl and Home Assistant e-ink dashboard on Inkplate displays *Replaces:* TRMNL, Kindle displays, Skylight Calendar	Home Assistant users	Hardware kits/assembly Setup + support retainer Content/membership	• E-ink family calendar for kitchens • Status boards for small offices • Menu boards for cafes *Angle:* Sell wall-mounted e-paper home panels	$80-160 per display *Effort:* Low (Firmware for Inkplate, hobby grade) ⚠ Apache-2.0; Trmnl trademark

Solar & Energy Systems · 12

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
OpenDTU tbnobody/OpenDTU ★ 2.2k · **GPL** GPL-2.0 · Hardware · Fit 4/5	ESP32 software to communicate with Hoymiles, TSUN and Solenso solar inverters *Replaces:* Hoymiles S-Miles Cloud, SolarEdge monitoring, Enphase Enlighten	Balcony solar owners and installers	Hardware kits/assembly Setup + support retainer Managed hosting	• Preflashed OpenDTU for balcony solar owners • Monitoring dashboards for small installers • Cloud-free solar monitoring *Angle:* Sell preflashed micro-inverter monitoring gateways for balcony solar	$40-80 per gateway *Effort:* Low (Popular, easy to preflash) ⚠ GPL-2.0; OpenDTU name; inverter warranty
AhoyDTU lumapu/ahoy ★ 1.0k · **Check** NOASSERTION · Hardware · Fit 3/5	Tools and documentation for communicating with Hoymiles microinverters *Replaces:* Hoymiles S-Miles Cloud, Enphase Enlighten, SolarEdge	Balcony solar owners	Hardware kits/assembly Setup + support retainer Managed hosting	• Preflashed Ahoy gateways for German balcony solar • Monitoring dashboards for installers • Cloud-free solar logging *Angle:* Sell plug-in balcony solar kits with local monitoring; CC-BY-NC: get permission for commercial sale	$40-80 per gateway *Effort:* Low (ESP gateway project, similar to OpenDTU) ⚠ Custom license read first; Hoymiles trademark
Victron Venus OS victronenergy/venus ★ 784 · **Check** NONE · Platform · Fit 3/5	Victron Venus OS Linux for GX devices *Replaces:* Victron VRM, SolarEdge monitoring, Enphase	Victron installers and boat owners	Setup + support retainer Consulting/implementation Hardware kits/assembly	• Venus OS on Raspberry Pi for off-grid homes • Victron integration for RV builders • Custom GX monitoring for boats *Angle:* Install and monitor off-grid battery systems for cabins and boats	$300-800 per install *Effort:* Medium (Tied to Victron ecosystem and brand) ⚠ Custom license read first; Victron trademark
mpp-solar jblance/mpp-solar ★ 438 · **Permissive** MIT · Library · Fit 3/5	Python package to communicate with MPP Solar PIP-4048MS and similar inverters *Replaces:* MPP Solar WatchPower, Victron VRM, Solis monitoring	Off-grid solar owners	Setup + support retainer Managed hosting Hardware kits/assembly	• Inverter monitoring for off-grid cabins • Dashboards for RV solar owners • Alerts for rural solar installers *Angle:* Offer remote monitoring for hybrid inverter installations	$3-8/mo hosted monitoring *Effort:* Low (Python package, easy to wrap) ⚠ MIT; inverter protocols vary
emonPi openenergymonitor/emonpi ★ 280 · **Check** NONE · Hardware · Fit 3/5	Raspberry Pi based energy monitor hardware, firmware and software *Replaces:* Sense, Emporia Vue, Shelly EM, Iotawatt	Energy-conscious homeowners and installers	Hardware kits/assembly Setup + support retainer Managed hosting	• Home energy monitors for solar installers • Heat pump monitoring for installers • Energy audits for small businesses *Angle:* Install home energy monitors for solar owners with subscription support	$150-300 per monitor *Effort:* Medium (OpenEnergyMonitor sells it already) ⚠ Check license; OpenEnergyMonitor trademark; electrical safety
Libre Solar Charge Firmware LibreSolar/charge-controller-firmware ★ 194 · **Permissive** Apache-2.0 · Hardware · Fit 3/5	Firmware for Libre Solar MPPT and PWM charge controllers *Replaces:* Victron SmartSolar, Morningstar, Renogy controllers	Off-grid solar installers	Hardware kits/assembly Setup + support retainer Consulting/implementation	• Charge controllers for off-grid kits • Solar controllers for remote sensors • Community solar systems in developing regions *Angle:* Sell off-grid solar home systems in rural markets	$40-120 per controller *Effort:* Medium (Needs hardware and certification) ⚠ Apache-2.0; electrical certification

Project	What it does	Customers	Business models	Niche ideas	Pricing · effort · gotchas
Libre Solar MPPT LibreSolar/mppt-2420-hc ★ 137 · Check NOASSERTION · Hardware · Fit 3/5	MPPT charge controller hardware with high-side load switch and CAN bus *Replaces:* Victron SmartSolar, Morningstar, Renogy MPPT	Off-grid solar installers	Hardware kits/assembly White-label reseller Setup + support retainer	• Small solar controllers for sheds and RVs • Lamp controller for solar streetlights • Charge controllers for solar sensors *Angle:* Manufacture MPPT charge controllers for off-grid kits	$40-100 per controller *Effort:* Medium (Hardware production and certification) ⚠ Check license; electrical safety
SkyeTracker ClassicDIY/SkyeTracker ★ 88 · Permissive Apache-2.0 · Hardware · Fit 3/5	Dual axis solar tracker project with controller and plans *Replaces:* Array Technologies trackers, Nextracker, Deger trackers	Small solar sites and DIY builders	Hardware kits/assembly Setup + support retainer Local service business	• Dual axis trackers for small farms • Solar tracker kits for off-grid cabins • Tracking retrofit for ground mounts *Angle:* Install dual-axis solar trackers for farms	$400-1200 per tracker kit *Effort:* Medium (Mechanical build and wind safety) ⚠ Apache-2.0; structural and wind safety
EmonLib openenergymonitor/EmonLib ★ 628 · AGPL AGPL-3.0 · Library · Fit 2/5	Arduino library for electricity monitoring with current clamps *Replaces:* Sense, Emporia Vue, Shelly EM, Iotawatt	Energy hobbyists and installers	Hardware kits/assembly Consulting/implementation Setup + support retainer	• Energy monitors for small business • Circuit-level monitors for landlords • Solar export monitors for off-grid homes *Angle:* Sell energy-monitoring clamp kits to small businesses	$60-150 per monitor *Effort:* Low (Library, requires hardware and calibration) ⚠ AGPL-3.0; publish modifications; electrical safety
emonhub openenergymonitor/emonhub ★ 106 · Check NONE · Tool · Fit 2/5	Python service linking and decoding input from energy monitors to MQTT and Emoncms *Replaces:* Sense, Emporia, Shelly cloud	Energy hobbyists	Managed hosting Setup + support retainer Hardware kits/assembly	• Hosted energy logging for hobbyists • Gateway installs for solar homes • Data bridge for community energy groups *Angle:* Offer energy audits with installed monitoring gateways	$3-8/mo hosted logging *Effort:* Low (Small service, depends on Emoncms) ⚠ No license stated; OpenEnergyMonitor ecosystem
Freifunk Open MPPT elektra42/freifunk-open-mppt ★ 89 · Check NOASSERTION · Hardware · Fit 2/5	Open hardware and software solar maximum power point tracker *Replaces:* Victron SmartSolar, Renogy controllers	Off-grid solar builders and community networks	Hardware kits/assembly Setup + support retainer Consulting/implementation	• Solar MPPT for community WiFi nodes • Off-grid router power kits • Solar controllers for remote sensors *Angle:* Build solar-powered mesh router stations for villages	$50-100 per controller *Effort:* Medium (Niche design, hardware sourcing needed) ⚠ Check license; electrical safety
Arduino MPPT aplavins/Arduino-MPPT ★ 79 · GPL GPL-2.0 · Hardware · Fit 2/5	Arduino-based MPPT solar charge controller *Replaces:* Victron SmartSolar, Renogy, EPEVER controllers	Hobby solar builders	Hardware kits/assembly Content/membership Training/courses	• Charge controller kits for small solar systems • Teaching kits for solar classes • Controllers for solar lamps *Angle:* Sell DIY MPPT controller kits for education	$30-70 per kit *Effort:* Medium (Hobby design, efficiency not benchmarked) ⚠ GPL-2.0; electrical safety

Synthesizers & Audio Gear · 15

White-Label & Reseller Businesses

2,805 ideas in 96 categories: businesses where you sell someone else's product, service or inventory under your own brand, plus open-source software that could run the operation. Supply sources are starting points for research; the regulation column flags where a license is usually needed.

Activities & Tickets · 32

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
City-pass style attraction bundle under own brand	Multi-attraction admission bundles under own brand	e.g. Tiqets, GetYourGuide supplier API, attractions direct	pretix/pretix medusajs/medusa	Bundle margin on discounted admission	10-20% bundle margin	Consumer-protection and refund rules only	City hotels and hostels via front-desk partnerships	Medium	Visitors pay for convenience; attractions discount for guaranteed volume
Theme-park discount ticket reseller	Discounted theme park admission tickets	e.g. authorized ticket wholesalers, park trade programs	medusajs/medusa pretix/pretix	Wholesale-to-retail spread per ticket	5-12% spread	Authorized-reseller agreement with each park	Families via SEO and deal newsletters	Low	Parks protect gate price; authorized resellers get net rates
Hotel concierge activity storefront	Local tours and experiences branded for each hotel	e.g. Viator, GetYourGuide affiliate, local operators	WordPress/wordpress-develop pretix/pretix	Commission shared with hotel per booking	8-12% commission, split with hotel	None beyond operator liability insurance	Independent hotels via GM outreach	Low	Hotels want guest upsell revenue without staffing a concierge
Kids' birthday-party experience booking	Party venue slots and entertainers	e.g. trampoline parks, entertainers, play centres	calcom/cal.com medusajs/medusa	Booking commission per party	15% commission	Child-safety vetting of entertainers	Parents via school Facebook groups and mums' forums	Low	Parents are time-poor; venues have idle weekday-afternoon capacity
Adventure-sports booking marketplace	Skydiving, rafting and bungee slots	e.g. local adventure operators, Bokun-connected suppliers	pretix/pretix alextselegidis/easyappointments	Commission per booking	15-20% commission	Operator liability insurance and waivers	Backpackers via hostel partnerships and Instagram	Low	Fragmented operators lack online booking; you aggregate demand
Museum and gallery ticket resale for tour groups	Group admission tickets with timed entry	e.g. museum group sales desks	pretix/pretix frappe/erpnext	Per-head margin on group rates	8-15% per head	Group-sales agreement with each museum	Inbound tour operators via trade fairs	Low	Museums give group rates; operators avoid admin of timed entry
Experience-gift voucher company	Redeemable experience vouchers	e.g. spas, driving tracks, restaurants, operators	saleor/saleor pretix/pretix	Voucher markup plus unredeemed breakage	20-30% margin plus breakage	Gift-card expiry and unclaimed-property rules	Corporate HR gifting and Christmas shoppers via ads	Medium	Breakage and float make vouchers highly profitable
Corporate team-building activity broker	Escape rooms, workshops and team events	e.g. local activity vendors, facilitators	twentyhq/twenty calcom/cal.com	Margin per event booked	20-30% per event	None	Office managers via LinkedIn outreach	Low	HR wants one invoice and a planner; vendors want corporate volume
Cruise-port shore activity marketplace	Independent port experiences for cruise passengers	e.g. local tour operators in each port	pretix/pretix medusajs/medusa	Commission per booking	20% commission	Operator insurance and port-authority permits	Cruise passengers via SEO on port names	Low	Ship excursions are overpriced; passengers seek cheaper local options

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Broadway and West End theatre package reseller	Show tickets bundled with dinner	e.g. authorized ticket agencies, partner restaurants	pretix/pretix odoo/odoo	Package markup over ticket face value	10-15% package margin	Ticket-resale rules (STAR membership in UK)	Tourists and date-night couples via Google Ads	Low	Bundling hides ticket markup and lifts average order value
Golf tee-time reseller	Discounted tee times at partner courses	e.g. golf courses, tee-time wholesalers	alextselegidis/easyappointments medusajs/medusa	Booking fee per round	5-10% per round	None	Golf travellers via golf forums and clubs	Low	Courses dump off-peak slots cheaply; golfers want variety
Wine-tasting tour booking site	Winery tours and tastings	e.g. wineries, small tour operators	pretix/pretix WordPress/wordpress-develop	Commission per tour booked	15-20% commission	Alcohol-service licences held by operators	Wine tourists via regional SEO content	Low	Wineries are poor at online sales; regional authority site wins
Cooking-class marketplace in tourist cities	Cooking classes and market tours	e.g. local chefs, cooking schools	pretix/pretix calcom/cal.com	Commission per seat	20% commission	Food-hygiene certification by hosts	Tourists via TripAdvisor listings and hotel partnerships	Low	Chefs want full classes; tourists want authentic food experiences
Fishing charter booking site	Charter boat trips	e.g. charter captains, marina operators	pretix/pretix alextselegidis/easyappointments	Commission per charter	10-15% commission	Captains hold coastguard licences	Anglers via fishing forums and regional SEO	Low	Captains lack marketing; a niche vertical site converts well
White-label activities widget for travel agencies	Global activity inventory under agency brand	e.g. Viator, Musement, Hotelbeds activities APIs	pretix/pretix n8n-io/n8n	SaaS fee plus margin share	10-15% margin share	Agency travel licences remain with agency	Small travel agencies via industry associations	Medium	Agencies lack tech; you monetise their customer base at scale
Stadium tour and sports experience reseller	Stadium tours and matchday hospitality	e.g. clubs, official ticket partners	pretix/pretix medusajs/medusa	Commission per ticket	8-12% commission	Official-partner status needed for match tickets	Sports fans via club fan forums	Low	Clubs outsource tours; fans buy on emotion
Ski-pass and lift-ticket reseller for tour groups	Lift passes and ski-school slots	e.g. resort trade desks, ski-school operators	pretix/pretix medusajs/medusa	Spread between trade and retail pass price	8-15% spread	Resort reseller agreement	School and club ski groups via organisers	Low	Groups prebook passes; resorts give trade rates for volume
Hot-air balloon flight booking agency	Balloon flight seats	e.g. licensed balloon operators	pretix/pretix calcom/cal.com	Commission per seat	15-20% commission	Operators hold aviation operating certificates	Couples and gift buyers via Google Ads	Low	Weather-dependent operators need demand smoothing and deposits
Escape-room multi-venue pass for a city	Multi-venue escape-room passes	e.g. independent escape-room owners	pretix/pretix saleor/saleor	Pass margin plus breakage	15-25% margin plus breakage	None	Corporate teams and hen groups via social ads	Low	Enthusiasts play many rooms; owners fill off-peak slots
Guided hiking and trekking day-trip reseller	Guided hikes and trekking day trips	e.g. mountain guides, trekking agencies	pretix/pretix WordPress/wordpress-develop	Commission per hiker	15-20% commission	Guide certification and insurance	Hostels and outdoor clubs via partnerships	Low	Guides lack digital marketing; hikers want vetted operators
Water-park and aquarium family bundle site	Family bundles of water-park and aquarium tickets	e.g. aquariums, water parks trade desks	medusajs/medusa pretix/pretix	Bundle margin per family pack	10-15% bundle margin	Authorized-reseller agreements	Families via school-holiday SEO content	Low	Families buy combos; attractions pay for incremental visits

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Food-tour and street-food crawl booking brand	Food tours and street-food crawls	e.g. local food-tour operators, chefs	pretix/pretix calcom/cal.com	Commission per guest	20% commission	Food-hygiene rules apply to operators	Foodie travellers via Instagram and TikTok	Low	Food tours are high-margin and easy to sell visually
Bachelor and hen-party activity package planner	Party activity bundles with venues	e.g. activity venues, bars, operators	pretix/pretix twentyhq/twenty	Package margin per group	15-25% package margin	None	Party organisers via Google Ads and wedding forums	Low	Organisers pay for convenience; venues give group rates
Scuba-diving course and dive-trip reseller	Dive courses and boat-dive slots	e.g. PADI and SSI dive centres	pretix/pretix medusajs/medusa	Commission per course or dive	10-15% commission	Dive centres hold agency affiliation	Dive travellers via dive forums and SEO	Low	Dive centres rely on walk-ins; prebooking fills boats
Northern-lights and stargazing tour aggregator	Aurora and stargazing tours	e.g. Arctic and desert tour operators	pretix/pretix WordPress/wordpress-develop	Commission per seat	15-20% commission	None	Winter travellers via SEO on aurora forecasts	Low	Seasonal demand spikes; aggregator captures search intent
Hop-on hop-off bus ticket affiliate storefront	Sightseeing bus tickets	e.g. City Sightseeing, Big Bus affiliate programs	WordPress/wordpress-develop pretix/pretix	Affiliate commission per ticket	8-12% commission	None	Tourists via city-guide content sites	Low	Content SEO around city guides converts to bus tickets
Zoo and safari-park membership reseller for employers	Discounted annual passes as employee perks	e.g. zoos, safari parks membership desks	medusajs/medusa pretix/pretix	Margin per membership sold	8-12% margin	None	HR benefits managers via LinkedIn outreach	Low	Employers want cheap perks; zoos want recurring members
Festival and concert camping add-on reseller	Festival camping and glamping upgrades	e.g. glamping operators, festival organisers	pretix/pretix medusajs/medusa	Markup per camping package	15-25% markup	Campsite licences held by operators	Festival-goers via festival partnerships	Low	Organisers outsource camping; attendees pay for comfort
Photography-tour and workshop booking site	Photo walks and workshops	e.g. professional photographers, tour guides	pretix/pretix calcom/cal.com	Commission per participant	20% commission	None	Hobby photographers via camera-club newsletters	Low	Photographers want bookings; hobbyists pay premium for expertise

Office ergonomic accessories	Laptop stands and footrests	e.g. OEM suppliers	medusajs/medusa akeneo/pim-community-dev	Product margin	30-45% gross margin	None	Remote workers via Amazon and LinkedIn ads	Medium	Work-from-home demand is durable and B2B-expandable
Brand-acquisition roll-up of small FBA brands	Acquired private-label brands	e.g. FBA brand marketplaces (Empire Flippers, Flippa)	odoo/odoo metabase/metabase	Portfolio profit and exit multiple	15-25% net margin	Standard M&A and product compliance	Brand sellers via broker networks	High	Shared operations lift margins of acquired brands
TikTok Shop private-label beauty tools	Beauty gadgets under own brand	e.g. OEM suppliers in Guangdong	medusajs/medusa n8n-io/n8n	Margin plus affiliate commissions	35-50% gross margin	Cosmetic-device safety rules	TikTok shoppers via creator affiliates	Medium	Creator-driven demand outpaces Amazon search competition
Marketplace listing management agency	Listing optimisation service	e.g. VAs, designers, copywriters	twentyhq/twenty kimai/kimai	Monthly retainer per client	40-60% gross margin	None	Small FBA sellers via seller forums	Low	Sellers lack time; offshore talent keeps costs low
Sourcing-agent service for new sellers	Factory sourcing and QC	e.g. inspection firms (QIMA, SGS), factories	twentyhq/twenty odoo/odoo	Percentage of order value	5-10% of order value	None	New sellers via Amazon seller courses	Low	Beginners fear scams; trusted sourcing is valuable
Amazon wholesale-to-EU expansion service	Pan-EU fulfilment setup	e.g. EU 3PLs, VAT agents	odoo/odoo n8n-io/n8n	Setup fee plus percentage of sales	10-15% of sales	EU VAT registration and EPR compliance	US sellers via seller communities	Low	EU expansion is complex; done-for-you removes friction
Private-label resistance bands and jump ropes	Home-fitness accessories under own brand	e.g. latex and rubber OEM factories	medusajs/medusa inventree/InvenTree	Product margin	35-45% gross margin	None	Home exercisers via Amazon and fitness influencers	Low	Light, cheap to ship, strong repeat gifting demand
Amazon Handmade-compliant jewelry via artisan workshops	Artisan jewelry under own brand	e.g. artisan workshops in Bali and Jaipur	saleor/saleor akeneo/pim-community-dev	Product margin	50-60% gross margin	Amazon Handmade artisan approval	Gift shoppers via Pinterest and Amazon	Low	Handmade category has less PPC competition
Private-label kitchen storage containers brand	Food storage containers under own brand	e.g. OEM plastics and glass factories	medusajs/medusa inventree/InvenTree	Product margin	25-35% gross margin	Food-contact material compliance (FDA, LFGB)	Meal-preppers via Amazon and TikTok	Medium	Evergreen demand with bundle and set upsells

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Online arbitrage sourcing service for Amazon sellers	Discounted retail inventory leads	e.g. retail clearance sites, deal scanners	n8n-io/n8n metabase/metabase	Subscription for sourcing lists	60-80% gross margin	Brand IP and resale policies	Arbitrage sellers via Discord communities	Low	Sellers pay monthly for curated profitable leads
Amazon Renewed refurbished electronics reseller	Certified refurbished electronics	e.g. refurbishers, liquidators (B-Stock)	odoo/odoo inventree/InvenTree	Margin per unit	15-25% margin	Amazon Renewed qualification and warranty rules	Value shoppers on Amazon Renewed	Medium	Refurbished demand grows; qualification is a moat
Private-label car-care accessories brand	Microfibre towels and detailing kits	e.g. microfibre and chemical OEMs	medusajs/medusa inventree/InvenTree	Product margin	35-45% gross margin	Chemical labelling (GHS) for liquids	Car enthusiasts via YouTube detailers	Medium	Enthusiast community drives repeat consumable purchases
Bathroom organizer private label on Walmart and Amazon	Bathroom storage products under own brand	e.g. OEM suppliers	medusajs/medusa akeneo/pim-community-dev	Product margin	30-40% gross margin	None	Apartment renters via marketplace ads	Medium	Small-space living drives organiser demand
eBay store for liquidation-pallet reselling	Liquidated retail goods	e.g. liquidation marketplaces (B-Stock, Liquidation.com)	odoo/odoo inventree/InvenTree	Margin per item resold	30-50% gross margin	None	Bargain hunters on eBay	Low	Pallets bought at 10-30% of retail
Private-label stationery and planners brand	Planners and notebooks under own brand	e.g. printing factories in China and India	medusajs/medusa saleor/saleor	Product margin	45-60% gross margin	None	Students and planners via Instagram	Low	Design differentiation beats commodity competition
Amazon Japan and Mexico cross-border expansion service	Marketplace launch services	e.g. local importers of record, translators	odoo/odoo n8n-io/n8n	Setup fee plus percentage of sales	10-15% of sales	Import licences and local tax registration	Established US sellers via seller summits	Low	New markets with less competition for proven products
Private-label LED and smart-home gadgets	LED strips and smart plugs under own brand	e.g. Shenzhen smart-home OEMs	medusajs/medusa inventree/InvenTree	Product margin	30-40% gross margin	FCC, CE, UL certifications	Smart-home shoppers via Amazon PPC	Medium	High attach rate for accessories and bundles
Marketplace PPC management agency for FBA brands	Amazon advertising management	e.g. PPC freelancers, ad tools	metabase/metabase kimai/kimai	Percentage of ad spend or retainer	10-15% of ad spend	None	FBA brands via Amazon seller podcasts	Low	Ad complexity rises; sellers outsource to specialists
Private-label kids' craft kits	Craft kits under own brand	e.g. toy and craft OEM factories	medusajs/medusa inventree/InvenTree	Product margin	35-45% gross margin	CPSIA and ASTM toy testing	Parents via Amazon and homeschool blogs	Medium	Gift seasonality plus repeat purchases of new kits
Mercado Libre private-label launch service for US brands	LatAm marketplace launch services	e.g. Mexican importers, local 3PLs	odoo/odoo n8n-io/n8n	Setup fee plus percentage of sales	10-15% of sales	Mexican import and labelling rules (NOM)	US brands via e-commerce agencies	Low	LatAm marketplaces grow fast with thin competition
Amazon product photography and A+ content studio	Listing photography and A+ content	e.g. freelance photographers, 3D renderers	penpot/penpot kimai/kimai	Per-listing project fee	50-60% gross margin	None	FBA sellers via seller Facebook groups	Low	Every listing needs assets; recurring with each SKU launch
Private-label travel accessories brand	Packing cubes and travel pillows	e.g. OEM textile factories	medusajs/medusa inventree/InvenTree	Product margin	35-45% gross margin	None	Travellers via Amazon and travel blogs	Low	Post-pandemic travel rebound with gift-friendly bundles

App Development Agencies · 31

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Branded mobile ordering apps for restaurants	Template ordering apps	e.g. app template vendors	appwrite/appwrite medusajs/medusa	Setup plus monthly fee	50-60% gross margin	none	Independent restaurants via POS resellers	Low	Cuts 20-30% delivery-platform commissions for owners
Church and community apps	Template community apps	e.g. app template studios	supabase/supabase discourse/discourse	Monthly subscription	60-70% gross margin	none	Churches via denominational networks	Low	Churches want giving and events in one branded app
MVP-development for non-technical founders	Offshore dev team sprints	e.g. dev studios	makeplane/plane supabase/supabase	Fixed-price markup	30-40% markup	none	Founders via accelerators and startup communities	Low	Founders pay for project management, not just code
Internal-tools development for SMEs	Low-code internal apps	e.g. low-code builders	ToolJet/ToolJet appsmithorg/appsmith	Project plus retainer	50% gross margin	none	Ops managers via LinkedIn outreach	Low	Low-code makes custom tools affordable for small firms
Shopify app white-label studio	E-commerce plugins	e.g. plugin developers	medusajs/medusa n8n-io/n8n	Per-app license	60-70% gross margin	none	Shopify agencies via partner directories	Low	Agencies sell apps under their brand without hiring developers
AI-feature integration for SaaS companies	LLM feature builds	e.g. AI dev freelancers	langgenius/dify FlowiseAI/Flowise	Project fee	40-50% gross margin	Data-privacy terms for customer data	SaaS founders via product communities	Low	Small SaaS teams lack LLM expertise but face roadmap pressure
QA and test-automation outsourcing	QA engineers	e.g. offshore QA firms	makeplane/plane louislam/uptime-kuma	Hourly markup	30-40% markup	none	Startups with releases but no QA team	Low	Variable QA demand suits outsourced capacity
Event apps for conferences	Template event apps	e.g. event app platforms	pretalx/pretalx indico/indico	Per-event license	50-60% gross margin	none	Conference organizers via event-industry forums	Low	Templates deliver in days, cheaper than bespoke event apps
Gym and studio branded member apps	Template fitness apps	e.g. app templates	wger-project/wger appwrite/appwrite	Monthly per-studio	60% gross margin	none	Boutique studios via fitness software partners	Low	Studios want own-brand apps rather than aggregator listings
White-label marketplace app builds	Two-sided marketplace templates	e.g. dev studios	medusajs/medusa supabase/supabase	Project fee	40-50% gross margin	Payments licensing via PSP partner	Niche-community founders via startup forums	Medium	Reusable marketplace core cuts build time by months
Legacy app modernization subcontracting	Code migration teams	e.g. nearshore teams	makeplane/plane coollabsio/coolify	Hourly markup	25-35% markup	none	Consultancies needing overflow capacity	Low	Large consultancies need overflow engineers for migration spikes
Booking-app builds for local services	Booking app templates	e.g. scheduler engines	calcom/cal.com appwrite/appwrite	Setup plus monthly	55-65% gross margin	none	Local service owners via chambers of commerce	Low	Own-brand booking app beats generic marketplaces for retention

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
IoT dashboard development for manufacturers	IoT dashboards	e.g. IoT platforms	thingsboard/thingsboard grafana/grafana	Project fee	45-55% gross margin	none	Mid-size manufacturers via industrial integrators	Medium	Manufacturers want visibility without in-house software teams
DevOps-as-a-service for agencies	CI/CD and hosting setup	e.g. DevOps freelancers	coollabsio/coolify dokku/dokku	Monthly retainer	40-50% gross margin	none	Web agencies without infrastructure staff	Low	Agencies resell managed hosting without hiring DevOps
White-label React Native app factory for agencies	Cross-platform app builds	e.g. nearshore RN studios	appwrite/appwrite makeplane/plane	Per-project markup	35-45% markup	none	Design agencies lacking mobile engineers	Low	Design agencies win mobile work without building a dev bench
Accessibility remediation for app vendors	WCAG fixes and audits	e.g. accessibility consultants	penpot/penpot makeplane/plane	Per-audit plus fix retainer	40-50% gross margin	ADA and EU accessibility act deadlines	SaaS firms facing procurement accessibility checks	Low	Procurement checklists now demand accessibility conformance reports
Healthcare patient-portal app builds	Template patient apps	e.g. HIPAA-ready dev studios	medplum/medplum openemr/openemr	Project plus monthly support	45-55% gross margin	HIPAA business-associate agreements	Small clinics via practice-management vendors	Medium	FHIR-based portals shorten builds versus custom code
Field-service mobile apps for contractors	Offline work-order apps	e.g. app template studios	appwrite/appwrite frappe/erpnext	Setup plus per-user monthly	55-65% gross margin	none	HVAC and plumbing firms via trade associations	Low	Contractors need offline job apps without enterprise pricing
Loyalty app builds for coffee shop chains	Template loyalty apps	e.g. loyalty app vendors	supabase/supabase medusajs/medusa	Setup plus monthly	55-65% gross margin	none	Regional cafe chains via POS vendors	Low	Own-brand loyalty keeps customer data off aggregator apps
Voice-assistant skills for local businesses	Alexa and voice skill builds	e.g. freelance voice developers	botpress/botpress n8n-io/n8n	Project fee	50% gross margin	none	Hotels and clinics via marketing agencies	Low	Few agencies offer voice, so competition is thin
Chrome extension development for SaaS brands	Browser extension builds	e.g. freelance front-end developers	appwrite/appwrite makeplane/plane	Fixed project fee	40-50% gross margin	Chrome store policy compliance	SaaS startups via product-led-growth communities	Low	Extensions boost activation but need rare store-review know-how
Subscription-box app builds for DTC brands	Subscription management apps	e.g. subscription billing engines	killbill/killbill medusajs/medusa	Project fee plus monthly	45-55% gross margin	none	DTC brands via Shopify agencies	Low	Branded apps reduce churn versus emailed portal links
Offline-first apps for NGOs in low-connectivity regions	Offline data-collection apps	e.g. nonprofit tech studios	appwrite/appwrite supabase/supabase	Grant-funded project fee	30-40% gross margin	Donor data-protection rules	NGOs via grant consortia	Low	Funders want offline data capture and pay for delivery
Digital-signage CMS apps for retail chains	Signage content apps	e.g. signage hardware distributors	directus/directus appwrite/appwrite	Setup plus per-screen monthly	55-65% gross margin	none	Retail chains via signage hardware installers	Medium	Per-screen recurring fees compound as store counts grow

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Franchise-brand mobile app programs	Template franchise apps	e.g. app template studios	appwrite/appwrite medusajs/medusa	Rollout fee plus per-location monthly	50-60% gross margin	Franchise disclosure review	Franchisors via franchise consultants	Medium	One brand app rolled out across locations multiplies recurring fees
Wearable companion app development	Smartwatch and BLE app builds	e.g. embedded app freelancers	thingsboard/thingsboard supabase/supabase	Project fee	40-50% gross margin	Medical-device rules if health claims	Hardware startups via crowdfunding communities	Medium	Hardware startups need app expertise their firmware teams lack
Government-services portal builds for municipalities	Citizen service portals	e.g. civic-tech studios	directus/directus keycloak/keycloak	Fixed contract	30-40% gross margin	Public procurement and accessibility rules	Small municipalities via regional associations	Medium	Small towns cannot afford big vendors but need online services
API integration studio for ERP connectors	ERP and SaaS connector builds	e.g. integration freelancers	n8n-io/n8n activepieces/activepieces	Per-connector fee plus retainer	50-60% gross margin	none	SMEs on legacy ERPs via accounting firms	Low	Reusable connectors turn custom work into repeatable revenue
Marketplace app-maintenance retainers	Bug fixes and OS updates	e.g. offshore maintenance teams	makeplane/plane louislam/uptime-kuma	Monthly retainer	35-45% gross margin	none	Founders with orphaned apps via developer forums	Low	OS updates break apps yearly, creating dependable recurring work
Prototype-to-production design handoff service	UX design and clickable prototypes	e.g. freelance UX designers	penpot/penpot makeplane/plane	Per-project fee	50-60% gross margin	none	Early-stage founders via incubator programs	Low	Clickable prototypes reduce costly rework before development
No-code to custom migration service	Rebuilds from Bubble and Airtable	e.g. full-stack freelancers	supabase/supabase nocodb/nocodb	Project fee	40-50% gross margin	none	No-code founders hitting scaling limits	Low	No-code startups outgrow platforms and need guided migration

Apparel & Print-on-Demand · 30

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Print-on-demand merch for podcasters	POD t-shirts and hoodies	e.g. Printful, Printify, Gelato	medusajs/medusa woocommerce/woocommerce	Retail minus base cost (30-40%)	30-40% of retail	Sales tax collection	Podcasters via show communities and sponsors	Low	No inventory risk and listeners already buy merch
Private-label athleisure brand	Cut-and-sew activewear	e.g. activewear factories	medusajs/medusa odoo/odoo	Product margin 60%	55-65% gross margin	Textile labelling and import duty	Fitness shoppers via Instagram and creators	High	Factories offer low MOQs for private labels now
Company uniform program for restaurants	Branded uniforms	e.g. uniform wholesalers, embroiderers	odoo/odoo invoiceninja/invoiceninja	Per-garment markup	30-40% markup	none	Restaurant groups via direct outreach	Low	Restaurants reorder uniforms constantly with staff turnover
School spirit-wear online stores	POD school apparel	e.g. POD providers	woocommerce/woocommerce frappe/erpnext	Revenue share with schools	15-25% after school share	Sales tax collection	PTAs and school boosters directly	Low	Schools fundraise with zero inventory or upfront cost
Blank-apparel embellishment reseller	Screen-printed blanks	e.g. apparel blank distributors, printers	odoo/odoo makeplane/plane	Per-piece markup	30-45% markup	none	Event organizers and small businesses locally	Low	Blank distributors ship overnight, so no stock is held

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Fan-club merch for local bands	POD band merch	e.g. POD providers	medusajs/medusa pretix/pretix	Revenue share with band	20-30% after band share	Sales tax collection	Local bands via venues and social media	Low	Bands lack time to run stores and fulfilment
Medical scrubs private label	Branded scrubs	e.g. scrub manufacturers	medusajs/medusa odoo/odoo	Product margin 50%	45-55% gross margin	Textile labelling and flammability rules	Nurses via TikTok and hospital pop-ups	Medium	Nurses buy scrubs often and favour comfortable niche brands
Pet-portrait POD products	Custom printed pet art	e.g. POD providers, illustrators	medusajs/medusa penpot/penpot	Per-order margin	40-50% per order	none	Pet owners via Facebook ads and Etsy	Low	Emotional purchases tolerate premium prices and gift timing
Corporate swag-store-as-a-service	Branded swag stores	e.g. promo suppliers, POD	saleor/saleor keycloak/keycloak	Per-order margin plus platform fee	25-35% per order	none	HR and marketing teams via direct sales	Low	Employee-choice swag stores replace warehouse-held bulk orders
Faith-based apparel line	Message t-shirts	e.g. POD providers	woocommerce/woocommerce mautic/mautic	Product margin	30-40% of retail	none	Churchgoers via Facebook and ministry partners	Low	Tight audience, high repeat purchase and easy gift occasions
Modest-fashion private label	Modest dresses and hijabs	e.g. garment factories	medusajs/medusa karrioapi/karrio	Product margin 55%	50-60% gross margin	Textile labelling and import duty	Modest-fashion shoppers via Instagram creators	Medium	Underserved niche with loyal buyers and few premium brands
Workwear and safety vest reseller	Hi-vis workwear	e.g. workwear distributors	odoo/odoo frappe/erpnext	B2B margin	25-35% gross margin	Safety-standard certification (ANSI/EN)	Contractors and construction firms directly	Low	Contractors reorder consumables on predictable cycles
Custom sports-team jerseys	Sublimated uniforms	e.g. sublimation factories	medusajs/medusa odoo/odoo	Per-jersey margin	35-45% per jersey	none	Youth leagues and clubs via coaches	Low	Online design tools cut quote cycles for team managers
Baby-clothing organic private label	Organic onesies	e.g. GOTS-certified factories	medusajs/medusa saleor/saleor	Product margin	55-65% gross margin	Children's product safety (CPSIA)	New parents via baby-shower registries	Medium	Gift-driven category with premium pricing for certified organic
Socks subscription club	Patterned socks	e.g. sock manufacturers	medusajs/medusa killbill/killbill	Monthly subscription	55-65% gross margin	none	Gift buyers via Instagram ads	Low	Low shipping weight and strong subscriber retention
Hat and cap embroidery brand	Embroidered caps	e.g. cap blank suppliers	woocommerce/woocommerce odoo/odoo	Product margin	40-50% gross margin	none	Outdoor enthusiasts via niche communities	Low	Small embroidery runs let brands test designs cheaply
Embroidered patches for clubs and brands	Custom patch manufacturing	e.g. patch factories	medusajs/medusa penpot/penpot	Per-order markup	40-50% markup	none	Clubs, scouts and brands via Etsy	Low	Factory minimums are low and reorders are frequent
Teacher gift apparel brand	Classroom-themed tees	e.g. POD providers	woocommerce/woocommerce mautic/mautic	Retail minus base cost	30-40% of retail	none	Teachers via Pinterest and teacher communities	Low	Seasonal back-to-school and end-of-year gifting spikes

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Event staff t-shirt rush printing	Rush-printed event tees	e.g. local screen printers	odoo/odoo invoiceninja/invoiceninja	Per-job markup	30-40% markup	none	Event planners and festival organizers	Low	Rush turnaround commands premium pricing at event deadlines
Gym-brand private label for personal trainers	Branded fitness wear	e.g. activewear factories	medusajs/medusa killbill/killbill	Product margin plus drops	50-60% gross margin	Textile labelling rules	Personal trainers via client lists	Medium	Trainers have audiences that trust their product choices
Hotel and spa robe and slipper branding	Branded hospitality textiles	e.g. textile wholesalers	odoo/odoo invoiceninja/invoiceninja	Per-unit markup	30-40% markup	Textile labelling rules	Boutique hotels via procurement contacts	Medium	Hotels reorder branded textiles every season
Dye-sublimation leggings brand	Custom-pattern leggings	e.g. sublimation factories	medusajs/medusa penpot/penpot	Product margin	50-60% gross margin	Textile labelling rules	Women's fashion shoppers via Instagram	Medium	All-over prints let artists collaborate without bulk inventory
Embroidered workwear for tradespeople	Branded work shirts	e.g. workwear distributors, embroiderers	odoo/odoo krayin/laravel-crm	Per-garment markup	30-40% markup	none	Plumbers and electricians via local trade supply shops	Low	Branded crews look professional and reorder as staff change
Hoodie drops for university societies	Custom society hoodies	e.g. POD providers, screen printers	woocommerce/woocommerce medusajs/medusa	Per-order margin	30-40% of retail	none	Student unions and societies on campus	Low	Presale collection removes inventory risk for the printer
Kids' clothing personalised POD	Name-printed children's clothes	e.g. POD providers	medusajs/medusa saleor/saleor	Retail minus base cost	35-45% of retail	Children's product safety (CPSIA)	Parents via Facebook and gift boutiques	Low	Personalisation lifts price and cuts price comparison
Yoga-studio branded apparel	Studio-branded clothing	e.g. activewear factories, POD	medusajs/medusa mautic/mautic	Revenue share with studios	25-35% after studio share	none	Yoga studios via owner networks	Low	Studios earn extra revenue without handling stock
Embroidered aprons for cafes and bakeries	Custom aprons	e.g. apron manufacturers	odoo/odoo invoiceninja/invoiceninja	Per-unit markup	35-45% markup	none	Cafes and bakeries via local outreach	Low	Aprons wear out and are reordered regularly
Sustainable recycled-fabric tee brand	Recycled-fabric basics	e.g. certified recycled textile mills	saleor/saleor mautic/mautic	Product margin	55-65% gross margin	Green-claims and textile labelling rules	Eco-conscious shoppers via B-corp communities	Medium	Verified recycled content supports premium price points
Cosplay and convention apparel POD	Fandom-inspired original apparel	e.g. POD providers, artists	medusajs/medusa penpot/penpot	Retail minus base cost	30-40% of retail	Copyright and licensing clearance	Convention attendees via artist alleys	Low	Original designs avoid licensing issues and attract niche fans
Branded merch drops for Twitch streamers	Printed tees, hoodies, mousepads	e.g. Printful, Printify, Gelato	medusajs/medusa n8n-io/n8n	Per-item markup plus drop fees	30-45% gross margin	none	Mid-size streamers via Discord and creator agencies	Low	Zero inventory; limited drops match stream hype cycles

Background Checks & Screening · 30

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Tenant-screening reseller for landlords	Credit and eviction reports	e.g. consumer reporting agencies	krayin/laravel-crm docusealco/docuseal	Markup per report (FCRA compliance)	40-60% markup	FCRA and permissible-purpose rules	Small landlords via local landlord associations	Low	Small landlords lack direct bureau access and pay for convenience
Employment background check for SMEs	Criminal and employment verifications	e.g. CRA wholesale APIs	opencats/OpenCATS n8n-io/n8n	Per-check markup (FCRA)	40-60% markup	FCRA and state ban-the-box rules	Small employers via staffing and HR consultants	Low	SMEs want one-stop hiring checks without enterprise contracts
Drug-testing program for trucking fleets	DOT drug and alcohol tests	e.g. labs, collection sites, TPAs	frappe/hrms calcom/cal.com	Per-test margin (DOT C/TPA rules)	25-35% per test	DOT 49 CFR Part 40 compliance	Small fleets via trucking associations	Low	Small fleets must run random pools but lack admin capacity
Volunteer screening for churches and sports	Volunteer background checks	e.g. CRAs	krayin/laravel-crm docusealco/docuseal	Per-check fee (FCRA)	40-50% markup	FCRA disclosure and consent	Churches and youth leagues via associations	Low	Child-safety insurance requirements make checks mandatory
KYC/AML verification for fintechs	Identity verification	e.g. IDV vendors	opensanctions/yente keycloak/keycloak	Per-check markup	30-50% markup	AML and data-protection regulations	Early-stage fintechs via startup communities	Medium	Early fintechs want pay-as-you-go instead of enterprise IDV minimums
Sanctions screening for exporters	Sanctions-list checks	e.g. open sanctions data	opensanctions/yente opensanctions/opensanctions	Monthly subscription	60-70% gross margin	Export-control and sanctions compliance	Small exporters via freight forwarders	Low	Exporters need screening but cannot justify enterprise tools
Fingerprinting service franchise	Live-scan fingerprinting	e.g. channelers, state DOJ programs	calcom/cal.com alextselegidis/easyappointments	Per-print fee (state approval)	50-60% per print	State approval as live-scan site	Licensing applicants via professional boards	Medium	Applicants need local fingerprint sites with easy booking
Healthcare credential verification	License and exclusion checks	e.g. primary-source data vendors	openemr/openemr n8n-io/n8n	Per-provider fee	40-50% markup	HIPAA and payer credentialing standards	Clinics and staffing agencies	Low	Staffing agencies must verify licenses and exclusions at each hire
Gig-platform driver screening	MVR and criminal checks	e.g. CRAs	fleetbase/fleetbase n8n-io/n8n	Per-driver fee (FCRA)	35-50% markup	FCRA and state MVR access rules	Delivery startups and fleet operators	Low	Fast onboarding throughput matters more than lowest price
I-9 and E-Verify outsourcing	Employment eligibility verification	e.g. E-Verify agents	frappe/hrms docusealco/docuseal	Per-employee fee	50-60% gross margin	I-9 and E-Verify employer rules	Small employers via payroll providers	Low	Employers fear I-9 fines and prefer outsourced compliance
Nanny and caregiver vetting service	Household staff checks	e.g. CRAs, reference checkers	calcom/cal.com docusealco/docuseal	Per-candidate fee (FCRA)	40-50% markup	FCRA and domestic-employer rules	Parents via parenting groups and nanny agencies	Low	Parents pay for peace of mind and curated reference calls

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Vendor and supplier due-diligence reports	Third-party risk reports	e.g. corporate registries	opensanctions/yente nextcloud/server	Per-report fee	50-60% gross margin	Data-protection and anti-bribery rules	Procurement teams at mid-market firms	Low	Procurement teams need reports but not full-scale risk platforms
Pre-employment skills testing reseller	Aptitude and skills tests	e.g. assessment publishers	LimeSurvey/LimeSurvey moodle/moodle	Per-test fee	40-60% markup	Employment-testing validity guidance (EEOC)	SMEs hiring at volume via HR consultants	Low	Hiring managers want tests packaged by role, not catalogs
Education and degree verification	Degree checks	e.g. clearinghouse services	n8n-io/n8n opencats/OpenCATS	Per-verification fee	40-50% markup	FERPA consent and FCRA rules	Recruiters and staffing agencies	Low	Resume fraud is common and manual verification is slow
Continuous criminal monitoring for fleets	Ongoing monitoring	e.g. CRAs	frappe/hrms n8n-io/n8n	Per-employee monthly (FCRA)	40-50% markup	FCRA and DOT fleet requirements	Fleet insurers and transport companies	Low	Insurers reward fleets that monitor driver records continuously
Landlord reference-check automation	Rental reference verification	e.g. CRAs, reference services	n8n-io/n8n docusealco/docuseal	Per-check fee	50% markup	FCRA and fair-housing rules	Property managers via agent associations	Low	Property managers lose time chasing prior-landlord references
Campus and school contractor screening	Contractor and vendor background checks	e.g. CRAs	krayin/laravel-crm docusealco/docuseal	Per-check fee plus platform fee	40-50% markup	State school-contractor screening laws	School districts via procurement bids	Low	Districts must screen all contractors and face audits
Social-media and adverse-media screening	Public-web risk reports	e.g. media-monitoring vendors	n8n-io/n8n opensanctions/yente	Per-report fee	50-60% gross margin	FCRA if used for employment	Executive recruiters and private equity firms	Medium	Boards and investors want reputational checks beyond records
Professional-license monitoring for contractors	License status alerts	e.g. state license databases	n8n-io/n8n frappe/hrms	Per-license monthly fee	60-70% gross margin	Data-use terms of state registries	Contractor platforms and insurers	Low	Expired licences create liability for platforms and insurers
Rental-car driver eligibility checks	License and MVR verification	e.g. MVR data providers	fleetbase/fleetbase n8n-io/n8n	Per-check fee	40-50% markup	DPPA permissible-purpose rules	Peer-to-peer rental hosts and small fleets	Low	Fast checks cut rental fraud and insurance claims
Crowdfunding and charity identity vetting	Organizer identity and sanctions checks	e.g. IDV vendors	opensanctions/yente keycloak/keycloak	Per-check markup	40-50% markup	AML and charity-solicitation rules	Fundraising platforms via partnerships	Medium	Platforms must vet organizers to curb fraud and chargebacks
Franchise-candidate financial and criminal vetting	Franchisee applicant screening	e.g. CRAs, credit bureaus	krayin/laravel-crm docusealco/docuseal	Per-candidate fee	50% markup	FCRA and franchise-law disclosure rules	Franchisors via franchise consultants	Low	Franchisors need consistent vetting across emerging-brand rollouts
International criminal and global-database checks	Cross-border record searches	e.g. global screening networks	opensanctions/opensanctions n8n-io/n8n	Per-country fee	35-45% markup	GDPR and local consent rules	Multinationals and relocation firms	Medium	Hiring across borders needs one vendor for varied country rules

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Pharmacy and healthcare worker exclusion monitoring	Monthly exclusion list screening	e.g. OIG and SAM data vendors	openemr/openemr n8n-io/n8n	Per-employee monthly fee	60-70% gross margin	Federal exclusion-list screening duties	Home-health agencies and pharmacies	Low	Providers risk Medicare penalties if excluded staff are employed
Gig-economy contractor onboarding screening bundle	Identity, criminal and right-to-work checks	e.g. Checkr, Sterling, First Advantage	n8n-io/n8n formbricks/formbricks	Per-check markup plus platform fee	30-50% per-check margin	FCRA and consent rules	Staffing apps and freelance marketplaces via partnerships	Low	One integrated flow replaces three separate vendor contracts
School-bus driver pre-hire screening program	Driver record and criminal checks	e.g. state DMV record vendors, Checkr	n8n-io/n8n documenso/documenso	Per-driver fee plus annual monitoring	35-45% gross margin	DOT and state school-transport rules	Private school districts and bus contractors by direct sales	Low	Niche compliance expertise justifies premium over generic vendors
Gym and fitness trainer credential screening	Certification and criminal checks	e.g. NASM verification, Sterling	n8n-io/n8n formbricks/formbricks	Per-check fee	30-40% gross margin	FCRA consent required	Gym chains and franchise owners via trade shows	Low	Insurance carriers increasingly require documented trainer vetting
Short-term-rental guest identity verification	ID and watchlist checks for guests	e.g. Onfido, Veriff, Stripe Identity	n8n-io/n8n calcom/cal.com	Per-guest fee or monthly host plan	40-60% gross margin	Privacy law and data retention	Airbnb hosts and property managers through host communities	Low	Fewer damages and party bookings; hosts pay for peace of mind
Cannabis dispensary employee badge screening	State-required badge background checks	e.g. state-approved screening vendors	n8n-io/n8n documenso/documenso	Per-applicant fee	35-50% gross margin	State cannabis employee licensing	Dispensary operators via industry associations	Low	Compliance paperwork is painful; specialists save operators days
Adoption and foster-family screening support	Home-study background packages	e.g. agency-approved screening vendors	n8n-io/n8n formbricks/formbricks	Per-family package fee	25-35% gross margin	Child-welfare agency rules	Licensed adoption agencies by referral	Low	Standardised packages cut agency admin time

Banking-as-a-Service & Cards · 30

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Branded debit card for a creator community	Program-managed debit cards	e.g. BaaS sponsor banks, program managers	blnkfinance/blnk keycloak/keycloak	Interchange share (sponsor bank)	20-40% of interchange	Sponsor-bank program approval; KYC	Creator networks and membership communities	High	Creators monetise audiences through branded financial products
Business banking for freelancers niche	Embedded accounts	e.g. BaaS platforms	tigerbeetle/tigerbeetle blnkfinance/blnk	Interchange plus subscription (bank partner)	Subscription plus interchange share	Sponsor-bank partnership; KYC/AML	Freelancers via niche communities and invoicing tools	High	Niche-specific features beat generic neobank accounts for freelancers
Corporate expense cards for SMEs	Virtual and physical cards	e.g. card issuing platforms	blnkfinance/blnk frappe/erpnext	Interchange share	Interchange share 0.5-1.5%	Issuer program approval; KYC/KYB	SMEs via accountants and bookkeepers	High	Accountants recommend cards that sync spend to ledgers
Prepaid payroll cards for unbanked workers	Payroll cards	e.g. prepaid program managers	frappe/hrms blnkfinance/blnk	Load and interchange fees (regulated)	Per-card fees plus interchange	Prepaid-card and wage-payment regulations	Staffing agencies and seasonal employers	Medium	Employers cut check costs while unbanked workers get pay access

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Credit-union core banking hosting	Hosted core banking	e.g. cloud servers	apache/fineract openMF/web-app	Per-member monthly	40-50% gross margin	Credit-union regulator supervision	Small credit unions and cooperatives	High	Small institutions need affordable cores with local support
Open-banking data aggregation reseller	Account data APIs	e.g. aggregators	OpenBankProject/OBP-API n8n-io/n8n	Per-connection fee	30-50% markup	Open-banking provider licensing via partner	Fintech startups and lenders	Medium	Startups buy aggregation access without negotiating bank connections
Fleet fuel card reseller	Fuel cards	e.g. fuel card issuers	fleetbase/fleetbase krayin/laravel-crm	Per-gallon rebate share	2-5 cents per gallon	none	Small fleets via trucking associations	Low	Card issuers pay resellers recurring rebates on fuel volume
Teen debit card with parental controls	Teen cards	e.g. BaaS partners	supabase/supabase blnkfinance/blnk	Subscription plus interchange	Subscription plus interchange share	Minor-account KYC and sponsor bank	Parents via school and parenting communities	High	Parents will pay subscriptions for spending controls and education
Village savings group digital ledger	Group savings ledger	e.g. NGOs, MFIs	apache/fineract openMF/web-app	Per-group fee	Grant or fee-funded margin	Microfinance and data rules	NGOs and microfinance institutions	Medium	Paper ledgers cause errors that digital records fix
Remittance agent network	Money transfer services	e.g. licensed MTOs	odoo/odoo opensanctions/yente	Commission per transfer (agent registration)	1-2% commission per transfer	Agent registration with licensed MTO	Immigrant communities via corner shops	Low	Cash-in agents earn commissions from licensed operators
Healthcare HSA/FSA card administration reseller	Benefit cards	e.g. benefits administrators	frappe/hrms blnkfinance/blnk	PEPM fee	PEPM fee share	Benefits administrator regulations	Brokers and small employers	Low	Brokers add benefits administration under their own brand
Co-branded credit card affinity program	Affinity credit cards	e.g. issuing banks	twentyhq/twenty mautic/mautic	Bounty plus spend share	Bounty per account plus spend share	Issuer approval; lending disclosures	Alumni groups and associations	Low	Associations monetise memberships without taking credit risk
ACH payment platform for property managers	Rent ACH collection	e.g. ODFI banks	moov-io/ach invoiceninja/invoiceninja	Per-transaction fee	Per-transaction spread	NACHA rules and ODFI sponsorship	Property managers via property software partners	Medium	ACH fees beat card fees for large rent payments
Ledger-as-a-service for fintech startups	Double-entry ledger	e.g. cloud infra	tigerbeetle/tigerbeetle blnkfinance/blnk	Usage-based fee	50-60% gross margin	none	Early-stage fintech engineering teams	Medium	Startups skip building ledgers and avoid reconciliation bugs
Gift and incentive card issuing for marketers	Prepaid incentive cards	e.g. card issuers	blnkfinance/blnk killbill/killbill	Load fee plus breakage (regulated)	Load fee plus breakage	Prepaid and unclaimed-property rules	Marketing agencies and HR teams	Medium	Incentive programs need branded cards and bulk issuance
Students' expense card for universities	Campus spend cards	e.g. card issuers	blnkfinance/blnk keycloak/keycloak	Interchange share plus university fee	Interchange plus fixed fees	Sponsor bank and student-data rules	University finance offices	High	Universities disburse refunds faster with branded cards

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Virtual cards for travel agencies	Single-use virtual cards	e.g. virtual-card issuers	blnkfinance/blnk n8n-io/n8n	Interchange rebate share	0.5-1.5% of spend	Issuer program rules	Travel agencies paying suppliers	Medium	Agencies earn rebates on supplier payments and reduce fraud
Marketplace payout and split-payment service	Seller payouts and splits	e.g. payment facilitators	juspay/hyperswitch blnkfinance/blnk	Per-payout fee	0.25-0.5% of volume	Money-transmission via licensed partner	Marketplace and platform founders	Medium	Marketplaces avoid money-transmitter licensing by using a facilitator
Rewards and cashback layer for neighbourhood merchants	Merchant-funded cashback	e.g. card-linked offer networks	twentyhq/twenty mautic/mautic	Merchant fee on redeemed offers	10-20% of offer value	Card-network offer rules	Local merchants via business improvement districts	Medium	Merchants pay only for rewards that drive purchases
Charity donation card	Donation-linked debit cards	e.g. BaaS sponsor banks	blnkfinance/blnk mautic/mautic	Interchange share with charity	Interchange share after charity cut	Sponsor bank and charity-solicitation rules	Charities and donor communities	High	Donors give passively through everyday spending
Credit-builder installment program	Credit-builder loans	e.g. lending partners	killbill/killbill apache/fineract	Interest and fee share	Fee share per account	Lending licence via partner bank	Credit counsellors and community banks	High	Thin-file consumers value reporting to credit bureaus
Cross-border business account for importers	Multi-currency accounts	e.g. payment institutions	tigerbeetle/tigerbeetle juspay/hyperswitch	FX spread plus fees	0.3-0.8% FX spread	Payment-institution partner licensing	Importers via freight forwarders	High	Small importers overpay on bank FX and want local accounts
Church and nonprofit giving platform	Online giving and cards	e.g. payment processors	juspay/hyperswitch invoiceninja/invoiceninja	Processing markup	0.3-0.6% of volume	PCI compliance via processor	Churches and nonprofits via denominational networks	Medium	Nonprofits want recurring giving tools with lower fees
Landlord security-deposit alternative	Deposit-replacement insurance or bonds	e.g. surety partners, insurers	frappe/erpnext invoiceninja/invoiceninja	Per-lease fee	Per-lease fee share	Insurance and surety agent licensing	Property managers and renters	Medium	Renters avoid large deposits while landlords get cover
Digital wallet for gig workers	Instant-payout wallets	e.g. BaaS partners	supabase/supabase blnkfinance/blnk	Per-payout fee plus interchange	Per-payout fee plus interchange	Sponsor bank and e-money rules	Gig platforms and staffing apps	High	Same-day pay wins gig workers and platform loyalty
Treasury sweep accounts for small businesses	Cash-management accounts	e.g. partner bank networks	apache/fineract frappe/erpnext	Spread on balances	10-30 bps of balances	Partner-bank and securities rules	Small business owners via accountants	High	Idle balances earn more through sweep networks
Salary-advance and earned-wage access	Earned wages before payday	e.g. EWA providers	frappe/hrms blnkfinance/blnk	Per-advance fee or employer fee	Fee per advance	State wage-advance rules	Employers in hourly workforces	Medium	Employers use EWA as a low-cost retention benefit
Cooperative savings app for farmers	Group savings and credit	e.g. cooperatives, MFIs	apache/fineract openMF/web-app	Subscription per cooperative	Per-cooperative annual fee	Cooperative and microfinance regulation	Farmer cooperatives via agricultural NGOs	Medium	Cooperatives lack bookkeeping systems for lending to members
Subscription management card for cancelling trials	Virtual cards for trial control	e.g. virtual-card issuers	blnkfinance/blnk supabase/supabase	Interchange share plus premium plan	Subscription plus interchange	Sponsor bank and KYC rules	Consumers via personal-finance content	High	Burner cards prevent surprise subscription charges

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Expense cards for construction subcontractors	Virtual and physical spend cards	e.g. Marqeta, Stripe Issuing, Lithic	juspay/hyperswitch apache/fineract	Interchange share plus platform fee	0.8-1.5% of spend	Sponsor bank and KYC	Mid-size general contractors via accounting software partners	High	Job-level spend controls tied to project budgets

Booking & Scheduling Software · 30

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
White-label booking app for salons	Hosted scheduling	e.g. self-hosted scheduler	calcom/cal.com alextselegidis/easyappointments	Per-staff monthly fee	70-80% gross margin	none	Salon owners via beauty suppliers	Low	Salons pay monthly to cut no-shows and phone tag
Clinic appointment scheduling with reminders	Patient scheduling	e.g. SMS gateways	alextselegidis/easyappointments jookies/jasmin	Per-provider fee	60-70% gross margin	HIPAA safeguards for patient data	Small clinics via medical-practice consultants	Low	SMS reminders cut no-shows and pay for themselves
Resource and room booking for coworking spaces	Desk and room booking	e.g. self-hosted booking	LibreBooking/app calcom/cal.com	Per-space subscription	70-80% gross margin	none	Coworking operators via community forums	Low	Operators need booking tied to access and invoicing
Tour-operator booking engine reseller	Tour reservations	e.g. ticketing software	pretix/pretix medusajs/medusa	Monthly plus per-booking fee	60-70% gross margin	Payment card compliance via processor	Small tour operators via destination boards	Low	Operators dodge OTA commissions with their own booking engine
Sports-court booking for clubs	Court reservations	e.g. self-hosted booking	LibreBooking/app invoiceninja/invoiceninja	Per-court monthly fee	70% gross margin	none	Tennis and padel clubs via federations	Low	Padel boom creates clubs needing booking and payment tools
Group-poll scheduling for associations	Meeting polls	e.g. self-hosted polling	lukevella/rallly calcom/cal.com	Monthly subscription	75-85% gross margin	GDPR for participant data	Associations and volunteer groups	Low	Self-hosted polls address privacy needs for member groups
Driving-school lesson booking	Instructor scheduling	e.g. self-hosted scheduler	alextselegidis/easyappointments traccar/traccar	Per-instructor fee	70% gross margin	none	Driving schools via trade associations	Low	Instructors juggle student schedules and last-minute cancellations
Equipment rental booking for camera shops	Rental calendars	e.g. ERP rental modules	odoo/odoo LibreBooking/app	Monthly subscription	65-75% gross margin	none	Camera and AV rental shops	Low	Shops avoid double-booking gear and track returns

Mental-health practice scheduling portal	Therapy appointments	e.g. HIPAA-ready hosting	alextselegidis/easyappointments medplum/medplum	Per-clinician monthly	65-75% gross margin	HIPAA and telehealth rules	Therapists via professional associations	Medium	Therapists want secure scheduling with intake and reminders
Car-wash and detailing booking app	Service appointments	e.g. self-hosted scheduler	alextselegidis/easyappointments traccar/traccar	Per-location monthly	70% gross margin	none	Mobile detailers via supplier networks	Low	Detailers cut phone calls and take deposits online
Wedding venue tour scheduler	Venue tours and inquiries	e.g. scheduler plus CRM	calcom/cal.com twentyhq/twenty	Per-venue monthly	75% gross margin	none	Wedding venues via planner networks	Low	Fast tour booking converts inquiries before competitors answer
Co-working child-care and playroom scheduling	Session booking with check-in	e.g. self-hosted scheduler	LibreBooking/app alextselegidis/easyappointments	Per-site monthly	65-75% gross margin	Childcare licensing and ratio rules	Coworking spaces with kids areas	Low	Capacity limits and ratios need strict slot control
Volunteer-shift scheduling for nonprofits	Shift signup and reminders	e.g. self-hosted scheduler	calcom/cal.com formbricks/formbricks	Per-organisation monthly	70-80% gross margin	none	Food banks and charity events	Low	Coordinators spend hours juggling volunteer shifts by spreadsheet

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Telehealth waiting-room scheduling for pharmacies	Consultation booking	e.g. video-visit platforms	calcom/cal.com jitsi/jitsi-meet	Per-pharmacy monthly	65-75% gross margin	Telehealth and pharmacy-service rules	Independent pharmacies via buying groups	Medium	Pharmacies add booked clinical services to defend against chains
Appointment booking for tattoo and piercing studios	Branded booking with deposits	e.g. self-hosted scheduling engines	calcom/cal.com alextselegidis/easyappointments	Monthly fee per studio	70-80% gross margin	none	Tattoo studios through Instagram and trade expos	Low	Deposit collection cuts no-shows for high-value sessions
Vehicle-inspection station booking system	Slot booking for MOT-style tests	e.g. self-hosted scheduling	alextselegidis/easyappointments chatwoot/chatwoot	Monthly fee per station	70-80% gross margin	none	Independent inspection garages by direct outreach	Low	Replaces phone booking in small garages
Dog-training class booking and package credits	Class passes and booking widget	e.g. open scheduling frameworks	calcom/cal.com medusajs/medusa	Monthly fee plus payment cut	65-75% gross margin	none	Dog trainers via local pet expos	Low	Package credits and waitlists fit trainers' cohort model
Barber-shop walk-in queue and booking app	White-label queue and booking	e.g. self-hosted appointment engines	alextselegidis/easyappointments calcom/cal.com	Per-shop monthly subscription	70% gross margin	none	Barbershop chains via supplier distributors	Low	Hybrid walk-in and booking suits barbers better than generic tools
Wine-tasting and winery tour reservation engine	Tasting-slot booking with prepayment	e.g. self-hosted booking tools	calcom/cal.com medusajs/medusa	Monthly fee plus per-booking fee	60-70% gross margin	Alcohol sales rules for tastings	Wineries through regional wine associations	Low	Prepaid tastings stabilise revenue in shoulder seasons
Ski and snowboard lesson scheduling for instructors	Instructor and lesson calendar	e.g. open scheduling components	calcom/cal.com alextselegidis/easyappointments	Monthly fee plus commission	65-75% gross margin	none	Ski schools via resort partnerships	Low	Instructor availability changes daily with snow conditions
Recording-studio session booking with engineer calendars	Branded studio booking and deposits	e.g. self-hosted scheduling engines	calcom/cal.com alextselegidis/easyappointments	Monthly fee per studio	70-75% gross margin	none	Music studios via producer forums	Low	Engineer and room conflicts handled in one calendar

Bookkeeping & Tax Prep · 30

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
White-label bookkeeping for CPA firms	Offshore bookkeeping hours	e.g. outsourced accounting firms	akaunting/akaunting bigcapitalhq/bigcapital	Markup 40-80% on hourly cost	40-60% gross margin	Client confidentiality and data-transfer rules	Small CPA firms via state CPA societies	Low	CPAs relieve staffing shortages during busy season
Tax-prep franchise office	Licensed tax software and training	e.g. tax franchisors, professional tax software	odoo/odoo calcom/cal.com	Per-return fee (PTIN required)	50-60% per return	PTIN, EFIN and state preparer rules	Local households and small businesses	Medium	Seasonal demand with proven franchise software and training
Service-bureau tax prep for immigrants	Tax returns via bureau software	e.g. service bureaus	paperless-ngx/paperless-ngx chatwoot/chatwoot	Per-return fee plus bank-product fee	$150-400 per return	PTIN, EFIN and preparer due diligence	Immigrant communities via community organisations	Low	Language access and trust drive repeat clients
Bookkeeping for Amazon sellers	E-commerce accounting	e.g. offshore bookkeepers	bigcapitalhq/bigcapital frappe/books	Monthly fixed fee	40-50% gross margin	none	Amazon FBA sellers via seller communities	Low	Marketplace fees and inventory make seller books complex

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Catch-up bookkeeping service	Historical cleanup	e.g. freelance bookkeepers	akaunting/akaunting paperless-ngx/paperless-ngx	Per-month-of-backlog fee	40-50% gross margin	none	Small businesses facing tax deadlines	Low	Urgent backlog projects convert into ongoing retainers
Fractional CFO for startups	CFO hours	e.g. freelance CFOs	metabase/metabase twentyhq/twenty	Retainer markup	30-40% markup	none	Seed-stage founders via accelerators	Low	Startups need finance leadership before they can afford hires
Sales-tax filing service for e-commerce	Multi-state filings	e.g. sales-tax compliance vendors	n8n-io/n8n paperless-ngx/paperless-ngx	Per-filing fee	40-50% markup	State sales-tax registration rules	Online sellers after nexus notices	Low	Post-Wayfair nexus rules created filing obligations for small sellers
Receipt-capture and expense service	OCR receipts	e.g. OCR tools	paperless-ngx/paperless-ngx frappe/erpnext	Per-user monthly	60-70% gross margin	none	Field teams and consultants via accountants	Low	Accountants get clean receipts without chasing clients
Crypto tax reporting service	Crypto gain reports	e.g. crypto tax engines	firefly-iii/firefly-iii metabase/metabase	Per-report fee	40-60% markup	Tax-preparer rules if filing returns	Crypto traders via forums and exchanges	Low	Messy multi-exchange histories justify paid reconciliation
Payroll tax and 1099 filing service	1099 e-filing	e.g. e-file providers	invoiceninja/invoiceninja frappe/hrms	Per-form fee	50-60% gross margin	IRS e-file requirements	Small businesses at year-end	Low	Year-end deadlines drive urgent, repeatable volume
Expat US tax return service	1040 and FBAR prep	e.g. enrolled agents	paperless-ngx/paperless-ngx calcom/cal.com	Per-return fee (EA/CPA required)	$300-800 per return	EA or CPA credential for representation	Expats via online communities	Low	Specialised niche with few experienced preparers
Nonprofit accounting and 990 filing	Fund accounting	e.g. nonprofit bookkeepers	akaunting/akaunting ledgersmb/LedgerSMB	Monthly fee	40-50% gross margin	Form 990 and state charity filings	Small nonprofits via association networks	Low	Fund accounting expertise is scarce and valued by boards
Restaurant bookkeeping with POS sync	Restaurant accounting	e.g. bookkeepers	frappe/erpnext opensourcepos/opensourcepos	Monthly fee per location	40-50% gross margin	Sales and payroll tax rules	Independent restaurants via POS resellers	Low	Daily sales and tips data makes restaurant books time-consuming
VAT registration for EU sellers	VAT compliance filings	e.g. VAT agents	Dolibarr/dolibarr paperless-ngx/paperless-ngx	Per-country monthly fee	40-50% markup	VAT agent and fiscal representation rules	Cross-border e-commerce sellers	Low	EU VAT OSS and local registrations confuse non-EU sellers
Property-management trust accounting	Rental bookkeeping	e.g. bookkeepers	akaunting/akaunting frappe/erpnext	Per-unit monthly	40-50% gross margin	Trust-account and licensing rules	Property managers via local associations	Low	Trust accounting errors can lose licenses, so managers outsource
Company formation and registered agent service	Incorporation filings	e.g. registered agent wholesalers	jhpyle/docassemble docusealco/docuseal	Formation fee plus annual agent fee	50-60% gross margin	State registered-agent requirements	Startup founders via SEO and attorney referrals	Low	Annual agent renewals create recurring revenue per company

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Bookkeeping for contractors and construction firms	Job-costing bookkeeping	e.g. construction bookkeepers	frappe/erpnext akaunting/akaunting	Monthly retainer	40-50% gross margin	Prevailing-wage reporting where relevant	Contractors via trade associations	Low	Job costing and retainage need specialised bookkeepers
Medical practice bookkeeping and payer reconciliation	Healthcare accounting	e.g. healthcare bookkeepers	bigcapitalhq/bigcapital paperless-ngx/paperless-ngx	Monthly fee	40-50% gross margin	HIPAA for patient-linked data	Independent clinics via practice consultants	Low	Payer reconciliation is time-consuming for small practices
Rideshare and gig-driver tax filing	Self-employed return prep	e.g. enrolled agents, tax software	paperless-ngx/paperless-ngx firefly-iii/firefly-iii	Per-return fee	50-60% per return	PTIN and preparer rules	Gig drivers via Facebook groups and driver forums	Low	Mileage and deduction tracking lowers drivers' tax bills
Quarterly estimated-tax service for freelancers	Estimated-tax calculations	e.g. enrolled agents	firefly-iii/firefly-iii n8n-io/n8n	Per-quarter subscription	50-60% gross margin	Preparer rules if filing	Freelancers via co-working and platforms	Low	Freelancers dread quarterly deadlines and penalties
Cannabis-compliant bookkeeping	Compliant accounting	e.g. cannabis accountants	frappe/erpnext bigcapitalhq/bigcapital	Monthly fee	45-55% gross margin	280E tax treatment and state licensing	Licensed dispensaries via industry groups	Medium	Section 280E needs specialists, so few firms serve cannabis
Real-estate investor bookkeeping and depreciation	Rental portfolio accounting	e.g. investor-focused CPAs	akaunting/akaunting paperless-ngx/paperless-ngx	Monthly per-property fee	40-50% gross margin	none	Landlords via REIA clubs	Low	Cost segregation and depreciation drive investors' tax savings
Franchise-group consolidated bookkeeping	Multi-location books	e.g. outsourced accounting firms	frappe/erpnext metabase/metabase	Per-location monthly	40-50% gross margin	none	Multi-unit franchise owners via franchisors	Low	Consolidated reporting across units is hard for in-house staff
Tax-resolution and IRS notice response service	Notice responses and payment plans	e.g. enrolled agents, tax attorneys	paperless-ngx/paperless-ngx chatwoot/chatwoot	Flat fee per case	$500-3,000 per case	EA, CPA or attorney credential	Taxpayers via SEO and local ads	Low	Taxpayers pay for help when notices arrive
Year-end accounting package for small e-commerce brands	Closing books and tax packs	e.g. offshore bookkeepers	bigcapitalhq/bigcapital n8n-io/n8n	Fixed annual package fee	40-50% gross margin	none	Shopify merchants via agencies	Low	Merchants want predictable tax-season costs and deliverables
Charity gift-aid and donor-receipt processing	Donation tax receipts	e.g. nonprofit accountants	akaunting/akaunting mautic/mautic	Per-receipt or monthly fee	50-60% gross margin	Charity tax-receipting rules	Small charities via umbrella bodies	Low	Compliance-heavy receipts overwhelm volunteer treasurers
Self-employed bookkeeping for tradespeople via WhatsApp	Chat-based bookkeeping	e.g. offshore bookkeepers	firefly-iii/firefly-iii n8n-io/n8n	Monthly fee	40-50% gross margin	none	Plumbers and electricians via local ads	Low	Tradespeople will send photos but not learn software
Accounts-payable outsourcing for SMEs	Invoice processing and payments	e.g. AP outsourcing firms	invoiceninja/invoiceninja paperless-ngx/paperless-ngx	Per-invoice fee	40-50% gross margin	Payment-fraud controls	SMEs without finance staff via accountants	Low	Per-invoice pricing scales with business size

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Accounts-receivable and collections follow-up service	Dunning and reminders	e.g. outsourced credit controllers	invoiceninja/invoiceninja n8n-io/n8n	Monthly fee or percent recovered	10-20% of recovered	FDCPA-style limits for third-party debts	B2B service firms via accountants	Low	Chasing late invoices is something owners avoid
Grant-accounting and reporting for research orgs	Grant compliance reporting	e.g. nonprofit accountants	ledgersmb/LedgerSMB metabase/metabase	Monthly fee per grant	40-50% gross margin	Funder audit and cost-allocation rules	Research nonprofits and universities	Low	Grant-funded organisations need audit-ready cost tracking

Business Email & Collaboration · 30

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Branded business email hosting for SMEs	Mailboxes on own servers	e.g. VPS providers	mailcow/mailcow-dockerized stalwartlabs/stalwart	Per-mailbox monthly	60-70% gross margin	Data-protection rules; anti-spam compliance	Small businesses via web agencies	Low	Agencies bundle email under their brand and keep customers
Private cloud file-sharing for law firms	Hosted file sync	e.g. EU-hosted servers	nextcloud/server keycloak/keycloak	Per-user monthly	55-65% gross margin	Legal-privilege and data-residency rules	Small law firms via legal IT consultants	Low	Firms want data sovereignty rather than US-hosted sync
Video-meeting platform for schools	Hosted video meetings	e.g. cloud servers	jitsi/jitsi-meet bigbluebutton/bigbluebutton	Per-school license	50-60% gross margin	Child-privacy rules (COPPA, GDPR-K)	Private schools via education IT resellers	Medium	Schools need privacy-respecting, integrated virtual classrooms
Team chat hosting for regulated companies	Self-hosted chat	e.g. private cloud	mattermost/mattermost RocketChat/Rocket.Chat	Per-user monthly	50-60% gross margin	Data-retention and sector rules	Healthcare and finance firms via MSPs	Low	Regulated teams must retain and control internal messages
Password manager for SMEs	Hosted password vaults	e.g. self-hosted vault servers	dani-garcia/vaultwarden keycloak/keycloak	Per-user monthly	60-70% gross margin	Data-protection rules	SMEs via MSPs and cyber-insurance brokers	Low	Insurers increasingly require password managers for policies
Email archiving and compliance retention	Archiving service	e.g. storage providers	paperless-ngx/paperless-ngx minio/minio	Per-mailbox fee	50-60% gross margin	Retention rules (SEC, FINRA, GDPR)	Financial advisers and regulated SMEs	Low	Regulated firms must keep emails for set periods
Single sign-on service for SaaS-heavy SMEs	Hosted SSO	e.g. self-hosted IdP	keycloak/keycloak goauthentik/authentik	Per-user monthly	55-65% gross margin	none	SMEs via MSPs and IT consultants	Low	SSO tiers on commercial SaaS cost more than hosted open source
Email migration service for IT firms	Mailbox migrations	e.g. migration tools	mailcow/mailcow-dockerized n8n-io/n8n	Per-mailbox fee	40-50% gross margin	Data-protection during transfer	MSPs lacking migration capacity	Low	One-off migrations free MSP staff for higher-value work
Intranet-in-a-box for nonprofits	Hosted intranet	e.g. open-source collab tools	nextcloud/server BookStackApp/BookStack	Annual license	55-65% gross margin	none	Nonprofit networks via capacity builders	Low	Nonprofits get an intranet cheaper than commercial suites

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Email for domains bundled with hosting	Mail plus domain bundles	e.g. registrars	modoboa/modoboa FOSSBilling/FOSSBilling	Bundle markup	50-60% gross margin	Anti-spam and registrar rules	Small web-hosting customers	Low	Bundled email lifts average revenue per hosting account
Secure webinar hosting for healthcare	Private webinar platform	e.g. cloud servers	bigbluebutton/bigbluebutton keycloak/keycloak	Per-event or monthly	50-60% gross margin	HIPAA and CME compliance	Medical associations and pharma agencies	Medium	Healthcare webinars need privacy-controlled access and records
All-in-one workspace for agencies	Docs, tasks, chat	e.g. self-hosted suites	hcengineering/platform makeplane/plane	Per-user monthly	60% gross margin	none	Creative agencies via freelancer communities	Low	One workspace replaces three subscriptions per user
Mail server for privacy-focused individuals	Personal private email	e.g. VPS	mail-in-a-box/mailinabox stalwartlabs/stalwart	Annual subscription	60-70% gross margin	Anti-spam and data-protection rules	Privacy-focused users via forums	Low	Privacy buyers pay a premium for non-ad-funded email
Customer support inbox for SMBs	Shared inbox	e.g. helpdesk software	freescout-helpdesk/freescout chatwoot/chatwoot	Per-agent monthly	60-70% gross margin	none	Small e-commerce and service firms	Low	Shared inboxes replace chaotic personal email handling
Document management for accountants	DMS with OCR	e.g. self-hosted DMS	paperless-ngx/paperless-ngx nextcloud/server	Per-office monthly	55-65% gross margin	Client-data confidentiality	Accounting firms via practice-management consultants	Low	OCR-indexed archives answer client queries in seconds
Managed wiki and knowledge base for SMEs	Hosted wiki	e.g. self-hosted wiki platforms	outline/outline BookStackApp/BookStack	Per-user monthly	60-70% gross margin	none	Remote-first SMEs via MSPs	Low	Teams want documentation with simple permissions and search
Secure client portal for accountants	Branded client file portal	e.g. self-hosted portals	nextcloud/server documenso/documenso	Per-firm monthly	60% gross margin	Data-protection and tax-data rules	Accounting firms via associations	Low	Portals replace unsafe email attachments for tax documents
Encrypted messaging for executives	Private chat and calls	e.g. self-hosted chat	mattermost/mattermost jitsi/jitsi-meet	Per-user monthly	50-60% gross margin	Data-protection and export rules	Executives and legal teams via IT consultants	Medium	Executives avoid consumer messaging for sensitive deals
VPN and zero-trust access for remote teams	Managed mesh VPN	e.g. self-hosted VPN servers	netbirdio/netbird juanfont/headscale	Per-user monthly	55-65% gross margin	none	SMEs via MSPs	Low	Zero-trust access lets MSPs replace aging VPN appliances
Branded video-streaming portal for training firms	Hosted video platform	e.g. cloud storage and CDN	Chocobozzz/PeerTube minio/minio	Per-channel monthly	55-65% gross margin	Content copyright terms	Training firms avoiding large-platform ads	Low	Private video hosting without ads or related-video distractions
Collaborative office suite hosting for schools	Hosted document editing	e.g. self-hosted office suites	nextcloud/server keycloak/keycloak	Per-student annual fee	50-60% gross margin	Student-data privacy laws	School districts via education IT resellers	Medium	Districts want alternatives to bundled big-tech suites

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Spam and phishing filter for MSP clients	Mail filtering	e.g. open-source mail gateways	mailcow/mailcow-dockerized crowdsecurity/crowdsec	Per-mailbox monthly	60-70% gross margin	none	MSPs via channel programs	Low	MSPs add layered email security under their own brand
Customer-feedback surveys hosted for associations	Hosted survey platform	e.g. self-hosted survey tools	formbricks/formbricks LimeSurvey/LimeSurvey	Per-organisation monthly	60-70% gross margin	GDPR for respondent data	Associations and membership bodies	Low	Hosted surveys keep member data in-region
Shared calendar and scheduling suite for community groups	Hosted groupware	e.g. self-hosted groupware	nextcloud/server lukevella/rallly	Per-group monthly	60% gross margin	none	Community groups and cooperatives	Low	Groups want privacy and low prices over feature depth
Hosted Matrix chat for clubs and communities	Branded Matrix chat workspace	e.g. managed Matrix hosting providers	chatwoot/chatwoot nextcloud/server	Per-seat monthly fee	50-65% gross margin	none	Hobby clubs and open-source projects via forums	Low	Privacy-friendly Slack alternative without vendor lock-in
Shared-mailbox service for property managers	Shared team inboxes by property	e.g. mail hosting and helpdesk providers	chatwoot/chatwoot zammad/zammad	Per-mailbox monthly	55-70% gross margin	none	Small property managers via local associations	Low	Tenants get fast answers; teams stop forwarding emails
Email signature and branding manager	Centralised company email signatures	e.g. hosted mail providers, Microsoft 365	n8n-io/n8n nextcloud/server	Per-user monthly fee	60-75% gross margin	none	Marketing teams in mid-size firms via LinkedIn	Low	Brand consistency across hundreds of staff mailboxes
Hosted Jitsi branded video rooms for coaches	Branded video-meeting rooms	e.g. cloud VPS providers	nextcloud/server calcom/cal.com	Monthly per-host plan	60-75% gross margin	none	Coaches and consultants via Facebook groups	Low	Cheaper than Zoom with their own branded domain
Managed shared drive for architecture firms	Large-file sync with version control	e.g. object-storage and hosting vendors	nextcloud/server minio/minio	Per-user monthly plus storage	45-60% gross margin	none	Architecture and engineering firms via IT referrals	Medium	Handles huge CAD files that generic drives choke on
Email-to-ticket service for facility managers	Branded helpdesk from a shared inbox	e.g. email and helpdesk hosts	zammad/zammad chatwoot/chatwoot	Per-agent monthly	55-70% gross margin	none	Facility management firms through trade associations	Low	Turns a chaotic shared inbox into trackable work orders

CRM & Business SaaS Resale · 30

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
White-label CRM for real-estate teams	Hosted CRM instances	e.g. self-hosted CRM on VPS	twentyhq/twenty krayin/laravel-crm	Per-user monthly fee	60-70% gross margin	Data-protection rules	Real-estate teams via brokerages	Low	Agents want CRM tuned to listings and open houses
CRM for insurance agencies (branded)	Configured CRM with pipelines	e.g. open-source CRM hosting	espocrm/espocrm salesagility/SuiteCRM	Per-seat subscription	60-70% gross margin	Insurance data-privacy rules	Independent agencies via carriers' agent networks	Low	Renewal pipelines are the core of agency CRM use
Hosted ERP for small manufacturers	Managed ERP instances	e.g. cloud VPS	frappe/erpnext odoo/odoo	Per-user monthly plus setup	50-60% gross margin	none	Small manufacturers via industrial associations	Medium	Managed ERP avoids IT overhead and heavy licensing

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
All-in-one agency platform reseller	White-label marketing suite	e.g. agency SaaS platforms with rebranding	mautic/mautic twentyhq/twenty	Monthly subscription markup	50-70% markup	none	Local marketing agencies via Facebook groups	Low	Agencies bundle tools and rebrand for retainer stickiness

Invoicing SaaS for freelancers in local language	Branded invoicing app	e.g. open-source invoicing	invoiceninja/invoiceninja akaunting/akaunting	Monthly subscription	65-75% gross margin	Local e-invoicing and tax rules	Freelancers in non-English markets	Low	Local-language and local-tax support beat global tools
Field-service management for HVAC	Scheduling and dispatch SaaS	e.g. self-hosted ERP modules	frappe/erpnext fleetbase/fleetbase	Per-technician fee	55-65% gross margin	none	HVAC firms via supplier partnerships	Medium	Dispatch and maintenance contracts are core to HVAC firms
HR and leave management for SMEs	Hosted HRMS	e.g. open-source HR platforms	frappe/hrms horilla-opensource/horilla	Per-employee fee	60-70% gross margin	Local labour-law configuration	SMEs via payroll providers	Low	Local leave and labour-law rules are pre-configured
Microsoft 365 and Google Workspace reseller	Productivity suite licenses	e.g. CSP distributors, Google reseller program	itflow-org/itflow invoiceninja/invoiceninja	Margin 10-20% plus support	10-20% plus support fees	Vendor partner program requirements	SMEs via IT support contracts	Low	Support and billing consolidation justify reseller margin
Document e-signature SaaS for law firms	Branded e-sign	e.g. self-hosted e-sign	docusealco/docuseal documenso/documenso	Per-user monthly	65-75% gross margin	E-signature law (ESIGN, eIDAS)	Small law firms via bar associations	Low	Branded signing keeps client trust and lowers per-envelope fees
No-code internal tools platform for agencies	Hosted app builder	e.g. self-hosted low-code	Budibase/budibase ToolJet/ToolJet	Per-builder fee	60-70% gross margin	none	Digital agencies building client tools	Low	Agencies resell hosted tooling under their brand
Inventory management SaaS for parts distributors	Hosted inventory system	e.g. open-source inventory	inventree/InvenTree odoo/odoo	Monthly subscription	55-65% gross margin	none	Parts distributors via trade groups	Low	Part-level tracking suits distributors better than generic tools
Asset tracking SaaS for schools	Hosted asset management	e.g. open-source asset tools	snipe/snipe-it glpi-project/glpi	Per-asset tier pricing	60-70% gross margin	Student-data privacy rules	School districts via IT resellers	Low	Device-loan programs create audit headaches for schools
Analytics dashboards as a service	Hosted BI	e.g. open-source BI tools	metabase/metabase apache/superset	Monthly per-org fee	55-65% gross margin	Data-protection for customer data	SMEs via accountants and agencies	Low	Dashboards delivered as service need no in-house analyst
Workflow automation hosting for SMEs	Managed automation server	e.g. self-hosted automation	n8n-io/n8n activepieces/activepieces	Monthly plus build fees	55-65% gross margin	none	SMEs via automation consultants	Low	Hosted automation avoids per-task pricing from big vendors

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Recruitment ATS for small staffing firms	Hosted ATS	e.g. open-source ATS	opencats/OpenCATS frappe/hrms	Per-recruiter fee	60-70% gross margin	Candidate-data privacy rules	Boutique staffing firms via recruiter communities	Low	Small agencies need simple ATS without enterprise price tags
CRM for law firms with intake automation	Legal intake CRM	e.g. open-source CRM hosting	espocrm/espocrm jhpyle/docassemble	Per-user monthly	60-70% gross margin	Legal-ethics rules on client data	Small law firms via bar associations	Low	Intake speed decides which lawyer wins a lead
CRM for churches and nonprofits	Donor and member CRM	e.g. open-source CRM hosting	krayin/laravel-crm twentyhq/twenty	Per-organisation monthly	60-70% gross margin	Donor-data privacy rules	Churches and charities via denominations	Low	Affordable donor tracking replaces spreadsheets
Subscription billing platform for software startups	Hosted billing engine	e.g. open-source billing	killbill/killbill invoiceninja/invoiceninja	Per-account plus usage fee	55-65% gross margin	Tax and payments compliance via partners	Early-stage SaaS firms	Medium	Startups outsource billing logic that otherwise becomes bug-prone
Customer survey and NPS SaaS for retailers	Branded feedback tool	e.g. open-source survey tools	formbricks/formbricks LimeSurvey/LimeSurvey	Per-location monthly	65-75% gross margin	Respondent-privacy rules	Retail chains via POS partners	Low	Location-level feedback links reviews to staff and stores
Social media scheduling SaaS for agencies	White-label scheduler	e.g. open-source social tools	gitroomhq/postiz-app n8n-io/n8n	Per-seat or per-client monthly	60-70% gross margin	Platform API terms	Social-media agencies and freelancers	Low	Agencies want branded dashboards instead of third-party logos
Church-management SaaS for small congregations	Hosted member and giving tools	e.g. open-source CRM hosting	espocrm/espocrm invoiceninja/invoiceninja	Per-congregation monthly	60-70% gross margin	Charity-giving receipt rules	Small churches via denominational networks	Low	Small congregations need simple affordable tools
ERP for farms and agribusinesses	Hosted farm management	e.g. cloud VPS	frappe/erpnext odoo/odoo	Per-farm monthly plus setup	50-60% gross margin	none	Mid-size farms via ag cooperatives	Medium	Crop and cost tracking in one tool reduces advisory dependence
Online-course platform for coaches (white-label)	Branded LMS hosting	e.g. open-source LMS hosting	frappe/lms moodle/moodle	Per-coach monthly	60-70% gross margin	Consumer-protection rules	Coaches via creator communities	Low	Coaches keep branding and student data on their own domain
Digital-adoption walkthroughs for SaaS vendors	Hosted onboarding tours	e.g. open-source tour libraries	n8n-io/n8n penpot/penpot	Per-vendor monthly	60% gross margin	none	Small SaaS vendors via product communities	Low	Product teams skip building in-app onboarding in-house
Vertical CRM for solar installers	Solar sales pipeline CRM	e.g. open-source CRM hosting	twentyhq/twenty krayin/laravel-crm	Per-user monthly	60-70% gross margin	Consumer lending disclosures if bundled	Solar installers via equipment distributors	Low	Proposals, permits and financing steps are vertical-specific
Hosted customer-portal builder for service firms	Branded client portals	e.g. open-source portals	directus/directus keycloak/keycloak	Per-portal monthly	60-70% gross margin	Data-protection rules	Accounting and consulting firms	Low	Firms get portals without custom development projects

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Managed IT-documentation platform for MSPs	Hosted IT documentation	e.g. open-source ITSM tools	itflow-org/itflow glpi-project/glpi	Per-MSP monthly	65-75% gross margin	none	Small MSPs via channel communities	Low	MSPs resell documentation under their own brand
White-label CRM for dental practices	Patient-lead and recall CRM	e.g. cloud hosting, SMS gateways	krayin/laravel-crm twentyhq/twenty	Per-practice monthly	65-75% gross margin	HIPAA-style privacy rules	Dental practices via dental supply reps	Low	Recall and reactivation workflows generate immediate practice revenue

Call Center & Answering Services · 30

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
White-label answering service for law firms	Live receptionists	e.g. wholesale answering services	FreePBX/framework zammad/zammad	Per-minute markup	40-60% markup	Legal-ethics and call-recording consent	Solo and small law firms via bar associations	Low	Missed calls are lost matters, so lawyers pay for coverage
After-hours HVAC and plumbing dispatch line	24/7 call answering	e.g. answering service wholesalers	asterisk/asterisk fleetbase/fleetbase	Monthly plus per-call	40-50% markup	Call-recording consent laws	HVAC and plumbing firms via trade associations	Low	Emergency calls are high-value and go to whoever answers first
Medical answering service	Clinic overflow calls	e.g. HIPAA answering providers	FreePBX/framework openemr/openemr	Per-minute fee (HIPAA BAA)	40-50% markup	HIPAA BAA required	Small clinics via practice managers	Low	Clinics need after-hours coverage without hiring staff
Outbound appointment-setting for B2B	SDR calling teams	e.g. offshore SDR firms	vicidial/vicidial twentyhq/twenty	Per-appointment fee	35-50% markup	TCPA and do-not-call rules	B2B service firms via LinkedIn outreach	Low	Results-based pricing lowers buyer risk
Bilingual Spanish support center	Bilingual agents	e.g. LatAm contact centers	wazo-platform/wazo-auth chatwoot/chatwoot	Hourly markup	30-40% markup	Call-recording and labour rules	US brands serving Hispanic customers	Medium	Nearshore bilingual agents cost less than US-based equivalents
Hosted contact-center software for BPOs	Cloud dialer and ACD	e.g. SIP carriers	vicidial/vicidial signalwire/freeswitch	Per-seat monthly	50-60% gross margin	Telecom and TCPA compliance	Small BPOs via telecom brokers	Medium	Small BPOs avoid enterprise per-seat pricing
Political and survey phone banking	Survey calls	e.g. call teams	LimeSurvey/LimeSurvey asterisk/asterisk	Per-complete fee (TCPA)	30-40% markup	TCPA and survey disclosure rules	Campaigns and research firms	Low	Campaign cycles create short, high-volume demand
Order-taking for e-commerce phone orders	Inbound sales agents	e.g. contact centers	chatwoot/chatwoot medusajs/medusa	Per-order commission	5-10% of order value	Payment-card handling rules (PCI)	Catalog and direct-response brands	Low	Phone orders have higher average value than web orders
Restaurant phone-order AI line	AI order taking	e.g. voice AI APIs	jambonz/jambonz-feature-server langgenius/dify	Monthly per-location	60-70% gross margin	Call-recording consent laws	Independent restaurants via POS resellers	Low	Rush-hour calls go unanswered without extra staff
Collections call center (licensed)	Debt-recovery calls	e.g. agencies	vicidial/vicidial krayin/laravel-crm	Contingency 20-35% (FDCPA, license)	20-35% of collected	FDCPA, state collection licensing	Creditors, utilities and healthcare providers	Medium	Contingency fees align incentives with creditors

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Church prayer-line and care calls	Volunteer-backed call line	e.g. call staff	FreePBX/framework chatwoot/chatwoot	Monthly fee	40-50% gross margin	Call-recording consent laws	Churches and ministries	Low	Ministries extend care beyond office hours cost-effectively
Property-management emergency maintenance line	After-hours triage	e.g. answering services	asterisk/asterisk zammad/zammad	Per-unit monthly	40-50% gross margin	Call-recording consent laws	Property managers via associations	Low	Triage prevents costly weekend dispatch for non-emergencies
Telehealth nurse triage line	RN triage calls	e.g. nurse triage providers	FreePBX/framework medplum/medplum	Per-call fee (licensure)	30-40% markup	Nurse licensure and HIPAA	Telehealth startups and employers	Mediu m	Nurse triage cuts unnecessary ER visits for plan sponsors
Customer-callback service for car dealers	Service reminder calls	e.g. call teams	asterisk/asterisk twentyhq/twenty	Per-dealer monthly	40-50% markup	TCPA and do-not-call rules	Car dealerships via dealer groups	Low	Service-lane reminders fill bays and lift repeat revenue
Live chat outsourcing for websites	Chat agents	e.g. chat agent firms	chatwoot/chatwoot zammad/zammad	Per-chat or monthly	35-50% markup	none	E-commerce and SaaS websites	Low	Live chat converts visitors but needs coverage hours
Multilingual after-hours support for SaaS companies	Follow-the-sun support	e.g. offshore support teams	chatwoot/chatwoot freescout-helpdesk/freescout	Per-ticket or hourly fee	30-40% markup	Data-protection rules	Small SaaS firms via startup communities	Low	Startups provide 24/7 support without hiring night teams
Veterinary clinic overflow answering	Clinic call handling	e.g. pet-industry answering services	FreePBX/framework calcom/cal.com	Per-clinic monthly	40-50% markup	Call-recording consent laws	Independent vet clinics via practice managers	Low	Clinic staff lose calls to treatment duties
Real-estate lead-response call team	Speed-to-lead calling	e.g. offshore call teams	vicidial/vicidial krayin/laravel-crm	Per-lead or monthly fee	35-45% markup	TCPA and do-not-call rules	Real-estate teams buying online leads	Low	Responding within minutes sharply raises lead conversion
Utility outage-notification outbound line	Automated and live outage calls	e.g. voice platforms	jambonz/jambonz-feature-server asterisk/asterisk	Per-call fee	30-40% markup	Utility regulator and TCPA rules	Small utilities and co-ops	Mediu m	Outage surges overwhelm small utility call centres
Appointment confirmation calls for clinics	Reminder and confirmation calls	e.g. voice platforms	asterisk/asterisk calcom/cal.com	Per-appointment fee	40-50% markup	HIPAA and TCPA	Dental and medical clinics	Low	Confirmations cut no-shows and are measurable
Overnight security-alarm monitoring support	Alarm verification calls	e.g. central stations	asterisk/asterisk traccar/traccar	Per-account monthly	30-40% markup	Alarm-monitoring licensing (UL central station)	Small alarm installers via distributors	Mediu m	Installers resell monitoring without running a central station
Hotel guest-services overnight desk	Remote night receptionist	e.g. hospitality call centers	asterisk/asterisk Qloapps/QloApps	Per-room monthly	40-50% gross margin	none	Boutique hotels via hospitality consultants	Low	Small hotels avoid paying a night clerk for few calls
E-commerce returns and order-status team	Post-sale support agents	e.g. nearshore agencies	chatwoot/chatwoot medusajs/medusa	Per-ticket fee	30-40% markup	Consumer protection rules	Mid-size online retailers via agencies	Low	Peak seasons need flexible support headcount

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Phone survey for municipalities and housing authorities	Resident satisfaction calls	e.g. research call teams	LimeSurvey/LimeSurvey vicidial/vicidial	Per-complete fee	30-40% markup	TCPA and public-records rules	Local governments via procurement	Medium	Periodic resident surveys need trained, neutral callers
AI voicemail triage for solo professionals	Voicemail transcription and routing	e.g. speech-to-text APIs	ggml-org/whisper.cpp n8n-io/n8n	Per-seat monthly	65-75% gross margin	Call-recording consent laws	Solo lawyers, accountants and consultants	Low	Transcribed and prioritised voicemails speed up callbacks
Bilingual answering for immigration law firms	Live agents handling intake calls	e.g. nearshore BPOs	chatwoot/chatwoot calcom/cal.com	Per-minute or monthly retainer	30-40% gross margin	Privilege and confidentiality terms	Immigration attorneys through bar associations	Low	Language match wins calls that voicemail loses
Roofing storm-season overflow call line	Surge inbound call handling	e.g. overflow BPO partners	chatwoot/chatwoot twentyhq/twenty	Per-call fee plus seasonal retainer	30-40% gross margin	none	Roofing contractors via supplier networks	Low	Hail events flood phones; overflow captures every lead
Funeral-home 24/7 first-call answering	Compassionate overnight call handling	e.g. specialist BPO agents	chatwoot/chatwoot twentyhq/twenty	Monthly retainer plus per-call	30-40% gross margin	none	Independent funeral homes via state associations	Low	Death calls need trained, empathetic overnight staff
Property-tax appeal intake line	Outsourced lead intake agents	e.g. offshore call center vendors	chatwoot/chatwoot krayin/laravel-crm	Per-qualified-lead fee	30-45% gross margin	Telemarketing rules (TCPA)	Property-tax consultancies through direct sales	Low	Seasonal peaks match offshore flexible capacity
School-district parent hotline service	Multilingual parent inquiry line	e.g. BPO partners, interpreter lines	chatwoot/chatwoot botpress/botpress	Annual contract by student count	25-35% gross margin	Student data privacy rules	School districts via procurement and RFPs	Medium	Replaces front-office overload at enrolment peaks

Candles & Home Fragrance · 30

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Private-label candle brand for boutiques	Poured candles with custom labels	e.g. candle contract manufacturers	woocommerce/woocommerce odoo/odoo	Wholesale margin 50%	45-55% gross margin	Candle labelling and flammability rules	Boutiques and gift shops via wholesale marketplaces	Low	Contract pourers remove equipment and chemistry barriers

Realtor open-house candle staging program	Branded staging candles for listings	e.g. candle private-label makers	medusajs/medusa mautic/mautic	Per-listing candle packs	45-55% gross margin	none	Real-estate agents via brokerages	Low	Cozy scents help homes feel warm to buyers
Restaurant table-ambience tealight program	Branded LED and wax tealights	e.g. tealight manufacturers	medusajs/medusa odoo/odoo	Recurring refill supply fees	40-55% gross margin	Fire-safety rules	Restaurants and cafes via foodservice distributors	Low	Consistent ambience; recurring consumables replenish monthly
Zodiac-sign candle subscription club	Monthly astrology-themed candles	e.g. OEM candle pourers	medusajs/medusa mautic/mautic	Monthly subscription box	50-60% gross margin	Labeling rules	Astrology fans via Instagram and Pinterest	Low	Built-in monthly cadence and shareable content

Car Rental · 30

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Branded car-rental comparison site for one island	Rental car inventory	e.g. Discover Cars, CarTrawler, local rental firms	medusajs/medusa WordPress/wordpress-develop	Commission 8-15% per rental	8-15% commission	Travel-agent registration where required	Island tourists via SEO and hotel partnerships	Low	Local knowledge on one island beats global aggregators
Campervan and RV rental broker	Campervan fleets	e.g. Indie Campers-type fleets, RV owners	Qloapps/QloApps chatwoot/chatwoot	Commission 12-20%	12-20% commission	Consumer-travel and insurance rules	Road-trip travellers via blogs and social media	Low	Long-trip travellers need hand-holding that brokers can offer

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Luxury and exotic car rental concierge	Exotic car fleets	e.g. local exotic rental companies	twentyhq/twenty calcom/cal.com	Markup 15-25% per day	15-25% markup	Rental insurance and local permits	Wealthy visitors via hotel concierges	Low	Concierge service wraps delivery, insurance and security deposits
Rideshare-driver weekly car rental reseller	Uber-approved vehicles	e.g. fleet leasing firms, dealers	frappe/erpnext traccar/traccar	Weekly spread per car	15-25% weekly spread	Commercial insurance and TNC rules	Rideshare drivers via driver forums	Medium	Drivers without cars need weekly rentals with insurance included
Insurance-replacement rental coordination	Replacement cars	e.g. rental chains, body shops	odoo/odoo zammad/zammad	Per-day referral fee	10-15% referral fee	Insurer direct-repair program rules	Body shops via repair networks	Low	Body shops want replacement cars arranged without admin
Wedding car hire booking platform	Vintage and limo cars	e.g. classic car owners, limo firms	calcom/cal.com medusajs/medusa	Booking commission 15%	15% commission	Passenger-carrier licensing	Couples via wedding planners	Low	Couples want vetted vendors in one booking place
Cross-border one-way rental specialist	One-way rental inventory	e.g. rental brokers, fleets	medusajs/medusa twentyhq/twenty	Commission plus drop-fee markup	10-15% commission	Cross-border insurance and registration rules	Long-distance travellers and relocators	Low	One-way fees are opaque, so comparison adds value
Electric-vehicle test-drive rental subscriptions	EV monthly rentals	e.g. EV leasing companies, dealers	killbill/killbill traccar/traccar	Monthly subscription margin	10-20% subscription margin	Rental and insurance regulations	EV-curious drivers via social media	Medium	Extended trials convert hesitant buyers to EV owners
Moving-truck and van rental aggregator	Cargo vans and trucks	e.g. truck rental chains, local fleets	medusajs/medusa fleetbase/fleetbase	Commission per rental	8-12% commission	Commercial vehicle licensing	Movers and DIY movers via moving blogs	Low	Movers compare quotes across local fleets at peak times
Chauffeur-driven car rental in emerging markets	Car-with-driver days	e.g. local driver agencies	fleetbase/fleetbase chatwoot/chatwoot	Margin per driver-day	15-25% per day	Tourist-transport licensing	Foreign visitors via tour agencies	Low	Visitors prefer vetted drivers over unfamiliar road systems
Scooter and motorbike rental reseller for tourists	Scooter rental fleets	e.g. local scooter shops	medusajs/medusa traccar/traccar	Commission 15-20%	15-20% commission	Licensing and rider insurance	Backpackers via hostels and social media	Low	Scooter shops lack online booking and English support
Corporate pool-car rental program	Fleet rentals for companies	e.g. rental chains corporate desks	frappe/erpnext twentyhq/twenty	Management fee per vehicle	10-15% fee	Corporate fleet insurance requirements	SMEs with occasional vehicle needs	Medium	Companies avoid owning rarely used pool cars
Car-subscription white-label for dealerships	Dealer vehicle subscriptions	e.g. franchised dealers, subscription platforms	killbill/killbill odoo/odoo	SaaS fee plus per-car revenue share	Platform fee plus revenue share	Dealer licensing and insurance rules	Independent dealers via dealer associations	Medium	Dealers monetise aged inventory through subscriptions
Peer-to-peer car rental niche storefront	Private owners' cars	e.g. private car owners, P2P networks	supabase/supabase traccar/traccar	Trip fee 20-30% (insurance needed)	20-30% trip fee	Insurance and platform licensing	Local car owners via community groups	Medium	Niche communities trust local owners over big brands
Car-rental excess insurance reseller	Excess waiver policies	e.g. licensed excess insurers	krayin/laravel-crm mautic/mautic	Commission per policy (license required)	30-40% commission	Insurance distribution licence	Renters via comparison sites	Low	Excess cover costs far less than counter-sold waivers

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Student and gap-year long-term car rental	Multi-month car rentals	e.g. long-term rental firms	odoo/odoo killbill/killbill	Monthly margin	10-15% monthly margin	Rental and insurance regulations	Gap-year travellers and exchange students	Low	Long-stay visitors find short-term rates expensive
Airport-pickup rental delivery service	Delivered rental cars	e.g. local fleets	fleetbase/fleetbase calcom/cal.com	Delivery fee plus commission	10-20% commission	Airport concession rules	Business travellers via corporate travel desks	Low	Skipping counters appeals to time-poor business travellers
Pickup-truck rental for contractors	Truck rental inventory	e.g. fleet lessors	frappe/erpnext calcom/cal.com	Daily margin	15-20% daily margin	Commercial insurance requirements	Contractors via hardware stores	Low	Contractors rent trucks for peak work, not ownership
Accessible-vehicle rental for wheelchair users	Wheelchair-accessible vans	e.g. mobility vehicle fleets	medusajs/medusa chatwoot/chatwoot	Commission or markup	15-25% markup	Disability access and insurance rules	Disabled travellers and caregivers	Medium	Accessible vehicles are scarce and travellers pay for reliability
Film and event vehicle rental coordination	Picture cars and vans	e.g. specialty vehicle owners	twentyhq/twenty calcom/cal.com	Coordination fee plus markup	15-25% markup	Film permits and insurance	Production companies and event agencies	Low	Productions need many vehicles quickly and prefer one contact
Car-rental fleet-remarketing service	Ex-fleet vehicle sales	e.g. rental companies' disposal arms	odoo/odoo medusajs/medusa	Per-vehicle sales commission	5-8% commission	Dealer licensing	Small rental firms via fleet managers	Medium	Small fleets lack remarketing channels for retired cars
Winter-car rental with ski gear bundles	Seasonal rental bundles	e.g. local rental firms, ski shops	medusajs/medusa pretix/pretix	Bundle commission	12-18% commission	Rental and insurance regulations	Skiers via resort partnerships	Low	Snow-ready cars with chains and racks are a premium bundle
Self-drive safari vehicle rental broker	4x4 rental inventory	e.g. 4x4 rental operators	Qloapps/QloApps chatwoot/chatwoot	Commission 12-18%	12-18% commission	Park and rental permit rules	Safari travellers via tour planners	Low	4x4 rentals need equipment bundles that brokers can package
Car-rental damage-claims recovery service	Damage assessment and recovery	e.g. claims specialists	zammad/zammad paperless-ngx/paperless-ngx	Contingency fee	15-25% of recovery	Claims-handling and consumer rules	Small rental firms via trade groups	Low	Small operators lose money by not pursuing damage claims
Monthly-rental for insurance-write-off drivers	Bridging rentals	e.g. rental chains, insurers	odoo/odoo zammad/zammad	Per-day referral fee	10-15% referral fee	Insurer panel rules	Insurers and claims firms	Low	Claims teams outsource rental logistics to specialists
Corporate-event shuttle van rental with drivers	Passenger van plus driver	e.g. charter operators	fleetbase/fleetbase calcom/cal.com	Markup per day	15-25% markup	Passenger-carrier licensing	Event planners and wedding groups	Low	Planners prefer one vendor for group transport
Seasonal worker vehicle rental program	Vehicles for harvest crews	e.g. fleet lessors	frappe/erpnext traccar/traccar	Per-vehicle monthly fee	10-15% monthly margin	Worker transport and insurance rules	Farms and labour contractors	Medium	Seasonal workforces need short-term transport that farms avoid owning

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Dealer service-loaner program management	Loaner cars for service departments	e.g. fleet leasing firms	frappe/erpnext traccar/traccar	Management fee per vehicle	10-15% fee	Dealer insurance requirements	Franchised dealers via dealer groups	Medium	Outsourced loaner fleets cut dealer capital and admin
Dog-friendly pet-ready rental cars	Pet-friendly rental fleet	e.g. local rental firms	medusajs/medusa mautic/mautic	Commission or markup	12-18% markup	Rental and insurance regulations	Pet-owning travellers via social media	Low	Pet owners avoid rental fees and cleaning disputes
Weekend car rental for ride-hailing night drivers	Short-term fleet rentals	e.g. wholesale rental fleets	fleetbase/fleetbase LibreBooking/app	Daily rental margin	20-35% over wholesale cost	Rental insurance and licensing	Gig drivers via driver communities	Medium	Flexible rental avoids long leases for part-time drivers

Chatbots & AI Agents · 30

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
White-label AI chatbot for dental clinics	Hosted LLM chatbot	e.g. LLM APIs, self-hosted models	langgenius/dify chatwoot/chatwoot	Monthly per-clinic fee	65-75% gross margin	HIPAA for patient data	Dental clinics via practice-management vendors	Low	Clinics capture after-hours bookings and common questions

Veterinary CE webinar network	RACE-approved CE	e.g. vet speakers	bigbluebutton/bigbluebutton pretix/pretix	Ticket and subscription	40-50% gross margin	AAVSB RACE approval	Veterinarians via clinics and associations	Low	Vets with demanding schedules prefer on-demand webinars
Optometrist CE courses with practice-management credits	Optometry CE	e.g. optometry education providers	moodle/moodle frappe/lms	Per-credit fee	40-50% gross margin	State optometry board and COPE approval	Optometrists via associations	Low	Specialised CE has few providers and loyal buyers
Physical-therapist CEU courses	PT CEU catalog	e.g. accredited CEU providers	moodle/moodle medusajs/medusa	Per-course fee	40-50% gross margin	State PT board approval	Physical therapists via clinics	Low	Annual renewals and clinic-wide plans create volume
Court-reporter and legal-support CE	Legal professional CE	e.g. legal CE publishers	moodle/moodle chamilo/chamilo-lms	Per-course fee	40-50% gross margin	State licensing board approval	Court reporters and paralegals	Low	Small professions are ignored by large CE vendors
Funeral-director CE courses	Funeral service CE	e.g. funeral education providers	moodle/moodle frappe/lms	Per-course fee	40-50% gross margin	State funeral board approval	Funeral directors via associations	Low	Niche profession with required annual hours
Accountancy ethics CE for CPAs	Ethics CPE modules	e.g. CPE publishers	moodle/moodle openedx/edx-platform	Per-credit fee	40-50% gross margin	State board ethics-hour rules	CPAs near licence renewal	Low	Ethics hours are mandatory and often last-minute
Surveyor and land-measurement CE	Land surveyor CE	e.g. surveying associations' content	frappe/lms moodle/moodle	Per-course fee	40-50% gross margin	State surveyor board approval	Licensed surveyors	Low	Few online options for tiny licensed communities
Real-estate appraiser CE	Appraisal CE courses	e.g. appraisal education providers	moodle/moodle frappe/lms	Per-course fee	40-50% gross margin	Appraisal board and AQB approval	Appraisers via associations	Low	Appraisers must complete the 7-hour USPAP update
Mortgage loan originator CE	NMLS-approved CE	e.g. NMLS-approved providers	moodle/moodle medusajs/medusa	Per-course fee	40-50% gross margin	NMLS approval required	Loan officers via lenders	Low	Annual 8-hour requirement creates reliable demand
Early-childhood educator training hours	Childcare training hours	e.g. state-approved training providers	moodle/moodle chamilo/chamilo-lms	Per-course fee	40-50% gross margin	State childcare licensing rules	Daycare operators and staff	Low	Licensing requires annual training hours for staff
Acupuncturist NCCAOM PDA courses	Acupuncture PDA content	e.g. approved PDA providers	moodle/moodle frappe/lms	Per-course fee	40-50% gross margin	NCCAOM PDA approval	Acupuncturists via associations	Low	Small credentialed community with consistent renewal needs

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Notary public continuing-education courses	Notary renewal and law-update courses	e.g. state-approved content providers	frappe/lms moodle/moodle	Per-course fee	60-70% gross margin	State-approved provider status	Notaries through associations	Low	Recurring renewals create predictable annual demand
Court interpreter continuing-education seminars	Interpreter CE webinars	e.g. associations, trainers	moodle/moodle calcom/cal.com	Per-seminar fee	50-65% gross margin	State-approved provider status	Court interpreters via associations	Low	Small niche with limited provider competition
Landscape architect professional development hours	PDH webinar series	e.g. subject-matter instructors	moodle/moodle frappe/lms	Per-webinar or subscription fee	50-65% gross margin	State board approval	Licensed landscape architects via ASLA chapters	Low	Required hours drive consistent annual demand

Corporate Onboarding & LMS · 30

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
White-label LMS for HR consultancies	Hosted LMS instances	e.g. self-hosted LMS on cloud VPS	moodle/moodle overhangio/tutor	Monthly fee per tenant	55-65% gross margin	Learner data-protection rules	HR consultancies via professional networks	Medium	Consultancies resell training platforms under their brand
Restaurant-chain onboarding course packs	Front-of-house onboarding modules	e.g. hospitality content vendors	frappe/lms chamilo/chamilo-lms	Per-location subscription	55-65% gross margin	Food-safety training rules	Multi-unit restaurant operators	Low	High turnover makes fast onboarding valuable
Retail new-hire microlearning on mobile	Mobile microlearning library	e.g. microlearning publishers	frappe/lms supabase/supabase	Per-employee monthly fee	55-65% gross margin	none	Retailers via HR tech partners	Low	Frontline staff learn on phones during short breaks
Custom onboarding video production plus LMS hosting	Video course production and hosting	e.g. freelance video editors	Chocobozzz/PeerTube moodle/moodle	Project fee plus hosting	40-50% gross margin	Employee-likeness release	SMEs via HR consultants	Low	Production plus hosting gives a one-vendor solution
Extended-enterprise training for SaaS customers	Customer academy platform	e.g. hosted LMS, content writers	openedx/edx-platform discourse/discourse	Annual platform license	55-65% gross margin	Learner data-protection rules	SaaS customer-success teams	Medium	Customer academies lower support tickets and churn
Channel-partner certification portal service	Partner training platform	e.g. LMS hosting	moodle/moodle keycloak/keycloak	Per-partner seat fee	55-65% gross margin	none	Software vendors with reseller channels	Medium	Certified partners sell more and need less support
Healthcare staffing onboarding and credential courses	Clinical compliance modules	e.g. healthcare compliance publishers	moodle/moodle opencats/OpenCATS	Per-clinician fee	50-60% gross margin	Healthcare competency and HIPAA rules	Healthcare staffing agencies	Low	Agencies onboard travelling clinicians quickly
Gig-worker onboarding for delivery platforms	Courier onboarding modules	e.g. safety content vendors	frappe/lms fleetbase/fleetbase	Per-onboarded-worker fee	50-60% gross margin	Gig-worker safety guidelines	Delivery platforms and fleet operators	Low	Faster onboarding raises throughput of active couriers
Knowledge-base plus training bundle for SMEs	Wiki and course setup	e.g. self-hosted wikis	BookStackApp/BookStack frappe/lms	Setup fee plus monthly support	50-60% gross margin	none	SMEs via IT consultants	Low	Documenting processes once scales onboarding forever
Manufacturing SOP training with QR access	SOP video modules	e.g. industrial trainers	moodle/moodle inventree/InvenTree	Per-plant subscription	55-65% gross margin	Industrial safety rules	Factories via industrial consultants	Low	QR codes at machines deliver just-in-time instructions

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Nonprofit volunteer training portal	Volunteer onboarding courses	e.g. open content, NGO trainers	chamilo/chamilo-lms learningequality/kolibri	Annual license per nonprofit	55-65% gross margin	Volunteer safeguarding rules	Charities and food banks	Low	Volunteers rotate often and need standard onboarding
Franchisee onboarding academy	Franchise operations curriculum	e.g. franchisor ops manuals	moodle/moodle BookStackApp/BookStack	Per-franchise fee	55-65% gross margin	Franchise-law communication rules	Franchisors via franchise consultants	Low	Consistent training protects brand standards across franchisees
Multi-language course localization reseller	Translated off-the-shelf courses	e.g. course libraries, translators	WeblateOrg/weblate moodle/moodle	Per-course localization fee	35-45% gross margin	Content licensing terms	Multinationals and training firms	Low	Localised content raises completion among non-English workers
Gamified sales onboarding for car dealerships	Product knowledge modules	e.g. OEM training content	frappe/lms mautic/mautic	Per-dealer subscription	55-65% gross margin	none	Dealer groups via OEM programs	Low	Turnover in dealership sales is high and training costs add up
Virtual instructor-led training delivery service	Freelance trainers on VILT platform	e.g. certified freelance facilitators	bigbluebutton/bigbluebutton calcom/cal.com	Day rate markup 30-50%	30-50% markup	none	L&D teams at mid-size companies	Low	Companies want live training capacity without full-time hires
New-manager onboarding bundles for fast-growing startups	Manager training modules	e.g. leadership content vendors	frappe/lms calcom/cal.com	Per-manager fee	50-60% gross margin	none	Scaling startups via VC portfolio teams	Low	VC platform teams offer onboarding bundles to portfolios
Compliance-onboarding pack for banks	Regulatory onboarding modules	e.g. banking compliance publishers	openedx/edx-platform keycloak/keycloak	Per-employee license	50-60% gross margin	Banking compliance training rules	Community banks and credit unions	Medium	Regulators expect documented onboarding training
Remote-work onboarding toolkit for distributed teams	Remote onboarding templates	e.g. HR content creators	hcengineering/platform frappe/lms	Per-employee monthly fee	55-65% gross margin	none	Remote-first startups	Low	Distributed companies need structured first-week programs
Union and apprenticeship training portal	Apprenticeship tracking LMS	e.g. trade-school content	moodle/moodle frappe/hrms	Per-apprentice annual fee	50-60% gross margin	Apprenticeship program reporting rules	Trade unions and joint training funds	Medium	Hour tracking and records are mandatory for programs
Customer-service training academy for BPOs	Agent training modules	e.g. contact-centre training publishers	moodle/moodle chatwoot/chatwoot	Per-agent fee	50-60% gross margin	none	BPOs and call centres	Low	High agent turnover makes training efficiency a top KPI
Security guard licence training platform	State-approved guard training	e.g. state-approved trainers	moodle/moodle frappe/lms	Per-guard fee	40-50% gross margin	State security-guard training approval	Guard companies	Low	Guard firms must train every new hire to state standards
Onboarding workflow and e-sign packages for SMEs	HR paperwork automation	e.g. e-sign tools	documenso/documenso frappe/hrms	Per-employee fee	55-65% gross margin	Employment-eligibility documentation rules	SMEs via payroll providers	Low	Digital paperwork gets new hires productive faster
Hospitality property-opening training programs	Pre-opening staff training	e.g. hospitality trainers	moodle/moodle calcom/cal.com	Project fee	30-40% gross margin	none	New hotel and restaurant openers	Medium	Openings require rapid training of full staffs

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Pharmacy technician onboarding academy	Role-specific onboarding courses	e.g. pharmacy education content vendors	frappe/lms moodle/moodle	Per-seat annual license	50-65% gross margin	Pharmacy board rules	Pharmacy chains via training managers	Low	High turnover makes fast competent onboarding valuable
Call-centre agent ramp-up academy	Product and soft-skill modules	e.g. BPO trainers, content vendors	frappe/lms overhangio/tutor	Per-agent fee plus hosting	50-60% gross margin	none	BPOs and customer-service teams via LinkedIn	Low	Shorter ramp time directly cuts costs
Dental-office new-hire onboarding kit	Procedures and compliance training	e.g. dental education vendors	moodle/moodle frappe/lms	Per-practice annual license	55-65% gross margin	HIPAA-style privacy rules	Dental practice managers via DSOs	Low	Consistent onboarding across multiple clinic locations
Farm-labor seasonal safety onboarding in multiple languages	Multilingual safety training	e.g. translation and content vendors	frappe/lms moodle/moodle	Per-worker fee	50-60% gross margin	Agricultural worker safety rules	Farms and labor contractors via grower associations	Low	Multilingual onboarding reduces injuries and liability
Remote healthcare coding team onboarding	Coding and compliance courses	e.g. coding education providers	moodle/moodle frappe/lms	Per-seat annual license	50-65% gross margin	HIPAA privacy training	Medical billing firms via networking	Low	Standardised training lifts coding accuracy
Trades apprenticeship onboarding and logbook portal	Apprentice training and sign-off portal	e.g. trade-body content, cloud hosting	frappe/lms moodle/moodle	Per-apprentice annual license	50-60% gross margin	Apprenticeship program rules	Trade employers and training groups	Low	Digital logbooks simplify funding audits
Retail pharmacy-chain compliance induction packs	Induction compliance courses	e.g. pharmacy content vendors	moodle/moodle frappe/lms	Per-seat annual license	50-60% gross margin	Pharmacy regulations	Pharmacy chains via head-office training teams	Low	Repeatable induction cuts audit risk across stores

Corporate Travel Management · 30

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
SME corporate travel desk under own brand	Flights, hotels, cars via TMC tools	e.g. host TMCs, GDS access, bedbanks	twentyhq/twenty invoiceninja/invoiceninja	Per-trip transaction fee $15-40	Plus 5-10% hotel commission	Seller-of-travel registration	SMEs via accountants and chambers of commerce	Low	Personal service with SME rates big TMCs ignore
Event room-block management for associations	Annual conference room blocks	e.g. convention hotels	indico/indico Qloapps/QloApps	Hotel commission plus attrition management	7-12% hotel commission	Contract and attrition liability	Trade associations via meeting planners	Medium	Attrition expertise protects associations from penalty clauses
Travel-policy-compliant booking portal for NGOs	NGO airfares and lodging	e.g. humanitarian fare consolidators	frappe/erpnext odoo/odoo	Management fee per trip	8-12% of booking value	Seller-of-travel registration	International NGOs via procurement networks	Medium	Humanitarian fares and donor-compliant reporting in one portal
Sports-league travel management	Team charter flights and hotels	e.g. charter brokers, hotel chains	odoo/odoo twentyhq/twenty	Annual management fee	5-10% of travel spend	Charter broker rules	Amateur leagues and club federations	Medium	Complex itineraries and last-minute changes suit specialists
Construction-crew travel and lodging desk	Crew flights and extended stays	e.g. extended-stay brands, airlines	frappe/erpnext fleetbase/fleetbase	Per-crew-week fee	8-15% of spend	Seller-of-travel registration	Contractors on remote projects via direct sales	Low	Extended-stay deals cut per-night costs for long projects
Travel expense reconciliation service	Expense audit and reporting	e.g. card feeds, TMCs	frappe/erpnext paperless-ngx/paperless-ngx	Per-report fee	50-60% gross margin	Financial data privacy	Finance teams of mid-size firms	Low	Catches duplicate and out-of-policy spend automatically

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Full-ship charter for themed music cruises	Chartered ship capacity	e.g. charter departments of cruise lines	pretix/pretix odoo/odoo	Cabin markup on charter cost	10-20% on cabin sales	Charter contracts and bonding	Music fan communities via artist lists	High	Own the audience and the experience
Expedition cruise reseller (Antarctica, Arctic)	Expedition berths	e.g. expedition operators, wholesalers	twentyhq/twenty chatwoot/chatwoot	Commission 10-15%	10-15% commission	Seller-of-travel registration	Adventure travelers via niche forums	Low	Very high ticket sizes mean few sales for good income
Last-minute cruise deal email newsletter	Distressed cruise inventory	e.g. cruise consolidators	knadh/listmonk mautic/mautic	Commission per booking	8-14% commission	Seller-of-travel registration	Flexible travelers via subscribers	Low	Cruise lines discount unsold cabins close to sailing
Cruise shore-excursion reseller	Independent port tours	e.g. local tour operators in ports	pretix/pretix medusajs/medusa	Markup 20-30%	20-30% markup	Local tour licensing	Cruise passengers via forums	Low	Independent tours cost less than ship excursions
Cruise-and-stay pre/post package builder	Cruise plus hotel plus transfer	e.g. bedbanks, transfer wholesalers	odoo/odoo Qloapps/QloApps	Bundle margin 12-18%	12-18% bundle margin	Seller-of-travel registration	Cruise buyers via agencies	Medium	Bundled itineraries reduce arrival-day stress
Accessible cruise planning agency	Accessible cabins and services	e.g. cruise lines, mobility equipment renters	twentyhq/twenty calcom/cal.com	Commission plus planning fee	10-14% plus planning fee	Seller-of-travel registration	Disability communities via advocacy groups	Low	Specialist knowledge of accessible cabins builds trust
Corporate meeting-at-sea broker	Conference cruise groups	e.g. cruise line meeting desks	indico/indico twentyhq/twenty	Commission plus event fee	10-15% plus event fee	Seller-of-travel registration	Incentive-trip planners via HR	Medium	Combines venue, hotel and entertainment for incentives
Cruise travel insurance and add-on upsell	Cruise protection plans	e.g. licensed travel insurers	krayin/laravel-crm mautic/mautic	Commission per policy (license required)	20-35% of premium	Insurance producer license	Existing cruise customers	Low	High attach rate for cruise bookings
Yacht-week cabin reseller	Crewed yacht cabins	e.g. yacht charter fleets	pretix/pretix odoo/odoo	Per-berth margin	15-25% per berth	Charter agent rules	Young groups via social media	Low	Cabin-by-cabin sales fill charter yachts
Faith-based group cruise packages	Group cruise blocks	e.g. cruise line groups desk, host agency	krayin/laravel-crm pretix/pretix	Commission plus group amenities	10-16% plus amenities	Seller-of-travel registration	Churches and ministries via pastors	Low	Trusted leaders host fellowship cruises
Ferry-ticket aggregator for islands	Ferry seats and cabins	e.g. ferry operators, ferry consolidators	medusajs/medusa supabase/supabase	Booking fee per ticket	5-12% per ticket	Operator agreements	Island visitors via SEO	Medium	Fragmented ferry operators need one booking site
Gulet and sailboat cabin charter in Turkey/Croatia	Cabin charter berths	e.g. local gulet owners	Qloapps/QloApps chatwoot/chatwoot	Commission 15-20%	15-20% commission	Charter agent rules	Summer travelers via Instagram	Low	Cabin sales fill boats that owners struggle to sell
World-cruise segment specialist	Long cruise segments	e.g. luxury cruise lines via consortium	twentyhq/twenty mautic/mautic	Commission 12-18%	12-18% commission	Seller-of-travel registration	Retirees via travel seminars	Low	Segment sales allow affordable slices of world cruises
Cruise-port parking and transfer bundles	Port parking and shuttles	e.g. port parking lots, shuttle firms	medusajs/medusa fleetbase/fleetbase	Per-booking margin	20-30% margin	Parking operator contracts	Cruise passengers via cruise forums	Low	Port-day logistics are a major pain point

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Cruise-ship wedding and vow-renewal packages	Onboard wedding bookings	e.g. cruise line wedding departments	twentyhq/twenty calcom/cal.com	Commission plus planning fee	10-16% plus planning fee	Seller-of-travel registration	Engaged couples via wedding sites	Low	Small guest counts make destination weddings affordable
Solo-traveler cruise matching program	Solo cabins and meetups	e.g. cruise line solo programs	twentyhq/twenty mautic/mautic	Commission plus matching fee	10-14% plus fee	Seller-of-travel registration	Solo travelers via social groups	Low	Reduces single-supplement shock and loneliness
Multi-generational family cruise concierge	Connecting cabins and shore plans	e.g. cruise line family desks	twentyhq/twenty calcom/cal.com	Commission plus concierge fee	10-15% plus fee	Seller-of-travel registration	Extended families via parents groups	Low	Large family bookings produce high revenue per sale
Cruise credit and future-cruise-deposit resale	Resold future cruise credits	e.g. credit holders, cruise lines	nocodb/nocodb mautic/mautic	Resale fee	8-15% fee	Cruise line transfer terms	Passengers holding credits via forums	Low	Matches holders of unused credit with new buyers
Scuba and dive-liveaboard cruise broker	Liveaboard cabin berths	e.g. dive liveaboard operators	pretix/pretix twentyhq/twenty	Commission 12-18%	12-18% commission	Seller-of-travel registration	Divers via clubs and forums	Low	Dive-specific knowledge wins customer trust
Cruise-line loyalty-tier optimisation advisory	Booking strategy for loyalty status	e.g. cruise line loyalty programs	twentyhq/twenty mautic/mautic	Advisory fee plus commission	10-14% commission	Seller-of-travel registration	Frequent cruisers via blogs	Low	Frequent cruisers value tier perks
Culinary and wine-themed cruise packages	Themed group departures	e.g. cruise lines, chefs	pretix/pretix twentyhq/twenty	Cabin commission plus event fee	10-16% plus event fee	Seller-of-travel registration	Foodies via chef followings	Medium	Celebrity hosts differentiate commodity cruises
Photography-focused expedition cruise groups	Group berths with expert hosts	e.g. expedition operators	pretix/pretix twentyhq/twenty	Commission plus host fees	10-15% plus host fees	Seller-of-travel registration	Photography clubs via instructors	Low	Instructor hosts attract committed enthusiasts
Cruise day-pass and hotel-stay combinations for homeported cities	Pre-cruise hotel and parking	e.g. hotels near ports	Qloapps/QloApps medusajs/medusa	Bundle margin	12-20% margin	none	Cruise passengers via cruise forums	Low	Hotels near ports offer parking deals to guests
Alaska glacier cruise-tour land-and-sea packages	Cruise plus rail and lodge	e.g. cruise-tour wholesalers	twentyhq/twenty odoo/odoo	Commission plus package margin	12-18% total take	Seller-of-travel registration	Seniors via travel seminars	Low	Multi-stop packages are complex enough to need an agent
Cruise-line shareholder and military discount navigator	Discounted cruise fares	e.g. cruise line programs	twentyhq/twenty mautic/mautic	Commission per booking	10-14% commission	Seller-of-travel registration	Veterans and shareholders via forums	Low	Many eligible travelers do not know the discounts exist
Pet-friendly transatlantic crossing booking desk	Transatlantic crossing with kennels	e.g. cruise line crossing desks	twentyhq/twenty chatwoot/chatwoot	Commission plus planning fee	10-15% plus planning fee	Pet travel documentation rules	Relocating pet owners via expat groups	Low	Few lines allow pets; specialist knowledge matters
Teen and young-adult cruise club program	Youth-focused group sailings	e.g. cruise line youth programs	pretix/pretix mautic/mautic	Commission plus group credits	10-16% plus credits	Minor chaperone rules	Parents and student groups	Low	Chaperoned youth cruises fill off-peak sailings

Crypto ATM & Digital Assets · 30

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Bitcoin ATM operator in convenience stores	BTM machines and liquidity	e.g. BTM manufacturers, exchanges	btcpayserver/btcpayserver odoo/odoo	Spread 8-15% (MSB registration, AML)	8-15% spread	MSB registration and AML	Convenience stores and gas stations via host deals	High	Revenue-share with hosts removes site rent risk

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Crypto payment acceptance for e-commerce	Self-hosted crypto checkout	e.g. Lightning nodes	btcpayserver/btcpayserver woocommerce/woocommerce	Setup and hosting fee	60-75% gross margin	none	E-commerce stores via Shopify and Woo forums	Low	Merchants get no-fee payments with own custody
Hardware-wallet authorized reseller	Hardware wallets	e.g. wallet manufacturers' reseller programs	medusajs/medusa karrioapi/karrio	Product margin 10-20%	10-20% product margin	none	Crypto holders via SEO and tutorials	Low	Authorised-reseller status builds trust vs counterfeit listings
Bitcoin-node-in-a-box for enthusiasts	Pre-configured node devices	e.g. mini-PC suppliers	btcpayserver/btcpayserver medusajs/medusa	Device margin	25-40% device margin	none	Bitcoin communities via forums	Low	Plug-and-play beats painful DIY setup
Crypto tax and accounting service	Crypto bookkeeping	e.g. crypto tax engines	firefly-iii/firefly-iii bigcapitalhq/bigcapital	Per-return fee	45-60% gross margin	Tax preparer rules	Active traders via search and Reddit	Low	Complex transaction histories need human cleanup
Crypto-education courses for advisors	Licensed digital-asset courses	e.g. course authors	moodle/moodle frappe/lms	Per-seat fee	60-70% gross margin	none	Financial advisors via firms	Low	Advisors need digital-asset literacy for client questions
Lightning payment setup for merchants	Lightning POS	e.g. Lightning service providers	btcpayserver/btcpayserver opensourcepos/opensourcepos	Setup fee	50-65% gross margin	none	Cafes and shops in Bitcoin-friendly towns	Low	Near-instant payments and very low fees
Crypto custody referral for family offices	Qualified custody	e.g. regulated custodians	twentyhq/twenty docusealco/docuseal	Referral fee (securities rules)	10-25% fee share	Securities referral rules	Family offices via wealth advisors	Low	Custody due diligence is hard for small offices
Mining hosting reseller	Hosted mining capacity	e.g. mining hosting facilities	thingsboard/thingsboard invoiceninja/invoiceninja	Per-kWh markup	10-20% over power cost	Power contracts and zoning	Small miners via forums	High	Customers avoid noise and electricity headaches
Stablecoin payroll for remote contractors	Stablecoin payouts	e.g. regulated payout providers	frappe/hrms blnkfinance/blnk	Per-payout fee (MSB rules)	0.5-1.5% per payout	MSB and sanctions rules	Remote-first startups via HR	Medium	Faster and cheaper cross-border payments
Crypto compliance (travel-rule) outsourcing	AML screening	e.g. compliance vendors	opensanctions/yente MISP/MISP	Per-check fee	40-60% gross margin	AML and travel-rule duties	Small exchanges and OTC desks	Low	Small firms cannot afford in-house compliance teams
Bitcoin donation setup for nonprofits	Donation pages	e.g. self-hosted processor	btcpayserver/btcpayserver WordPress/wordpress-develop	Setup fee	50-65% gross margin	Charity donation reporting	Nonprofits via crypto-friendly donor networks	Low	Donors want to give crypto without processors' fees
Crypto-ATM host location broker	ATM placement deals	e.g. BTM operators	twentyhq/twenty krayin/laravel-crm	Placement fee	500-2,000 USD per site	Operator agreements	ATM operators via direct sales	Low	Operators pay finders for good locations
White-label crypto exchange widget via licensed partner	Buy/sell via regulated exchange	e.g. regulated on-ramp providers	directus/directus keycloak/keycloak	Revenue share (licensed partner)	20-40% fee share	Partner licence required	Fintech apps and wallets	Medium	Offer buy/sell without holding a licence yourself
Seed-phrase steel backup products	Steel backup plates	e.g. metal fabricators	medusajs/medusa karrioapi/karrio	Product margin 50%	45-55% product margin	none	Bitcoin holders via forums	Low	Fire and flood resistance beats paper backups

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Crypto-friendly business bank-account introducer	Introductions to crypto-friendly banks	e.g. fintech and neobank partners	twentyhq/twenty formbricks/formbricks	Referral fee per account	100-500 USD per referral	Referral rules	Crypto startups via communities	Low	Founders struggle with de-banking
Self-custody onboarding concierge for investors	One-to-one wallet setup sessions	e.g. hardware wallet vendors	calcom/cal.com medusajs/medusa	Per-session fee plus hardware margin	50-70% gross margin	none	New crypto holders via YouTube	Low	Fear of losing keys is the main adoption barrier
NFT-ticketing for local events through partner platforms	Blockchain-backed event tickets	e.g. ticketing and minting partners	pretix/pretix medusajs/medusa	Per-ticket fee	10-20% per ticket	Consumer protection rules	Event organisers via creator communities	Medium	Anti-scalping and resale royalties attract organisers
Crypto-to-gift-card checkout for retailers	Gift card sales for crypto	e.g. gift-card distributors	btcpayserver/btcpayserver medusajs/medusa	Spread on gift cards	3-8% spread	MSB rules in some regions	Crypto holders spending day-to-day	Low	Gift cards make crypto spendable at normal retailers
OTC desk for small crypto transactions via partners	Brokered large crypto trades	e.g. liquidity providers	twentyhq/twenty invoiceninja/invoiceninja	Spread per trade	0.5-1.5% spread	MSB and AML rules	High-net-worth buyers via advisors	High	Large trades avoid exchange slippage
Crypto-merchant POS terminals for market stalls	Tablet POS with crypto	e.g. POS tablet suppliers	btcpayserver/btcpayserver opensourcepos/opensourcepos	Hardware plus monthly fee	35-50% gross margin	none	Market stallholders and food vendors	Low	Simple POS for micro-merchants
Estate-planning for crypto holders referral service	Inheritance and key-recovery planning	e.g. estate lawyers, custodians	twentyhq/twenty documenso/documenso	Referral plus planning fee	20-40% fee share	Legal referral rules	Holders via financial planners	Low	Lost keys vanish when holders die
Crypto payroll-compliance advisory for DAOs	Contractor payments and reporting	e.g. legal and accounting partners	frappe/hrms firefly-iii/firefly-iii	Retainer per DAO	50-60% gross margin	Tax and employment rules	DAO treasurers via communities	Low	Contributor payments need tax-friendly records
Crypto-bookkeeping integrations for SME accountants	Accounting plug-ins	e.g. crypto data APIs	firefly-iii/firefly-iii n8n-io/n8n	Per-client monthly	60-70% gross margin	Tax preparer rules	Accounting firms via CPA networks	Low	Accountants lack tooling for crypto reconciliation
Branded crypto-debit card via card-issuing partner	Co-branded crypto spend card	e.g. card-issuing and licensed crypto partners	juspay/hyperswitch apache/fineract	Interchange share	0.5-1.2% of spend	Issuer and MSB rules	Creator and Web3 communities	High	Cards turn crypto balances into spendable money
Crypto-ATM compliance kiosk signage and KYC audit kit	Compliance documents and signage	e.g. compliance consultants, sign printers	opensanctions/yente documenso/documenso	Kit sale plus annual audit	55-70% gross margin	MSB and consumer-warning rules	Small ATM operators via industry groups	Low	Regulators fine operators for missing warnings
Bitcoin treasury onboarding for small businesses	Treasury policy and custody setup	e.g. custodians, accounting partners	twentyhq/twenty btcpayserver/btcpayserver	Setup fee plus retainer	50-65% gross margin	Securities and accounting rules	Business owners via podcasts	Low	Owners want guidance on holding reserves
Crypto point-of-sale training for local merchants	Merchant training sessions	e.g. POS vendors	frappe/lms btcpayserver/btcpayserver	Per-session or per-merchant fee	60-70% gross margin	none	Chambers of commerce	Low	Staff training drives actual usage
Crypto-friendly payroll tax-reporting add-on	Reporting for crypto-paid staff	e.g. payroll providers	frappe/hrms firefly-iii/firefly-iii	Per-employee fee	55-65% gross margin	Payroll tax rules	Employers paying in crypto	Low	Few payroll providers support crypto compensation
Crypto-asset inheritance vault service	Sealed key-recovery packages	e.g. legal and storage partners	nextcloud/server documenso/documenso	Annual vault fee	60-75% gross margin	Estate and privacy law	Holders and lawyers	Low	Recurring revenue from stored recovery plans

Cybersecurity (White-Label SOC) · 30

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
White-label SOC for MSPs	24/7 managed detection	e.g. MDR wholesale providers	wazuh/wazuh TheHive-Project/TheHive	Per-endpoint monthly markup	30-50% markup	Data-handling contracts	MSPs via partner programs	Medium	MSPs sell security without hiring analysts
Vulnerability scanning service for SMEs	Recurring vuln scans	e.g. self-hosted scanners	greenbone/openvas-scanner DefectDojo/django-DefectDojo	Monthly per-IP pricing	60-75% gross margin	Scan authorisation	SMEs via IT consultants	Low	Compliance requires recurring scans with reports
Penetration-testing subcontracting for agencies	Pentest engagements	e.g. freelance pentesters	zaproxy/zaproxy infobyte/faraday	Markup 30-50% per engagement	30-50% markup	Scope contracts and NDAs	Web agencies via partners	Low	Agencies resell tests without in-house testers
Phishing simulation service	Simulated phishing campaigns	e.g. self-hosted phishing framework	gophish/gophish moodle/moodle	Per-user annual	60-75% gross margin	Employee notice rules	SMEs and MSPs	Low	Cheap awareness upgrade for insurance questionnaires
SIEM-as-a-service for compliance	Log management and alerting	e.g. cloud servers	wazuh/wazuh Security-Onion-Solutions/securityonion	Per-GB or per-endpoint	40-60% gross margin	Log-retention rules	Regulated SMEs via auditors	Medium	Compliance requires log retention and review
Threat-intelligence feed reseller	Curated threat intel	e.g. CTI feeds	MISP/MISP OpenCTI-Platform/opencti	Annual subscription	40-60% gross margin	Feed licensing terms	MSSPs and SOC teams	Low	Packaged intel saves small SOCs analyst time
Virtual CISO service	Fractional CISO hours	e.g. freelance CISOs	DefectDojo/django-DefectDojo nextcloud/server	Monthly retainer	30-45% gross margin	none	Startups via VCs and MSPs	Low	Security leadership without a full-time salary
SOC 2 readiness service for startups	Compliance program setup	e.g. auditors, consultants	glpi-project/glpi outline/outline	Project fee plus audit referral	35-50% gross margin	none	SaaS startups via sales demands	Low	Enterprise deals stall without a SOC 2 report
Managed firewall and intrusion prevention	Firewall management	e.g. firewall vendors	crowdsecurity/crowdsec wazuh/wazuh	Per-site monthly	40-55% gross margin	none	Small offices via IT firms	Low	Small firms lack security admins for firewall rules
Zero-trust VPN for remote teams	Mesh VPN	e.g. self-hosted control plane	netbirdio/netbird juanfont/headscale	Per-user monthly	60-75% gross margin	none	Remote teams via IT consultants	Low	Cheaper than enterprise VPN with simple onboarding
Incident-response retainer reseller	IR retainer hours	e.g. IR firms	TheHive-Project/TheHive MISP/MISP	Annual retainer markup	15-30% markup	Cyber insurance requirements	SMEs via insurance brokers	Low	Insurers increasingly demand a named IR provider
Dark-web credential monitoring for SMEs	Breach monitoring	e.g. breach data APIs	n8n-io/n8n OpenCTI-Platform/opencti	Per-domain monthly	55-70% gross margin	Breach-data use terms	SMEs via MSPs	Low	Low-cost alerts for leaked staff passwords
DNS security filtering for schools	Protective DNS	e.g. self-hosted resolvers	AdguardTeam/AdGuardHome pi-hole/pi-hole	Per-student annual	60-75% gross margin	Child-protection filtering rules	School districts via E-rate vendors	Low	Schools need content filtering and malware blocking

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Web application firewall service	Managed WAF	e.g. reverse proxies	crowdsecurity/crowdsec NginxProxyManager/nginx-proxy-manager	Per-site monthly	55-70% gross margin	none	Web agencies and e-commerce stores	Low	Protects hosted sites without per-client engineers
Identity and MFA rollout service	SSO and MFA setup	e.g. self-hosted IdP	keycloak/keycloak zitadel/zitadel	Per-user monthly	55-70% gross margin	none	SMEs via MSPs	Low	MFA is a baseline insurance requirement
Security-awareness training for MSP resale	Training plus phishing	e.g. content libraries	gophish/gophish frappe/lms	Per-user monthly	55-70% gross margin	none	MSPs with SME bases	Low	Easy add-on with recurring revenue
Cyber-insurance readiness assessment package	Control gap assessment and report	e.g. insurance brokers, security tools	DefectDojo/django-DefectDojo glpi-project/glpi	Fixed assessment fee	50-65% gross margin	none	SMEs via insurance brokers	Low	Better controls cut premiums or avoid declines
Medical-practice HIPAA security risk assessment service	Annual security risk analysis	e.g. compliance auditors	DefectDojo/django-DefectDojo wazuh/wazuh	Per-practice annual fee	40-55% gross margin	HIPAA Security Rule	Small clinics via practice managers	Low	Annual risk analysis is mandatory and neglected
Managed endpoint detection for law firms	EDR with monitoring	e.g. MDR providers	wazuh/wazuh crowdsecurity/crowdsec	Per-endpoint monthly	35-50% markup	Client confidentiality terms	Small law firms via legal IT vendors	Medium	Clients demand proof of security during audits
Secrets-scanning and code-security audits for dev shops	Repository scans	e.g. open scanners	zaproxy/zaproxy DefectDojo/django-DefectDojo	Per-repo monthly or per-audit	55-70% gross margin	none	Software agencies via CTOs	Low	Clients ask for evidence of secure development
Honeypot-based early-warning sensors for SMEs	Deployed deception sensors	e.g. small hardware vendors	wazuh/wazuh MISP/MISP	Hardware plus monthly fee	50-65% gross margin	none	SMEs via MSPs	Medium	Honeypots give low-noise intrusion alerts
Mobile-device security management for field teams	Managed MDM and policies	e.g. open MDM platforms	wazuh/wazuh	Per-device monthly	50-65% gross margin	Privacy notices for staff devices	Field service firms via IT consultants	Low	Lost phones with customer data are a liability
Email-security gateway for accountancy firms	Filtering plus phishing protection	e.g. open mail filters	rspamd/rspamd mailcow/mailcow-dockerized	Per-mailbox monthly	55-70% gross margin	none	Accountants via IT firms	Low	Tax-season phishing is intense
Cybersecurity board-briefing and tabletop exercise service	Facilitated tabletop sessions	e.g. security consultants	nextcloud/server DefectDojo/django-DefectDojo	Per-session fee	40-55% gross margin	none	Boards and executives via MSPs	Low	Insurers and boards want rehearsed response plans
Managed patching service for small offices	Patch and update management	e.g. RMM vendors	wazuh/wazuh glpi-project/glpi	Per-device monthly	50-65% gross margin	none	Small offices via IT firms	Low	Unpatched software drives most small-firm breaches
Brand-impersonation and domain-takedown monitoring	Lookalike domain monitoring	e.g. threat-intel feeds	n8n-io/n8n OpenCTI-Platform/opencti	Monthly per-brand fee	50-65% gross margin	Takedown procedures	E-commerce brands and banks	Low	Quick takedowns protect customers from scams
Ransomware-readiness drill and backup-verification service	Simulated ransomware recovery tests	e.g. backup vendors, consultants	restic/restic wazuh/wazuh	Per-test fee or annual plan	45-60% gross margin	none	SMEs via MSPs and insurers	Low	Untested backups fail when needed most
Cloud misconfiguration audit service for startups	Cloud posture scans and fix reports	e.g. open cloud scanners	DefectDojo/django-DefectDojo wazuh/wazuh	Per-audit fee or monthly plan	55-70% gross margin	none	Startups via cloud consultants	Low	Exposed buckets cause most cloud breaches

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Vendor-risk questionnaire automation for SMEs	Security questionnaire responses	e.g. compliance consultants	formbricks/formbricks outline/outline	Per-questionnaire or monthly fee	50-65% gross margin	none	SaaS vendors answering enterprise buyers	Low	Saves days per enterprise security review
Smart-building OT network monitoring for facilities firms	OT traffic monitoring	e.g. open network monitoring tools	Security-Onion-Solutions/securityonion thingsboard/thingsboard	Per-site monthly	45-60% gross margin	Critical-infrastructure rules	Facilities managers via integrators	Medium	Building systems are rarely monitored

Data Backup & Cloud Storage · 30

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
White-label backup for MSPs	Endpoint and server backup	e.g. S3-compatible storage providers	restic/restic kopia/kopia	Per-TB or per-device monthly	40-60% gross margin	Data-residency terms	MSPs via partner programs	Low	MSPs get recurring revenue under their brand
Microsoft 365 backup reseller	SaaS backup	e.g. backup vendors	restic/restic minio/minio	Per-user monthly	30-50% markup	Data protection terms	SMEs via IT firms	Low	Microsoft does not back up customer data for recovery
Private Dropbox-alternative for firms	Hosted file sync	e.g. EU servers	nextcloud/server minio/minio	Per-user monthly	50-65% gross margin	GDPR data processing	Privacy-conscious firms	Low	Data stays under local jurisdiction
Off-site backup appliance for small businesses	Local NAS plus cloud replication	e.g. NAS vendors	borgbackup/borg uroni/urbackup_backend	Hardware plus monthly fee	35-50% gross margin	none	Small offices via IT consultants	Medium	Fast local restores plus off-site safety
Photo-archive cloud for families	Private photo cloud	e.g. storage servers	immich-app/immich photoprism/photoprism	Annual subscription	55-70% gross margin	Privacy law	Families via parenting groups	Low	Alternative to big-tech photo storage
S3-compatible storage reseller	Object storage buckets	e.g. bare-metal or wholesale storage	minio/minio FOSSBilling/FOSSBilling	Per-TB monthly	30-50% gross margin	none	Developers and agencies	Medium	Predictable pricing without egress surprises
Disaster-recovery-as-a-service	Standby VMs	e.g. cloud providers	apache/cloudstack restic/restic	Per-VM monthly	35-50% gross margin	Uptime and data contracts	Mid-size firms via MSPs	High	Failover capacity is expensive to own alone
Legal-hold and e-discovery storage	Compliant archives	e.g. storage vendors	paperless-ngx/paperless-ngx minio/minio	Per-GB monthly	40-55% gross margin	Legal-hold requirements	Law firms via litigation support	Medium	Defensible archives matter in disputes
Website backup service for agencies	Site backups	e.g. object storage	restic/restic duplicati/duplicati	Per-site monthly	60-75% gross margin	none	Web agencies via partner networks	Low	Agencies bill clients while paying pennies per site
Medical-imaging archive storage	PACS archive storage	e.g. HIPAA storage providers	minio/minio nextcloud/server	Per-study fee (HIPAA)	30-45% gross margin	HIPAA and retention rules	Imaging centres and clinics	Medium	Long retention periods require cheap compliant storage
Video-production media storage	Large media storage	e.g. storage servers	minio/minio nextcloud/server	Per-TB monthly	35-50% gross margin	none	Video producers via communities	Medium	Large files overwhelm generic cloud plans

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Data-migration service	Cloud-to-cloud migrations	e.g. migration tools	n8n-io/n8n restic/restic	Per-TB fee	45-60% gross margin	Data-transfer agreements	SMEs switching providers	Low	One-time projects with strong referral flow
Encrypted backup for accountants	Zero-knowledge backup	e.g. object storage	kopia/kopia duplicati/duplicati	Per-office monthly	50-65% gross margin	Client data confidentiality	Accounting firms via associations	Low	Client tax data needs encryption at rest
Document scanning and digitization bureau	Scanning plus hosted archive	e.g. scanning hardware	paperless-ngx/paperless-ngx nextcloud/server	Per-page plus hosting	35-50% gross margin	Records retention law	Law firms and clinics	Medium	Paper archives eat office space
Self-hosted media server setups for families	Personal media server	e.g. mini PCs	jellyfin/jellyfin immich-app/immich	Setup fee plus support	40-55% gross margin	Media-licensing awareness	Tech-minded families	Low	Families want streaming control without subscriptions
NAS backup-as-a-service for photographers	Offsite copies of photo libraries	e.g. object storage providers	restic/restic photoprism/photoprism	Per-TB monthly	45-60% gross margin	none	Wedding photographers via forums	Low	Client photos are irreplaceable
Backup monitoring and verification service for MSPs	Daily restore checks and reports	e.g. backup vendors	restic/restic n8n-io/n8n	Per-client monthly	55-70% gross margin	none	MSPs via communities	Low	Silent backup failures are the top MSP nightmare
School and university lecture-archive storage	Hosted video lecture archives	e.g. object storage	minio/minio jellyfin/jellyfin	Per-TB annual	35-50% gross margin	Student privacy rules	Universities via IT	Medium	Lecture capture creates huge storage needs
Church and nonprofit donor-data backup bundle	Backup plus restore support	e.g. storage vendors	kopia/kopia nextcloud/server	Per-organisation annual	50-60% gross margin	Donor data privacy	Nonprofits via associations	Low	Budget-friendly protection for limited IT staff
Game-server and community backup service	Automated server backups	e.g. object storage	restic/restic minio/minio	Per-server monthly	60-75% gross margin	none	Game communities via Discord	Low	Worlds and mods are labour-intensive to recreate
Podcast and creator archive vaults	Archival storage for raw media	e.g. object storage	minio/minio nextcloud/server	Per-TB monthly	45-60% gross margin	none	Podcasters via communities	Low	Raw archives of years of content
Healthcare records offsite replication for small clinics	Replicated encrypted backups	e.g. HIPAA hosts	restic/restic minio/minio	Per-clinic monthly	40-55% gross margin	HIPAA Security Rule	Small clinics via EHR vendors	Medium	Clinics need documented disaster recovery
Email archiving appliance for local governments	Archived email for records requests	e.g. open archive tools	nextcloud/server paperless-ngx/paperless-ngx	Per-mailbox annual	40-55% gross margin	Public-records law	Municipal governments via RFPs	Medium	Public-records requests need fast searchable archives
Vehicle-dashcam cloud footage storage for fleets	Fleet video archives	e.g. dashcam OEMs, object storage	minio/minio traccar/traccar	Per-vehicle monthly	40-55% gross margin	Driver privacy rules	Fleet managers via insurers	Medium	Footage resolves claims and lowers premiums
Edge backup for retail point-of-sale systems	Store data backups	e.g. object storage	restic/restic opensourcepos/opensourcepos	Per-store monthly	50-65% gross margin	PCI scoping awareness	Retail chains via POS vendors	Low	Sales data losses hit revenue instantly
Genealogy and family-history digital archive service	Digitised photos and documents	e.g. scanners, storage	immich-app/immich paperless-ngx/paperless-ngx	Per-project plus annual hosting	45-60% gross margin	none	Families and genealogists	Low	Sentimental data justifies willingness to pay

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Compliance-driven backup retention for financial advisers	Immutable archive storage	e.g. WORM storage vendors	minio/minio restic/restic	Per-advisor monthly	40-55% gross margin	SEC and FINRA retention	Advisory firms via compliance consultants	Medium	Regulators require records retained and unalterable
Architecture and CAD project archive storage	Long-term project file archives	e.g. object storage vendors	minio/minio nextcloud/server	Per-TB monthly	40-55% gross margin	Records retention rules	Design firms via IT consultants	Low	Project archives must be retrievable years later
Open-source backup monitoring dashboard hosting for MSPs	Hosted monitoring portal	e.g. cloud VPS providers	restic/restic thingsboard/thingsboard	Per-MSP monthly	60-70% gross margin	none	Small MSPs via communities	Low	Single view of client backup health
Seasonal-business offline data vault for farms	Offsite backups for farm records	e.g. object storage	kopia/kopia nextcloud/server	Per-farm annual	50-65% gross margin	none	Farms via cooperatives	Low	Records matter for subsidies and compliance

Durable Medical Equipment (DME) · 30

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
DME e-commerce store for mobility aids	Wheelchairs, walkers, scooters	e.g. DME distributors, dropshippers	woocommerce/woocommerce odoo/odoo	Product margin 25-40%	25-40% product margin	State DME licensing may apply	Caregivers via search and Facebook	Low	Dropship removes inventory risk
CPAP supplies resupply program	CPAP masks and filters	e.g. DME distributors	openemr/openemr killbill/killbill	Recurring margin (Medicare accreditation)	25-35% recurring margin	Medicare accreditation	Sleep-apnea patients via clinics	Medium	Refills are predictable and compliance-driven
Hospital-bed and lift rental for home care	Home medical equipment rentals	e.g. HME wholesalers	odoo/odoo fleetbase/fleetbase	Monthly rental margin	30-45% rental margin	DME licensing and delivery rules	Home-care agencies via discharge planners	Medium	Short-term rental suits families after discharge
Diabetic supplies mail-order	Test strips and CGMs	e.g. distributors	openemr/openemr karrioapi/karrio	Margin per order (accreditation)	15-25% margin	Accreditation and prescriptions	Diabetes patients via clinics	Medium	Automatic refills keep customers on schedule
Compression garment fitting service	Compression stockings	e.g. manufacturers	odoo/odoo calcom/cal.com	Product plus fitting fee	35-50% gross margin	none	Vein clinics and post-surgery patients	Low	Fitting expertise sells higher-end garments
Incontinence supplies subscription	Adult briefs and pads	e.g. distributors	medusajs/medusa killbill/killbill	Subscription margin	25-40% gross margin	none	Caregivers via online search	Low	Discreet monthly delivery is a recurring need
Mobility-scooter rental for theme parks and cruises	Scooter rentals	e.g. rental fleets	LibreBooking/app fleetbase/fleetbase	Daily rental margin	40-60% rental margin	Liability insurance	Tourists via hotels and cruise ports	Low	Travellers avoid shipping heavy gear
Home-accessibility modification broker	Grab bars, ramps, stairlifts	e.g. installers	krayin/laravel-crm calcom/cal.com	Project margin	15-25% project margin	Contractor licensing	Families via occupational therapists	Low	Referral networks from therapists drive demand
Hearing-aid private label OTC	OTC hearing aids	e.g. OEM manufacturers	medusajs/medusa odoo/odoo	Product margin (FDA OTC rules)	35-55% gross margin	FDA OTC hearing-aid rules	Adults over 55 via online ads	Medium	OTC rules open a direct-to-consumer market
Refurbished DME marketplace	Used medical equipment	e.g. hospitals, donors	medusajs/medusa inventree/InvenTree	Resale margin	30-45% resale margin	Sanitisation standards	Cost-conscious families via search	Low	Affordable options for short-term needs

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Oxygen concentrator rental for travelers	Portable oxygen rentals	e.g. POC distributors	LibreBooking/app karrioapi/karrio	Weekly rental margin	35-50% rental margin	FDA prescription device rules	Travellers via pulmonologists	Medium	Airline-approved units are hard to rent short-term
Clinic supplies group-purchasing program	Medical consumables	e.g. medical distributors	odoo/odoo inventree/InvenTree	Admin fee 2-3%	2-3% admin fee	Group-purchasing rules	Small clinics via associations	Low	Small clinics get volume pricing
Orthotic and brace private label	Braces and supports	e.g. orthopedic manufacturers	medusajs/medusa openemr/openemr	Product margin	40-60% gross margin	FDA Class I device rules	Physios and sports clinics	Medium	Branded braces boost clinic retail revenue
Medical-alert device reseller	PERS devices with monitoring	e.g. PERS wholesalers	thingsboard/thingsboard killbill/killbill	Monthly monitoring margin	30-45% monthly margin	Monitoring-service licensing	Seniors via adult children and agencies	Low	Recurring monitoring revenue from one device sale
Asset tracking for hospital equipment	RTLS and asset software	e.g. tag vendors	snipe/snipe-it thingsboard/thingsboard	Per-asset monthly	40-55% gross margin	none	Hospitals and clinics via biomed teams	Medium	Lost equipment costs hospitals thousands
Pediatric mobility equipment lending library	Strollers, walkers, adaptive seating	e.g. pediatric DME makers	odoo/odoo LibreBooking/app	Monthly rental fee	35-50% rental margin	DME licensing	Parents via paediatric therapists	Medium	Children outgrow equipment quickly
Post-surgical recovery kit bundles	Ice therapy, braces, walkers	e.g. DME wholesalers	medusajs/medusa odoo/odoo	Bundle sale per surgery	30-45% bundle margin	none	Patients via surgeons and clinics	Low	One bundle replaces scattered recovery purchases
Bariatric equipment rental for home care	Bariatric beds and lifts	e.g. bariatric DME makers	odoo/odoo fleetbase/fleetbase	Monthly rental fee	35-50% rental margin	DME licensing	Home-care agencies and hospitals	Medium	Specialised equipment is rarely stocked locally
Dementia-safe home product store	Safety locks, GPS watches, door alarms	e.g. specialist manufacturers	medusajs/medusa traccar/traccar	Product margin	35-50% product margin	none	Caregivers via support groups	Low	Targeted niche for worried families
Home-dialysis supply logistics reseller	Dialysis consumables delivery	e.g. dialysis supply distributors	odoo/odoo fleetbase/fleetbase	Per-delivery fee plus margin	15-25% margin	Medical device distribution rules	Home dialysis patients via clinics	High	Reliable deliveries are critical to patients
Sports-injury recovery equipment rental for athletes	Cold compression and boots	e.g. DME suppliers	LibreBooking/app odoo/odoo	Per-day rental fee	40-60% rental margin	none	Athletes and sports clinics	Low	Short-term rental fits injury recovery windows
Telehealth home-monitoring kit reseller	Blood pressure and pulse kits	e.g. device OEMs	thingsboard/thingsboard openemr/openemr	Kit sale plus monthly platform fee	30-50% gross margin	Remote patient monitoring rules	Clinics offering RPM programs	Medium	Clinics need turnkey remote monitoring kits
Disability-friendly vehicle accessory distribution	Hand controls and transfer aids	e.g. adaptive equipment makers	odoo/odoo medusajs/medusa	Product plus install margin	25-40% margin	Vehicle modification rules	Drivers with disabilities via OTs	Medium	Specialised installers are scarce
Wound-care supply subscriptions for home-care nurses	Dressings and consumables	e.g. wound-care distributors	medusajs/medusa killbill/killbill	Subscription margin	20-35% gross margin	Prescription supply rules	Home-care nurses and caregivers	Medium	Regular dressing changes drive predictable demand
Senior-living facility equipment leasing	Beds, chairs, lifts on lease	e.g. DME manufacturers	odoo/odoo invoiceninja/invoiceninja	Monthly lease fee	25-40% lease margin	DME licensing	Assisted-living operators	High	Leasing preserves operator capital
Veteran-focused adaptive equipment guidance and sales	Adaptive equipment bundles	e.g. DME distributors	twentyhq/twenty medusajs/medusa	Product margin plus advisory fee	25-40% margin	VA program rules	Veterans via service organisations	Medium	Navigating benefits is confusing

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Airline-approved portable medical device rentals	Portable nebulizers and oximeters	e.g. device distributors	LibreBooking/app karrioapi/karrio	Per-trip rental fee	40-55% rental margin	Device regulation	Travellers via specialists	Low	Travellers avoid buying seldom-used gear
Respiratory therapy supply store for COPD patients	Nebulizers and accessories	e.g. DME distributors	woocommerce/woocommerce odoo/odoo	Product margin	25-40% product margin	DME licensing	Patients via pulmonary clinics	Low	Niche catalogue builds expert authority
Bath-safety and fall-prevention product bundles for seniors	Shower chairs, grab bars, bath mats	e.g. DME distributors	medusajs/medusa odoo/odoo	Bundle sale plus installation fee	30-45% bundle margin	none	Seniors and families via occupational therapists	Low	Falls are the top senior injury cause
Prosthetic-liner and accessory online store	Liners, socks and care items	e.g. prosthetic accessory manufacturers	woocommerce/woocommerce odoo/odoo	Product margin	30-45% product margin	none	Amputees via clinics and forums	Low	Consumables repeat reliably every few months

Email & Marketing Automation · 30

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
White-label email marketing platform for agencies	Self-hosted newsletter sending	e.g. Amazon SES, Postmark relays	knadh/listmonk mautic/mautic	Per-subscriber tier pricing	60-75% gross margin	Anti-spam laws	Marketing agencies via partner offers	Low	Agencies keep client data and branding
Email newsletter production for local businesses	Done-for-you newsletters	e.g. copywriters, designers	knadh/listmonk penpot/penpot	Monthly fee per client	50-65% gross margin	Anti-spam laws	Local shops via chambers of commerce	Low	Small businesses lack time for regular emails
Marketing automation setup for B2B SMEs	Automation workflows	e.g. automation freelancers	mautic/mautic n8n-io/n8n	Setup fee plus retainer	45-60% gross margin	Consent and privacy laws	B2B SMEs via LinkedIn	Low	Pipeline automation yields measurable leads
SMS marketing reseller for retailers	Bulk SMS credits	e.g. SMS aggregators, Twilio-style CPaaS	jookies/jasmin mautic/mautic	Per-SMS markup 30-100%	30-60% markup	TCPA and opt-in rules	Retailers via POS partners	Low	High open rates for promotions
Email deliverability consulting and warmup	Warmup and DNS setup	e.g. deliverability experts	stalwartlabs/stalwart mailcow/mailcow-dockerized	Project fee	50-65% gross margin	none	Senders with deliverability issues	Low	Poor inbox placement kills campaign ROI
Abandoned-cart email flows for e-commerce	Flow templates and setup	e.g. email designers	mautic/mautic medusajs/medusa	Revenue share or monthly fee	10-15% revenue share	Consent rules	Shopify and Woo stores	Low	Cart recovery has strong measurable return
WhatsApp business messaging reseller	WhatsApp Business API access	e.g. Meta BSPs	chatwoot/chatwoot baptisteArno/typebot.io	Per-conversation markup	20-40% markup	Platform opt-in policies	Local businesses via agencies	Low	Customers prefer WhatsApp to email in many regions
Cold-email outbound service for SaaS	Outbound campaigns	e.g. lead data vendors, mailbox providers	mautic/mautic twentyhq/twenty	Per-meeting booked fee	40-55% gross margin	Anti-spam and privacy laws	B2B SaaS startups via founders	Low	Performance pricing aligns with startup budgets
Direct-mail postcard automation	Triggered postcards	e.g. print-and-mail APIs	n8n-io/n8n mautic/mautic	Per-piece markup	25-40% markup	Postal rules	Real estate and retailers	Low	Physical mail stands out amid inbox clutter
Email template design marketplace	Responsive email templates	e.g. email designers	GrapesJS/grapesjs medusajs/medusa	Per-template license	70-85% gross margin	none	Marketers and agencies	Low	Digital goods with zero marginal cost

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Transactional email relay for developers	SMTP relay service	e.g. dedicated IP providers	stalwartlabs/stalwart knadh/listmonk	Per-1,000 emails pricing	35-55% gross margin	Anti-spam laws	Developers via forums	Medium	Reputation management is hard for small developers
Loyalty SMS clubs for restaurants	Text-to-join clubs	e.g. SMS gateways	jookies/jasmin mautic/mautic	Monthly plus per-message	50-65% gross margin	TCPA opt-in rules	Restaurants via POS resellers	Low	Text offers fill empty tables on slow nights
Webinar marketing funnel service	Webinar hosting plus emails	e.g. webinar platforms	bigbluebutton/bigbluebutton mautic/mautic	Per-webinar fee	45-60% gross margin	Consent rules	Coaches and B2B firms	Low	Funnels combine registration and follow-ups
Push-notification service for publishers	Web push sending	e.g. push infrastructure	n8n-io/n8n appwrite/appwrite	Per-subscriber pricing	50-65% gross margin	Consent rules	Blogs and news sites	Low	Push brings repeat traffic cheaply
Survey-to-email nurture for B2B events	Event follow-up sequences	e.g. event platforms	formbricks/formbricks mautic/mautic	Per-event fee	50-65% gross margin	Consent rules	Event organisers via sponsors	Low	Follow-up converts event leads into pipeline
Birthday and anniversary email program for salons	Triggered reminder emails	e.g. email relays	mautic/mautic alextselegidis/easyappointments	Monthly per salon	60-75% gross margin	Consent rules	Salons via suppliers	Low	Automated touches bring clients back
Newsletter monetisation sponsorship marketplace	Ad placements for newsletters	e.g. newsletter publishers	knadh/listmonk medusajs/medusa	Commission per sponsorship	15-25% commission	Ad disclosure rules	Newsletter writers and brands	Low	Matches small publishers with sponsors
Real-estate drip campaigns for agents	Prebuilt nurture sequences	e.g. email relays	mautic/mautic krayin/laravel-crm	Monthly per agent	55-70% gross margin	Anti-spam laws	Realtors via brokerages	Low	Agents forget to follow up leads
Customer win-back campaign service for gyms	Lapsed-member campaigns	e.g. email and SMS relays	mautic/mautic n8n-io/n8n	Monthly fee plus revenue share	50-65% gross margin	Consent rules	Gym owners via suppliers	Low	Reactivating a member costs less than a new lead
Email-list cleaning and verification service	Bulk email verification	e.g. verification APIs	n8n-io/n8n nocodb/nocodb	Per-1,000 addresses	50-70% gross margin	Data protection rules	Marketers and agencies	Low	Clean lists protect sender reputation
Webhook-driven marketing automation for course creators	Launch sequences and tagging	e.g. email relays	mautic/mautic frappe/lms	Setup fee plus monthly	55-70% gross margin	Consent rules	Course creators via communities	Low	Launch sequences drive course revenue
Newsletter-to-podcast repurposing and email service	Audio versions plus emails	e.g. text-to-speech vendors	knadh/listmonk n8n-io/n8n	Monthly per client	45-60% gross margin	Anti-spam laws	Publishers and consultants	Low	Repurposing content lifts reach
Nonprofit donor-appeal email and SMS service	Campaign production and sending	e.g. email relays, SMS gateways	mautic/mautic knadh/listmonk	Monthly retainer per nonprofit	45-60% gross margin	Fundraising and consent rules	Nonprofits via development directors	Low	Year-end appeals drive major donations
Event-ticket reminder and upsell email service	Triggered ticket-holder campaigns	e.g. ticketing systems, email relays	pretix/pretix mautic/mautic	Per-event fee	50-65% gross margin	Consent rules	Event organisers via ticketing partners	Low	Reminders cut no-shows and sell add-ons
Local-restaurant weekly specials email and SMS bundle	Done-for-you weekly campaigns	e.g. relays and designers	mautic/mautic knadh/listmonk	Monthly flat fee	55-70% gross margin	TCPA opt-in rules	Restaurants via chambers	Low	Fills slow nights with minimal effort
B2B newsletter ghostwriting and distribution	Ghostwritten executive newsletters	e.g. freelance writers	knadh/listmonk twentyhq/twenty	Monthly retainer	40-55% gross margin	none	Founders and executives via LinkedIn	Low	Thought leadership without a writing burden

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Automated review-request campaigns for local clinics	Review request email and SMS	e.g. SMS and email gateways	mautic/mautic formbricks/formbricks	Monthly per clinic	60-70% gross margin	Healthcare marketing rules	Local clinics via agencies	Low	More reviews improve local search ranking
Shopify back-in-stock notification service	Stock alert emails	e.g. email relays	medusajs/medusa mautic/mautic	Monthly per store	60-75% gross margin	Consent rules	Shopify merchants via app stores	Low	Captures demand that would otherwise be lost
Podcast guest-outreach and booking email service	Outreach campaigns for guests	e.g. email relays	mautic/mautic calcom/cal.com	Per-booking or monthly fee	45-60% gross margin	Anti-spam laws	Podcasters and authors	Low	Outreach is time-consuming for creators
Re-engagement email service for SaaS churn	Win-back and dunning sequences	e.g. email relays	mautic/mautic killbill/killbill	Monthly plus revenue share	50-65% gross margin	Consent rules	SaaS startups via founders	Low	Recovering churned accounts is cheaper than new acquisition

Energy & Utility Brokering · 31

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Commercial electricity broker in deregulated states	Retail electricity supply contracts for businesses	e.g. Constellation, NRG, Direct Energy broker programs	twentyhq/twenty docusealco/docuseal	Per-kWh adder paid monthly by supplier	$0.002-0.006 per kWh residual	Broker license in TX, IL, PA, others	Restaurants and small manufacturers via door-to-door and referrals	Low	Residuals compound across 3-5 year contracts you keep renewing
Natural-gas procurement for manufacturers	Wholesale-indexed gas supply contracts	e.g. gas marketers, Shell Energy, regional LDC choice programs	espocrm/espocrm metabase/metabase	Per-therm commission paid by marketer	$0.01-0.03 per therm	State gas-broker registration in some states	Plants using boilers and furnaces via trade associations	Low	Price volatility makes hedged contracts an easy sell
Community solar subscription sales	Community solar farm shares to households	e.g. Nexamp, Arcadia, local community solar developers	krayin/laravel-crm mautic/mautic	Per-subscriber bounty $100-300 plus trailing	$150-400 per enrolled household	State community-solar consumer rules	Renters and HOAs in NY, MN, IL via canvassing	Low	No panels needed so renters convert fast with 5-10% bill savings
Utility bill audit and refund service	Historical overcharge recovery and rate corrections	Freelance utility auditors, rate-tariff databases	paperless-ngx/paperless-ngx metabase/metabase	Contingency share of refunds recovered	30-50% of refunds	None beyond standard contracts	Hospitals and multi-site retailers via cold email	Low	Zero-risk pitch since clients pay only when money comes back
Telecom expense management for enterprises	Telecom invoice audits and contract optimization	Carrier billing data, telecom master agents	metabase/metabase glpi-project/glpi	Share of savings or monthly per-line fee	25-40% of first-year savings	None	CFOs of 200-2000 employee firms via LinkedIn	Low	Carrier billing errors run 10-15% so savings are nearly guaranteed
Residential energy switching site (UK/EU)	Energy tariff switches to partner suppliers	e.g. Octopus, EDF, Ovo affiliate and comparison programs	WordPress/wordpress-develop mautic/mautic	Per-switch commission from supplier	£20-60 per completed switch	Ofgem Confidence Code accreditation for comparison sites	Movers and bill-shock households via SEO content	Low	Price-cap news cycles drive predictable search spikes
EV-charger installation and network resale	Chargers plus network back-office software	e.g. ChargePoint, Autel, Wallbox distributor programs	steve-community/steve odoo/odoo	Hardware margin plus monthly network fee	20-30% hardware, 20-40% SaaS	Electrical permits, OCPP and ADA requirements	Apartment owners and workplaces via electricians	Medium	Incentive programs fund 30-80% of install so closes are easy
Demand-response aggregator for SMEs	Grid flexibility enrollment and curtailment events	e.g. Enel X, CPower, Voltus partner programs	thingsboard/thingsboard metabase/metabase	Share of capacity payments earned by clients	20-35% of incentive payments	ISO market participation via aggregator	Cold storage and manufacturers in PJM territory	Medium	Clients get paid to do nothing most of the year

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Water and waste-hauling contract broker	Dumpster and recycling hauling contracts	e.g. Waste Management, Republic, independent haulers	twentyhq/twenty invoiceninja/invoiceninja	Commission on hauler contract value	10-20% of monthly hauling spend	None	Restaurants and property managers via local networking	Low	Hauler pricing is opaque so audits reveal 20-30% savings
Energy-efficiency LED retrofit sales	LED fixtures with partner installation	e.g. Signify, Acuity, lighting distributors, electricians	odoo/odoo krayin/laravel-crm	Product and install margin plus rebates	25-40% gross margin	Electrical contractor license for installs	Warehouses and parking garages via utility rebate lists	Medium	Utility rebates often cover half the project cost
Carbon-credit offset reseller for SMEs	Verified carbon credits in small lots	e.g. Verra and Gold Standard registries, project developers	medusajs/medusa metabase/metabase	Per-tonne markup on wholesale credits	15-30% markup per tonne	Registry account and retirement documentation	E-commerce brands and event organizers via content	Low	Wholesale lots are too large for SMEs to buy directly
Heat-pump sales agency	Heat pumps installed by partner HVAC firms	e.g. Mitsubishi, Daikin distributors, local installers	krayin/laravel-crm calcom/cal.com	Per-install referral commission	$500-1,500 per installed system	HVAC license sits with installer partners	Homeowners replacing furnaces via Google Ads	Low	Rebates and tax credits up to $8,000 drive urgency
Smart-meter energy monitoring service	Submeters and dashboards for building operators	e.g. Shelly, Emporia, Eastron meter vendors	thingsboard/thingsboard grafana/grafana	Hardware margin plus monthly dashboard fee	30% hardware, $20-100 per site monthly	Electrical install permits	Gyms and restaurants via facility managers	Medium	Visible waste pays for itself within months
Moving-concierge utility setup service	Electric, gas, internet and water connections	e.g. utilities, ISPs, retail energy providers' referral programs	twentyhq/twenty n8n-io/n8n	Per-connection bounty from providers	$20-100 per activated service	Energy broker license in some states	Apartment leasing offices and realtors via partnerships	Low	Free to movers and leasing offices love one less task
Multi-site franchise energy reverse-auction procurement	Bundled supply contracts across franchise locations	e.g. retail energy suppliers bidding via auction desks	odoo/odoo metabase/metabase	Per-kWh adder on aggregated load	$0.001-0.004 per kWh	Broker license in deregulated states	Franchisee associations via franchise conventions	Low	Aggregated load wins pricing single stores never see
Municipal streetlight and facility energy aggregation consultant	Joint-purchase energy contracts for towns	e.g. retail suppliers, municipal aggregation programs	metabase/metabase paperless-ngx/paperless-ngx	Consulting fee plus per-kWh adder	$0.001-0.002 per kWh	Public procurement rules and broker license	Town managers via county associations	Low	Small towns lack staff to run competitive solicitations
REC and green-tariff bundles for marketing claims	Renewable energy certificates with marketing kit	e.g. Green-e certified REC marketers, 3Degrees	medusajs/medusa invoiceninja/invoiceninja	Markup per MWh plus badge subscription	20-35% markup	FTC Green Guides claim substantiation	Breweries and DTC brands via sustainability consultants	Low	Brands want the claim, not procurement complexity
Commercial battery storage subscription sales agency	Behind-the-meter batteries under storage-as-a-service	e.g. Stem, Tesla Megapack integrators, financiers	krayin/laravel-crm thingsboard/thingsboard	Origination fee per kW contracted	$50-150 per kW	Interconnection and electrical permits via installer	Manufacturers with high demand charges via utility data	Medium	Demand-charge savings fund the subscription with no capex
Propane and heating-oil buying club broker	Negotiated bulk fuel pricing for households	e.g. Suburban Propane, AmeriGas, local dealers	invoiceninja/invoiceninja mautic/mautic	Per-gallon rebate from dealer	$0.05-0.15 per gallon	None	Rural homeowners via Facebook groups and churches	Low	Dealers pay for guaranteed volume in slow seasons
Cold-storage tariff and demand-charge optimization	Rate-class changes and load-shifting plans	Utility tariff data, metering vendors	metabase/metabase thingsboard/thingsboard	Share of verified bill savings	25-40% of savings	None	Cold-storage warehouses and ice rinks via trade shows	Low	Wrong rate class is common and costs tens of thousands
EV fleet charging-as-a-service sales agency	Depot chargers plus managed charging subscriptions	e.g. bp pulse, Electrada, charging-as-a-service providers	steve-community/steve krayin/laravel-crm	Commission per charger port contracted	$300-1,000 per port	Electrical permits via installer partner	Delivery and shuttle fleets via fleet managers	Low	Fleets electrify on mandates but hate owning infrastructure
ESCO energy-performance contract referral broker	Guaranteed-savings retrofit contracts	e.g. Ameresco, Johnson Controls, regional ESCOs	twentyhq/twenty paperless-ngx/paperless-ngx	Referral fee on project value	1-3% of project value	None	School districts and hospitals via facility directors	Low	Projects are $1M+ so one deal funds a year

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Submetering and tenant utility billing for landlords	Meters plus monthly tenant bill-back service	e.g. Inovonics, Next Century submeter vendors	thingsboard/thingsboard invoiceninja/invoiceninja	Per-unit monthly billing fee	$2-5 per unit monthly	State submetering and PUC rules	Multifamily owners via property management firms	Medium	Landlords recover 15-25% of utility costs they absorbed
Water-efficiency retrofit sales agency for hotels	Low-flow fixtures with partner plumbers	e.g. Niagara, Sloan distributors, plumbing contractors	odoo/odoo calcom/cal.com	Product margin plus share of rebates	25-35% gross margin	Plumbing license sits with installer	Hotel GMs and senior-living operators via rebate programs	Low	Water rates rise yearly and payback is under two years
Energy-audit lead generation for efficiency contractors	Qualified audit appointments	Independent contractors buying leads	mautic/mautic krayin/laravel-crm	Per-appointment fee to contractors	$50-200 per appointment	Telemarketing and TCPA consent rules	Insulation and HVAC contractors via industry groups	Low	Rebate programs create demand contractors cannot market to
Texas residential electricity plan comparison site	Retail electricity plan enrollments	e.g. Gexa, TXU, Reliant affiliate programs	WordPress/wordpress-develop n8n-io/n8n	Per-enrollment affiliate commission	$30-100 per enrollment	PUCT aggregator or broker registration	Movers via realtor and apartment locator partnerships	Low	Texans must choose a plan so intent is built in
Standby-generator sales and service-plan agency	Home generators with partner install and maintenance	e.g. Generac, Kohler dealer programs, electricians	krayin/laravel-crm calcom/cal.com	Unit margin plus annual service plan	15-25% unit, 40% service plan	Electrical and gas permits via installer	Suburban homeowners after outages via local ads	Medium	Every storm season creates urgent demand
Building energy-management SaaS reseller for property managers	White-labeled BEMS dashboards	e.g. BuildingOS-type platforms, sensor OEMs	thingsboard/thingsboard grafana/grafana	Per-building monthly subscription	30-50% SaaS margin	None	Commercial property managers via BOMA chapters	Low	Benchmarking laws in big cities force adoption
Utility rebate and incentive filing service for contractors	Rebate application preparation and tracking	Utility and state incentive programs	paperless-ngx/paperless-ngx n8n-io/n8n	Per-application fee or percent of rebate	10-15% of rebate value	None	HVAC and lighting contractors via distributor counters	Low	Contractors leave rebates unclaimed because paperwork is tedious
Behind-the-meter power broker for bitcoin miners	Stranded gas and surplus power contracts	Gas producers, independent power producers	twentyhq/twenty docusealco/docuseal	Per-MWh brokerage fee	$0.50-2 per MWh	State power-marketing and siting rules	Mining hosts via industry conferences	Low	Miners chase cheap power anywhere and move fast
Fleet fuel-card and bulk-fuel procurement broker	Fuel cards and bulk diesel contracts	e.g. WEX, Fuelman, regional fuel distributors	invoiceninja/invoiceninja metabase/metabase	Per-gallon rebate share	$0.02-0.05 per gallon	None	Landscaping and construction fleets via local outreach	Low	Fuel is the second-largest fleet cost and rarely negotiated

Event Ticketing & Resale · 32

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
White-label ticketing for small venues	Branded online box office and door scanning	Self-hosted ticketing software, Stripe-type processors	pretix/pretix HiEventsDev/Hi.Events	Per-ticket fee added to buyer price	$0.50-2 per ticket	Sales tax and refund-disclosure rules	Music venues and theatres via local promoter network	Low	Venues keep customer data instead of handing it to Ticketmaster
Authorized ticket broker for sports and concerts	Secondary-market tickets sourced legally	e.g. Ticketmaster Resale, StubHub, team broker programs	odoo/odoo twentyhq/twenty	Spread between buy and sell price	10-25% spread per ticket	State broker licenses, BOTS Act, resale caps	Corporate clients and concierges via referrals	Medium	Pricing data and relationships beat casual flippers
Hospitality package reseller for major events	Official VIP hospitality packages	e.g. On Location, official tournament hospitality agents	pretix/pretix twentyhq/twenty	Package margin on wholesale allocation	10-20% package margin	Official sub-agent agreement, seller-of-travel rules	Corporate sales teams via LinkedIn and golf clubs	Medium	Companies buy experiences for clients regardless of price

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Pet-waste removal micro-franchise	Route-based pet waste service	e.g. supply vendors	odoo/odoo calcom/cal.com	Subscription fees	60-70% gross margin	Business license	Dog-owning households	Low	Recurring revenue with minimal gear
Phone charging station kiosk network	Charging kiosks placed in venues	e.g. kiosk manufacturers	odoo/odoo traccar/traccar	Per-charge fee and ads	45-60% gross margin	Venue lease agreements	Bars and event venues	Medium	Travelers pay for emergency power
Fresh-squeezed orange juice vending franchise	Juicers placed in grocery stores	e.g. machine suppliers	odoo/odoo traccar/traccar	Per-cup margin	50-65% gross margin	Food safety rules	Grocery managers	High	Freshness sells at a premium

Freight Brokering · 31

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Freight brokerage for small manufacturers	Truckload capacity matched to shipments	Carriers via DAT and Truckstop load boards	fleetbase/fleetbase odoo/odoo	Spread between shipper rate and carrier pay	12-18% gross margin per load	FMCSA broker authority and $75k bond	Small manufacturers via plant managers and cold calls	Medium	Small shippers lack leverage and need a reliable rep
LTL freight reseller with carrier contracts	Discounted LTL shipments on blanket pricing	e.g. Worldwide Express, GlobalTranz, carrier agent programs	karrioapi/karrio odoo/odoo	Markup per shipment over contract rate	15-25% markup	Broker authority or agent agreement	E-commerce sellers shipping pallets via marketplaces	Low	Aggregated volume unlocks discounts individuals never get
Freight agent under host brokerage	Loads moved under host authority	Agent-friendly brokerages with back office	twentyhq/twenty fleetbase/fleetbase	Commission split of gross margin	60-70% of margin	Host holds FMCSA authority and bond	Shippers from prior industry relationships	Low	Zero compliance overhead and instant credit lines
Ocean freight NVOCC reseller	FCL and LCL container space	Ocean carriers, consolidators, co-loaders	odoo/odoo paperless-ngx/paperless-ngx	Per-container spread over carrier rates	$100-400 per container	FMC OTI license and bond	Importers of furniture and machinery via trade shows	Medium	Small importers get ignored by large forwarders
Air-cargo GSA for small airlines	Cargo capacity sales on behalf of airlines	Regional airlines' cargo departments	odoo/odoo twentyhq/twenty	Commission on cargo revenue sold	3-5% of cargo revenue	IATA CASS participation	Forwarders in one airport market via sales visits	Medium	Airlines outsource sales in markets they cannot staff
Produce and reefer freight specialist	Refrigerated truckloads for growers	Reefer carriers and owner-operators	fleetbase/fleetbase thingsboard/thingsboard	Margin per load	12-16% per load	FMCSA authority, PACA awareness	Growers and packers via produce associations	Medium	Perishables pay premiums for reliability
Car-shipping broker	Auto transport on open and enclosed carriers	Car-hauler carriers via Central Dispatch	fleetbase/fleetbase krayin/laravel-crm	Flat fee per vehicle	$150-300 per vehicle	FMCSA broker authority and bond	Relocating families and dealers via SEO	Low	Consumers search online and compare three quotes
Heavy-haul and project cargo broker	Oversize and overweight moves	Specialized heavy-haul carriers	fleetbase/fleetbase nextcloud/server	Margin per move	10-15% per move	FMCSA authority, permit compliance	Equipment dealers and wind-energy contractors via referrals	Medium	Complex moves command high fees and loyalty
Intermodal rail drayage broker	Rail containers with drayage legs	IMCs, railroads, dray carriers	odoo/odoo fleetbase/fleetbase	Margin per container	8-12% per container	FMCSA authority, IMC agreements	Shippers moving 1,000-plus miles via cost pitch	Medium	Rail saves 15-30% versus truck on long hauls
Digital freight-quote widget for e-commerce	Instant pallet and parcel quotes on checkout	Rate APIs from carriers and brokers	karrioapi/karrio directus/directus	Per-shipment fee or margin	$5-15 per shipment	Broker authority if arranging freight	Shopify merchants selling bulky goods via app listings	Low	Bulky-goods sellers lose carts to unclear shipping
Hazmat freight specialist	Hazmat-certified carrier capacity	Hazmat-endorsed carriers	fleetbase/fleetbase paperless-ngx/paperless-ngx	Premium margin per load	15-20% per load	FMCSA authority, hazmat documentation rules	Chemical distributors and battery shippers via associations	Medium	Few brokers understand hazmat paperwork

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Expedited and hotshot freight brokerage	Same-day hotshot and sprinter capacity	Hotshot owner-operators and expedite carriers	fleetbase/fleetbase traccar/traccar	Margin per load	15-25% per load	FMCSA authority and bond	Plants with line-down emergencies via maintenance managers	Low	Emergencies are price-insensitive
Freight audit and pay service	Carrier invoice audits and payment processing	Shippers' carrier invoices	paperless-ngx/paperless-ngx metabase/metabase	Per-invoice fee or savings share	$1-3 per invoice or 30% savings	None	Mid-size shippers via CFO outreach	Low	Invoice errors run 3-5% of freight spend
Truck-parking reservation marketplace	Reserved truck parking spots	Lot owners, truck stops, industrial sites	supabase/supabase traccar/traccar	Booking commission	15-20% per booking	Local zoning for parking use	Fleet safety managers via trucking associations	Low	Parking shortage is drivers' top complaint
Moving-company lead broker	Qualified household-move leads	Licensed movers buying leads	krayin/laravel-crm mautic/mautic	Per-lead fee	$20-60 per lead	FMCSA household-goods broker registration	Local movers via sales calls	Low	Movers pay for leads every busy season
Flatbed freight specialist for steel and lumber	Flatbed and step-deck capacity	Flatbed carriers and owner-operators	fleetbase/fleetbase twentyhq/twenty	Margin per load	12-18% per load	FMCSA authority, securement rules awareness	Steel service centers and lumber yards via visits	Medium	Flatbed needs tarping know-how most brokers lack
US-Mexico cross-border truckload broker	Cross-border loads with transfer at Laredo	Mexican and US carriers, customs brokers	fleetbase/fleetbase paperless-ngx/paperless-ngx	Margin per load	12-18% per load	FMCSA authority, customs documentation	Maquiladora suppliers via trade associations	Medium	Nearshoring boom outpaces bilingual broker capacity
Air freight consolidator China-to-US for e-commerce	Consolidated air cargo space	Forwarders and airline block-space holders	odoo/odoo karrioapi/karrio	Per-kilo markup	$0.30-1 per kilo	IAC indirect air carrier certification	Amazon sellers via seller forums	Medium	Small shippers get spot rates far above consolidator rates
Liquid bulk tanker freight broker	Tanker trailers for food and chemicals	Tanker carriers with wash-out certifications	fleetbase/fleetbase docusealco/docuseal	Margin per load	10-15% per load	FMCSA authority, kosher and food-grade rules	Food ingredient makers via industry shows	Medium	Tanker capacity is scarce and specialized
Livestock transport broker for ranchers	Cattle and hog hauling capacity	Livestock haulers	fleetbase/fleetbase krayin/laravel-crm	Margin per load	10-15% per load	FMCSA authority, animal welfare transport rules	Ranchers via sale barns and auctions	Low	Sale barns need reliable haulers every week
Boat and RV transport broker	Marine and RV hauling	Specialized boat and RV haulers	fleetbase/fleetbase supabase/supabase	Flat fee per unit	$300-800 per unit	FMCSA broker authority	Dealers and buyers via marketplace listings	Low	Online boat sales create interstate transport demand
Dedicated capacity contracts for regional shippers	Committed weekly truck capacity	Small carriers wanting steady lanes	fleetbase/fleetbase docusealco/docuseal	Margin on contracted lanes	8-12% per load	FMCSA authority and bond	Regional distributors via lane analysis pitches	Low	Both sides prefer predictability over spot chaos
Freight claims recovery service for shippers	Damage and loss claim filing	Shippers' claims against carriers	paperless-ngx/paperless-ngx invoiceninja/invoiceninja	Contingency share of recovered claims	25-35% of recovery	Carmack Amendment knowledge, no license	Furniture and electronics shippers via brokers	Low	Shippers abandon claims that are recoverable
Rail carload and transload brokerage	Boxcar and hopper capacity with transloading	Short-line railroads, transload facilities	odoo/odoo fleetbase/fleetbase	Margin per carload	$200-600 per car	Rail contract terms, STB awareness	Lumber mills and grain elevators via visits	Medium	Short lines want sales help to win carload traffic
LTL consolidation pool for small e-commerce brands	Pooled pallet shipments to retail DCs	Consolidation warehouses, LTL carriers	karrioapi/karrio odoo/odoo	Per-pallet fee	$30-80 per pallet	Broker authority	DTC brands entering Target and Walmart via consultants	Low	Retailer chargebacks punish small brands shipping alone

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Carrier vetting and onboarding service for small brokers	Carrier compliance checks and packets	FMCSA data, insurance verification APIs	n8n-io/n8n nocodb/nocodb	Per-carrier fee or monthly	$5-15 per carrier vetted	None	New brokerages via broker Facebook groups	Low	Double-brokering fraud makes vetting essential
Truck dispatch service for owner-operators	Load finding and paperwork for truckers	Load boards and brokers	fleetbase/fleetbase invoiceninja/invoiceninja	Percent of gross load revenue	5-10% of gross	Must not act as unlicensed broker	Owner-operators via truck stops and Facebook	Low	Drivers pay to stay driving instead of negotiating
White-label TMS for small shippers	Branded shipment management portal	Open-source TMS software, carrier APIs	fleetbase/fleetbase karrioapi/karrio	Monthly SaaS plus freight margin	$200-500 monthly per shipper	Broker authority if booking freight	Shippers with 20-plus loads monthly via demos	Low	Sticky software locks in freight volume
Oversize-load permit and escort coordination service	State permits and pilot-car scheduling	State DOT permit systems, escort companies	paperless-ngx/paperless-ngx calcom/cal.com	Per-permit fee plus escort markup	$50-150 per permit	State permit service rules	Heavy-haul carriers via trucking associations	Low	Carriers hate multi-state permit paperwork
Alcohol freight broker with licensed carriers	Beer, wine and spirits truckloads	Alcohol-permitted carriers	fleetbase/fleetbase paperless-ngx/paperless-ngx	Margin per load	12-18% per load	FMCSA authority, state alcohol transport permits	Craft breweries and distilleries via guilds	Medium	Compliance complexity keeps generalist brokers out
Pharmaceutical cold-chain freight broker	Temperature-validated reefer capacity	GDP-compliant reefer carriers	fleetbase/fleetbase thingsboard/thingsboard	Premium margin per load	15-22% per load	FMCSA authority, GDP documentation	Generic drug distributors via quality managers	Medium	Validated carriers are scarce and shippers pay up

Game Publishing · 31

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Indie game publishing label	Publishing and distribution rights to indie titles	Indie developers found at jams and itch.io	godotengine/godot discourse/discourse	Revenue share after recoupment	30-50% of net revenue	Platform publisher agreements, ratings compliance	Solo devs via Discord servers and game jams	Medium	Devs trade revenue for marketing and platform know-how
Mobile game reskin studio	Licensed game source codes rethemed	e.g. Codester, SellMyApp source marketplaces	godotengine/godot appwrite/appwrite	Ad and in-app purchase revenue	$0.05-0.30 ARPDAU	App store policies, COPPA for kids titles	Casual players via ad networks	Low	Proven mechanics plus fresh themes ship in weeks
Porting service to consoles	Porting work via contracted engineers	Porting studios and freelance engine programmers	godotengine/godot makeplane/plane	Fixed fee plus royalty on ported sales	20-30% markup on porting labor	Console developer program approval	PC indie studios via publisher referrals	Medium	Studios lack console dev kits and certification experience
Game localization and QA subcontracting	LQA testers and translators	QA vendors and freelance linguists	WeblateOrg/weblate makeplane/plane	Hourly markup on tester time	25-40% on hourly rates	Data NDAs for unreleased builds	Mid-size studios via producers on LinkedIn	Low	Launch crunch makes studios outsource testing
Multiplayer backend hosting for indies	Managed game servers and matchmaking	Cloud servers, bare-metal hosts	heroiclabs/nakama coollabsio/coolify	Monthly fee per concurrent users	40-60% gross margin	Data-protection rules for player data	Indie multiplayer devs via engine forums	Medium	Indies cannot run backend ops alone

Managed VPS reseller with control panel	VPS instances	e.g. Hetzner, OVHcloud, DigitalOcean	Paymenter/Paymenter hestiacp/hestiacp	Monthly markup 50-200%	50-200% over raw VPS	none	Freelance developers via forums	Low	Panel plus backups and support justify markup over raw cloud servers
Game-server hosting brand	Game server instances	e.g. dedicated server providers	Paymenter/Paymenter heroiclabs/nakama	Monthly per-slot pricing	40-70% gross	none	Gaming communities via Discord and Reddit	Medium	Community-run branding and mod installs attract loyal recurring players
Niche TLD domain storefront for creatives	Domain registrations	e.g. ICANN registrar reseller APIs	FOSSBilling/FOSSBilling PowerDNS/pdns	Margin per registration	$2-8 per domain	ICANN rules via upstream registrar	Designers and artists via Instagram	Low	Curated creative names and portfolio bundles differentiate from bulk registrars
Private cloud hosting for regulated SMEs	Dedicated cloud tenants	e.g. colocation providers	apache/cloudstack OpenNebula/one	Monthly contract	25-40% gross	Data residency and compliance audits	Clinics and accountants via IT consultants	High	Local data residency and compliance paperwork is hard for hyperscalers to offer
Managed DNS service for agencies	Authoritative DNS	e.g. anycast DNS hosts	PowerDNS/pdns FOSSBilling/FOSSBilling	Per-zone monthly	60-80% gross	none	Web agencies via partner programs	Low	White-label dashboard lets agencies bill DNS to clients under own brand
cPanel-alternative reseller hosting	Shared hosting accounts	e.g. dedicated servers	froxlor/froxlor usmannasir/cyberpanel	Monthly per account	50-70% gross	none	Freelancers via web-design communities	Low	Free panels avoid per-account licence fees that eat reseller margin
SSL certificate reseller	Commercial SSL certificates	e.g. CA reseller programs	FOSSBilling/FOSSBilling invoiceninja/invoiceninja	Margin per certificate	15-40% per cert	CA reseller agreement	Agencies and small ecommerce stores	Low	OV and EV certificates still need paperwork that buyers outsource
App PaaS hosting for indie developers	Docker app hosting	e.g. cloud servers	coollabsio/coolify dokku/dokku	Per-app monthly	60-80% gross	none	Indie hackers via Hacker News and X	Low	Heroku-style simplicity at flat price without per-seat fees
GPU server rental reseller for AI startups	GPU instances	e.g. GPU cloud wholesalers	Paymenter/Paymenter apache/cloudstack	Hourly markup	15-35% over wholesale	none	AI startups via accelerator programs	High	Reserved wholesale capacity resold in small slices to teams priced out

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Uptime monitoring service for web agencies	Monitoring and status pages	e.g. self-hosted monitors	louislam/uptime-kuma zabbix/zabbix	Per-monitor monthly	70-85% gross	none	Web agencies via cold email	Low	Branded status pages let agencies show value to maintenance clients
Object-storage reseller for media companies	S3-compatible storage	e.g. bare-metal storage servers	minio/minio FOSSBilling/FOSSBilling	Per-TB monthly	40-60% gross	none	Video production houses via direct outreach	Medium	No egress fees undercuts hyperscaler storage for large media archives
Domain-parking and brokerage service	Premium domain sales	e.g. domain marketplaces	FOSSBilling/FOSSBilling twentyhq/twenty	Commission 10-20%	10-20% of sale price	none	Startups seeking names via LinkedIn	Low	Negotiation skill and escrow trust close deals buyers fear to attempt
Local-language hosting brand for emerging markets	Hosting with local payments	e.g. VPS providers	Paymenter/Paymenter hestiacp/hestiacp	Monthly plans	40-60% gross	Local business and tax registration	Local SMEs via social media	Low	Local currency payment and native-language support missing from global hosts
Reverse-proxy and CDN-lite service	Edge proxy configs	e.g. edge VPS providers	NginxProxyManager/nginx-proxy-manager crowdsecurity/crowdsec	Monthly per-site	60-75% gross	none	Small publishers via WordPress forums	Low	Cheap caching plus bot blocking for sites that outgrew shared hosting
WordPress agency hosting with white-label care plans	Managed WordPress hosting	e.g. cloud VPS, managed WP wholesalers	hestiacp/hestiacp FOSSBilling/FOSSBilling	Per-site monthly	50-70% gross	none	Boutique web agencies via partner pitches	Low	Agencies resell hosting plus updates and avoid managing servers themselves
Email hosting reseller for domains owners	Business mailboxes	e.g. Mailcow hosts, Zoho or Titan resell programs	mailcow/mailcow-dockerized FOSSBilling/FOSSBilling	Per-mailbox monthly	30-50% per mailbox	none	Domain buyers at checkout upsell	Low	Attach rate on domain sales is high and churn is low
Static-site hosting for restaurants	Website hosting bundles	e.g. object storage, CDN providers	directus/directus FOSSBilling/FOSSBilling	Monthly flat plan	70% gross	none	Restaurants via POS reseller partners	Low	Menu-edit tools and Google listing setup beat generic builders
Backup-as-a-service reseller for small offices	Offsite backup storage	e.g. object storage vendors	restic/restic FOSSBilling/FOSSBilling	Per-GB monthly	40-60% gross	none	Small offices via local IT shops	Low	Managed restore testing is the paid value, not raw storage
Dedicated server colocation broker	Rack space and bandwidth	e.g. regional colocation facilities	netbox-community/netbox FOSSBilling/FOSSBilling	Broker commission plus remote hands fee	10-20% commission	none	Small ISPs and startups via network forums	Medium	Facility shopping and contract negotiation saves buyers weeks
Minecraft server hosting for schools	Game server instances	e.g. dedicated server providers	pterodactyl/panel Paymenter/Paymenter	Per-term subscription	50-70% gross	Student data privacy rules	Schools and coding clubs via educators	Low	Moderated safe servers with lesson plans appeal to teachers

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Domain portfolio management for law firms	Domain registrations and monitoring	e.g. corporate registrar APIs	FOSSBilling/FOSSBilling PowerDNS/pdns	Annual management fee per domain	30-50% over wholesale	Trademark and ICANN rules	Brand-protection teams at law firms	Medium	Renewal tracking prevents embarrassing lapses of trademarked names
Website migration plus hosting service	Hosting with migration labor	e.g. VPS providers	hestiacp/hestiacp FOSSBilling/FOSSBilling	Migration fee plus monthly plan	60% on migration labor	none	Owners frustrated with old hosts via reviews	Low	Free moves remove the main reason customers stay on poor hosts
Podcast hosting white-label for networks	Podcast media hosting	e.g. object storage, CDN providers	-	Per-show monthly	60-80% gross	none	Podcast networks via industry events	Medium	Branded analytics and ad insertion for networks that outgrew generic hosts
Compliance-ready hosting for crypto projects	Hardened servers and RPC nodes	e.g. bare-metal providers	Paymenter/Paymenter wazuh/wazuh	Monthly managed contract	30-50% gross	Sanctions screening obligations	Token projects via developer communities	Medium	Security hardening and DDoS shielding priced for small teams
Vertical SaaS hosting for dental practices	Hosted practice software and websites	e.g. HIPAA-ready cloud hosts	frappe/erpnext FOSSBilling/FOSSBilling	Monthly per practice	40-55% gross	HIPAA business associate agreement	Dentists via dental consultants	Medium	BAA-ready hosting plus site and booking in one bill
Reseller hosting for photographers with galleries	Hosting with gallery software	e.g. VPS providers, object storage	hestiacp/hestiacp FOSSBilling/FOSSBilling	Monthly plan	55-70% gross	none	Wedding photographers via workshops	Low	Client-proofing galleries on own domain beat marketplace commission fees
Failover DNS and status-page bundle for SaaS startups	DNS plus incident pages	e.g. anycast DNS hosts	PowerDNS/pdns louislam/uptime-kuma	Per-service monthly	65-80% gross	none	SaaS founders via startup communities	Low	Cheap resilience add-on before they hire dedicated ops staff
Bandwidth-light hosting for rural and low-connectivity regions	Compressed hosting and SMS-friendly pages	e.g. regional VPS providers	hestiacp/hestiacp Paymenter/Paymenter	Monthly plans	40-55% gross	Local telecom and tax rules	NGOs and SMEs via local developers	Low	Mobile-money billing and light pages suit low-bandwidth markets
Hosting and domain bundle for church and nonprofit sites	Donation-ready website hosting	e.g. VPS providers, registrar resellers	hestiacp/hestiacp FOSSBilling/FOSSBilling	Annual bundle price	40-60% gross	Charity registration for donations	Nonprofits via volunteer tech networks	Low	Discounted annual bundle with donation page setup suits tiny budgets

ISP & Internet Resale · 30

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Wireless ISP in underserved rural area	Fixed wireless broadband	e.g. upstream transit, tower owners	lirantal/daloradius LibreQoE/LibreQoS	Monthly subscriber fees	50-70% gross	FCC or local telecom registration	Rural households via farm and church groups	High	Few competitors and subsidy programs reward unserved-area coverage

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Fiber-wholesale retail ISP brand	Wholesale fiber access	e.g. open-access fiber networks	FreeRADIUS/freeradius-server killbill/killbill	Monthly margin per line	$10-25 per line	Telecom reseller registration	New fiber estates via developers	Medium	Open-access networks let a brand retail without building any fiber
Apartment-building managed Wi-Fi provider	Bulk building internet	e.g. transit providers, AP vendors	LibreQoE/LibreQoS lirantal/daloradius	Per-unit monthly	$15-30 per unit	Local telecom registration	Landlords and HOAs via direct pitch	Medium	Bulk contracts with owners lock in multi-year recurring revenue
Hotspot Wi-Fi vouchers for cafes and campgrounds	Captive-portal Wi-Fi	e.g. local ISPs	hotspotbilling/phpnuxbill FreeRADIUS/freeradius-server	Voucher sales margin	30-50% of voucher	none	Cafes and campgrounds via walk-in sales	Low	Prepaid vouchers need no credit checks or contracts
Business internet agent for multi-site companies	Broadband and DIA circuits	e.g. telecom master agents	twentyhq/twenty netbox-community/netbox	Residual commission 10-25%	10-25% monthly residual	none	Multi-site retailers via cold outreach	Low	One quote across many carriers saves buyers procurement time
Satellite internet installer and reseller	Satellite broadband kits	e.g. satellite ISP authorized resellers	odoo/odoo librenms/librenms	Install fee plus residual	$100-300 per install	Authorized reseller agreement	Remote cabins and farms via ads	Medium	Install labor and mounting skills are the real unmet need
Event temporary internet provider	Temporary bonded connectivity	e.g. cellular bonding vendors	librenms/librenms LibreQoE/LibreQoS	Per-event fee	40-60% per event	none	Festival and construction-site organizers	Medium	Short-notice connectivity with on-site staff is hard to buy elsewhere
SD-WAN managed service for retailers	SD-WAN appliances and circuits	e.g. SD-WAN vendors, carriers	netbirdio/netbird zabbix/zabbix	Per-site monthly	25-40% gross	none	Multi-store retailers via IT managers	Medium	LTE failover keeps card payments alive when primary lines drop
Marina and RV-park Wi-Fi operator	Campground Wi-Fi	e.g. transit providers	hotspotbilling/phpnuxbill librenms/librenms	Nightly or monthly passes	40-60% gross	Local telecom registration	Park owners via industry associations	Medium	Revenue share with owners funds equipment at no upfront cost
Business VPN and zero-trust access reseller	Mesh VPN service	e.g. self-hosted VPN control planes	juanfont/headscale netbirdio/netbird	Per-user monthly	60-80% gross	none	Small firms via MSP referrals	Low	Simple remote access without expensive per-seat enterprise tools
Family DNS filtering service	Filtered DNS	e.g. self-hosted resolvers	AdguardTeam/AdGuardHome pi-hole/pi-hole	Monthly household fee	70-85% gross	none	Parents via school newsletters	Low	Custom blocklists and reports beat free but generic filters
Colocation broker for small companies	Rack space and cross-connects	e.g. data centers	netbox-community/netbox twentyhq/twenty	Commission or markup	10-20% commission	none	Small firms via MSPs	Low	Facility shopping and contract negotiation saves weeks of effort
IP address leasing broker	IPv4 address leases	e.g. IPv4 brokers, holders	netbox-community/netbox invoiceninja/invoiceninja	Monthly lease spread	10-25% lease spread	RIR transfer and registry rules	Hosting firms and small ISPs	Medium	Scarce IPv4 space commands steady monthly lease pricing

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Hospital guest Wi-Fi management	Guest network service	e.g. ISP partners	FreeRADIUS/freeradius-server hotspotbilling/phpnuxbill	Monthly managed fee	35-50% gross	Healthcare network privacy rules	Hospitals via facilities managers	Medium	Compliant guest access separated from clinical networks
Network monitoring for small ISPs	NMS as a service	e.g. hosted monitoring	librenms/librenms zabbix/zabbix	Per-device monthly	65-80% gross	none	Small WISPs via operator forums	Low	Small ISPs lack time to run their own monitoring stacks
Student housing internet provider	Managed campus-area broadband	e.g. transit providers	lirantal/daloradius LibreQoE/LibreQoS	Per-bed monthly	$15-25 per bed	Local telecom registration	Student housing landlords	Medium	Per-bed bundled pricing removes roommate billing disputes
Construction-site internet rental	Temporary site connectivity	e.g. LTE and satellite vendors	zabbix/zabbix LibreQoE/LibreQoS	Monthly rental plus install	40-60% gross	none	General contractors via project managers	Medium	Sites need quick connectivity for cameras and plans before utilities arrive
Marine and boat internet bundle	Cellular and satellite bundles	e.g. maritime connectivity wholesalers	librenms/librenms killbill/killbill	Monthly plan markup	20-35% markup	Maritime radio rules for some gear	Yacht owners via marinas	Medium	Install and multi-network failover justify premium pricing
Community-owned mesh ISP management	Neighborhood mesh internet	e.g. transit providers	LibreQoE/LibreQoS lirantal/daloradius	Monthly member fee	40-60% gross	Local telecom registration	Neighborhood associations	Medium	Shared infrastructure costs lower prices in dense low-income areas
Pop-up retail store Wi-Fi bundles	Short-term connectivity kits	e.g. LTE carriers	hotspotbilling/phpnuxbill zabbix/zabbix	Per-week rental	50-65% gross	none	Pop-up retailers via mall operators	Low	Plug-and-play kits remove carrier contracts for short leases
IoT SIM connectivity reseller	Multi-network IoT SIMs	e.g. IoT connectivity wholesalers	thingsboard/thingsboard killbill/killbill	Per-SIM monthly	30-50% gross	Telecom reseller registration	Hardware startups via developer forums	Medium	Small volumes get pooled data pricing otherwise reserved for large buyers
Church and community center bandwidth bundle	Managed Wi-Fi and streaming connectivity	e.g. local ISPs	librenms/librenms FreeRADIUS/freeradius-server	Monthly flat fee	40-55% gross	none	Congregations via denominations	Low	Livestream-ready connectivity with simple support suits volunteer staff
Remote-worker home office network upgrade	Business-grade home links	e.g. carriers, SD-WAN vendors	netbirdio/netbird twentyhq/twenty	Monthly per-employee fee	20-35% gross	none	Remote-first firms via HR teams	Medium	Employers pay for secure connectivity instead of reimbursing home plans
Pay-as-you-go prepaid home broadband	Prepaid broadband access	e.g. wholesale ISPs	hotspotbilling/phpnuxbill FreeRADIUS/freeradius-server	Weekly or monthly prepaid top-ups	25-40% gross	Telecom reseller registration	Unbanked households via agent shops	Medium	No credit checks serve households rejected by contract carriers

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Bandwidth-management service for shared offices	Fair-usage Wi-Fi management	e.g. transit providers	LibreQoE/LibreQoS librenms/librenms	Per-tenant monthly	40-60% gross	none	Coworking operators	Low	Fair-share shaping stops one tenant from saturating the building link
Government grant-funded broadband consulting	Grant-funded ISP buildouts	e.g. open-access networks, equipment vendors	netbox-community/netbox odoo/odoo	Project fee plus operating margin	15-25% of project	Subsidy program compliance	Rural counties via grant announcements	High	Grant paperwork skill unlocks subsidies small ISPs cannot navigate alone
Airport lounge and coworking guest Wi-Fi	Venue-branded Wi-Fi	e.g. transit providers	hotspotbilling/phpnuxbill FreeRADIUS/freeradius-server	Monthly managed fee	35-50% gross	none	Venue operators via direct outreach	Medium	Branded splash pages add ad revenue and analytics for venues
Managed Wi-Fi for short-term rental portfolios	Property internet management	e.g. ISPs, router vendors	librenms/librenms odoo/odoo	Per-property monthly	$10-25 per property	none	Property managers via host groups	Low	Remote diagnostics prevent bad reviews from guest Wi-Fi failures
Smart-city public Wi-Fi operator for small towns	Municipal Wi-Fi service	e.g. transit providers, AP vendors	librenms/librenms FreeRADIUS/freeradius-server	Municipal contract plus ad revenue	25-40% gross	Municipal procurement rules	Town councils via tenders	High	Towns outsource upkeep rather than hire network staff
Medical-clinic secure connectivity bundle	Redundant business internet	e.g. carriers, LTE backup vendors	netbirdio/netbird zabbix/zabbix	Per-site monthly	25-40% gross	HIPAA-aligned handling	Clinic groups via MSPs	Medium	Failover keeps scheduling and records systems online

IT Certification Training · 30

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
AWS and Azure cert prep academy	Licensed cert prep courses and labs	e.g. authorized training partners, lab providers	openedx/edx-platform moodle/moodle	Per-learner course fee	40-60% gross	none	Career changers via LinkedIn ads	Low	Hands-on labs lift pass rates over video-only courses
CompTIA A+/Security+ bootcamp reseller	CompTIA courseware and vouchers	e.g. CompTIA authorized partners	moodle/moodle bigbluebutton/bigbluebutton	Voucher and tuition margin	15-30% on tuition	Partner agreement with vendor	Community college graduates via job boards	Low	Bundled voucher and retake support increase conversion
Exam voucher discount store	IT certification exam vouchers	e.g. Pearson VUE resellers, vendor partners	medusajs/medusa saleor/saleor	5-15% voucher margin	5-15% per voucher	Vendor partner agreement	Self-learners via forums	Low	Discount bundles with practice tests beat paying list price
Cisco CCNA lab-as-a-service	Virtual network labs	e.g. lab hosting providers	apache/cloudstack moodle/moodle	Hourly lab rental	50-70% gross	none	Networking students via study communities	Medium	Rentable labs spare students from buying physical routers
Kubernetes and DevOps cohort program	CNCF cert prep content	e.g. Linux Foundation partners	openedx/edx-platform coollabsio/coolify	Cohort tuition	50-65% gross	none	Junior engineers via employer reimbursement	Low	Live cohorts and mentors create accountability self-paced courses lack

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Cybersecurity bootcamp for career changers	Security curriculum plus labs	e.g. bootcamp curriculum licensors	openedx/edx-platform zaproxy/zaproxy	Tuition or ISA (regulated in some states)	40-55% gross	State bootcamp or ISA regulation	Career changers via ads	Medium	Licensed curriculum cuts content cost while labs drive outcomes
Microsoft 365 end-user skills training for SMEs	Office productivity courses	e.g. Microsoft training partners	moodle/moodle chamilo/chamilo-lms	Per-seat subscription	50-70% gross	none	Small businesses via IT providers	Low	Staff skills gaps are an easy sell to managed IT clients
Corporate upskilling catalog reseller	Large IT course library access	e.g. content aggregators, MOOC B2B programs	overhangio/tutor openedx/edx-platform	Per-seat annual license markup	15-30% per seat	none	Mid-size employers via HR consultants	Medium	Bundled catalog plus reporting simplifies procurement for HR
Salesforce admin certification prep	Salesforce prep courses	e.g. Salesforce training partners	frappe/lms moodle/moodle	Course fee	50-70% gross	none	Admins via Trailhead communities	Low	Practice orgs and mock exams match the exam style
Data-analytics certificate with job placement	SQL and BI curriculum	e.g. curriculum licensors	openedx/edx-platform metabase/metabase	Tuition plus placement fee	45-60% gross	State bootcamp regulation	Career changers via ads	Medium	Portfolio projects on real datasets improve placement odds
PMP and Agile certification prep	PMI-aligned prep content	e.g. PMI authorized training partners	moodle/moodle calcom/cal.com	Course fee plus exam prep	40-60% gross	Authorized training partner status	Project coordinators via employer budgets	Low	Required 35 contact hours are a clear purchase trigger
Military-veteran IT reskilling program	GI-Bill-eligible IT courses	e.g. accredited training providers	moodle/moodle opencats/OpenCATS	Tuition (accreditation required)	40-55% gross	State approving agency accreditation	Veterans via base transition offices	Medium	Funded tuition means low price resistance among veterans
Linux sysadmin hands-on labs for universities	Cloud lab environments	e.g. cloud providers	apache/cloudstack openedx/edx-platform	Per-student semester fee	50-65% gross	Student data privacy rules	University IT departments	Medium	Universities lack staff to maintain lab infrastructure each term
AI and prompt engineering certificate for workforce	AI literacy curriculum	e.g. content licensors, LLM APIs	frappe/lms open-webui/open-webui	Per-seat license	50-70% gross	none	Employers via L&D managers	Low	Employers urgently need quick AI upskilling programs
Testing-center franchise for cert exams	Proctored exam delivery	e.g. Pearson VUE, PSI test-center programs	calcom/cal.com odoo/odoo	Per-exam seat fee	$20-50 per exam	Test-center authorization	Local test takers via vendor locators	Medium	Vendor-driven demand arrives without marketing once listed
Help-desk technician apprenticeship program	Apprenticeship curriculum	e.g. apprenticeship sponsors	moodle/moodle glpi-project/glpi	Employer fee per apprentice	30-45% gross	Apprenticeship program registration	MSPs needing entry-level staff	Medium	Employers get trained entry staff and subsidies offset cost
ISC2 CISSP exam prep	Cyber exam prep content	e.g. authorized training partners	moodle/moodle bigbluebutton/bigbluebutton	Course fee	50-65% gross	none	Security professionals via employer budgets	Low	Instructor-led review of difficult domains justifies premium pricing
Google Cloud and GCP cert coaching	GCP prep cohorts	e.g. Google Cloud training partners	frappe/lms apache/cloudstack	Cohort tuition	45-60% gross	none	Data engineers via communities	Low	Small cohorts with lab credits beat self-study alone

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Azure exam prep for enterprise teams	Private team cohorts	e.g. Microsoft training partners	moodle/moodle calcom/cal.com	Per-team fee	40-60% gross	none	IT managers at mid-size firms	Medium	Custom dates and team labs fit partner migration timelines
Scrum master certification workshops	Agile workshop seats	e.g. Scrum Alliance and Scrum.org trainers	calcom/cal.com pretix/pretix	Per-seat workshop fee	40-60% gross	Trainer credential from vendor	Product teams via employer sponsors	Low	Small workshops sell steadily to team leads needing credentials
Practice-exam platform for ethical hacking	Exam simulators	e.g. question authors	frappe/lms moodle/moodle	Monthly subscription	70-85% gross	none	Students via cybersecurity forums	Low	Exam-style simulators scale without instructors
Bilingual IT cert prep for Spanish speakers	Translated certification courses	e.g. licensors, translators	openedx/edx-platform moodle/moodle	Per-learner course fee	50-65% gross	none	Immigrant workers via community colleges	Low	Underserved language niche with little competing certification content
Network+ and CCNA weekend bootcamp	Compressed networking classes	e.g. authorized training partners	moodle/moodle pretix/pretix	Per-seat bootcamp fee	45-60% gross	none	Working adults via local ads	Low	Weekend format suits people holding full-time jobs
Cloud practitioner cert for non-technical staff	Entry-level cloud literacy courses	e.g. cloud training partners	frappe/lms moodle/moodle	Per-seat corporate fee	50-70% gross	none	Sales and finance teams via HR	Low	Non-engineers need cloud vocabulary to work with technical teams
Cert-exam retake insurance bundle	Retake vouchers and coaching	e.g. voucher resellers	medusajs/medusa calcom/cal.com	Bundle premium	20-35% bundle margin	Insurance classification may apply	Nervous test takers at checkout	Low	Retake guarantee lowers purchase anxiety for expensive exams
Bootcamp for IT support tier-1 in call centers	Corporate IT support training	e.g. curriculum licensors	moodle/moodle glpi-project/glpi	Per-cohort contract	40-55% gross	none	BPO operators via account managers	Medium	Faster ramp for outsourced agents cuts attrition costs
Database administration cert prep	Oracle and SQL Server prep	e.g. vendor training partners	moodle/moodle metabase/metabase	Course fee	50-65% gross	none	Junior DBAs via forums	Low	Sandbox databases help learners practice real tuning tasks
High-school IT academy licensing	Licensed IT pathway courses	e.g. vendor academy programs	openedx/edx-platform moodle/moodle	Per-school license	40-60% gross	Education procurement rules	School districts via CTE coordinators	Medium	Industry certificates satisfy career-technical education funding rules
Remote-proctored cert exam service	Online proctoring access	e.g. PSI, Pearson OnVUE programs	calcom/cal.com odoo/odoo	Per-exam proctoring fee	$15-40 per exam	Vendor testing authorization	Remote test takers in rural areas	Medium	Local tech support and scheduling help beat vendor self-service
Vendor-neutral Python and automation cert prep	Python certification courses	e.g. PCEP and PCAP training partners	frappe/lms moodle/moodle	Course fee	50-70% gross	none	Sysadmins via employer upskilling	Low	Automation skills carry immediate payoff for operations teams

IT Managed Services (MSP) · 30

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
White-label NOC for small MSPs	Outsourced network monitoring	e.g. NOC providers	zabbix/zabbix librenms/librenms	Per-device monthly markup	30-50% over wholesale	none	Small MSPs via partner forums	Low	After-hours coverage without hiring night-shift engineers
Managed IT for dental and medical offices	Endpoint management and helpdesk	e.g. RMM tooling, white-label helpdesk	amidaware/tacticalrmm itflow-org/itflow	Per-user monthly $80-150	35-50% gross	HIPAA business associate agreement	Practices via dental and medical associations	Low	Compliance knowledge and fast support justify premium over generalists
White-label helpdesk for MSPs	Tier-1 support technicians	e.g. offshore helpdesk providers	zammad/zammad rustdesk/rustdesk	Per-ticket or per-endpoint	25-45% over cost	none	MSPs overloaded on calls via channel events	Low	Scales support hours up and down without hiring
Remote-support tool hosting for IT shops	Self-hosted remote desktop	e.g. VPS	rustdesk/rustdesk Ylianst/MeshCentral	Per-technician monthly	70-85% gross	none	Independent IT shops via forums	Low	Cheaper than commercial remote tools with branded clients
Laptop-as-a-service for startups	Leased laptops with support	e.g. leasing companies, distributors	snipe/snipe-it amidaware/tacticalrmm	Monthly per-device	15-30% over lease cost	Equipment leasing rules	Startups via accelerators	Medium	Monthly device costs plus managed security fit growing teams
Microsoft 365 management for nonprofits	Tenant admin services	e.g. CSP distributors	itflow-org/itflow keycloak/keycloak	Per-user monthly	20-35% gross	none	Nonprofits via grant-funded tech programs	Low	Nonprofit licensing knowledge saves donors' money
IT asset disposition and recycling	Device wiping and resale	e.g. ITAD processors	snipe/snipe-it inventree/InvenTree	Resale margin plus fee	20-40% resale margin	E-waste and data destruction rules	Mid-size firms via IT managers	Medium	Certified data wipe certificates reduce corporate liability
Managed Wi-Fi for restaurants	Wi-Fi hardware and monitoring	e.g. AP distributors	librenms/librenms FreeRADIUS/freeradius-server	Per-site monthly	35-50% gross	none	Restaurant owners via POS dealers	Low	Bundled with POS support, one vendor handles every outage
IT documentation service for MSPs	Client documentation	e.g. technical writers	itflow-org/itflow BookStackApp/BookStack	Per-client fee	40-60% gross	none	Growing MSPs via peer groups	Low	Documentation work is tedious and neglected by busy techs
Patch-management service for SMEs	OS and app patching	e.g. RMM tools	amidaware/tacticalrmm glpi-project/glpi	Per-endpoint monthly	60-75% gross	none	Small businesses via cyber-insurance requirements	Low	Insurers increasingly demand documented patching
Managed print services	Copiers and supplies	e.g. copier dealers	glpi-project/glpi odoo/odoo	Per-page cost markup	20-40% on page cost	none	Offices via copier dealer partnerships	Medium	Predictable per-page billing replaces ad hoc toner purchasing
Hardware procurement desk for IT firms	PCs, servers, peripherals	e.g. IT distributors	odoo/odoo snipe/snipe-it	Margin 5-12%	5-12% per order	none	Small IT firms via credit and pricing terms	Low	Distributor credit and pooled buying beat small firm pricing

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Network-cabling subcontracting broker	Low-voltage installers	e.g. cabling contractors	netbox-community/netbox makeplane/plane	Project markup	15-30% project markup	Low-voltage contractor licence	MSPs lacking cabling crews	Low	MSPs outsource cabling instead of holding install crews
Co-managed IT for mid-size internal teams	Augmented IT services	e.g. MSP partners	glpi-project/glpi zabbix/zabbix	Monthly retainer	30-45% gross	none	Internal IT leads via LinkedIn	Low	Fills gaps in overloaded teams without full outsourcing
Smart-home installer network for builders	Smart-home devices and setup	e.g. integrators	thingsboard/thingsboard fleetbase/fleetbase	Project margin	15-30% project margin	Low-voltage contractor licence	Homebuilders via developer relationships	Medium	One accountable vendor for packages across many new homes
Managed backup and disaster recovery for law firms	Backup and restore service	e.g. backup platform vendors	restic/restic zabbix/zabbix	Per-GB or per-user monthly	35-50% gross	Legal data confidentiality rules	Small law firms via bar associations	Medium	Tested restores matter more than backups for confidential client data
Security awareness training and phishing simulation resale	Training and phishing tests	e.g. awareness vendor reseller programs	gophish/gophish moodle/moodle	Per-user annual	30-50% gross	none	SMEs via insurance broker referrals	Low	Required by many cyber-insurance applications
Managed IT for architecture and design firms	Workstation and file management	e.g. RMM tools, GPU workstation vendors	amidaware/tacticalrmm nextcloud/server	Per-user monthly	35-50% gross	none	Design firms via professional associations	Low	Large CAD file handling needs specialized storage support
Onboarding and offboarding automation service	IT provisioning workflows	e.g. identity vendors	keycloak/keycloak n8n-io/n8n	Per-employee fee	50-70% gross	none	HR teams at growing firms	Low	Automated account setup reduces security gaps in turnover
Vendor management and telecom bill auditing	Telecom contract audits	e.g. carriers	odoo/odoo paperless-ngx/paperless-ngx	Percentage of savings	20-35% of savings	none	Multi-site firms via CFOs	Low	Savings share removes risk for buyers
Managed IT for property management companies	Support and Wi-Fi	e.g. RMM tools	glpi-project/glpi itflow-org/itflow	Per-property monthly	30-45% gross	none	Property managers via associations	Low	Many small sites under one contract with standard network kits
Virtual CIO advisory subscription	Strategic IT planning	e.g. fractional CIO freelancers	itflow-org/itflow makeplane/plane	Monthly retainer	40-60% gross	none	Founders at companies of 20-100 staff	Low	Fractional strategic leadership at a fraction of full-time CIO cost
Microsoft Entra and identity hardening service	Identity security projects	e.g. identity consultancies	keycloak/keycloak wazuh/wazuh	Project fee plus retainer	40-55% gross	none	SMEs after cyber incidents	Medium	Identity attacks dominate breaches so MFA setup sells easily
Point-of-sale hardware lifecycle service	POS hardware and support	e.g. POS hardware distributors	snipe/snipe-it opensourcepos/opensourcepos	Monthly per-terminal	20-35% gross	none	Retail chains via IT managers	Medium	Swap-out service keeps stores selling during hardware failures

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Managed IT for churches and schools	Low-cost IT support	e.g. RMM tools	itflow-org/itflow glpi-project/glpi	Per-device monthly	30-45% gross	Student data privacy rules	Congregations and private schools	Low	Tight budgets favor fixed monthly pricing with volunteer coordination
Cloud cost optimization service	FinOps audits	e.g. cloud provider partner programs	metabase/metabase odoo/odoo	Percentage of savings	15-30% of savings	none	SaaS firms with rising bills	Medium	Contingency fees align with customer outcomes
Remote IT staffing for MSP overflow	Contract technicians	e.g. offshore staffing firms	itflow-org/itflow opencats/OpenCATS	Hourly markup	25-40% markup	Local labor rules	MSPs during seasonal peaks	Low	Flexible bench for project surges without permanent hires
Managed Zoom and conference-room AV	Meeting-room systems	e.g. AV distributors	zabbix/zabbix snipe/snipe-it	Per-room monthly	25-40% gross	none	Offices via facilities managers	Medium	Proactive monitoring keeps hybrid meeting rooms working
Managed endpoint detection service for accountants	Endpoint security monitoring	e.g. EDR vendor MSP programs	wazuh/wazuh amidaware/tacticalrmm	Per-endpoint monthly	35-50% gross	Financial data safeguards rules	Accounting firms via associations	Low	Tax-season breaches are costly so security bundles sell
Server migration and decommissioning projects	Cloud migration labor	e.g. cloud partners	netbox-community/netbox makeplane/plane	Fixed project fee	30-45% gross	none	SMEs with aging on-prem servers	Medium	Fixed-price projects remove fear of runaway migration costs

Immigration Consulting · 30

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Licensed immigration consultancy (e.g. RCIC Canada)	Visa and PR applications	e.g. government portals	jhpyle/docassemble twentyhq/twenty	Flat fee per file (license required)	50-70% gross	Licensed consultant required	Applicants via diaspora communities	Low	Licensed practitioners can charge fixed fees with predictable workflows
White-label case prep for immigration law firms	Paralegal case preparation	e.g. offshore paralegals	paperless-ngx/paperless-ngx nextcloud/server	Per-case fee	30-50% over cost	Attorney supervision required	Small immigration law firms via referrals	Low	Firms scale volume without hiring salaried paralegals

Visitor-visa invitation letter and itinerary service	Supporting travel documents	e.g. travel agents	docusealco/docuseal calcom/cal.com	Per-application fee	40-60% gross	none	Families inviting relatives via social media	Low	Complete supporting files raise approval odds
Immigration seminar and webinar business	Paid information events	e.g. licensed speakers	bigbluebutton/bigbluebutton pretix/pretix	Ticket revenue plus referrals	60-80% gross	Referral and advice limits	Prospective migrants via social ads	Low	Seminar leads convert to licensed consultants who pay referral fees
Work-permit job-offer matching for caregivers	Caregiver placement	e.g. agencies, employers	opencats/OpenCATS jhpyle/docassemble	Placement fee (licensed)	$2k-5k per placement	Recruitment licence	Families and care agencies	Medium	Persistent care shortages create strong employer demand
Visa-photo and form-fill kiosk service	Photos and form services	e.g. kiosk vendors	docusealco/docuseal odoo/odoo	Per-service fee	60-80% gross	none	Walk-ins near consulates	Low	Convenience near consulate offices with fast turnaround
Mortgage and banking onboarding for new arrivals	Financial setup services	e.g. banks, brokers	twentyhq/twenty chatwoot/chatwoot	Referral fees	$100-300 per referral	Broker licence for mortgages	Newcomers via settlement agencies	Low	Newcomers without credit history need guided bank access
Immigration-friendly legal directory	Lawyer and consultant listings	e.g. lawyers, consultants	directus/directus krayin/laravel-crm	Listing and lead fees	70-85% gross	Advertising rules	Applicants via search	Low	Vetted listings fight ghost consultant scams
Medical exam booking assistance for applicants	Panel-physician booking	e.g. panel physicians	calcom/cal.com n8n-io/n8n	Booking fee	$20-60 per booking	none	Applicants via consultants	Low	Booking panel doctors is confusing and time-sensitive

Insurance Agency (MGA) · 30

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Independent agency in a cluster/aggregator network	Carrier appointments	e.g. agency aggregators, carriers	espocrm/espocrm salesagility/SuiteCRM	Commission 10-15% (license required)	10-15% of premium	State producer licence	Local businesses via referrals	Low	Aggregator contracts give carrier access and higher commissions to small agencies
Embedded renters insurance for property managers	Renters policies	e.g. insurtech MGAs	Qloapps/QloApps krayin/laravel-crm	Commission per policy (license required)	15-25% of premium	State producer licence	Property managers via lease software	Low	Embedding at lease signing yields high attach rates
MGA for niche contractor liability	Delegated-authority policies	e.g. Lloyd's syndicates, carriers	odoo/odoo docusealco/docuseal	Commission plus profit share (license required)	15-30% plus profit share	MGA and surplus lines licensing	Specialty trades via associations	High	Niche underwriting expertise earns delegated authority and profit share
Pet insurance white-label for vets	Pet health plans	e.g. pet insurers	krayin/laravel-crm mautic/mautic	Commission per enrollment (license required)	10-20% of premium	State producer licence	Veterinary clinics at checkout	Low	Vets recommend cover to anxious owners at the moment of need
Final-expense telesales agency	Final-expense policies	e.g. IMOs, carriers	asterisk/asterisk krayin/laravel-crm	Commission 80-120% first-year (license required)	80-120% first-year premium	State life licence	Seniors via direct mail and leads	Low	High first-year commissions fund lead purchase cycles
Medicare supplement agency	Medicare plans	e.g. FMOs, carriers	twentyhq/twenty calcom/cal.com	Per-enrollment commission (CMS rules, license)	$300-600 per enrollment	State licence plus CMS certification	Seniors via seminars and referrals	Low	Annual enrolment cycle brings predictable high-intent demand
Gig-worker on-demand insurance	Occupational accident cover	e.g. insurtech MGAs	n8n-io/n8n krayin/laravel-crm	Commission (license required)	15-25% of premium	State producer licence	Gig platforms via integrations	Medium	Per-shift cover fits irregular work that standard policies ignore
Wedding and event insurance storefront	One-day event policies	e.g. specialty carriers	medusajs/medusa docusealco/docuseal	Commission per policy (license required)	20-30% of premium	State producer licence	Couples via wedding planners	Low	Venues require liability cover so demand is built in
Cyber insurance broker for SMEs	Cyber policies	e.g. cyber MGAs	twentyhq/twenty wazuh/wazuh	Commission 15% (license required)	12-18% of premium	State producer licence	SMEs via MSP partners	Low	Security checklists help clients qualify for lower premiums
Classic-car insurance referral site	Collector car policies	e.g. specialty insurers	WordPress/wordpress-develop krayin/laravel-crm	Referral fee (license rules)	$50-150 per lead	Referral licensing rules	Collectors via clubs	Low	Enthusiast communities trust specialty cover recommendations
Microinsurance for farmers via mobile	Crop and livestock microcover	e.g. reinsurers, local insurers	openimis/openimis-be_py open5gs/open5gs	Premium share (license required)	10-20% of premium	Microinsurance regulator approval	Smallholders via cooperatives	High	Mobile payments and index triggers cut claims cost
Health-insurance marketplace agency	ACA health plans	e.g. carriers, enhanced direct enrollment	espocrm/espocrm calcom/cal.com	Per-member commission (license required)	$15-40 per member-month	State health licence	Self-employed via open-enrolment ads	Low	Recurring monthly commissions build book value

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Trucking insurance specialist agency	Commercial auto and cargo	e.g. wholesalers, carriers	espocrm/espocrm fleetbase/fleetbase	Commission 10-15% (license required)	10-15% of premium	State producer licence	Owner-operators via load boards	Low	Specialist knowledge of DOT rules wins independent truckers
Embedded warranty and protection for e-commerce	Product protection plans	e.g. warranty administrators	medusajs/medusa zammad/zammad	Revenue share (regulated in some states)	20-40% of plan price	State service-contract rules	Online stores via checkout plug-ins	Low	Checkout attach increases order value with no inventory
Life insurance comparison site	Term life quotes	e.g. brokerage general agencies	WordPress/wordpress-develop mautic/mautic	Commission (license required)	70-110% first-year premium	State life licence	New parents via search ads	Low	Instant quotes and no-medical options simplify buying
Landlord insurance for short-term rental hosts	STR policies	e.g. specialty MGAs	Qloapps/QloApps krayin/laravel-crm	Commission (license required)	15-25% of premium	State producer licence	Airbnb hosts via host groups	Low	Hosts need gap cover that home policies exclude
Claims-adjusting outsourcing for MGAs	Independent adjusting services	e.g. licensed adjusters	zammad/zammad paperless-ngx/paperless-ngx	Per-claim fee (adjuster license)	20-35% gross	Adjuster licensing	New MGAs lacking claims teams	Medium	MGAs outsource claims handling during growth
Drone operator liability insurance program	Drone liability policies	e.g. aviation MGAs	krayin/laravel-crm docusealco/docuseal	Commission (license required)	15-25% of premium	State producer licence	Commercial drone pilots via associations	Low	Niche pilots lack tailored cover from generic agents
Cannabis business insurance program	Specialty commercial policies	e.g. surplus lines carriers	espocrm/espocrm docusealco/docuseal	Commission (license required)	12-20% of premium	Surplus lines licence	Dispensaries via trade groups	Medium	Few carriers write the class so brokers hold pricing power
Bundled insurance for coworking and freelancers	Liability and equipment cover	e.g. insurtech MGAs	n8n-io/n8n krayin/laravel-crm	Commission per policy (license required)	15-25% of premium	State producer licence	Freelancers via platform partnerships	Low	One simple policy replaces several confusing products
Travel insurance storefront for tour operators	Trip cover	e.g. travel insurers	medusajs/medusa pretix/pretix	Commission (license required)	25-40% of premium	State producer licence	Tour operators via booking widgets	Low	High commissions and booking-flow attach drive volume
Bundled auto-and-home agency for expats	Specialty personal lines	e.g. expat-friendly carriers	twentyhq/twenty calcom/cal.com	Commission (license required)	10-15% of premium	State producer licence	Expats via community groups	Low	Foreign driving history confuses standard carriers
Event cancellation insurance for festivals	Event cover	e.g. specialty syndicates	pretix/pretix docusealco/docuseal	Commission (license required)	15-25% of premium	Surplus lines licence	Festival organizers via event associations	Medium	Weather and cancellation cover are required by venues and sponsors
Franchise-owner insurance program	Package programs	e.g. program carriers	odoo/odoo espocrm/espocrm	Program commission (license required)	10-18% of premium	State producer licence	Franchise brands via franchisor deals	Medium	Franchisors endorse one program to simplify franchisee compliance
Bond and surety program for contractors	Surety bonds	e.g. surety carriers	docusealco/docuseal krayin/laravel-crm	Commission (license required)	10-20% of premium	Surety producer licence	Small contractors via lenders	Medium	Bond approval know-how helps small contractors win public work

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Pet-boarding and dog-walker liability program	Pet service liability policies	e.g. specialty carriers	krayin/laravel-crm calcom/cal.com	Commission (license required)	15-25% of premium	State producer licence	Pet sitters via platforms	Low	Platform partnerships supply affordable cover to independent sitters
Student health insurance program for universities	Student health plans	e.g. carriers	espocrm/espocrm odoo/odoo	Per-student commission (license required)	$20-60 per student	State health licence	University international offices	Medium	Mandatory waivers create annual volume
Equine and livestock insurance agency	Animal mortality cover	e.g. specialty carriers	krayin/laravel-crm documentalco/documentseal	Commission (license required)	10-20% of premium	State producer licence	Horse owners via breed groups	Low	Underwriting relationships are scarce and value loyalty
Insurance lead-generation for local agents	Qualified insurance leads	e.g. comparison sites	mautic/mautic krayin/laravel-crm	Per-lead or per-sale fee	$20-80 per lead	Lead generation advertising rules	Independent agents via lead exchanges	Low	Exclusive local leads convert better than shared exchanges
Home-based business insurance program	Bundled liability and equipment cover	e.g. program carriers	krayin/laravel-crm n8n-io/n8n	Commission (license required)	15-25% of premium	State producer licence	Home-based sellers via marketplaces	Low	Marketplace sellers need simple cover that matches their inventory

K-12 & Kids Education · 30

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
White-label online tutoring for schools	Vetted tutor hours	e.g. tutor networks	calcom/cal.com bigbluebutton/bigbluebutton	Per-hour markup 30-40%	30-40% per hour	Background check rules	School districts via tutoring grants	Low	Grant-funded tutoring needs a ready platform and vetted tutors
SAT/ACT prep under own brand	Licensed test-prep content	e.g. test-prep publishers	openedx/edx-platform calcom/cal.com	Package fee per student	50-65% gross	none	Parents via school counsellors	Low	Own brand plus licensed materials avoids building question banks
Summer camp booking agency	Camp spots	e.g. day and overnight camps	pretix/pretix twentyhq/twenty	Commission per enrollment	8-15% commission	none	Parents via school newsletters	Low	One site compares camps and handles paperwork for busy parents
Offline learning server for rural schools	Preloaded educational content	e.g. Khan Academy-style open content	learningequality/kolibri moodle/moodle	Device plus content subscription	25-40% gross	none	Rural schools via NGOs	Medium	Works without internet where connectivity is poor
STEM subscription box for kids	STEM kits	e.g. STEM kit manufacturers	medusajs/medusa killbill/killbill	Monthly box margin	40-55% gross	Child product safety rules	Parents via social media	Low	Recurring subscription with seasonal themes builds retention
Educational field-trip packages	Museum, transport, lunch bundles	e.g. museums, coach companies	pretix/pretix fleetbase/fleetbase	Per-student package margin	10-20% per student	Child transport rules	Teachers via school offices	Low	Teachers outsource logistics and permission slips

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
School-branded learning app	White-label LMS app	e.g. hosted LMS	moodle/moodle chamilo/chamilo-lms	Per-student annual license	50-70% gross	Student data privacy rules	Private schools via direct pitch	Medium	Branded apps let schools feel unique without building software
Gifted-and-talented online enrichment classes	Live enrichment courses	e.g. subject-matter teachers	bigbluebutton/bigbluebutton frappe/lms	Per-course tuition	40-60% gross	Child safety checks	Parents via gifted associations	Low	Small groups serve advanced learners schools struggle to challenge

Logistics & 3PL · 29

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
White-label fulfillment for DTC brands via partner warehouses	Pick-pack-ship capacity	e.g. regional 3PL warehouses	openboxes/openboxes karrioapi/karrio	Per-order fee plus storage markup	15-30% on warehouse cost	none	DTC brands via e-commerce communities	Medium	Brand-facing service avoids owning warehouses while owning the customer
Discounted shipping-label reseller	Carrier label rates	e.g. carrier reseller programs	karrioapi/karrio medusajs/medusa	Per-label markup	$0.20-0.80 per label	Carrier reseller terms	Small sellers via marketplaces	Low	Pooled volume unlocks rates small sellers cannot get
Cross-border e-commerce fulfillment to Canada/US	Bonded fulfillment	e.g. customs brokers, 3PLs	karrioapi/karrio odoo/odoo	Per-parcel fee	15-25% on cost	Customs broker involvement	Cross-border sellers via forums	Medium	Duty-paid delivery lowers abandoned carts across borders
Kitting and subscription-box assembly	Kitting labor	e.g. co-packers, 3PLs	inventree/InvenTree odoo/odoo	Per-kit fee	20-35% on labor	none	Subscription box startups	Low	Flexible short runs for brands too small for big 3PLs
Returns-processing and refurbishment service	Reverse logistics	e.g. returns centers	odoo/odoo zammad/zammad	Per-return fee	20-35% gross	none	E-commerce brands via ops managers	Medium	Faster restocking recovers margin on returned goods
Temperature-controlled fulfillment for food brands	Cold-chain storage	e.g. cold-storage warehouses	openboxes/openboxes thingsboard/thingsboard	Per-pallet monthly markup	15-25% on storage cost	Food handling licences	Food startups via incubators	High	Few small-volume cold options exist for emerging brands
Fulfillment network broker for small sellers	Matched 3PL capacity	e.g. 3PL marketplaces	twentyhq/twenty karrioapi/karrio	Referral fee or per-order	5-15% referral	none	Small sellers via marketplace groups	Low	Matching to right-size warehouses saves sellers time
Medical-supply logistics for clinics	Supply-chain management	e.g. distributors	openboxes/openboxes inventree/InvenTree	Per-shipment fee	10-20% gross	Medical device distribution rules	Clinics via group purchasing	Medium	Inventory visibility reduces expired stock and stockouts
Event and trade-show freight handling	Show freight logistics	e.g. exhibition forwarders	fleetbase/fleetbase karrioapi/karrio	Per-crate margin	15-25% gross	none	Exhibitors via organizers	Low	Exhibitors want one point of contact for shipments

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Amazon FBA prep center	Labeling and prep	e.g. warehouse space	inventree/InvenTree karrioapi/karrio	Per-unit prep fee	$0.50-1.50 per unit	none	Amazon sellers via communities	Low	Prep quality prevents inbound rejection and fees
Humanitarian supply-chain services for NGOs	Warehouse and distribution	e.g. NGO warehouses	openboxes/openboxes frappe/erpnext	Management fee	8-15% management fee	Customs and donor compliance	NGOs via grant partners	Medium	Donor-grade reporting is hard for NGOs to build alone
Micro-fulfillment from retail backrooms	Store-based fulfillment	e.g. retail partners	odoo/odoo karrioapi/karrio	Per-order fee	15-25% gross	none	Local retailers via owners	Medium	Shops monetize backroom space for same-day delivery
Customs brokerage referral service	Import clearance	e.g. licensed customs brokers	twentyhq/twenty paperless-ngx/paperless-ngx	Referral share (broker license for filing)	10-20% referral	Customs broker licence for filing	Importers via trade associations	Low	Referral model avoids broker licensing yet captures lead value
Parcel consolidation for international shoppers	Package forwarding	e.g. US warehouse addresses	karrioapi/karrio inventree/InvenTree	Per-parcel fee	20-35% gross	Customs rules	Overseas shoppers via social media	Medium	Consolidated shipping saves customers per-parcel carrier costs
Pallet-storage marketplace	Short-term pallet space	e.g. warehouses with spare space	supabase/supabase openboxes/openboxes	Commission per pallet	10-20% of storage fee	Warehouse insurance rules	Sellers via marketplace listings	Low	Idle warehouse space is matched with demand overflow
Last-mile delivery coordination for local retailers	Courier network access	e.g. gig courier fleets	fleetbase/fleetbase VROOM-Project/vroom	Per-delivery markup	15-30% per delivery	Local courier rules	Local retailers via chambers	Medium	Local stores compete with big retailers on same-day delivery
Wine and spirits logistics for importers	Bonded storage and delivery	e.g. bonded warehouses	openboxes/openboxes odoo/odoo	Per-case handling fee	15-25% gross	Alcohol distribution licences	Importers via trade associations	High	Licensed storage and compliance reduce importer overhead
Container-load consolidation for small importers	LCL consolidation	e.g. freight forwarders	karrioapi/karrio odoo/odoo	Per-CBM markup	10-20% per CBM	Customs and forwarder rules	Small importers via sourcing groups	Medium	Pooled shipments cut cost for startups with small volumes
Warehouse inventory-sync software for 3PLs	WMS as a service	e.g. hosted WMS	openboxes/openboxes odoo/odoo	Per-warehouse monthly	60-75% gross	none	Small 3PLs via operator forums	Medium	Light WMS lets 3PLs offer client portals cheaply
Pet-supply subscription fulfillment	Pet product kitting	e.g. pet suppliers, co-packers	inventree/InvenTree medusajs/medusa	Per-order fee	20-30% gross	Pet food regulations	Pet subscription brands	Medium	Recurring shipments need dependable kitting and returns
Hazmat and lithium battery shipping compliance service	Dangerous-goods shipping	e.g. certified shippers	karrioapi/karrio paperless-ngx/paperless-ngx	Per-shipment fee	20-35% gross	DOT hazmat certification	Battery and cosmetics sellers	Medium	Compliance risk pushes sellers to specialists
Dropship vendor-onboarding service for retailers	Supplier integration services	e.g. drop-ship suppliers	medusajs/medusa odoo/odoo	Setup fee plus per-order	15-25% gross	none	Online retailers via platform partners	Low	Connecting dozens of suppliers is slow work retailers outsource

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Local pickup-point network for parcels	Parcel lockers and shops	e.g. convenience stores	fleetbase/fleetbase karrioapi/karrio	Per-parcel handling fee	$0.30-1.00 per parcel	Local business rules	Couriers and e-shops	Medium	Pickup points reduce failed deliveries in dense cities
Seasonal overflow warehouse for retailers	Temporary storage and fulfillment	e.g. warehouses	openboxes/openboxes odoo/odoo	Seasonal storage fee	15-30% gross	none	Retailers before holidays	Medium	Flexible peak capacity avoids long leases

Real Estate Referrals · 31

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Agent-referral network for relocating buyers	Vetted agent introductions in destination cities	e.g. licensed agents and brokerages nationwide	twentyhq/twenty mautic/mautic	Referral fee share on closed deals	25-35% of agent commission	Real estate broker license to receive fees	Relocating professionals via employer HR partners	Low	Agents pay for warm leads; relocation is a predictable trigger
Referral-only brokerage for retired agents	License parking with referral fee splits	e.g. licensed agents leaving active sales	krayin/laravel-crm docusealco/docuseal	Annual membership plus referral fee split	10-30% of referral fees	Broker license, state license-parking rules	Retiring agents via MLS and association newsletters	Low	Thousands of lapsing licenses still have personal networks
Military-relocation (PCS) agent network	Base-area agents for PCS moves	e.g. agents near military installations	twentyhq/twenty calcom/cal.com	Referral fee per closing	25-35% of commission	Broker license, no VA kickbacks	Service members via base Facebook groups	Low	PCS moves are frequent and time-boxed, so leads convert
International buyer referral service	Cross-border buyer handoffs to local agents	e.g. international brokerages, CIPS-designated agents	twentyhq/twenty WeblateOrg/weblate	Referral fee on closed sales	20-30% of commission	License in receiving jurisdiction	Immigration consultants and wealth managers	Low	Foreign buyers trust intermediaries who speak their language
Seller lead-gen with home-valuation sites	Valuation-site seller leads routed to listing agents	e.g. listing agents, AVM data providers	WordPress/wordpress-develop mautic/mautic	Per-lead fee or referral share	$20-100 per lead	License for referral fees, TCPA for texting	Listing agents via brokerage sales meetings	Low	Homeowners curious about value are early-stage sellers
Senior downsizing referral service	Agent and move-manager referrals for seniors	e.g. SRES agents, senior move managers	krayin/laravel-crm calcom/cal.com	Referral fees from agents and movers	25% of commission	Broker license	Adult children via elder-care attorneys	Low	Families want one trusted guide through an emotional move

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Commercial lease tenant-rep referrals	Tenant representation referrals for office and retail	e.g. commercial brokers	twentyhq/twenty nextcloud/server	Referral share of lease commission	20-25% of commission	Commercial broker license	Growing startups via coworking operators	Low	Tenant reps are paid by landlords, so referrals cost tenants nothing
iBuyer cash-offer aggregator	Instant cash offers from investors and iBuyers	e.g. iBuyers, local cash investors	krayin/laravel-crm n8n-io/n8n	Per-lead fee or referral commission	$200-2,000 per closed lead	License where fees are commissions	Motivated sellers via search ads	Low	Multiple offers from one form give sellers leverage
Property-management referral network	Landlord introductions to property managers	e.g. licensed property management firms	twentyhq/twenty mautic/mautic	Share of first month management fee	50-100% of first month	License where PM is licensed activity	Accidental landlords via agent partners	Low	PMs pay well for landlords who stay for years
Rental apartment locator service	Lease placements at partnering apartment complexes	e.g. apartment communities paying locator fees	krayin/laravel-crm chatwoot/chatwoot	Locator commission per signed lease	50-100% of one month rent	Locator license in some states	Newcomers via employer and university housing offices	Low	Complexes pay locators; renters get free help
Vacation-home buyer referral for resort towns	Second-home buyer handoffs to resort agents	e.g. resort-market brokerages	twentyhq/twenty QloApps/QloApps	Referral fee per closing	25-30% of commission	Broker license	Repeat vacationers via rental hosts	Low	Renters who return yearly are the best second-home buyers
Probate and inherited-property leads	Probate seller leads for specialist agents	e.g. certified probate agents, estate attorneys	krayin/laravel-crm n8n-io/n8n	Referral fee or per-lead subscription	25% of commission	Broker license, court-record usage rules	Probate attorneys via bar association events	Low	Executors need to sell and rarely have an agent
New-construction buyer agent referrals	Buyer registrations with builders paying co-broke	e.g. production and custom home builders	twentyhq/twenty mautic/mautic	Co-broke commission share	2-3% of sale price shared	Broker license	New-home shoppers via builder model homes	Low	Builders pay full co-broke to registered agents
Land and farm property referral site	Rural land and farm leads for land brokers	e.g. accredited land consultants, farm brokers	WordPress/wordpress-develop twentyhq/twenty	Referral fee per transaction	25% of commission	Broker license	Land buyers via hunting and farming forums	Low	Niche brokers lack marketing; buyers lack brokers
Real-estate investor deal-sourcing service	Off-market deals sourced for investors	e.g. wholesalers, distressed-property owners	krayin/laravel-crm nocodb/nocodb	Assignment or finder fee per deal	$5,000-15,000 per deal	State wholesaling and license rules	Local investors via REIA meetups	Low	Investors pay for deal flow they cannot find themselves
Divorce real-estate referral program	Neutral divorce-trained agents for family law clients	e.g. CDRE-certified agents	krayin/laravel-crm calcom/cal.com	Referral fee per closing	25% of commission	Broker license, court-ordered sale rules	Family law attorneys via bar networking	Low	Attorneys need neutral agents; forced sales close reliably
Employer relocation benefit program	Agent network with commission rebates as employee perk	e.g. licensed agents, relocation management companies	twentyhq/twenty frappe/hrms	Referral fee minus employee rebate	10-15% of commission	Broker license, rebates banned in some states	HR benefits teams at mid-size companies	Low	Free perk for employers; employees save on closing
Credit-union member home-buying program	Agent matching and rebates for CU members	e.g. licensed agents, credit unions	krayin/laravel-crm mautic/mautic	Referral fees shared with rebates	10-20% of commission	Broker license, RESPA compliance	Credit unions via league conferences	Low	Members trust CU endorsements; CUs gain mortgage volume
Luxury buyer referrals to boutique brokerages	High-net-worth buyer introductions to luxury specialists	e.g. luxury brokerages, private client advisors	twentyhq/twenty nextcloud/server	Referral fee per closing	25% of commission	Broker license	Wealth managers and private bankers	Low	Large commissions make even one closing a year lucrative

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
1031 exchange buyer referral desk	Replacement-property agent referrals for exchangers	e.g. qualified intermediaries, commercial agents	twentyhq/twenty docusealco/docuseal	Referral fee per acquisition	20-25% of commission	Broker license	Qualified intermediaries and CPAs	Low	Exchangers face 45-day deadlines and need agents fast
REO listing referrals for community banks	Listing agent placement for bank-owned properties	e.g. REO-certified agents	krayin/laravel-crm nocodb/nocodb	Referral fee per listing sold	20-25% of commission	Broker license	Community bank special-assets officers	Low	Small banks lack REO desks and need vetted agents
First-time buyer class agent matching	Agent referrals for homebuyer-education graduates	e.g. HUD-approved counseling agencies, agents	mautic/mautic calcom/cal.com	Referral fee per closing	25% of commission	Broker license, RESPA	Housing counseling agencies via nonprofit partnerships	Low	Graduates are pre-qualified and committed to buying
Physician relocation agent network	Agents for residents and physicians starting new jobs	e.g. agents near hospitals, physician lenders	twentyhq/twenty mautic/mautic	Referral fee per closing	25-30% of commission	Broker license	Residency coordinators and physician recruiters	Low	Predictable July start dates and high purchase prices
Diaspora home-buying referrals abroad	Agents in home countries for emigrants buying back home	e.g. licensed agents in India, Mexico, Philippines	twentyhq/twenty chatwoot/chatwoot	Referral fee per transaction	15-25% of commission	License rules in destination country	Diaspora communities via cultural associations	Low	Remittance-funded purchases need trusted local agents
STR investor agent referrals	Short-term-rental-savvy agent introductions	e.g. agents in STR-friendly markets	krayin/laravel-crm Qloapps/QloApps	Referral fee per closing	25% of commission	Broker license, local STR ordinance disclosures	Airbnb investor groups and podcasts	Low	Investors buy repeatedly and value regulation-aware agents
Financial-advisor client referral desk	Agent matching for advisory clients buying or downsizing	e.g. licensed agents, RIA firms	twentyhq/twenty calcom/cal.com	Referral fee per closing	25% of commission	Broker license, no fees to unlicensed advisors	RIAs via custodian conferences	Low	Advisors want vetted agents but cannot take fees
Manufactured-home community sales referrals	Buyer and seller referrals for mobile-home parks	e.g. manufactured housing brokers	krayin/laravel-crm mautic/mautic	Referral fee per sale	20-25% of commission	Broker or dealer license by state	Park owners and residents via community boards	Low	Overlooked asset class with few specialist brokers
Americans-buying-abroad agent referrals	Local agents in Portugal, Mexico and Costa Rica	e.g. licensed foreign brokerages, relocation consultants	twentyhq/twenty WeblateOrg/weblate	Referral fee per purchase	15-25% of commission	Destination-country agent licensing	Expat Facebook groups and retirement podcasts	Low	Retirees abroad need trusted agents and currency guidance
Assisted-living placement referral agency	Senior community placements paid by communities	e.g. assisted living and memory care operators	krayin/laravel-crm calcom/cal.com	Placement fee per move-in	50-100% of first month	Placement agency registration in some states	Hospital discharge planners and elder attorneys	Low	Communities pay for move-ins; families get free guidance
Flexible office space referral desk	Coworking and flex office placements	e.g. coworking operators, flex space brokers	twentyhq/twenty chatwoot/chatwoot	Operator commission per signed membership	10% of first-year contract	Broker license in some states	Startups via accelerators and VC platforms	Low	Operators pay brokers; startups get free space search
Commission-rebate referral brokerage	Buyer referrals with part of commission rebated	e.g. partner agents accepting rebates	krayin/laravel-crm docusealco/docuseal	Referral fee retained after rebate	10-15% of commission	Broker license, rebates banned in some states	Tech workers via employee Slack communities	Low	Transparent savings attract price-aware buyers

Reputation & Local Listings · 31

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Review-generation service for dentists	Automated SMS and email review requests after visits	e.g. SMS gateways, practice-management integrators	mautic/mautic jookies/jasmin	Monthly fee per practice location	70-80% gross margin	TCPA consent, no review gating	Dental practice managers via dental supply reps	Low	Dentists know reviews drive new patients but never ask
Listings sync for multi-location retailers	Directory listing distribution via aggregator reseller access	e.g. listings aggregators with reseller programs	nocodb/nocodb n8n-io/n8n	Annual per-location markup	40-60% gross margin	None	Regional retail chains via franchise marketing managers	Low	Aggregator wholesale pricing is far below retail per location
Online reputation repair for professionals	Suppression content, profiles and removal requests	e.g. ORM fulfillment agencies, content writers	WordPress/wordpress-develop twentyhq/twenty	Monthly retainer for 6-12 months	40-50% gross margin	Defamation and platform policy limits	Doctors and executives via PR firms and lawyers	Low	High-stakes clients pay premium fees for discreet fixes
Review-response writing service	Human-edited replies to every review	e.g. offshore VAs, LLM drafting	chatwoot/chatwoot langgenius/dify	Per-location monthly fee	60-70% gross margin	Platform response guidelines	Multi-location restaurants via marketing agencies	Low	Owners lack time; consistent replies lift ratings and SEO
NPS and feedback survey service for clinics	Patient feedback surveys and dashboards	e.g. self-hosted survey tools, SMS gateways	formbricks/formbricks LimeSurvey/LimeSurvey	Monthly per-location subscription	70-80% gross margin	HIPAA for patient data	Clinic administrators via healthcare consultants	Low	Catches unhappy patients before they post publicly
Review widget for websites	Embeddable testimonial and rating widgets	e.g. review aggregation APIs	directus/directus umami-software/umami	Monthly SaaS fee per site	80-90% gross margin	Platform display terms	Web designers who install for clients	Low	Agencies bundle widgets into every website they build
Brand monitoring for restaurant groups	Mention and review alerts with weekly digests	e.g. review and social APIs	n8n-io/n8n metabase/metabase	Monthly fee per brand	70-80% gross margin	API terms of service	Restaurant group marketing directors	Low	Groups need one feed across dozens of locations and platforms
Apple Maps and Bing Places setup service	Map listing creation and optimization	e.g. listing VAs, aggregator feeds	nocodb/nocodb makeplane/plane	One-time setup fee per location	60-70% gross margin	None	New businesses via web designers and accountants	Low	Most SMBs only claimed Google and miss other maps
Video testimonial collection service	Recorded customer video testimonials edited for marketing	e.g. freelance video editors, remote recording tools	formbricks/formbricks Chocobozzz/PeerTube	Per-video fee or monthly package	50-60% gross margin	Release forms for customer likeness	B2B SaaS marketers via LinkedIn	Low	Video proof converts better and few vendors make it easy
Hotel review management for independents	OTA and TripAdvisor review replies and reporting	e.g. hospitality VAs, review APIs	chatwoot/chatwoot Qloapps/QloApps	Monthly fee per property	60-70% gross margin	OTA response policies	Independent hoteliers via hotel associations	Low	Review scores directly move OTA ranking and room rates
Employer-brand review management	Glassdoor and Indeed response and profile service	e.g. HR content writers	chatwoot/chatwoot twentyhq/twenty	Monthly retainer per employer	60-70% gross margin	None	Talent acquisition leads at mid-size firms	Low	Candidates read employer reviews; HR rarely manages them
Local data aggregator submission for new businesses	Submission to data aggregators and core directories	e.g. aggregator resellers, citation VAs	n8n-io/n8n nocodb/nocodb	One-time fee per business	50-60% gross margin	None	New business owners via formation services	Low	Clean citations fix map-ranking problems cheaply
QR-code review kits for tradespeople	Printed QR cards and stands linking to review pages	e.g. print shops, short-link tools	shlinkio/shlink medusajs/medusa	Kit price with reorder margin	60-70% gross margin	None	Plumbers and electricians via supply houses	Low	Physical prompts at job completion lift review rates

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Review-gating-free reputation platform for agencies	White-label reputation SaaS for agency clients	e.g. self-hosted feedback and automation tools	formbricks/formbricks mautic/mautic	Per-client monthly fee to agencies	75-85% gross margin	FTC review rules, no gating	Local marketing agencies via agency communities	Low	Agencies resell at 3x and keep clients sticky
Healthcare provider directory management	Doctor profile accuracy across health directories	e.g. healthcare directories, provider data VAs	nocodb/nocodb n8n-io/n8n	Per-provider annual fee	60-70% gross margin	HIPAA, payer directory accuracy rules	Medical group administrators via MGMA events	Low	Inaccurate directories cost groups patients and payer penalties
GBP photo and post refresh subscription	Monthly Google profile photos and posts by local photographers	e.g. freelance photographers, content writers	nocodb/nocodb calcom/cal.com	Monthly subscription per location	50-60% gross margin	None	Restaurants and salons via local networking	Low	Fresh content signals activity and lifts local ranking
Review requests for auto dealers	Post-service SMS review campaigns for dealerships	e.g. SMS gateways, DMS integrators	jookies/jasmin mautic/mautic	Monthly fee per rooftop	70-80% gross margin	TCPA consent, platform anti-gating rules	Dealer fixed-ops directors via 20 groups	Low	Service lanes generate daily review opportunities dealers waste
Attorney profile and review management	Avvo, Google and bar directory profile optimization	e.g. legal content writers, review APIs	twentyhq/twenty chatwoot/chatwoot	Monthly retainer per firm	60-70% gross margin	Bar advertising rules on testimonials	Solo and small law firms via bar events	Low	Lawyers cannot ethically self-promote carelessly and outsource gladly
Reputation packages for HVAC dealer networks	Review and listing bundles sold through distributors	e.g. white-label reputation fulfillment teams	mautic/mautic nocodb/nocodb	Per-dealer monthly fee via distributor	50-60% gross margin	TCPA consent	HVAC distributors as channel partners	Low	Distributors co-fund dealer marketing and deliver hundreds of accounts
Fake-review removal requests service	Flagging and appeal management for policy-violating reviews	e.g. trained reviewers, legal letter templates	nocodb/nocodb n8n-io/n8n	Per-review fee plus monitoring retainer	60-70% gross margin	Platform policies, defamation law caution	Businesses hit by competitor attacks via SEO agencies	Low	Owners do not know appeal processes; success is measurable
Delivery-app listing management for restaurants	Menu, photo and review management on delivery platforms	e.g. restaurant VAs, menu photographers	chatwoot/chatwoot nocodb/nocodb	Monthly fee per restaurant	55-65% gross margin	Platform merchant terms	Independent restaurants via POS resellers	Low	Delivery listings are neglected yet drive big order volume
Private school review-site management	Profile and review management on school ranking sites	e.g. education content writers	formbricks/formbricks twentyhq/twenty	Annual contract per school	60-70% gross margin	FERPA for student data	Admissions directors via independent school associations	Low	Parents research rankings; schools rarely manage them
Senior living community review management	Review generation and replies on senior care directories	e.g. hospitality VAs, SMS gateways	mautic/mautic chatwoot/chatwoot	Monthly fee per community	60-70% gross margin	TCPA consent, resident privacy	Community marketing directors via operator groups	Low	Families choose care from reviews; occupancy depends on them
B2B software review campaigns	Review collection drives on G2 and Capterra	e.g. customer marketing freelancers, gift-card APIs	mautic/mautic formbricks/formbricks	Per-campaign fee plus retainer	55-65% gross margin	Review-site incentive disclosure rules	SaaS marketing managers via LinkedIn outreach	Low	Review-site rankings drive demos; vendors lack bandwidth
Marketplace seller feedback management	Seller feedback requests and dispute handling for Amazon sellers	e.g. e-commerce VAs	chatwoot/chatwoot n8n-io/n8n	Monthly fee per seller account	60-70% gross margin	Amazon communication guidelines	Amazon sellers via seller forums	Low	Feedback scores affect Buy Box; sellers outsource readily

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Google Q&A monitoring for retailers	Monitoring and answering customer questions on profiles	e.g. offshore VAs	nocodb/nocodb n8n-io/n8n	Per-location monthly fee	65-75% gross margin	None	Regional retail chains via marketing managers	Low	Unanswered questions get wrong public answers from strangers
Multilingual review replies for tourism	Translated review responses for tour and hotel operators	e.g. freelance translators, MT engines	LibreTranslate/LibreTranslate chatwoot/chatwoot	Monthly fee per language	55-65% gross margin	None	Tour operators via destination marketing organizations	Low	International guests expect replies in their language
Negative review recovery outreach	Fast outreach to unhappy reviewers to resolve and update	e.g. customer-service VAs	chatwoot/chatwoot formbricks/formbricks	Monthly retainer plus per-recovery bonus	60-70% gross margin	No incentives for review changes	Home-service franchises via franchisor marketing	Low	Resolved complaints often become updated positive reviews
Contractor lead-site profile management	Angi, Houzz and Thumbtack profile and review upkeep	e.g. home-service VAs, photographers	nocodb/nocodb chatwoot/chatwoot	Monthly fee per contractor	60-70% gross margin	Lead-site terms	Remodelers and landscapers via supply houses	Low	Profiles decay fast; contractors hate admin work
Feedback tablet kiosks for retail stores	In-store feedback tablets with survey software	e.g. tablet and stand suppliers, survey tools	formbricks/formbricks Screenly/Anthias	Hardware markup plus monthly software fee	40-50% blended margin	None	Retail chains and gyms via store operations	Medium	Captures feedback at the moment and intercepts negative reviews
GBP suspension and reinstatement service	Profile reinstatement appeals and verification support	e.g. local SEO specialists	nocodb/nocodb chatwoot/chatwoot	Flat fee per reinstatement	70-80% gross margin	Google guidelines compliance	Suspended businesses via local SEO forums	Low	Suspensions kill calls overnight; owners pay for urgency

Reselling Cloud GPU & AI Compute · 20

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
GPU-hour reseller for indie AI researchers	Rented GPU instances by the hour	e.g. RunPod, Lambda, Vast.ai, CoreWeave	kubernetes/kubernetes FOSSBilling/FOSSBilling	Hourly markup on wholesale GPU rate	15-30% markup	Cloud provider terms	Indie researchers and students via Discord	Low	Simplified billing and support versus raw marketplaces
Managed LLM inference endpoint for startups	Hosted open-model API endpoints	e.g. GPU clouds, bare-metal hosts	vllm-project/vllm grafana/grafana	Per-million-token pricing	40-60% gross margin	Model license terms	Startups avoiding OpenAI lock-in via developer communities	Medium	Predictable per-token pricing and data privacy
Fine-tuning-as-a-service for small companies	GPU time plus tuning pipeline	e.g. GPU clouds	ray-project/ray n8n-io/n8n	Per-job fee plus compute markup	35-50% gross margin	Dataset licensing rules	SMEs with proprietary data via consultants	Medium	Non-experts want results, not infrastructure
Private on-prem GPU box leasing for law firms	Leased GPU servers hosted off-site	e.g. server OEMs, colocation providers	ollama/ollama open-webui/open-webui	Monthly lease and support fee	25-40% gross margin	Client confidentiality terms	Law firms through legal IT vendors	High	Confidential documents never leave the firm's control
Render-farm reseller for freelance 3D artists	GPU rendering minutes	e.g. render farms, GPU clouds	kubernetes/kubernetes FOSSBilling/FOSSBilling	Per-render-minute markup	20-35% markup	none	3D artists via Blender communities	Low	Freelancers avoid buying expensive local GPUs
AI training credits broker for university labs	Bulk GPU credits resold	e.g. cloud credit programs, GPU clouds	FOSSBilling/FOSSBilling grafana/grafana	Credit resale spread	10-20% spread	Procurement and grant rules	University labs via department managers	Low	Pooled purchasing delivers lower rates to small labs

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Jupyter notebook hosting with GPUs for bootcamps	Hosted notebooks per student	e.g. GPU clouds	kubernetes/kubernetes moodle/moodle	Per-student seat per cohort	35-55% gross margin	Student data privacy	Coding bootcamps via partnerships	Medium	Every student gets identical environments without setup
Stable-diffusion hosting for design agencies	Image-generation servers	e.g. GPU clouds	ollama/ollama n8n-io/n8n	Monthly seat plus usage fee	40-55% gross margin	Model license and content rules	Design agencies via creative forums	Low	Own model workflows without per-image API costs
Speech-to-text transcription API reseller	Hosted Whisper-style transcription	e.g. GPU clouds	vllm-project/vllm n8n-io/n8n	Per-audio-minute pricing	50-70% gross margin	Recording-consent laws	Media firms and call centres via integrators	Low	Cheaper than closed APIs at volume
Spot-GPU scheduling service for cost-sensitive teams	Cheapest available GPU capacity	e.g. multiple GPU marketplaces	ray-project/ray kubernetes/kubernetes	Percentage of savings	15-25% of savings	none	ML teams via engineering leads	Medium	Teams save money without chasing spot prices
Regional sovereign-AI compute hosting	Locally hosted GPU capacity	e.g. regional data centres	kubernetes/kubernetes grafana/grafana	Monthly contract plus usage	25-40% gross margin	Data-residency rules	Government and healthcare via procurement	High	Compliance demands in-country processing
Video-generation compute packages for studios	Batch video-model compute	e.g. GPU clouds	ray-project/ray n8n-io/n8n	Per-job pricing	30-45% gross margin	Content-rights rules	Small studios via creator communities	Medium	Studios need burst capacity not permanent hardware
Embedding and vector-search hosting for SaaS firms	Hosted embedding pipelines	e.g. GPU clouds, managed databases	vllm-project/vllm grafana/grafana	Per-million-embedding fees	40-60% gross margin	Customer data terms	SaaS teams via developers	Low	Predictable costs for search features
Bioinformatics GPU compute for biotech startups	Protein-folding and genomics jobs	e.g. GPU clouds	ray-project/ray kubernetes/kubernetes	Per-job or monthly plan	30-45% gross margin	Research data privacy rules	Biotech startups via accelerators	Medium	Specialist pipelines come pre-configured
Gaming-cloud streaming rig rental	GPU desktops for cloud gaming	e.g. bare-metal hosts	kubernetes/kubernetes FOSSBilling/FOSSBilling	Monthly or hourly rental	25-40% gross margin	Game licensing terms	Gamers in regions without cloud-gaming access	Medium	Lower latency via local rigs
Refurbished GPU server leasing for hobbyists	Used GPUs in managed servers	e.g. data-centre refurbishers	ollama/ollama grafana/grafana	Monthly lease	30-45% gross margin	none	Hobbyists via forums	Medium	Used enterprise cards offer cheap VRAM
AI compute billing and chargeback layer for internal teams	Usage metering and invoicing	e.g. GPU clouds	FOSSBilling/FOSSBilling grafana/grafana	Per-seat platform fee	60-75% gross margin	Financial data privacy	Enterprises sharing GPU clusters	Low	Finance teams need per-team AI cost visibility
Edge-inference device rental for retail pilots	Small GPU boxes for stores	e.g. edge hardware vendors	kubernetes/kubernetes thingsboard/thingsboard	Monthly rental per site	30-45% gross margin	Privacy rules for video	Retailers testing computer vision	Medium	Pilots avoid buying hardware upfront
Academic-discount GPU sandbox for hackathons	Time-limited GPU access	e.g. GPU clouds	kubernetes/kubernetes FOSSBilling/FOSSBilling	Per-event bundle fee	30-45% gross margin	none	Hackathon organisers via sponsors	Low	Hackathons need burst compute for a weekend
Model-hosting marketplace for niche open models	Curated hosted models	e.g. GPU clouds	vllm-project/vllm open-webui/open-webui	Revenue share per call	30-50% gross margin	Model license terms	Developers building niche apps	Medium	Curated endpoints save integration work

Reselling Coworking & Meeting Rooms · 20

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Hourly meeting-room marketplace for suburban offices	Unused conference rooms	e.g. coworking operators, hotels	LibreBooking/app calcom/cal.com	Commission per booking	15-25% commission	Local business licensing	Freelancers and small teams via SEO	Low	Suburban workers avoid city commutes
Hot-desk passport across multiple coworking spaces	Multi-location desk access	e.g. independent coworking spaces	LibreBooking/app medusajs/medusa	Monthly subscription with revenue share	20-30% margin	Operator contracts	Remote workers via LinkedIn	Low	One membership gives flexible access

Teen acne kit with OTC actives	Benzoyl peroxide and salicylic kits from OTC labs	e.g. OTC-registered acne manufacturers	medusajs/medusa killbill/killbill	Monthly kit subscription	55-65% gross margin	FDA OTC monograph, drug facts labeling	Parents and teens via TikTok and pediatric clinics	Medium	Teens need routines; subscriptions keep them consistent
Eczema-safe skincare line with dermatologists	Fragrance-free moisturizers co-branded with derm practices	e.g. hypoallergenic contract labs	saleor/saleor openemr/openemr	Clinic wholesale plus DTC	50-60% gross margin	MoCRA, no drug claims	Dermatology practices via derm conferences	Medium	Derm endorsement builds trust for sensitive-skin buyers
Pregnancy-safe skincare brand	Vetted ingredient products for pregnancy and postpartum	e.g. clean contract labs	medusajs/medusa mautic/mautic	DTC sales plus OB clinic retail	55-65% gross margin	MoCRA, cosmetic labeling	Pregnancy apps and OB-GYN offices	Medium	Anxious buyers pay for curated safety
Halal-certified cosmetics line	Certified makeup and skincare with your brand	e.g. halal-certified manufacturers	medusajs/medusa karrioapi/karrio	DTC sales and export wholesale	50-60% gross margin	Halal certification, MoCRA	Muslim beauty influencers and modest fashion retailers	Medium	Large underserved market with certification as a moat
Natural deodorant private label	Aluminum-free deodorants with custom scents	e.g. natural deodorant manufacturers	woocommerce/woocommerce killbill/killbill	Subscription and retail sales	55-65% gross margin	Cosmetic labeling, OTC if antiperspirant claims	Clean-living audiences via Instagram	Low	Consumable with monthly repurchase and simple formulas
Teeth-whitening and oral-care private label	Whitening strips, pens and toothpaste tablets	e.g. oral-care contract manufacturers	medusajs/medusa odoo/odoo	DTC sales plus dental office wholesale	55-65% gross margin	Peroxide limits in EU, cosmetic labeling	Dentists and smile-focused influencers	Medium	Cosmetic dentistry demand with cheap manufacturing
Massage oils and spa products for therapists	Private-label oils, lotions and balms	e.g. spa product manufacturers	odoo/odoo calcom/cal.com	Wholesale to therapists plus retail	50-60% gross margin	Cosmetic labeling	Massage therapists via association chapters	Low	Therapists use product daily and retail to clients
Hair extensions private label for stylists	Human-hair extensions branded for salons	e.g. hair extension factories and importers	medusajs/medusa karrioapi/karrio	Wholesale to stylists plus DTC	40-50% gross margin	Import labeling	Extension-certified stylists via training academies	Medium	High ticket items with repeat purchases every few months
Makeup artist brush and palette line	Brush sets and palettes from cosmetics OEMs	e.g. brush and palette manufacturers	medusajs/medusa gitroomhq/postiz-app	DTC sales plus pro discounts	55-65% gross margin	Color additive rules, MoCRA	Working makeup artists via beauty schools	Medium	Pros influence consumers and buy in bulk
Baby skincare line for pediatric practices	Gentle washes and creams co-branded with clinics	e.g. hypoallergenic contract labs	saleor/saleor openemr/openemr	Clinic wholesale plus DTC	50-60% gross margin	MoCRA, cosmetic labeling	Pediatric practices via practice managers	Medium	Parents trust pediatrician-endorsed products
Podiatrist-branded foot care products	Foot creams and antifungal products for clinics	e.g. OTC and cosmetic foot care manufacturers	saleor/saleor openemr/openemr	Clinic retail and online reorders	50-60% gross margin	OTC monograph for antifungals	Podiatry practices via podiatry associations	Low	Clinics sell at point of care with recurring need
LED masks and facial tools white-label	Beauty devices from OEMs with your branding	e.g. beauty device OEMs	medusajs/medusa karrioapi/karrio	Device sales plus consumables	45-55% gross margin	FDA general wellness policy, electrical safety	Estheticians and skincare influencers	Medium	High-ticket devices with viral demonstration potential

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Backbar skincare supply for estheticians	Professional-size products resold to spa professionals	e.g. professional skincare distributors	odoo/odoo invoiceninja/invoiceninja	Wholesale margin on backbar orders	20-30% gross margin	Professional-only product terms	Independent estheticians via beauty schools	Low	Solo estheticians need small-order access to pro brands
Resort spa private-label retail line	Spa retail products branded for hotel spas	e.g. spa product manufacturers	odoo/odoo Qloapps/QloApps	Wholesale to spas plus guest online reorders	45-55% gross margin	MoCRA, cosmetic labeling	Resort spa directors via spa associations	Medium	Guests buy memories; online reorders extend the relationship
Arabian perfume oils import storefront	Attar and oud oils imported and resold	e.g. UAE and Omani perfume houses	medusajs/medusa karrioapi/karrio	Retail markup on imports	50-60% gross margin	IFRA labeling, import rules	Fragrance communities via TikTok and Reddit	Medium	Fast-growing niche with few Western-facing brands

Solar Sales · 31

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Solar sales dealer for installers (sub-dealer)	Installed residential solar systems sold on commission	e.g. EPC installers, solar financiers	krayin/laravel-crm twentyhq/twenty	Per-watt commission on signed installs	$0.30-1.00 per watt	State solar salesperson registration in some states	Homeowners via door-to-door and referrals	Low	Installers need sales capacity; dealers need no crews
Solar plus battery for small farms	Off-grid solar and storage kits for agriculture	e.g. solar distributors, battery makers	odoo/odoo thingsboard/thingsboard	Kit margin plus installer referral	15-30% gross margin	Electrical permits via licensed installers	Small farms via agricultural extension events	Medium	Rural power costs and outages make ROI obvious
DIY solar kit e-commerce store	Panels, inverters and racking bundled as kits	e.g. distributors, panel manufacturers	woocommerce/woocommerce medusajs/medusa	Product margin on kits	10-25% gross margin	Electrical code disclaimers, local permits	DIY homeowners via YouTube reviews	Medium	Content-driven buyers want vetted bundles over parts lists
Commercial rooftop solar broker	C&I solar projects originated for EPCs and PPA providers	e.g. EPCs, PPA developers	twentyhq/twenty docusealco/docuseal	Developer fee per closed project	3-8% of project value	None beyond contract law	Warehouse and factory owners via commercial realtors	Low	Large tickets and few sellers targeting mid-size businesses
Solar lead-gen for installers	Qualified homeowner appointments sold to installers	e.g. ad networks, call centers	mautic/mautic krayin/laravel-crm	Per-appointment or per-lead fee	$50-200 per appointment	TCPA consent for calls and texts	Regional installers via industry forums	Low	Installers pay for appointments, not ads they cannot run
Solar panel cleaning and maintenance network	O&M visits by local subcontracted crews	e.g. local cleaning crews, electricians	fleetbase/fleetbase calcom/cal.com	Per-visit fee or annual plan	25-35% gross margin	Contractor license for electrical work	Solar owners via installer referrals	Low	Installers avoid O&M; owners want one call
Portable solar generators for RV owners	Power stations and foldable panels under your brand	e.g. private-label power station manufacturers	medusajs/medusa saleor/saleor	Product margin per unit	25-35% gross margin	UL listing, battery shipping rules	RV owners via campground partners and YouTube	Medium	Growing RV market with high-ticket impulse purchases
Solar monitoring white-label for installers	Branded monitoring portal on inverter APIs	e.g. inverter manufacturer APIs	thingsboard/thingsboard grafana/grafana	Per-site monthly fee	70-80% gross margin	Data privacy	Installers via regional solar associations	Low	Installers want branded portals without building software
Solar in emerging markets pay-as-you-go	PAYG solar home systems financed by installments	e.g. PAYG hardware vendors	apache/fineract thingsboard/thingsboard	Daily payment margin over hardware cost	30-40% gross margin	Consumer lending rules by country	Off-grid households via local agent networks	High	Hardware lock-out enables lending to unbanked customers

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Solar carport sales for businesses	Carport solar and EV charging projects	e.g. carport EPCs	odoo/odoo twentyhq/twenty	Commission per project	3-6% of project value	None beyond contract law	Retail centers and office parks via property managers	Low	Visible sustainability asset with parking lot real estate
Solar permit and design outsourcing	Plan sets and permit packages for installers	e.g. offshore solar design firms	nextcloud/server makeplane/plane	Per-plan-set fee	30-40% gross margin	PE stamps where required	Small installers via solar forums	Low	Installers outsource design; offshore capacity is cheap
Balcony solar kit retailer (EU)	Plug-in solar modules for apartments	e.g. EU balcony solar distributors	medusajs/medusa karrioapi/karrio	Product margin per kit	15-25% gross margin	Grid registration rules per country	Apartment renters via energy-saving communities	Low	Legal simplification created a mass market overnight
Solar-roof financing broker	Solar loans and leases arranged for buyers	e.g. solar lenders, lease providers	krayin/laravel-crm docusealco/docuseal	Dealer fee share per funded loan	1-3% of financed amount	Lending broker rules by state	Installers lacking finance partners	Low	Financing closes deals; lenders pay for volume
Solar for churches and schools	Nonprofit PPAs originated for developers	e.g. PPA developers	twentyhq/twenty mautic/mautic	Origination fee per signed PPA	2-5% of project value	None beyond contract law	Church boards via denominational networks	Low	PPAs need no capital, which nonprofits lack
Solar water-pump distribution for agriculture	Solar pumps and controllers for irrigation	e.g. pump manufacturers	odoo/odoo frappe/erpnext	Product margin on pumps	15-25% gross margin	Agricultural subsidy program rules	Farmers via dealers and extension offices	Medium	Subsidies and diesel costs drive steady demand
Community solar subscription enrollment agency	Shares of community solar farms sold to households	e.g. community solar developers	krayin/laravel-crm mautic/mautic	Per-subscriber commission	$100-300 per subscriber	State community solar program rules	Renters and condo owners via utility bill savings pitch	Low	No install needed, so sales cycle is short
Battery retrofit sales for existing solar homes	Home batteries added to installed solar systems	e.g. battery manufacturers, certified installers	krayin/laravel-crm thingsboard/thingsboard	Per-install commission or margin	10-15% of project value	Electrical permits via installers	Existing solar owners via installer customer lists	Low	Installed base is large and outages drive urgency
EV charger installation bundle dealer	Home chargers installed by partner electricians	e.g. charger manufacturers, licensed electricians	medusajs/medusa calcom/cal.com	Hardware margin plus install markup	20-30% gross margin	Electrical license via partners, permits	New EV buyers via dealership referrals	Low	Every EV sale needs a charger and an electrician
Multifamily solar broker for apartment owners	Shared solar projects for rental buildings	e.g. multifamily solar developers	twentyhq/twenty docusealco/docuseal	Origination fee per project	2-5% of project value	Utility virtual net metering rules	Apartment owners via property management firms	Low	Owners lack solar expertise; developers lack owner access
Solar lighting for parks and parking lots	Solar street and area lights from manufacturers	e.g. solar lighting manufacturers	odoo/odoo invoiceninja/invoiceninja	Product margin on bulk orders	20-30% gross margin	Lighting standards, public procurement rules	Municipal public works via bid lists	Medium	No trenching saves cities money and sells itself
Off-grid cabin and tiny-home solar kits	Sized kits with batteries for small dwellings	e.g. solar distributors, battery suppliers	woocommerce/woocommerce medusajs/medusa	Kit margin plus design fee	15-25% gross margin	Electrical code disclaimers	Tiny-home builders and cabin owners via forums	Medium	Buyers want sized packages, not component shopping
Solar water heater and attic fan dealer	Thermal collectors and solar fans installed by partners	e.g. solar thermal manufacturers, plumbers	odoo/odoo calcom/cal.com	Product margin plus install markup	25-35% gross margin	Plumbing permits via licensed partners	Homeowners via home shows	Low	Simple, cheaper products with quick payback
Solar panel decommissioning and recycling broker	Removal and recycling capacity resold to owners	e.g. panel recyclers, removal crews	fleetbase/fleetbase invoiceninja/invoiceninja	Per-panel fee with recycler margin	20-30% gross margin	Hazardous waste rules in some states	Roofers and commercial site owners	Low	Aging fleets create a new mandatory service

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Roofer solar add-on program	Solar installs sold by roofers, fulfilled by partner installers	e.g. solar installers, financiers	krayin/laravel-crm docusealco/docuseal	Referral commission per install	$1,000-3,000 per install	Contractor license via installers	Roofing companies via roofing supply distributors	Low	Roof replacement is the natural moment to add solar
Solar generator rental for events and film	Portable solar power stations rented out	e.g. power station manufacturers	odoo/odoo calcom/cal.com	Daily rental fees	50-60% gross margin	None	Event producers and film crews via rental houses	Medium	Quiet, clean power commands premium over diesel generators
Extended solar warranty and insurance reseller	Equipment protection plans for solar owners	e.g. warranty administrators, specialty insurers	killbill/killbill krayin/laravel-crm	Commission per plan sold	15-25% commission	Service contract and insurance licensing	Solar owners via installer handoffs	Low	Owners worry about inverter failures after installer churn
Solar system inspection for home sales	Pre-sale solar inspections by certified technicians	e.g. NABCEP-certified inspectors	calcom/cal.com invoiceninja/invoiceninja	Per-inspection fee with technician payout	30-40% gross margin	None	Real estate agents and home inspectors	Low	Solar homes change hands and buyers want assurance
Heat pump and solar bundle sales agent	Heat pumps paired with solar sold for installers	e.g. heat pump installers, solar EPCs	krayin/laravel-crm twentyhq/twenty	Commission per bundle sold	5-8% of project value	Refrigerant and electrical licenses via installers	Homeowners replacing boilers via incentive programs	Low	Incentives for both products stack and simplify the pitch
Marine solar kits for boat owners	Flexible panels and controllers for sailboats	e.g. flexible panel manufacturers	medusajs/medusa karrioapi/karrio	Product margin on kits	25-35% gross margin	Marine electrical standards	Sailors via marinas and cruising forums	Low	Niche with high loyalty and few specialist retailers
Realtor solar referral program	Solar installs referred by agents at home purchase	e.g. solar installers	krayin/laravel-crm mautic/mautic	Referral fee per install	$500-1,500 per install	Referral fee disclosure rules	Real estate agents via brokerage meetings	Low	New homeowners are planning upgrades anyway
Used solar panel resale marketplace	Decommissioned and surplus panels resold	e.g. decommissioning firms, surplus distributors	medusajs/medusa karrioapi/karrio	Markup per panel plus listing fees	20-30% gross margin	Product safety disclosures	Off-grid DIYers and developing-market buyers	Low	Cheap panels find eager buyers; sellers want disposal

Staffing & Recruiting (RPO) · 30

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
White-label RPO for HR consultancies	Outsourced recruiting delivery under consultancy brand	e.g. offshore recruiter teams, sourcing freelancers	frappe/hrms twentyhq/twenty	Monthly retainer plus per-hire fee	30-40% gross margin	none	Boutique HR consultancies via LinkedIn outreach	Low	Consultancies add hiring capacity without payroll risk
Travel-nurse staffing agency	Licensed nurses placed on short hospital contracts	e.g. nurse pools, vendor-management systems	frappe/hrms krayin/laravel-crm	Bill-rate spread per hour worked	20-28% of bill rate	State staffing and payroll licensing	Hospitals via MSP vendor panels	High	Chronic shortages keep bill rates high
Sourcing-as-a-service for agencies	Candidate lists and outreach sequences	e.g. offshore sourcers, LinkedIn Recruiter seats	twentyhq/twenty mautic/mautic	Per-qualified-candidate fee	45-60% margin	Data-privacy consent rules	Small recruiting agencies via recruiter communities	Low	Agencies buy sourcing hours only when mandates land
Nearshore developer staff augmentation	Dedicated remote developers billed monthly	e.g. LatAm dev shops, freelance developer networks	frappe/hrms kimai/kimai	Monthly per-developer rate markup	25-35% gross margin	Contractor classification and tax rules	US startups via founder communities	Medium	Time-zone overlap beats distant offshore options
Warehouse temp staffing	Hourly temp pickers and loaders	e.g. local labor pools, payroll providers	frappe/hrms kimai/kimai	Hourly markup on payroll cost	18-25% of bill rate	Staffing license, workers' comp	3PLs and e-commerce warehouses via cold calls	Medium	Peak-season demand spikes need flexible headcount

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Hospitality event-staff agency	Servers, bartenders and hosts for events	e.g. hospitality student pools, freelance staff apps	frappe/hrms calcom/cal.com	Hourly markup per shift	25-35% of bill rate	Payroll and alcohol-service certification	Caterers and venues via local networking	Low	Last-minute shifts filled from a ready bench
Executive search split-fee network	Executive candidates split with partner firms	e.g. independent search consultants	twentyhq/twenty krayin/laravel-crm	Placement fee split	30-50% of placement fee	none	Independent recruiters via split-desk communities	Low	Reach more mandates without a big client roster
International nurse recruitment pipeline	Foreign-trained nurses placed in hospitals	e.g. nursing schools abroad, credential evaluators	frappe/hrms frappe/lms	Per-placement fee plus relocation services	Large per-hire fee	Immigration and recruiter-ethics rules	Hospital HR departments via conferences	High	Hospitals pay for pre-credentialed nurses ready to start
Job-board white-label for associations	Niche job board under association brand	e.g. job-board SaaS vendors	odoo/odoo medusajs/medusa	Listing fees with revenue share	50-70% of listing fees	none	Trade associations via board sponsorship pitches	Low	Members trust association boards for niche roles
Background-screening bundled recruiting	Screening checks bundled into placements	e.g. background-check providers, drug-test labs	krayin/laravel-crm n8n-io/n8n	Per-screen markup	30-40% margin	FCRA-style consumer reporting rules	Small staffing agencies via partner referrals	Low	One vendor for hiring and compliance checks
Truck-driver recruiting service	Pre-screened CDL drivers for fleets	e.g. trucking schools, driver job boards	twentyhq/twenty mautic/mautic	Per-hire fee or retainer	Fee of $2-5k per driver	DOT driver qualification rules	Small fleets via trucking associations	Low	Driver turnover makes fleets pay for steady pipelines
Freelance marketplace for a niche (e.g. architects)	Vetted niche freelancers listed on branded marketplace	e.g. niche freelancer communities	odoo/odoo juspay/hyperswitch	Take rate on projects	10-20% take rate	Contractor classification rules	Architecture firms via trade groups	Medium	Vetting niche skills beats generic marketplaces
Campus recruiting outsourcing	Campus events and graduate pipelines run for employers	e.g. university career offices, student ambassadors	mautic/mautic calcom/cal.com	Season retainer plus per-hire fee	35-45% gross margin	Data-privacy consent rules	Mid-size employers via HR conferences	Low	Employers lack campus reach outside HQ regions
Locum-tenens physician staffing	Temporary physician coverage for clinics	e.g. physician credentialing services, malpractice carriers	frappe/hrms twentyhq/twenty	Daily rate markup	20-30% of bill rate	State medical staffing licensing	Rural hospitals via medical staffing directors	High	Rural coverage gaps pay premium rates
Skilled-trades staffing for construction	Electricians, welders and carpenters on temp contracts	e.g. trade unions, trade school alumni	frappe/hrms kimai/kimai	Hourly markup on wages	20-30% of bill rate	Staffing license, safety certifications	General contractors via site visits	Medium	Project peaks need crews contractors cannot keep
AI interview-screening service	Automated first-round interview screening	e.g. speech-to-text APIs, LLM APIs	danny-avila/LibreChat n8n-io/n8n	Per-screened-candidate pricing	60-75% gross margin	Automated hiring bias audit rules	High-volume recruiters via demos	Low	Screens hundreds of applicants without recruiter hours
Healthcare per-diem allied staffing pool	Radiology techs and lab staff for shifts	e.g. allied-health freelancers, credential platforms	frappe/hrms calcom/cal.com	Hourly markup per shift	22-30% of bill rate	State staffing and credential rules	Clinics via facility managers	Medium	Clinics fill gaps without long contracts
Employer-of-record for remote hires	Compliant payroll for overseas contractors under agency name	e.g. EOR platforms, local payroll partners	odoo/odoo frappe/hrms	Monthly per-employee fee markup	15-25% of EOR fee	Local employment law compliance	Startups hiring abroad via founder groups	Medium	Hiring abroad without opening entities
Veteran-hiring recruitment partnership	Transitioning military candidates placed with employers	e.g. veteran transition programs, job fairs	twentyhq/twenty mautic/mautic	Per-hire fee	15-20% of first salary	none	Defense contractors and logistics firms	Low	Employers want vetted discipline-ready candidates
Seasonal agricultural labor placement	Seasonal farm workers placed with growers	e.g. H-2A labor consultants, farm worker agencies	frappe/hrms kimai/kimai	Per-worker placement and service fee	Fee per worker per season	Farm labor contractor licensing	Growers via agricultural associations	Medium	Harvest windows are short and unforgiving

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Contract-to-hire IT staffing	Contract IT staff with conversion option	e.g. IT freelancer pools, bench consultancies	frappe/hrms twentyhq/twenty	Hourly markup plus conversion fee	20-30% of bill rate	Contractor classification rules	SMBs lacking IT departments via referrals	Medium	Try-before-hire lowers risk for SMB buyers
Early-childhood teacher recruitment	Daycare teachers and aides placed with centers	e.g. ECE college job boards	twentyhq/twenty mautic/mautic	Placement fee per hire	15-20% of first salary	Childcare staff background checks	Daycare chains via owner networks	Low	Chronic daycare staffing gaps drive repeat orders
Remote customer-support team staffing	Dedicated support agents from Philippines or Colombia	e.g. local BPO partners, freelancer pools	frappe/helpdesk chatwoot/chatwoot	Monthly per-agent rate markup	30-40% gross margin	Local labor law compliance	SaaS startups via founder communities	Low	Fixed monthly price beats US support salaries
Hotel and resort seasonal staffing	Seasonal housekeeping and front-desk staff	e.g. J-1 sponsors, hospitality schools	frappe/hrms calcom/cal.com	Hourly markup plus placement fee	20-28% of bill rate	Staffing and visa sponsor rules	Resorts via hotel HR directors	Medium	Resorts face annual staffing cliffs
Recruitment marketing automation for agencies	Job-ad distribution and candidate nurture workflows	e.g. job-ad programmatic networks	mautic/mautic n8n-io/n8n	Monthly platform fee plus ad markup	20-30% of ad spend	Data-privacy consent rules	Recruitment agencies via webinars	Low	Agencies get large-employer tools at small-firm prices
Gig-worker onboarding and payout platform	White-label onboarding and payments for staffing apps	e.g. payment APIs, ID verification vendors	juspay/hyperswitch frappe/hrms	Per-payout fee plus SaaS fee	0.5-1.5% of payouts	Money-transmitter and tax reporting	Staffing startups via fintech partners	Medium	Staffing apps skip building compliance plumbing
Legal-secretary and paralegal temp bureau	Temp legal support for small law firms	e.g. paralegal associations, legal temp pools	frappe/hrms krayin/laravel-crm	Hourly markup per assignment	25-35% of bill rate	Staffing license	Small law firms via bar association events	Low	Firms cover leave without hiring full-time staff
Fractional finance staffing for startups	Part-time controllers and bookkeepers	e.g. fractional CFO networks, CPA freelancers	invoiceninja/invoiceninja kimai/kimai	Monthly retainer markup	25-35% gross margin	CPA oversight for attest work	Seed-stage startups via accelerators	Low	Startups need finance skill without full salaries
Diversity-focused recruiting pipelines	Candidate slates from underrepresented talent communities	e.g. affinity talent networks, bootcamps	twentyhq/twenty mautic/mautic	Per-hire fee	18-22% of first salary	Equal-opportunity employment rules	Tech employers via DEI leaders	Low	Employers pay for pipelines their job boards miss
Security-guard staffing bureau	Licensed guards for events and sites	e.g. licensed guard pools, training schools	frappe/hrms kimai/kimai	Hourly markup on guard wages	20-30% of bill rate	Security company license required	Event venues and construction sites via cold calls	High	Short-notice guards fill event spikes

Stock Media · 30

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Niche stock-photo site (e.g. diverse healthcare imagery)	Licensed photos of a niche subject	e.g. contributor photographers, commissioned shoots	medusajs/medusa immich-app/immich	Per-image licenses and subscriptions	40-60% contributor split margin	Model release and licensing compliance	Health marketers via content agencies	Medium	Generic stock lacks authentic niche representation
Stock video for real-estate marketers	Drone and interior clips for listing videos	e.g. drone videographers, footage contributors	medusajs/medusa photoprism/photoprism	Monthly subscription for clip packs	50-65% gross margin	Drone and property release rules	Real-estate agents via brokerage newsletters	Low	Agents want ready clips without hiring a videographer
Regional stock photo agency (e.g. Africa, SE Asia)	Locally shot photos for regional editorial and ads	e.g. local photographers, photo collectives	medusajs/medusa immich-app/immich	License fees split with photographers	40-50% agency share	Model and property releases	Global brands via creative agencies	Medium	Authentic regional imagery is scarce in big libraries

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Template and mockup marketplace	Design templates and product mockups from designers	e.g. independent designers, Figma creators	medusajs/medusa saleor/saleor	Sales commission on templates	30-50% commission	none	Freelance designers via design communities	Low	Designers prefer curated marketplaces over huge catalogs
3D model and asset store	3D models for games and architecture	e.g. indie 3D artists, scan studios	medusajs/medusa saleor/saleor	Commission per asset sale	30-40% commission	Licensing and IP checks	Indie game devs via Discord communities	Medium	Developers pay to skip modelling time
Icon and illustration subscription	Icon sets and illustrations by contract artists	e.g. freelance illustrators	medusajs/medusa formbricks/formbricks	Subscription for download access	60-75% gross margin	Copyright licensing terms	SaaS and startup designers	Low	Consistent style beats mixing random free icons
Font foundry reseller	Typefaces from independent foundries	e.g. independent type designers	medusajs/medusa saleor/saleor	Resale commission per license	30-40% commission	Font license compliance	Brand agencies via design newsletters	Low	Independent foundries want distribution without storefronts
White-label stock library for agencies	Branded stock portal using licensed wholesale feeds	e.g. wholesale image APIs	medusajs/medusa immich-app/immich	Subscription markup over wholesale cost	25-35% gross margin	Redistribution license terms	Design agencies and print shops	Medium	Agencies offer a branded library without buying content
AI-image stock for marketers (disclosed)	Curated AI-generated images with clear disclosure	e.g. image-generation APIs, art directors	danny-avila/LibreChat immich-app/immich	Credit packs and subscriptions	55-70% gross margin	AI disclosure and IP rules	Small marketers via social ads	Low	Marketers want cheap on-brand visuals fast
Stock B-roll for faith and nonprofit sectors	Worship and community-service video clips	e.g. church videographers, nonprofit contributors	medusajs/medusa photoprism/photoprism	Subscription for churches and charities	50-60% gross margin	Release forms for identifiable people	Church media teams via ministry networks	Low	Small ministries lack cinematic footage budgets
Food-photography stock for restaurants	Menu-ready food photos and video loops	e.g. food photographers, restaurant shoots	medusajs/medusa immich-app/immich	Pack subscription and per-image license	45-60% gross margin	Image licensing terms	Restaurants and delivery menu managers	Low	Restaurants need fresh menu visuals regularly
Historical archive image licensing	Licenses for public-domain and archive imagery	e.g. museums, local archives, estates	medusajs/medusa photoprism/photoprism	License fees split with archives	40-50% share	Archive rights clearance	Documentary makers and publishers	Medium	Archives lack licensing staff and storefronts
Motion-graphics template store	After Effects and video template packs	e.g. motion designers	medusajs/medusa saleor/saleor	Commission per template sale	30-40% commission	Software and font license checks	YouTube creators and video editors	Low	Editors buy templates to speed deadlines
Editorial photo agency for local news	Local news photos syndicated to outlets	e.g. staff photographers, stringers	immich-app/immich medusajs/medusa	Syndication fees split with photographers	40-50% agency share	Editorial rights agreements	Regional newspapers and websites	Medium	Small outlets cannot staff photographers everywhere
Digital asset management for franchise brand images	Hosted image library for franchisee marketing	e.g. cloud storage vendors	immich-app/immich nextcloud/server	Monthly per-location fee	60-70% gross margin	Brand and image rights terms	Franchisors via franchise conferences	Medium	Franchisees stop using off-brand photos
Pet and animal stock photography	Pet-owner and animal imagery for pet brands	e.g. pet photographers, shelters	medusajs/medusa photoprism/photoprism	Subscription and per-image license	45-55% gross margin	Animal-owner release forms	Pet brands and vet marketers	Low	Pet marketers need fresh imagery constantly
Senior lifestyle stock imagery	Authentic photos of active seniors	e.g. photographers, retirement communities	medusajs/medusa immich-app/immich	Per-image license and bundles	45-55% share	Model release compliance	Senior care marketers via agencies	Low	Stereotyped stock harms senior-care brand trust

Business idea	What you resell	Supply sources	Open-source stack	Revenue model	Margin	Regulation	First customers	Cost	Why it works
Industrial and manufacturing stock footage	Factory-floor photos and video for B2B marketers	e.g. industrial photographers, plant tours	medusajs/medusa photoprism/photoprism	Per-clip license and subscriptions	50-60% gross margin	Site access and release rules	Industrial marketing agencies	Medium	Real factory visuals are rare in stock libraries
Stock audio sound-effects pack store	Sound effect libraries from sound designers	e.g. independent sound designers	medusajs/medusa saleor/saleor	Commission per pack	35-45% commission	Audio licensing terms	Podcasters and indie game developers	Low	Creators want ready-made sounds with clear licenses
Wedding stock imagery and video bundles	Ceremony and reception clips for planners	e.g. wedding photographers	medusajs/medusa immich-app/immich	Subscription for planner portfolios	50-60% share	Model release compliance	Wedding planners and florists	Low	Planners illustrate styles they cannot yet shoot
Medical illustration and anatomy graphics store	Licensed anatomy illustrations for educators	e.g. medical illustrators	medusajs/medusa saleor/saleor	License fees and bundles	40-50% commission	Medical accuracy and IP checks	Health educators and publishers	Medium	Illustrators lack distribution to buyers
Tourism destination video-clip library	Destination clips licensed to travel sellers	e.g. tourism boards, local videographers	medusajs/medusa photoprism/photoprism	License fees and subscriptions	45-55% gross margin	Location and drone permits	Travel agencies and tour operators	Medium	Tour sellers need destination footage at low cost
Cultural festival photo licensing	Festival photos licensed to media and brands	e.g. festival photographers	immich-app/immich medusajs/medusa	License fees split with photographers	40-50% share	Event and release permissions	Magazines and cultural agencies	Low	Authentic festival imagery is hard to source ethically
Product-mockup scene generator for sellers	Scene mockups for print-on-demand sellers	e.g. mockup artists, 3D render tools	medusajs/medusa saleor/saleor	Monthly subscription for mockup packs	65-75% gross margin	none	Etsy and POD sellers	Low	Sellers need polished mockups without photoshoots
Teacher classroom stock photos with consent	Classroom-safe photos with school releases	e.g. schools, education photographers	medusajs/medusa photoprism/photoprism	Subscription for edtech marketers	45-55% gross margin	Minor-subject consent rules	Edtech startups and publishers	Medium	Consent-clean classroom images lower legal risk
